

**TOWN OF PARKER COUNCIL AGENDA
VIRTUAL MEETING
June 15, 2020**

Notes:

Town Council meeting packets are prepared several days prior to the meeting. This information is reviewed and studied by the Councilmembers eliminating lengthy discussions to gain a basic understanding. Timely action and short discussion on agenda items does not reflect lack of thought or analysis on the part of Council.

Ordinances listed for first reading are being approved to introduce them. Public comment will be held upon second reading.

Start times for regular agenda items are tentative; some items may be held earlier than scheduled time.

Town Administrator Emergency Order No. 2-2020: All municipal facilities, including Town Hall where Town Council meetings are physically held, are closed to all members of the general public in response to the COVID-19 pandemic.

Town Administrator Emergency Order No. 4-2020: Town Council meetings are closed to members of the general public in response to the COVID-19 pandemic. The Town will provide for electronic participation by the general public, including applicants, residents and other interested parties during regular and special Town Council meetings. Information regarding such electronic participation will be included on the Town Council's website www.ParkerOnline.org/VirtualTownCouncilMeetings.

Town Administrator Emergency Order No. 8-2020: Public comment for items that are not on the agenda may be made electronically at <http://parkeronline.org/CouncilPublicComment>. For those unable to provide comments electronically through the website, please contact the Clerk's Office to make alternative arrangements. The Town Clerk can be reached at 303-805-3198. Public comments that are provided by 5:00 p.m. on the day of the regular or special Town Council meeting will be provided to the Town Council and will be included with the approved minutes of the Town Council meeting.

1. TOWN COUNCIL MEETING SCHEDULE

A. 5:30 P.M. – Call to Order Town Council Meeting and Roll Call

B. Executive Session – Immediately following Call to Order/Roll Call – (See Attached)

C. Reconvene Town Council Meeting at 7:00 P.M. or as soon thereafter as the regular public meeting can be conducted.

2. PUBLIC COMMENTS (No action will be taken on these items.) *Public Comment for items that are not on the agenda will be addressed in the manner provided by Town Administrator Emergency Order No. 8-2020.*

3. REPORTS, ITEMS AND COMMENTS FROM MAYOR AND COUNCIL

4. CONSENT AGENDA

Consent Agenda Items are considered to be routine and will be enacted by one motion and vote. There will be no separate discussion of Consent Agenda Items unless Council votes to remove an item for individual discussion. Ordinances on the Consent Agenda are for introduction only and will not be removed for discussion.

The motion was approved unanimously.

PUBLIC HEARINGS

A. ORDINANCE NO. 1.539.2 - Second Reading (continued from 5/4/20)

A Bill for an Ordinance to Adopt the 2020 Revised Budget for the Town of Parker and to Make Appropriations for Same

Department: Finance, Mary Lou Brown

7:09 P.M.

The General Fund, along with several other Funds, are highly dependent upon sales tax revenue. The responses to the COVID-19 virus, along with the high probability of a recession and unemployment, will also impact the Town's sales tax revenue. In addition, the Town will incur expenses related to the COVID-19 virus that were not anticipated in the 2020 Budget and may, or may not, be partially reimbursed by FEMA. Included in the packet were budget adjustments that addressed the decline in revenue and increase in expenses related to the virus.

A total of nine (9) of the Town's Funds are impacted by the forecasted drop in sales and other tax revenues. A common approach to discretionary funds and personnel expense was applied to each Fund, as appropriate. Several of the Funds do not have personnel; those that do are all incorporating the impact of employee furlough days, limited hiring for open positions and workforce adjustments.

Exhibit A of the ordinance has a complete summary of the financial impacts that were discussed. In total, across all Funds, revenue is reduced \$13.0 million, expense is reduced \$1.3 million and cash reserves of \$11.7 million are utilized from several different Funds. (For additional information, please contact the Finance Department.)

Public Comment - None

The Public Hearing was closed at 7:30 P.M.

Joshua Rivero moved to approve Ordinance No. 1.539.2 on second reading.

Cheryl Poage seconded the motion.

ORDINANCES

A. ORDINANCE NO. 1.545 - Second Reading

A Bill for an Ordinance Stating the Intent of the Town of Parker to Acquire Temporary Construction Easements for the Purpose of Constructing and Improving Cottonwood Drive, a Town Roadway, through the Utilization of the Town's Power of Eminent Domain, and Directing the Town's Staff and Town Attorney to Notify All Persons Affected Thereby of the Above-Stated Intent of the Town, and Thereafter to Comply with all Pertinent Provisions of C.R.S. § 38-1-101, et seq. Relating to Good Faith Negotiations

Department: Engineering/Public Works, Chris Hudson

This ordinance provides notice of the Town's intent to acquire needed temporary construction easements for proposed improvements at Cottonwood Drive between Jordan Road and Parker Road.

The Town is anticipating commencing construction on the Cottonwood Drive widening/improvement project between Jordan Road and Parker Road (State Highway 83) in the second half of 2020. Due to continued growth in the area, the traffic on Cottonwood Drive has reached a point that it needs to be widened as originally planned in the 1980's to the ultimate four (4) lane configuration.

As part of this planned roadway improvement project, Town Council approved an intergovernmental agreement (IGA) with the Cottonwood Metropolitan District (CMD) on April 20, 2020. This IGA approved the conveyance of the Cottonwood trailhead parcel to the Town and requires that CMD grant a temporary construction easement on its property for the construction of the roadway improvements. As consideration of the temporary construction easements, the IGA required that the Town replace the privacy fence on the south side of Cottonwood Drive between Cherry Creek and Cottonwood Way. This fence replacement will affect ten (10) residential lots in Cottonwood Filing 2. Ten (10) separate temporary construction easements are needed to complete the privacy fence replacements for each residential lot. These fence related temporary easements total 3,041 square feet (0.07 acres) in area.

The Town has identified an additional five (5) temporary construction easement areas that are needed to construct the proposed roadway improvements that are outside of the Cottonwood Metropolitan District property. Although the proposed roadway improvements are within existing Town owned right-of-way, temporary construction easements are needed to properly

construct the abutting public improvements. These additional easements are 9,886 square feet (0.23 acres) in area.

John Diak moved to approve Ordinance No. 1.545 on second reading.

Debbie Lewis seconded the motion.

Roll call vote was taken:	Joshua Rivero	- Yes
	Cheryl Poage	- Yes
	Jeff Toborg	- Yes
	Renee Williams	- Yes
	Debbie Lewis	- Yes
	John Diak	- Yes

The motion was approved unanimously.

B. ORDINANCE NO. 5.06.40.1 - Second Reading

A Bill for an Ordinance to Amend Section 8.07.110 of the Parker Municipal Code Concerning Sitting or Lying Down in the Public Right-of-Way

Department: Town Attorney, Jamie Wynn

The purpose of this amendment is to update the Parker Municipal Code and provide clarification by removing the term "high traffic areas" and replacing it with terms already defined in the Code, as well as modifying provisions to focus more specifically on safety concerns.

Language is being added to Section 8.07.110 to include specific terms already defined in the Code, as well as to further focus on the safety concerns which are created when there is an interference with the safe passage of pedestrians, bicycles, or vehicles on a public right-of-way.

Public Comment:

Laura Hefta, 18236 Shadbury Lane, Parker, CO

Joshua Rivero moved to approve Ordinance No. 5.06.40.1 on second reading.

Cheryl Poage seconded the motion.

Roll call vote was taken:	Joshua Rivero	- Yes
	Cheryl Poage	- Yes
	Jeff Toborg	- Yes
	Renee Williams	- Yes
	Debbie Lewis	- Yes
	John Diak	- Yes

The motion was approved unanimously.

C. ADMINISTRATIVE CODE AND FEES

Department: **Town Attorney, Kristen Schledorn**
 Town Administrator, Dannette Robberson
 Community Development, Randy Sale

The purpose of this item is to adjust the Town of Parker development-related user fees to better align with the market and with the costs incurred by the Town for providing the services. It also updates the Parker Administrative Code to remove the specific permit fees from Section 304.1 and instead references that fees will be established by Town Council resolution. Finally, it changes the process for Engineering fees from a charge-back agreement to single-application fees to minimize accounting/administrative issues for developers and to provide them up-front costs to assist with project cost predictability.

Ordinance No. 4.89.5 adopts by reference a new edition of the Parker Administrative Code.

Ordinance No. 3.01.122 amends Section 13.01.080 of the Land Development Ordinance to provide that application fees shall be established by resolution.

Title: **ORDINANCE NO. 3.193.4 - First Reading**
A Bill for an Ordinance Amending Ordinance No. 3.193,
Series of 2002, By the Deletion of Certain Property from the
PD-Planned Development Known as Parker Auto Plaza

Department: Community Development, Carolyn Parkinson

Second Reading: July 6, 2020

EXECUTIVE SUMMARY

The applicant, EVT Parker Colorado, L.L.C., has been pursuing the development of a vacant property located at the southwest corner of Parker Road and Pine Lane for the past two to three years.

To implement the mixed-use development concept, the applicant is proposing to create a new Parker and Pine Mixed Use Planned Development (PD) zone district by removing Block 3, Lot 1 of Parker Auto Plaza Filing 1 from the Parker Auto Plaza PD. The new PD will update the list of permitted uses to accommodate and promote retail/restaurant/service uses on the majority of the site and allow multi-family residential use on a portion of the site.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

The subject property consists of 16 acres of vacant land within the Parker Auto Plaza PD and is referred to by staff as the Eisenberg Property after its current owner. The applicant has submitted a rezoning application that would create the new Parker and Pine Mixed Use PD. This PD will update the list of permitted commercial uses, allow multi-family residential use on a portion of the subject property and establish design standards administered by an architectural control committee (ACC) in a similar manner to Crown Point. The PD design

standards complement the Town Development Design Standards and ensure a coordinated architectural and urban design throughout the development.

The proposed Rezoning application would make the following major revisions from the existing PD zoning:

1. Update and refine the list of permitted commercial uses to promote retail, restaurant and service uses and limit auto-oriented uses such as car sales or auto repair.
2. Promote retail and restaurant commercial uses at the highly visible corner of Parker Road and Pine Lane. The PD includes standards for minimum floor area to ensure a critical mass of commercial development and a requirement for outdoor space such as patios to activate the corner.
3. Allow multi-family residential use on less than 50 percent of the property in the western section fronting Twenty Mile Road and Baldwin Gulch.
4. The current PD contains building setback criteria that hinder the development of this important corner, the proposed PD has new setback requirements that better align with the Town's new Development Design Standards.
5. Allow child care/day care use at the intersection of Pine Lane and Twenty Mile Road which is a secondary commercial corner.

The mixed-use development concept involves a balance of uses and trade-offs to promote higher quality commercial use along Parker Road, preclude some of the inappropriate uses currently permitted by the Parker Auto Plaza PD and support mixed-use development in the Twenty Mile Road corridor which is an emerging mixed-use area.

The subject property is located within the Central Commercial District Character Area of the Parker 2035 Master Plan. The Master Plan recommends that "Due to its central location...growth in this Character Area should focus on core retail, services, offices, lodging, restaurants, entertainment and, to a lesser extent, higher density residential uses as part of a development with a mix of uses and a design that focuses on vehicular and pedestrian connectivity..." (Master Plan p. 6.10). The proposed rezoning is consistent with the Master Plan recommendation for land use in the Central Commercial District.

Staff review indicates that the proposed rezoning application is also consistent with the nine (9) criteria for approval of such requests set forth in the Land Development Ordinance as to use, development intensity, access/circulation and urban design. Additional detail on the consistency with the nine (9) criteria for approval of rezoning applications may be found in the attached Planning Commission staff report.

The Planning Commission will hold a public hearing on the Rezoning application and make a recommendation to Town Council at its meeting on June 11, 2020.

RECOMMENDED MOTION

I move to approve Ordinance No. 3.193.4 on first reading and to schedule second reading for July 6, 2020, as part of the consent agenda.

Planning Commission Staff Report

Planning Commission Date: 6/11/2020

Town Council Date: 7/6/2020

Hearing Type: Public Hearing

PARKER AND PINE – Rezone and Minor Development Plat
Owner: EVT PARKER COLORADO, L.L.C
TRAKiT Nos: Z19-027/SUB18-020

Location: Southwest corner of Parker Road and Pine Lane

Project Planner: Carolyn Parkinson, Planner

Applicant: Dan Skeeahan – Kimley Horn

Representative: Bill Mahar – Norris Design

Executive Summary: The applicant is proposing a Rezone and Minor Development Plat (MDP) for Parker Auto Plaza Filing 1 Lot 1 Block 3. The proposal will remove the subject property from Parker Auto Plaza Planned Development (PD) and create a new PD and Minor Development Plat (MDP). The new PD will refine the commercial uses permitted and allow for residential development on the southwestern portion of the property. The MDP will create six commercial lots and one tract intended for multifamily development.

Staff Recommendation: Approval (Zoning)
Approval with Conditions (MDP)

RECOMMENDED MOTION

“I move the Planning Commission recommend Town Council approve deletion of certain property from the PD-Planned Development Known as Parker Auto Plaza.

“I move the Planning Commission recommend Town Council approve the Parker and Pine Planned Development Guide and Map.”

“I move the Planning Commission recommend Town Council approve the Parker and Pine Minor Development Plat subject to the following condition;”

- 1. Prior to recordation, the applicant will satisfy all engineering comments related to SUB18-020.**

ALTERNATIVE MOTIONS

"I move the Planning Commission recommend Town Council approve deletion of certain property from the PD-Planned Development Known as Parker Auto Plaza, subject to the following conditions:

"I move the Planning Commission recommend Town Council approve the Parker and Pine Planned Development Guide and Map, subject to the following conditions:"

-List proposed conditions

"I move the Planning Commission recommend Town Council approve the Parker and Pine Minor Development Plat:"

"I move the Planning Commission recommend Town Council deny the request for deletion of certain property from the PD-Planned Development Known as Parker Auto Plaza.

"I move the Planning Commission recommend Town Council deny the Parker and Pine Planned Development Guide and Map as the request does not meet the following approval criteria:"

-List criteria not met (either by staff or Planning Commission)

"I move the Planning Commission recommend Town Council deny the Parker and Pine Minor Development Plat as the request does not meet the following approval criteria:"

-List criteria not met (either by staff or Planning Commission)

"I move the Planning Commission vote to continue the request for deletion of certain property from the PD-Planned Development Known as Parker Auto Plaza.

"I move the Planning Commission vote to continue the Parker and Pine Planned Development Guide and Map to a future date."

"I move the Planning Commission vote to continue the Parker and Pine Minor Development Plat to a future date."

I. BACKGROUND/DISCUSSION

Rezone

The subject property is currently located within the boundaries of the Parker Auto Plaza PD. The applicant is requesting that the property be removed from the Parker Auto Plaza PD and rezoned to a new PD titled Parker and Pine Mixed Use Development. This new PD will update commercial uses and establish development design standards enforceable through an Architectural Control Committee (ACC) and the Town's site plan process. These development standards exceed the Town Design Standards and ensure cohesiveness and compatibility throughout the development. Specific requirements for the highly visible corner of Parker Road and Pine Lane address minimum square footage for both the building footprint and designated 'active outdoor space'. The PD will permit residential multifamily in the southwest corner of the property. A mix of retail/commercial uses that include daycare up to 14, 000 square feet are permitted on the remaining six lots.

Minor Development Plat (MDP)

The site contains 15.925 acres adjacent to Baldwin Gulch Trail and is currently vacant. The MDP will create six commercial lots and one tract (Tract A). This tract is intended for future residential multifamily development. The tract also includes the internal roadway network that will serve both the commercial lots and the multifamily development. A replat of this tract will be required prior to any multifamily development on the site.

II. PRIOR ACTIONS

Date	Action
1994	Annexation and zoning of Maclachlan and Saddletree properties
1995	Annexation and zoning of Listen property
2002	Above properties rezoned Parker Auto Plaza PD
2007	Annexation and zoning of Enclave 3 property - zoned Parker Auto Plaza PD

III. CURRENT SITE DATA

IV. PARKER 2035 MASTER PLAN

[Parker 2035 Master Plan | Town of Parker - Official Website](#)

MASTER PLAN CONSISTENCY	
Master Plan Designation	Central Commercial ☒ Consistent ☐ Inconsistent
Master Plan Character Discussion	This is the commercial core of the Town. Growth should focus on core retail, services, offices, lodging, restaurants, entertainment, and to a lesser extent, higher density residential uses. Vertical mixed use is highly encouraged where appropriate.
Consistent Goals/Strategies	<u>Land Use 1.C</u> <u>Land Use 1.F</u> <u>Housing and Neighborhoods 3.A</u>

	Housing and Neighborhoods 3.B Housing and Neighborhoods 4.C Jobs and Economic Vitality 2.A Jobs and Economic Vitality 2.E
Inconsistent Goals/Strategies	None
Staff Analysis	The proposal is consistent with the goals and strategies within the Parker 2035 Master Plan. <u>Land Use</u> and <u>Jobs and Economic Vitality</u> The project provides opportunity for future expansion of the Town's economic base in an appropriate location and has bus access in close proximity to support alternate transportation choices. <u>Housing and Neighborhoods</u> The project provides an additional housing type that will maintain housing options in Parker by meeting the needs of a wide range of the population including young families, professionals and seniors. The development is located adjacent to a bus stop and is in close proximity to E470 and Town commercial areas, allowing for housing opportunities near transportation services.

OTHER MASTER PLANNING DOCUMENTS

OTHER PLANNING DOCUMENTS CONSISTENCY	
Other Planning Documents	Parker Road Corridor Plan
Policies/Guidelines/Strategies	Does not conflict with the Policies and Goals of the Plan.
Consistency Review	☒ Consistent ☐ Inconsistent ☐ N/A
Staff Analysis	This proposal aligns with the Parker Road Corridor Plan. Identified improvements to the Pine Lane intersection are included in the Town's 10 year Capital Improvement Program (CIP) and are scheduled for construction by 2023. The Town has been approved for a grant for these improvements from DRCOG for the 2020-2023 Transportation Improvement Program (TIP) cycle.

V. LAND DEVELOPMENT ORDINANCE

ZONING CONSISTENCY

Provisions	Existing/Required	Proposed	Analysis
Setbacks/Commercial	Front – 10' min Side – 10' min Rear – 10' min Residential Use – 25'	Structures are not a part of this proposal. Required setbacks will be met at time of site plan approval.	☐ Consistent ☐ Inconsistent ☒ N/A
Setbacks/Residential	The minimum building setbacks in the Residential Planning Area shall be determined at time of site plan, but shall not be more than eighty (80') or less than ten feet (10') from public streets.		
Density/Residential	175 DU's total for the multifamily development.	Tract A, the residential component, will be platted at a future date. Density will be limited to 175 DU per the PD Guide.	☐ Consistent ☐ Inconsistent ☒ N/A
Height/Stories	No building within the Mixed Residential Planning Area shall exceed four (4) stories or sixty feet (60) feet in height, whichever is more restrictive. Building height is limited to three stories for buildings adjacent to Twenty Mile Road.	Structures are not a part of this proposal. Required height will be met at time of site plan approval.	☐ Consistent ☐ Inconsistent ☒ N/A
Landscaping	Title 13.06.070	All required streetscape, open space and common area landscape associated with the MDP have been satisfied. Individual lot requirements will be met at site plan approval.	☐ Consistent ☐ Inconsistent ☒ N/A
Off-Street Parking	Title 13.06.050	All parking requirements will be met at site plan approval.	☐ Consistent ☐ Inconsistent ☒ N/A
Staff Analysis	As outlined above, staff has evaluated the requested Rezone and MDP against the requirements in the Parker and Pine Mixed Development		

	PD zoning as well as the standards in the Land Development Ordinance (LDO) and determined that the request complies with the relevant standards.
--	--

DEVELOPMENT POTENTIAL (Rezoning)			
Provisions	As recommended by the Master Plan	Proposed	Analysis
Units Per Acre	The Central Commercial District allows for higher density residential uses as part of a development with a mix of uses. No specific density calculation is provided.	The residential density allowed within this PD is 175 DU's - approximately 22 DU/AC. This proposal is consistent with the Master Plan character area. The zoning incorporates a mix of retail and service uses with multifamily residential.	☒ Consistent ☐ Inconsistent ☐ No Change ☐ N/A
Allowed Uses	The proposed zoning for this development allows for a mix of business and commercial uses. Higher density multifamily residential uses are also permitted.	Specific commercial uses are not yet known. Compliance with allowed uses for both commercial and residential areas within the PD will be enforced at site plan approval and/or building permit.	☐ Consistent ☐ Inconsistent ☐ No Change ☒ N/A
Height/Stories	No building within the Mixed Residential Planning Area shall exceed four (4) stories or sixty feet (60) feet in height, whichever is more restrictive. Building height is limited to three stories for buildings adjacent to Twenty Mile Road.	Structures are not a part of this proposal. Required height will be met at time of site plan approval.	☐ Consistent ☐ Inconsistent ☐ No Change ☒ N/A
Staff Analysis	Due to its central location, with access to Parker Road, Dransfeldt Road and Twenty Mile Road, growth in this Character Area should focus on retail, services, offices, lodging, restaurants, entertainment and, to a lesser extent, higher density residential uses as part of a development with a mix of uses and a design that focuses on vehicular and pedestrian connectivity between uses. The uses, density and overall design		

	considerations recommended within the Master Plan for the Central Commercial District are consistent with the proposed PD zoning.
--	---

VI. ACCESS, CIRCULATION & TRAFFIC ANALYSIS

The property is located at the intersection of Parker Road and Pine Lane; providing good transportation connections to major transportation corridors such as E470 and Parker Road. Access into the development will be provided from existing access points on Parker Road, Pine Lane and Twenty Mile Road.

As part of the MDP the applicant has submitted roadway construction plans and will construct the private access roads. These private access roads will provide vehicular and pedestrian connectivity between uses within the development.

The private roadways will conform to Town of Parker criteria. Though the roadways will be located within the multifamily tract they will be maintained by the owner's association.

Connectivity to the local and regional trail system is directly adjacent via Baldwin Gulch Trail. Per the Subdivision Improvement Agreement (SIA), a pedestrian connection to Baldwin Gulch Trail is required within Tract A (The multifamily tract). The specific location will be determined at time of site plan.

An improved bus stop on Parker Road provides an additional alternative for access to and from the development.

VII. APPROVAL CRITERIA

Title 13.04.240.f. Approval Considerations for Rezoning Requests:

1. A need exists for the proposal.
 - *This project aims to develop a portion of the site as residential which the current zoning does not support. In addition to allowing residential use for the site, a rezone will help to relieve restrictions on the build-to line enabling easier building placement.*

Staff Analysis

Currently the PD contains front building setback criteria that hinder the development of this important corner and the creation of a vibrant and activated space desired by the Town. Additionally, the current zoning does not permit residential uses. the Parker 2035 Master Plan supports multifamily residential at this location in support of the commercial corridor. The use is compatible with surrounding uses including existing multifamily development nearby and new multifamily under construction to the northwest. The mix of commercial and residential uses will encourage activation of this site and also help to create an urban edge along these two major roadways.

Based on this analysis, staff has determined that the request meets this criterion.

2. The particular parcel of ground is indeed the correct site for the proposed development.

- *The project's parcel is in a prominent location with three adjacent arterials to the property making it the correct site for the proposed development.*
- *The rezoning of this particular site will help to achieve the goals for "Jobs and Economic Vitality" in Ch. 9 of the Parker 2035 Master Plan, including:*
 - *2.A. Nurture and support established businesses and ensure adequate opportunities for future and expanded commercial activity within designated areas of Town, as specified on the General Land Use Plan.*
 - *2.E. Continue to attract new retailers and support existing retailers wishing to expand in order to fill existing vacant space.*

Staff Analysis

The subject property is located on a prominent corner, providing an opportunity to further the economic goals within the Parker 2035 Master Plan with construction of new commercial development. The residential component is compatible with nearby multifamily residential development and provides a transition between Parker Road and more sensitive open space and residential areas to the south and west.

Based on this analysis, staff has determined that the request meets this criterion.

3. There has been an error in the original zoning; or

- *N/A*

Staff Analysis

An error has not occurred within the original zoning.

4. There have been significant changes in the area to warrant a zone change.

- *This rezoning application is consistent with the significant zoning changes that have occurred in the adjacent area in recent years. For example, the Westcreek Development (north side of Pine Lane) was rezoned in 2016 to allow a mix of uses including multifamily residential, commercial, retail, and office. Similarly, the Parker Auto Plaza 1st Amendment to the south and west of the site has recently seen increased commercial development taking place, in conformance with the mix of uses allowed in the Parker Auto Plaza Development Guide.*
- *This request to rezone to a mixed-use Planned Development is also consistent with the "General Land Use Plan" in the Parker 2035 Master*

Plan, which envisions 'Central Commercial' development along major transportation corridors that surround this site, including Parker Road, Twenty Mile Road, and nearby Lincoln Avenue.

The Master Plan states that "growth in this Character Area should focus on core retail, services, offices, lodging, restaurants, entertainment and, to a lesser extent, higher density residential uses as part of a development with a mix of uses and a design that focuses on vehicular and pedestrian connectivity between uses."

- *Finally, this rezoning application is in alignment with Goal 1.C of the Master Plan, to "Ensure adequate opportunities for future expansion of our economic base in appropriate locations in the community."*

Staff Analysis

This area has experienced significant changes in recent years. Improvements to Pine Lane have created alternative connections to and from the commercial core of Town providing an opportunity to expand the Town's commercial development. There is existing multifamily development to the northwest of the site (The Enclave), and new multifamily development (The Depot and Westcreek Condominiums) to the north.

Based on this analysis, staff has determined that the request meets this criterion.

5. Adequate circulation exists and traffic movement would not be impeded by development; and
 - *Existing access points are present and will remain unchanged. A project specific Traffic Impact Study will be supplied which will go over needed improvements.*

Staff Analysis

Town of Parker Engineering has reviewed the submitted traffic study. Satisfaction of any remaining comments regarding traffic will be made a condition of approval.

This condition will ensure that this criterion is met.

6. Additional municipal service costs will not be incurred which the Town is not prepared to meet.
 - *Proposed rezoning will not incur additional municipal service costs. Municipal services cost having been previously addressed during the initial annexation process. Additionally, no public roads or other publicly maintained items are proposed.*

Staff Analysis

This site has been previously platted and utility stubs are in close proximity. Access is existing and will be unchanged by this proposal. Some improvements to the detention pond are needed to ensure water quality. These improvements will be the responsibility of the applicant and will be ensured through the building/public works permit process.

Based on this analysis, staff has determined that the request meets this criterion.

7. There are minimal environmental impacts or impacts can be mitigated.
 - *The rezoning application does not adversely impact environmental conditions. Property Owner has been corresponding with representatives from Prairie Dog Protection since August 2018, and has allowed concerned citizens to access the site to relocate the prairie dogs. Prairie Dog Protection requested adequate time (through summer 2019) to relocate the prairie dogs, time which was granted. Unfortunately, Prairie Dog Protection and other concerned citizens were ultimately unable to relocate the prairie dogs, so in preparation of construction the Property Owner hired a professional exterminator in November 2019 to remove the prairie dogs from the site in accordance with State and local requirements.*
 - *We also understand that the Town recently adopted a prairie dog management ordinance (Ordinance 3.353) that would encourage developers 'to partner with non-profit conservation/public interest groups to relocate prairie dogs' before resorting to humane means of extermination. The ordinance further states that if relocation is infeasible or prohibits, 'the applicant shall utilize humane extermination using a professional exterminator' and that 'all products must be approved by the Colorado Department of Agriculture, U.S. Fish and Wildlife Service and the U.S. Environmental Protection Agency.' Although this ordinance was not approved prior to the prairie dog removal, we were proactive in our approach as far back as 2018 and met these requirements before they were adopted.*

Staff Analysis

There were no indications/objections from referral agencies of environmental impacts resulting from this proposal.

Prairie dog mitigation has taken place on this site. This proposal predates the recently adopted ordinance regarding removal of Prairie Dogs from a development site. The applicant is under no obligation to comply with the new ordinance. Nevertheless, information provided by the applicant indicates that concerned citizens and organizations were given the opportunity to remove the animals but were unable to do so. In the absence of this alternative, the applicant has stated compliance with state regulations regarding the removal of the Prairie Dogs.

Future Site Plan applications will be required to meet all applicable Land Development Ordinance (LDO) standards including those that pertain to environmental impacts.

Based on this analysis, staff has determined that the request meets this criterion.

8. The proposal is consistent with the Town Master Plan, maps, goals, and policies.

- *Based on the Master Plan – General Land Use Plan zoning map, Medium Density Residential is directly to the east and west of the current Central Commercial zoning block, where the project lies. Therefore, a mix of residential and commercial uses for the project is in line with the Town Master Plan. The 2035 Master Plan further states that the central commercial district should focus on higher density residential uses as part of a development with a mix of uses, and a design that focuses on vehicle and pedestrian connectivity between uses. Therefore, the proposal is consistent with the 2035 Master Plan.*

Staff Analysis

As detailed in Section IV of this staff report, the proposed Planned Development zoning is consistent with the Parker 2035 Master Plan.

Based on this analysis, staff has determined that this criterion has been met.

9. There is adequate waste and sewage disposal water, schools, parks and recreation, and other services to the proportional degree necessary due to the impacts created by the proposed land uses.
 - *Waste, sewage disposal, and water will be unchanged. With the addition of residential spaces, schools and parks will be impacted, but will be mitigated by fee-in- lieu.*

Staff Analysis

Water and sewer for the project will be provided by Parker Water and Sanitation District. The District's approval of the referral for the project has indicated their ability to provide for the development.

School and Park dedication requirements are applicable only to the residential component of the proposal. These requirements will be met at time of platting for Tract A, the residential component of the proposal.

Based on this analysis, staff has determined that the request meets this criterion.

Tri County Health	Completed	No referral sent	
TOP engineering	Minor corrections needed- will be a condition of approval.	No referral sent	

VIII. CONCLUSION

This proposal will remove the subject property from the Parker Auto Plaza Filing 1 Plat and PD. The property will be rezoned Parker and Pine Mixed Use Development PD and replatted as Parker and Pine Minor Development Plat. The new PD zoning will update commercial uses and add multifamily residential as an allowed use. The replat will create six commercial lots and one tract. A replat of Tract A will be required prior to any multifamily development on the site.

This site is located within the Central Commercial District of the Master Plan. The uses, density and overall design considerations recommended for this district are consistent with the proposed PD and with the nine approval criteria for rezoning requests. The applicant has demonstrated

compliance with the requirements of the Land Development Ordinance for Minor Development Plats.

Therefore, staff is recommending that the Planning Commission recommend approval of the Parker and Pine Mixed Use Development PD. Staff also recommends approval of the Parker and Pine Minor Development Plat subject to the condition contained in staff's report.

IX. RECOMMENDED CONDITIONS (Parker and Pine Minor Development Plat)

1. Prior to recordation, the applicant will satisfy all engineering comments related to SUB18-020.

ORDINANCE NO. 3.193.4, Series of 2020

TITLE: A BILL FOR AN ORDINANCE AMENDING ORDINANCE NO. 3.193, SERIES OF 2002, BY THE DELETION OF CERTAIN PROPERTY FROM THE PD-PLANNED DEVELOPMENT AREA KNOWN AS PARKER AUTO PLAZA

NOW, THEREFORE, THE TOWN COUNCIL OF THE TOWN OF PARKER, COLORADO, ORDAINS:

Section 1. Finding of Fact.

a. Application has been made for rezoning certain property described in the attached **Exhibit A**, within the Town of Parker, Colorado, as PD-Planned Development within the property known as Parker and Pine Planned Development (the “Property”), pursuant to Town of Parker Land Development Ordinance.

a. Public notice has been given of such rezoning by publication on the Town of Parker’s website, at least fifteen (15) days prior to the public hearing of such rezoning.

b. Written notice was sent by first class mail to all owners of property that abuts the Property, at least fifteen (15) days prior to the public hearing.

d. Notice of such proposed hearing was posted on the property for fifteen (15) consecutive days prior to said hearing.

e. The factors contained in Section 13.04.240(b)(6)(f) of the Parker Land Development Ordinance for rezoning of the property described in Exhibit A to PD-Planned Development have been satisfied.

Section 2. The Property identified in Exhibit A is hereby deleted from the PD-Planned Development area known as Parker Auto Plaza, and is rezoned as more particularly set forth in Ordinance No. 3.355, approved concurrently herewith.

Section 3. The Zoning Ordinance and Zoning Map are hereby amended to conform with the zoning change to the property.

Section 4. Approval of this Ordinance does not create a vested property right. Vested property rights may arise and accrue pursuant to the provisions of Ordinance No. 3.65.1 of the Town of Parker.

Section 5. Safety Clause. The Town Council hereby finds, determines and declares that this Ordinance is promulgated under the general police power of the Town of Parker, that it is promulgated for the health, safety and welfare of the public, and that this Ordinance is necessary for the preservation of health and safety and for the protection of public convenience and welfare. The Town Council further determines that the Ordinance bears a rational relation to the proper legislative object sought to be obtained. The Town Council further finds that the title to this

Ordinance was posted in two public places two days before the Town Council meeting, as provided by Section 7.5e. of the Town of Parker Home Rule Charter.

Section 6. Severability. If any clause, sentence, paragraph or part of this Ordinance or the application thereof to any person or circumstances shall for any reason be adjudged by a court of competent jurisdiction invalid, such judgment shall not affect application to other persons or circumstances.

Section 7. This Ordinance shall become effective ten (10) days after final publication.

INTRODUCED AND PASSED ON FIRST READING this ____ day of _____, 2020.

Title: **ORDINANCE NO. 3.355 - First Reading**
A Bill for an Ordinance Rezoning Certain Property Within the Town of Parker, Colorado, Commonly Known as the Parker and Pine Property to PD-Planned Development Pursuant to the Parker Land Development Ordinance and Amending the Zoning Ordinance and Map to Conform Therewith

Department: Community Development, Carolyn Parkinson

Second Reading: July 6, 2020

EXECUTIVE SUMMARY

The applicant, EVT Parker Colorado, L.L.C., has been pursuing the development of a vacant property located at the southwest corner of Parker Road and Pine Lane for the past two to three years.

To implement the mixed-use development concept, the applicant is proposing to rezone the property by creating the new Parker and Pine Mixed Use Planned Development (PD). The new PD will update the list of permitted uses to accommodate and promote retail/restaurant/service uses on the majority of the site and allow multi-family residential use on a portion of the site.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

The subject property consists of 16 acres of vacant land within the Parker Auto Plaza PD and is referred to by staff as the Eisenberg Property after its current owner. The applicant has submitted a Rezoning application that would create the new Parker and Pine Mixed Use PD. This PD will update the list of permitted commercial uses, allow multi-family residential use on

a portion of the site and establish design standards administered by an architectural control committee (ACC) in a similar manner to Crown Point. The PD design standards complement the Town Development Design Standards and ensure a coordinated architectural and urban design throughout the development.

The proposed rezoning application would make the following major revisions from the existing PD zoning:

1. Update and refine the list of permitted commercial uses to promote retail, restaurant and service uses and limit auto-oriented uses such as car sales or auto repair.
2. Promote retail and restaurant commercial uses at the highly visible corner of Parker Road and Pine Lane. The PD includes standards for minimum floor area to ensure a critical mass of commercial development and a requirement for outdoor space such as patios to activate the corner.
3. Allow multi-family residential use on less than 50 percent of the property in the western section fronting Twenty Mile Road and Baldwin Gulch.
4. The current PD contains building setback criteria that hinder the development of this important corner, the proposed PD has new setback requirements that better align with the Town's new Development Design Standards.
5. Allow child care/day care use at the intersection of Pine Lane and Twenty Mile Road which is a secondary commercial corner.

The mixed-use development concept involves a balance of uses and trade-offs to promote higher quality commercial use along Parker Road, preclude some of the inappropriate uses currently permitted by the Parker Auto Plaza PD and support mixed-use development in the Twenty Mile Road corridor which is an emerging mixed-use area.

The subject property is located within the Central Commercial District Character Area of the Parker 2035 Master Plan. The Master Plan recommends that "Due to its central location...growth in this Character Area should focus on core retail, services, offices, lodging, restaurants, entertainment and, to a lesser extent, higher density residential uses as part of a development with a mix of uses and a design that focuses on vehicular and pedestrian connectivity..." (Master Plan p. 6.10). The proposed rezoning is consistent with the Master Plan recommendation for land use in the Central Commercial District.

Staff review indicates that the proposed Rezoning application is also consistent with the nine (9) criteria for approval of such requests set forth in the Land Development Ordinance as to use, development intensity, access/circulation and urban design. Additional detail on the consistency with the nine (9) criteria for approval of Rezoning applications may be found in the attached

Planning Commission staff report.

The Planning Commission will hold a public hearing on the Rezoning application and make a recommendation to Town Council at its meeting on June 11, 2020.

Hearing Type: Public Hearing

PARKER AND PINE – Rezone and Minor Development Plat
Owner: EVT PARKER COLORADO, L.L.C
TRAKiT Nos: Z19-027/SUB18-020

Location: Southwest corner of Parker Road and Pine Lane

Project Planner: Carolyn Parkinson, Planner

Applicant: Dan Skeeahan – Kimley Horn

Representative: Bill Mahar – Norris Design

Executive Summary: The applicant is proposing a Rezone and Minor Development Plat (MDP) for Parker Auto Plaza Filing 1 Lot 1 Block 3. The proposal will remove the subject property from Parker Auto Plaza Planned Development (PD) and create a new PD and Minor Development Plat (MDP). The new PD will refine the commercial uses permitted and allow for residential development on the southwestern portion of the property. The MDP will create six commercial lots and one tract intended for multifamily development.

Staff Recommendation: Approval (Zoning)
Approval with Conditions (MDP)

RECOMMENDED MOTION

“I move the Planning Commission recommend Town Council approve deletion of certain property from the PD-Planned Development Known as Parker Auto Plaza.

“I move the Planning Commission recommend Town Council approve the Parker and Pine Planned Development Guide and Map.”

“I move the Planning Commission recommend Town Council approve the Parker and Pine Minor Development Plat subject to the following condition;”

- 1. Prior to recordation, the applicant will satisfy all engineering comments related to SUB18-020.**

ALTERNATIVE MOTIONS

"I move the Planning Commission recommend Town Council approve deletion of certain property from the PD-Planned Development Known as Parker Auto Plaza, subject to the following conditions:

"I move the Planning Commission recommend Town Council approve the Parker and Pine Planned Development Guide and Map, subject to the following conditions:"

-List proposed conditions

"I move the Planning Commission recommend Town Council approve the Parker and Pine Minor Development Plat:"

"I move the Planning Commission recommend Town Council deny the request for deletion of certain property from the PD-Planned Development Known as Parker Auto Plaza.

"I move the Planning Commission recommend Town Council deny the Parker and Pine Planned Development Guide and Map as the request does not meet the following approval criteria:"

-List criteria not met (either by staff or Planning Commission)

"I move the Planning Commission recommend Town Council deny the Parker and Pine Minor Development Plat as the request does not meet the following approval criteria:"

-List criteria not met (either by staff or Planning Commission)

"I move the Planning Commission vote to continue the request for deletion of certain property from the PD-Planned Development Known as Parker Auto Plaza.

"I move the Planning Commission vote to continue the Parker and Pine Planned Development Guide and Map to a future date."

"I move the Planning Commission vote to continue the Parker and Pine Minor Development Plat to a future date."

I. BACKGROUND/DISCUSSION

Rezone

The subject property is currently located within the boundaries of the Parker Auto Plaza PD. The applicant is requesting that the property be removed from the Parker Auto Plaza PD and rezoned to a new PD titled Parker and Pine Mixed Use Development. This new PD will update commercial uses and establish development design standards enforceable through an Architectural Control Committee (ACC) and the Town's site plan process. These development standards exceed the Town Design Standards and ensure cohesiveness and compatibility throughout the development. Specific requirements for the highly visible corner of Parker Road and Pine Lane address minimum square footage for both the building footprint and designated 'active outdoor space'. The PD will permit residential multifamily in the southwest corner of the property. A mix of retail/commercial uses that include daycare up to 14, 000 square feet are permitted on the remaining six lots.

Minor Development Plat (MDP)

The site contains 15.925 acres adjacent to Baldwin Gulch Trail and is currently vacant. The MDP will create six commercial lots and one tract (Tract A). This tract is intended for future residential multifamily development. The tract also includes the internal roadway network that will serve both the commercial lots and the multifamily development. A replat of this tract will be required prior to any multifamily development on the site.

II. PRIOR ACTIONS

Date	Action
1994	Annexation and zoning of Maclachlan and Saddletree properties
1995	Annexation and zoning of Listen property
2002	Above properties rezoned Parker Auto Plaza PD
2007	Annexation and zoning of Enclave 3 property - zoned Parker Auto Plaza PD

III. CURRENT SITE DATA

Existing Zoning	PD - Planned Development		
Overlay District	Title 32 Overlay District		
PD & Plan Area	Parker Auto Plaza – Block 3		
Master Plan Area	Central Commercial		
Site Acreage	15.925 Acres		
Subdivision	Parker Auto Plaza		
Existing Use	Vacant

IV. PARKER 2035 MASTER PLAN

[Parker 2035 Master Plan | Town of Parker - Official Website](#)

MASTER PLAN CONSISTENCY	
Master Plan Designation	Central Commercial ☒ Consistent ☐ Inconsistent
Master Plan Character Discussion	This is the commercial core of the Town. Growth should focus on core retail, services, offices, lodging, restaurants, entertainment, and to a lesser extent, higher density residential uses. Vertical mixed use is highly encouraged where appropriate.
Consistent Goals/Strategies	<u>Land Use 1.C</u> <u>Land Use 1.F</u> <u>Housing and Neighborhoods 3.A</u>

	Housing and Neighborhoods 3.B Housing and Neighborhoods 4.C Jobs and Economic Vitality 2.A Jobs and Economic Vitality 2.E
Inconsistent Goals/Strategies	None
Staff Analysis	The proposal is consistent with the goals and strategies within the Parker 2035 Master Plan. <u>Land Use</u> and <u>Jobs and Economic Vitality</u> The project provides opportunity for future expansion of the Town's economic base in an appropriate location and has bus access in close proximity to support alternate transportation choices. <u>Housing and Neighborhoods</u> The project provides an additional housing type that will maintain housing options in Parker by meeting the needs of a wide range of the population including young families, professionals and seniors. The development is located adjacent to a bus stop and is in close proximity to E470 and Town commercial areas, allowing for housing opportunities near transportation services.

OTHER MASTER PLANNING DOCUMENTS

OTHER PLANNING DOCUMENTS CONSISTENCY	
Other Planning Documents	Parker Road Corridor Plan
Policies/Guidelines/Strategies	Does not conflict with the Policies and Goals of the Plan.
Consistency Review	☒ Consistent ☐ Inconsistent ☐ N/A
Staff Analysis	This proposal aligns with the Parker Road Corridor Plan. Identified improvements to the Pine Lane intersection are included in the Town's 10 year Capital Improvement Program (CIP) and are scheduled for construction by 2023. The Town has been approved for a grant for these improvements from DRCOG for the 2020-2023 Transportation Improvement Program (TIP) cycle.

V. LAND DEVELOPMENT ORDINANCE

ZONING CONSISTENCY

Provisions	Existing/Required	Proposed	Analysis
Setbacks/Commercial	Front – 10’ min Side – 10’ min Rear – 10’ min Residential Use – 25’	Structures are not a part of this proposal. Required setbacks will be met at time of site plan approval.	☐ Consistent ☐ Inconsistent ☒ N/A
Setbacks/Residential	The minimum building setbacks in the Residential Planning Area shall be determined at time of site plan, but shall not be more than eighty (80’) or less than ten feet (10’) from public streets.		
Density/Residential	175 DU’s total for the multifamily development.	Tract A, the residential component, will be platted at a future date. Density will be limited to 175 DU per the PD Guide.	☐ Consistent ☐ Inconsistent ☒ N/A
Height/Stories	No building within the Mixed Residential Planning Area shall exceed four (4) stories or sixty feet (60) feet in height, whichever is more restrictive. Building height is limited to three stories for buildings adjacent to Twenty Mile Road.	Structures are not a part of this proposal. Required height will be met at time of site plan approval.	☐ Consistent ☐ Inconsistent ☒ N/A
Landscaping	Title 13.06.070	All required streetscape, open space and common area landscape associated with the MDP have been satisfied. Individual lot requirements will be met at site plan approval.	☐ Consistent ☐ Inconsistent ☒ N/A
Off-Street Parking	Title 13.06.050	All parking requirements will be met at site plan approval.	☐ Consistent ☐ Inconsistent ☒ N/A
Staff Analysis	As outlined above, staff has evaluated the requested Rezone and MDP against the requirements in the Parker and Pine Mixed Development		

	PD zoning as well as the standards in the Land Development Ordinance (LDO) and determined that the request complies with the relevant standards.
--	--

DEVELOPMENT POTENTIAL (Rezoning)			
Provisions	As recommended by the Master Plan	Proposed	Analysis
Units Per Acre	The Central Commercial District allows for higher density residential uses as part of a development with a mix of uses. No specific density calculation is provided.	The residential density allowed within this PD is 175 DU's - approximately 22 DU/AC. This proposal is consistent with the Master Plan character area. The zoning incorporates a mix of retail and service uses with multifamily residential.	☒ Consistent ☐ Inconsistent ☐ No Change ☐ N/A
Allowed Uses	The proposed zoning for this development allows for a mix of business and commercial uses. Higher density multifamily residential uses are also permitted.	Specific commercial uses are not yet known. Compliance with allowed uses for both commercial and residential areas within the PD will be enforced at site plan approval and/or building permit.	☐ Consistent ☐ Inconsistent ☐ No Change ☒ N/A
Height/Stories	No building within the Mixed Residential Planning Area shall exceed four (4) stories or sixty feet (60) feet in height, whichever is more restrictive. Building height is limited to three stories for buildings adjacent to Twenty Mile Road.	Structures are not a part of this proposal. Required height will be met at time of site plan approval.	☐ Consistent ☐ Inconsistent ☐ No Change ☒ N/A
Staff Analysis	Due to its central location, with access to Parker Road, Dransfeldt Road and Twenty Mile Road, growth in this Character Area should focus on retail, services, offices, lodging, restaurants, entertainment and, to a lesser extent, higher density residential uses as part of a development with a mix of uses and a design that focuses on vehicular and pedestrian connectivity between uses. The uses, density and overall design		

	considerations recommended within the Master Plan for the Central Commercial District are consistent with the proposed PD zoning.
--	---

VI. ACCESS, CIRCULATION & TRAFFIC ANALYSIS

The property is located at the intersection of Parker Road and Pine Lane; providing good transportation connections to major transportation corridors such as E470 and Parker Road. Access into the development will be provided from existing access points on Parker Road, Pine Lane and Twenty Mile Road.

As part of the MDP the applicant has submitted roadway construction plans and will construct the private access roads. These private access roads will provide vehicular and pedestrian connectivity between uses within the development.

The private roadways will conform to Town of Parker criteria. Though the roadways will be located within the multifamily tract they will be maintained by the owner’s association.

Connectivity to the local and regional trail system is directly adjacent via Baldwin Gulch Trail. Per the Subdivison Improvement Agreement (SIA), a pedestrian connection to Baldwin Gulch Trail is required within Tract A (The multifamily tract). The specific location will be determined at time of site plan.

An improved bus stop on Parker Road provides an additional alternative for access to and from the development.

VII. APPROVAL CRITERIA

Title 13.04.240.f. Approval Considerations for Rezoning Requests:

1. A need exists for the proposal.
 - *This project aims to develop a portion of the site as residential which the current zoning does not support. In addition to allowing residential use for the site, a rezone will help to relieve restrictions on the build-to line enabling easier building placement.*

Staff Analysis

Currently the PD contains front building setback criteria that hinder the development of this important corner and the creation of a vibrant and activated space desired by the Town. Additionally, the current zoning does not permit residential uses. the Parker 2035 Master Plan supports multifamily residential at this location in support of the commercial corridor. The use is compatible with surrounding uses including existing multifamily development nearby and new multifamily under construction to the northwest. The mix of commercial and residential uses will encourage activation of this site and also help to create an urban edge along these two major roadways.

Based on this analysis, staff has determined that the request meets this criterion.

2. The particular parcel of ground is indeed the correct site for the proposed development.

- *The project's parcel is in a prominent location with three adjacent arterials to the property making it the correct site for the proposed development.*
- *The rezoning of this particular site will help to achieve the goals for "Jobs and Economic Vitality" in Ch. 9 of the Parker 2035 Master Plan, including:*
 - *2.A. Nurture and support established businesses and ensure adequate opportunities for future and expanded commercial activity within designated areas of Town, as specified on the General Land Use Plan.*
 - *2.E. Continue to attract new retailers and support existing retailers wishing to expand in order to fill existing vacant space.*

Staff Analysis

The subject property is located on a prominent corner, providing an opportunity to further the economic goals within the Parker 2035 Master Plan with construction of new commercial development. The residential component is compatible with nearby multifamily residential development and provides a transition between Parker Road and more sensitive open space and residential areas to the south and west.

Based on this analysis, staff has determined that the request meets this criterion.

3. There has been an error in the original zoning; or

- N/A

Staff Analysis

An error has not occurred within the original zoning.

4. There have been significant changes in the area to warrant a zone change.

- *This rezoning application is consistent with the significant zoning changes that have occurred in the adjacent area in recent years. For example, the Westcreek Development (north side of Pine Lane) was rezoned in 2016 to allow a mix of uses including multifamily residential, commercial, retail, and office. Similarly, the Parker Auto Plaza 1st Amendment to the south and west of the site has recently seen increased commercial development taking place, in conformance with the mix of uses allowed in the Parker Auto Plaza Development Guide.*
- *This request to rezone to a mixed-use Planned Development is also consistent with the "General Land Use Plan" in the Parker 2035 Master*

Plan, which envisions 'Central Commercial' development along major transportation corridors that surround this site, including Parker Road, Twenty Mile Road, and nearby Lincoln Avenue.

The Master Plan states that "growth in this Character Area should focus on core retail, services, offices, lodging, restaurants, entertainment and, to a lesser extent, higher density residential uses as part of a development with a mix of uses and a design that focuses on vehicular and pedestrian connectivity between uses."

- *Finally, this rezoning application is in alignment with Goal 1.C of the Master Plan, to "Ensure adequate opportunities for future expansion of our economic base in appropriate locations in the community."*

Staff Analysis

This area has experienced significant changes in recent years. Improvements to Pine Lane have created alternative connections to and from the commercial core of Town providing an opportunity to expand the Town's commercial development. There is existing multifamily development to the northwest of the site (The Enclave), and new multifamily development (The Depot and Westcreek Condominiums) to the north.

Based on this analysis, staff has determined that the request meets this criterion.

5. Adequate circulation exists and traffic movement would not be impeded by development; and
 - *Existing access points are present and will remain unchanged. A project specific Traffic Impact Study will be supplied which will go over needed improvements.*

Staff Analysis

Town of Parker Engineering has reviewed the submitted traffic study. Satisfaction of any remaining comments regarding traffic will be made a condition of approval.

This condition will ensure that this criterion is met.

6. Additional municipal service costs will not be incurred which the Town is not prepared to meet.
 - *Proposed rezoning will not incur additional municipal service costs. Municipal services cost having been previously addressed during the initial annexation process. Additionally, no public roads or other publicly maintained items are proposed.*

Staff Analysis

This site has been previously platted and utility stubs are in close proximity. Access is existing and will be unchanged by this proposal. Some improvements to the detention pond are needed to ensure water quality. These improvements will be the responsibility of the applicant and will be ensured through the building/public works permit process.

Based on this analysis, staff has determined that the request meets this criterion.

7. There are minimal environmental impacts or impacts can be mitigated.
 - *The rezoning application does not adversely impact environmental conditions. Property Owner has been corresponding with representatives from Prairie Dog Protection since August 2018, and has allowed concerned citizens to access the site to relocate the prairie dogs. Prairie Dog Protection requested adequate time (through summer 2019) to relocate the prairie dogs, time which was granted. Unfortunately, Prairie Dog Protection and other concerned citizens were ultimately unable to relocate the prairie dogs, so in preparation of construction the Property Owner hired a professional exterminator in November 2019 to remove the prairie dogs from the site in accordance with State and local requirements.*
 - *We also understand that the Town recently adopted a prairie dog management ordinance (Ordinance 3.353) that would encourage developers 'to partner with non-profit conservation/public interest groups to relocate prairie dogs' before resorting to humane means of extermination. The ordinance further states that if relocation is infeasible or prohibits, 'the applicant shall utilize humane extermination using a professional exterminator' and that 'all products must be approved by the Colorado Department of Agriculture, U.S. Fish and Wildlife Service and the U.S. Environmental Protection Agency.' Although this ordinance was not approved prior to the prairie dog removal, we were proactive in our approach as far back as 2018 and met these requirements before they were adopted.*

Staff Analysis

There were no indications/objections from referral agencies of environmental impacts resulting from this proposal.

Prairie dog mitigation has taken place on this site. This proposal predates the recently adopted ordinance regarding removal of Prairie Dogs from a development site. The applicant is under no obligation to comply with the new ordinance. Nevertheless, information provided by the applicant indicates that concerned citizens and organizations were given the opportunity to remove the animals but were unable to do so. In the absence of this alternative, the applicant has stated compliance with state regulations regarding the removal of the Prairie Dogs.

Future Site Plan applications will be required to meet all applicable Land Development Ordinance (LDO) standards including those that pertain to environmental impacts.

Based on this analysis, staff has determined that the request meets this criterion.

8. The proposal is consistent with the Town Master Plan, maps, goals, and policies.

- *Based on the Master Plan – General Land Use Plan zoning map, Medium Density Residential is directly to the east and west of the current Central Commercial zoning block, where the project lies. Therefore, a mix of residential and commercial uses for the project is in line with the Town Master Plan. The 2035 Master Plan further states that the central commercial district should focus on higher density residential uses as part of a development with a mix of uses, and a design that focuses on vehicle and pedestrian connectivity between uses. Therefore, the proposal is consistent with the 2035 Master Plan.*

Staff Analysis

As detailed in Section IV of this staff report, the proposed Planned Development zoning is consistent with the Parker 2035 Master Plan.

Based on this analysis, staff has determined that this criterion has been met.

9. There is adequate waste and sewage disposal water, schools, parks and recreation, and other services to the proportional degree necessary due to the impacts created by the proposed land uses.
 - *Waste, sewage disposal, and water will be unchanged. With the addition of residential spaces, schools and parks will be impacted, but will be mitigated by fee-in- lieu.*

Staff Analysis

Water and sewer for the project will be provided by Parker Water and Sanitation District. The District's approval of the referral for the project has indicated their ability to provide for the development.

School and Park dedication requirements are applicable only to the residential component of the proposal. These requirements will be met at time of platting for Tract A, the residential component of the proposal.

Based on this analysis, staff has determined that the request meets this criterion.

VIII. CONCLUSION

This proposal will remove the subject property from the Parker Auto Plaza Filing 1 Plat and PD. The property will be rezoned Parker and Pine Mixed Use Development PD and replatted as Parker and Pine Minor Development Plat. The new PD zoning will update commercial uses and add multifamily residential as an allowed use. The replat will create six commercial lots and one tract. A replat of Tract A will be required prior to any multifamily development on the site.

This site is located within the Central Commercial District of the Master Plan. The uses, density and overall design considerations recommended for this district are consistent with the proposed PD and with the nine approval criteria for rezoning requests. The applicant has demonstrated

compliance with the requirements of the Land Development Ordinance for Minor Development Plats.

Therefore, staff is recommending that the Planning Commission recommend approval of the Parker and Pine Mixed Use Development PD. Staff also recommends approval of the Parker and Pine Minor Development Plat subject to the condition contained in staff's report.

IX. RECOMMENDED CONDITIONS (Parker and Pine Minor Development Plat)

1. Prior to recordation, the applicant will satisfy all engineering comments related to SUB18-020.

ORDINANCE NO. 3.355, Series of 2020

TITLE: A BILL FOR AN ORDINANCE REZONING CERTAIN PROPERTY WITHIN THE TOWN OF PARKER, COLORADO, KNOWN AS THE PARKER AND PINE PROPERTY TO PD-PLANNED DEVELOPMENT PURSUANT TO THE PARKER LAND DEVELOPMENT ORDINANCE AND AMENDING THE ZONING ORDINANCE AND MAP TO CONFORM THEREWITH

NOW, THEREFORE, THE TOWN COUNCIL OF THE TOWN OF PARKER, COLORADO, ORDAINS:

Section 1. Finding of Fact.

a. Application has been made for rezoning certain property described in attached **Exhibit 1**, within the Town of Parker, Colorado, to PD-Planned Development, pursuant to the Parker Land Development Ordinance.

b. Public notice has been given of such zoning by publication on the Town's website at least fifteen (15) days prior to the public hearing of such zoning.

c. Written notice was sent by first class mail to all owners of property that abut the Property, at least fifteen (15) days prior to the public hearing.

d. Notice of such proposed hearing was posted on the Property for fifteen (15) consecutive days prior to said hearing.

e. The requirements of Section 13.04.240 of the Parker Land Development Ordinance for rezoning of the Property have been satisfied.

Section 2. The Property is hereby zoned as provided in the Development Plan and the Development Guide, as provided in **Exhibit 2**, which is attached hereto and incorporated by this reference. The uses permitted for the Property are specifically described in Exhibit 2.

Section 3. The Zoning Ordinance and Zoning Map are hereby amended to conform with the zoning change to the Property.

Section 4. Approval of this Ordinance does not create a vested property right. Vested property rights may arise and accrue pursuant to the provisions of Ordinance No. 3.65.1, as amended, of the Town of Parker.

Section 5. Safety Clause. The Town Council hereby finds, determines and declares that this Ordinance is promulgated under the general police power of the Town of Parker, that it is promulgated for the health, safety and welfare of the public, and that this Ordinance is necessary for the preservation of health and safety and for the protection of public convenience and welfare. The Town Council further determines that the Ordinance bears a rational relation to the proper

legislative object sought to be obtained. The Town Council further finds that the title to this Ordinance was posted in two public places two days before the Town Council meeting, as provided by Section 7.5e. of the Town of Parker Home Rule Charter.

Section 6. Severability. If any clause, sentence, paragraph or part of this Ordinance or the application thereof to any person or circumstances shall for any reason be adjudged by a court of competent jurisdiction invalid, such judgment shall not affect application to other persons or circumstances.

Section 7. This Ordinance shall become effective ten (10) days after final publication.

INTRODUCED AND PASSED ON FIRST READING this ____ day of _____, 2020.

SECTION I - OBJECTIVE, PURPOSE, INTENT, APPLICATION

A. Objective:

The objective for the Parker and Pine Mixed Use Development is to create a viable commercial center in response to the accelerated development of the E-470 Corridor at the northwestern edge of the Town of Parker. Such a development will offer the opportunity for a blend of office, commercial, hospitality, and multi-family uses.

B. Purpose:

The purpose of the Parker and Pine Mixed Use Planned Development Guide (hereinafter sometimes referred to as "Development Guide") is to establish standards for the comprehensive development and improvement of the property. The Development Guide will provide opportunities for innovative design and the necessary flexibility for changing community needs.

C. Intent:

The intent of the Parker and Pine Mixed Use Planned Development is to create better opportunities for community growth within the Town of Parker. This will include a variety of uses including multi-family, office, and commercial development. The Parker and Pine Mixed Use PD provides the development standards that will encourage and promote innovative development to help enhance the character and quality of the Town of Parker.

The intent of the Development Guide is to establish specific criteria for the comprehensive development and improvement of the property. The standards will help guide the development in an orderly manner to provide the residents of Parker with a comfortable place to work, play and shop.

In support of the Town of Parker's 2035 Master Plan, it is the intent of this Development Guide to direct and encourage the following:

1. Provide for commercial, retail, restaurants, entertainment, and higher density residential to support a pedestrian environment;
2. Provide for a well-located mixed-use development that creates a sense of community among those who work, live, and play in the environment;
3. Encourages quality commercial, retail, and services uses that ensure adequate opportunities for future expansion of our economic base in an appropriate location in the community;
4. Encourage innovative approaches to mixed-use development meet the growing demands of the population;
5. Encourage the development of a community incorporating the best features of modern design;
6. Encourages an alternative development type which will minimize the strain on existing and future facilities in and around the Parker and Pine Mixed Use Planned Development. The efficient mixing of uses in the development is intended to reduce vehicle trips and reinforce the walkability of the community;
7. Conserve and enhance the value of the land; and
8. Encourages a sensitive design and layout that integrates the land's natural characteristics to protect the native landscape and topographical features with the built environment of commercial, retail, service, and higher density residential.

D. Application:

Standards for development shall apply to all property contained within the Parker and Pine Mixed Use Development that is illustrated on the Development Plan. The regulations and requirements shall become the governing standards for review, approval and modification of all development activities occurring on the site.

Provisions of this guide shall prevail and govern the uses permitted within the area defined as the Parker and Pine Mixed Use PD. This guide only supersedes the specific zoning category, not the Town of Parker's Municipal Code, as amended.

END OF SECTION

SECTION II - AUTHORITY

A. Authority:

The authority for this PD Development Guide is Section 13.04.150. (PD-Planned Development) of the Town of Parker Land Development Ordinance.

B. Adoption:

The adoption of this Development Guide shall evidence the findings and decision of the Town Council of the Town of Parker that this Development Guide for Parker and Pine Mixed Use Planned Development is authorized by the provisions of Section 13.04.150 of the Town of Parker Land Development Ordinance.

C. Enforcement:

The provisions of the Development Guide relating to the use of land shall run in favor of the Town of Parker and shall be enforceable, at law or in equity, by the Town of Parker without any limitation on any power or authority otherwise granted by law. All provisions of this Development Guide shall run in favor of the occupants and owners of the land within the Parker and Pine Mixed Use Planned Development to the extent expressly provided in this Development Guide and in accordance with its terms and conditions.

D. Relationship to Town Regulations:

The provisions of this Development Guide shall prevail and govern the development within the Parker and Pine Mixed Use Planned Development. Where the provisions of the Development Guide do not address a specific subject, the provisions of the Town of Parker Municipal Code, as amended, or other applicable ordinances, resolutions or regulations of the Town of Parker shall prevail.

E. Architectural Control Committee:

The Parker and Pine development is controlled by an Architectural Control Committee (ACC) whose Design Guidelines are attached as Exhibit A. All development will be subject to review and approval by the Parker and Pine ACC, subject further to Town approval, as provided by the Town of Parker Municipal Code.

F. Conflicts:

Where there is more than one provision within the Development Guide that covers the same subject matter, the provision which is most restrictive or imposes higher standards or requirements shall govern unless determined otherwise by the Community Development Director.

END OF SECTION

SECTION III - CONTROL PROVISIONS

A. Control Over Use:

After the adoption of this Development Guide by the Town Council of the Town of Parker and subject to the provisions of Section 13.04.230 (Non-Conforming Situations) and these Development Standards, in conjunction with the Town of Parker Land Development Ordinance, shall control development and land use including the following:

1. Any new building or other structure, and any parcel of land, or land use; and
2. The use of any existing building, other structure or parcel of land may be changed or extended; and
3. Any existing building or other structure may be enlarged, reconstructed, structurally altered, converted or relocated provided changes are in accordance with this Development Guide and the Development Plan.

For any purpose permitted or required by the provisions of this Development Guide applicable to the area in which the building, other structure or parcel of land is located, and for no other purpose. Such use, change, extension, enlargement, reconstruction, structural alteration, conversion or relocation shall be subject to all other standards and requirements set forth or referred to in the standards and requirements for that area, and to any other applicable standards and requirements of this Development Guide.

B. Control Over Location and Bulk:

After the adoption of this Development Guide by the Town Council of the Town of Parker and subject to the provisions of Section 13.04.230 (Non-Conforming Situations) of the Town of Parker Land Development Ordinance, the location and bulk of all buildings and other structures, existing and future, shall be in conformity with:

1. All standards and requirements set forth or referred to in the standards and requirements for the area in which such buildings and other structures are located; and
2. Any other applicable standards and requirements of this Development Guide.

C. Incorporation of Development Plan:

The development of the "Parker and Pine Mixed Use Planned Development", including the type, location and boundaries of land use areas, the circulation elements, and the densities established by this Development Guide, are shown upon the "Parker and Pine Mixed Use Development Plan" (hereinafter sometimes referred to as "Development Plan"), which Development Plan is hereby incorporated by reference into this Development Guide together with everything shown thereon and all amendments thereto.

D. Planning Area Boundaries:

The boundaries and acreage of all Planning Areas within Parker and Pine Mixed Use Planned Development are shown on the Development Plan.

Amendments to planning areas shall be subject to Section 13.03.030 of the Town of Parker Municipal Code.

END OF SECTION

SECTION IV - GENERAL PROVISIONS

- A. Purpose:
The purpose of this section is to provide general provisions and clarifications of standards and requirements for development that will occur in the Parker and Pine Mixed Use Planned Development.
- B. Relationship to the Town of Parker Roadway Design and Construction Criteria Manual, as Amended:
Regarding public roadways, all provisions of the Town of Parker Roadway Design and Construction Criteria manual, as amended, and successors thereof, as now in effect and is hereafter amended, are by this reference incorporated herein as if set forth in full.
- C. Conflicts:
Where there is more than one provision within the Development Guide that covers the same subject matter, the provision which is most restrictive or imposes higher standard or requirements shall govern unless determined otherwise by the Community Development Director.
- D. Utility Connections:
Connection to Parker Water and Sanitation District facilities shall be required for each principal building constructed in the future within the Parker and Pine Mixed Use Planned Development.
- E. Underground Utility:
All electrical and communication distribution lines shall be placed underground.

END OF SECTION

SECTION V – COMMERCIAL AREAS I and II (Planning Areas 1 and 2 on PUD Rezoning Map)

A. Intent:

The Commercial planning areas provide for the opportunity to offer flexibility with the land planning and site development within a defined framework of excellence. The planning areas can be developed with supporting retail, office, and commercial uses. The flexibility in land uses provides the framework to combine supporting uses and allows development to respond to changing market conditions. The development standards will help assure quality improvements in the Town of Parker. The Commercial planning areas will help build a commercial node in the Town of Parker where you can work, shop and play.

All development shall comply with the *Commercial Design Standards* outlined within the *Town of Parker Development Design Standards*, referenced within Section 13.10.200 of the Parker Municipal Code, as amended, unless otherwise stated in these standards.

B. Commercial Land Uses Permitted by Right:

1. Antique Shops
2. Art Supplies
3. Bakeries
4. Banks without drive-through
5. Bars and Lounges
6. Breweries and Distilleries
7. Consignment Stores
8. Clothing Stores
9. Craft and Hobby Shops
10. Daycare no larger than 14,000 square feet, subject to Section V.D.6
11. Drug stores; may include pharmacies
12. Eating and Drinking Establishment; drive in and/or carry out subject to Section V.D.5
13. Electrical and Household Appliances
14. Financial Institutions without drive-through
15. Florists
16. General Merchandise/Retail Sales and Services
17. Gift Shops
18. Grocery Stores
19. Jewelry Stores
20. Liquor Stores
21. Microbrewery
22. Music Shops
23. Offices
24. Office Supplies; may include computer and phone sales
25. Outpatient veterinary facilities where no kenneling of animal is proposed, no larger than 3,500 sq. ft.
26. Personal Service no larger than 3,500 sq. ft.; including dry cleaning services without onsite processing, therapeutic massage, and reflexology
24. Fitness Studio no larger than 3,500 sq. ft.
25. Health Club and spas no larger than 3,500 sq. ft.
26. Instructional services no larger than 3,500 sq. ft.
27. Pet Shops
28. Restaurants and other Eating Establishments
29. Shoe Stores

30. Sporting Goods and Athletic Equipment
31. Toy and Game Stores
32. Other uses determined to be appropriate and reasonably similar as determined by the Planning Director.

C. Commercial Land Uses Permitted by Special Review:

1. Hotels
2. Daycare in excess of 14,000 square feet, subject to V.D.6

D. Development Standards:

1. **Minimum Building Size.** The minimum building square footage for the lot located at the corner of Parker Road and Pine Lane in the Commercial Area I is 17,000 square feet. Square footage between 12,000 and 17,000 may be approved at the discretion of the Planning Director where the following apply:
 - The development is entirely retail
 - the development is a single user building, not a multi-tenant building.
2. **Setbacks.** The minimum building setbacks in the Commercial Planning Areas shall be:
 - Front: 10'
 - Side: 10'
 - Rear: 10'
 - Residential Use: 25'
3. **Lot Width.** No lot shall be less than 120 feet (120') wide.
4. **Building Height.** No building within the Commercial Planning Areas shall exceed forty-five (45) feet in height except by special review.
5. **Drive-through Uses.**
 - No drive-through use shall be within a 300-foot radius of the Pine Lane and Parker Road center line intersection.
 - No more than two (2) drive-through uses shall be permitted within the Commercial Planning Area.
6. **Daycare Use.**
 - No more than 1 daycare use shall be permitted within Commercial Area II only. No daycare use is permitted in Commercial Area I.
7. **Personal Service Uses.**
 - No more than 7,500 sq. ft. personal service uses shall be permitted within Commercial Planning Area 1, unless otherwise approved by the Planning Director.

END OF SECTION

SECTION VI – HIGHWAY ORIENTED COMMERCIAL (Planning Area 3 on the PUD Rezoning Map)

A. Intent:

This section establishes standards for the Highway Oriented Commercial use area designated on the plan, which will provide for planned, orderly development, meeting the automotive and retail needs of the community as it develops.

All development shall comply with the *Commercial Design Standards* outlined within the *Town of Parker Development Design Standards*, referenced within Section 13.10.200 of the Parker Municipal Code, as amended, unless otherwise stated in these standards.

B. Highway Oriented Commercial Land Uses Permitted by Right:

- a. Antique Shops
- b. Art Supplies
- c. Bakeries
- d. Bars and Lounges
- e. Breweries and Distilleries
- f. Car Wash; may include automatic or coin operated as a principal use
- g. Clothing Stores
- h. Convenience Stores; may include sales of gasoline and automotive fuel products
- i. Craft and Hobby Shops
- j. Drug stores; may include pharmacies
- k. Eating and Drinking Establishment; drive in and/or carry out, subject to V.D.5.
- l. Electrical and Household Appliances
- m. Financial Institutions with drive-through
- n. Florists
- o. General Merchandise/Retail Sales and Services
- p. Gift Shops
- q. Grocery Stores
- r. Hotels and motels, including restaurants, gift shops, and other accessories
- s. Indoor Amusement and Recreational Establishments
- t. Jewelry Stores
- u. Liquor Stores
- v. Microbrewery
- w. Music Shops
- x. Offices
- y. Office Supplies; may include computer and phone sales
- z. Personal Service no larger than 3,500 sq. ft.; may include, but are not limited to:
 - bb. Fitness Studio, maximum 3,500 square feet
 - cc. Health Club and spas, maximum 3,500 square feet
 - dd. Instructional services, maximum 3,500 square feet
 - ee. Pet Shops
 - ff. Restaurants and other Eating Establishments
 - gg. Shoe Stores
 - hh. Sporting Goods and Athletic Equipment
 - ii. Toy and Game Stores
 - jj. Veterinary clinics, provided only household, domesticated animals are treated, and there is no provision for overnight kenneling of animals
 - kk. Other uses determined to be appropriate and reasonably similar as determined by the Planning Director

- C. Highway Oriented Commercial Land Uses Permitted by Special Review:
- a. Ambulance Services
 - b. Automobile sales (new and used), rental and leasing
 - c. Automobile and truck service and repair facilities
 - d. Sales, leasing and rental of motorized equipment
 - e. Emergency Care Facilities
 - f. Display Parking of Automotive Vehicles; may include motorcycles, recreational vehicles, and other type of motorized vehicle) for sale with the front or side yard setback of a lot
- D. Development Standards:
- a. Setbacks. The minimum building setbacks in the Commercial Planning Area shall be determined at time of site plan, but shall not be more than eighty (80') or less than ten feet (10') from public streets.
 - b. Building Height. No building within the Commercial Planning Area shall exceed forty-five (45) feet in height except by special review.

END OF SECTION

SECTION VII – MIXED RESIDENTIAL (Planning Area 4 on the PUD Rezoning Map)

A. Intent:

The mixed residential planning area provides for the opportunity to offer flexibility with the land planning and site development. The planning area can be developed with variety of high-density residential uses. The land uses allow housing to promote a sustainable mixed-use environment. The residential land use should promote a pedestrian-oriented environment

B. Residential Land Uses Permitted by Right:

- a. Multi-family
- b. Mixed-Use Residential; includes residential above first floor retail/commercial/office
- c. Retail/commercial/office in support
- d. Convenience retail; without gas pumps
- e. Office/professional, accounting, law, consulting
- f. Retail sales
- g. Bar and Lounge
- h. Eating Establishment; without drive-through
- i. Personal Services, not to exceed 3,500 square feet may include, but are not limited to:
- j. Fitness Studio, maximum 3,500 square feet
- k. Health Club and spas, maximum 3,500 square feet
- l. Instructional services, maximum 3,500 square feet
- m. Single-Family Attached; Townhome
- n. Open Space
- o. Public Plazas, Courts and Gathering Spaces
- p. Recreation Center – Club House for private use to serve the residential development
- q. Other uses determined to be appropriate and reasonably similar as determined by the Planning Director.

C. Development Standards:

- a. Residential Uses. Not to exceed 175 dwelling units for the Mixed Residential Planning Area.
- b. Setbacks. The minimum building setbacks in the Residential Planning Area shall be determined at time of site plan, but shall not be more than eighty (80') or less than ten feet (10') from public streets.
- c. Building Height. No building within the Mixed Residential Planning Area shall be exceed four (4) stories or sixty feet (60) feet in height, whichever is more restrictive. Building height is limited to three stories for buildings adjacent to Twenty Mile Road.
- d. Minimum Lot Area. None.
- e. Personal Service Uses. No more than 6,000 square feet of personal service uses shall be permitted within the commercial planning areas. At the discretion of the Planning Director, this may be increased by 25% to a maximum of 7,500 square feet provided that:
 1. There is a minimum of 10% floor space dedicated to a retail component of the personal service use or
 2. The specific use proposed is not available within a ½ mile radius of the development.

Parker & Pine Mixed Use Development Design Standards

Prepared for:
EVT Parker Colorado, LLC
c/o: Eisenberg Company, Inc.
2710 E. Camelback Road, Suite 210
Phoenix, AZ 85016

Purpose

The Parker & Pine Mixed Use Development is a future mixed-use center at the E-470 Corridor at the northwestern edge of the Town of Parker. Such a development will offer the opportunity for a blend of office, commercial, hospitality, and multi-family uses. This document’s purpose is to describe and explain an overview of the building and design standards for such structures (the “PD Standards”). This document is in compliance with the Town of Parker’s Development Design Standards adopted November 2019 (the “Town Design Standards”). In the event of a conflict with the Town Design Standards and the PD Standards, the Town’s Design Standards shall control. For information regarding urban and site design, and for further details on each of the sections presented below please refer to the Town of Parker’s Development Design Standards.

- The primary objectives in establishing these development guidelines are:
- o To create consistency in materials and architectural design throughout the development.
 - o To achieve a harmony of each building and area of development with neighboring buildings and areas of development.
 - o To ensure a well-planned and well-maintained development at this important entry intersection to the Town of Parker.
 - o To improve the visual image of the Town along one of its most heavily used arterials.
 - o To promote a pedestrian friendly suburban environment in order to create a high quality livable community that embraces the principals of smart growth.
 - o To create a greater sense of place and heritage within the Town by requiring commercial and industrial development to be designed in a manner that is germane to the Town as a whole.

In order to facilitate the development process, it is encouraged that each property owner provide their project architect, contractor and engineers with a copy of the PD Standards.

Pine and Parker Mixed Use Development Standards

Purpose: To create a composition of buildings that are high-quality, well-scaled, appropriate for their contexts, relative to human scale, sustainable and timeless.

A. Building Composition and Elements

Intent:
Organize the basic elements of a building such as walls and openings, to create a recognizable rhythm, increase visual interest and create a pedestrian-friendly environment at the street level.

- Standards:
1. Bays – Buildings shall include a cadence of bays that is continuous throughout the façade creating a balanced design. Two or three bays should be selected to be larger and taller in scale. Their parapets should extend a minimum of **24”** past the overall building parapet heights. Parapets shall also be aligned with the vertical breaks in building walls and/or tenant walls. The pattern of bays, walls, and opening should be expressed in all sides of the building.
 2. Fenestration - To activate the street and create visual interest, arrange windows and other openings with transparent features to include clear glazing on each façade of the building. See Town Design Standards for required transparency percentages of the ground-floor level façade.
 3. Form and Massing – This design breaks down massing vertically and horizontally with bays, parapet variations and a consistent height for wainscoting, storefront, and trellis-style awnings. The front façade of each tenant space is to be primarily storefront to achieve street activation and pedestrian-scaled building design. Varied parapet roof lines are to be implemented to add visual interest. These PD Standards contain a variety of colors and materials which should alternate throughout building to avoid dull and repetitive façades. Materials described further on last page. Since these are multi-tenant buildings, there shall be vertical massing breaks at tenant party walls with changes in the plane of the facade of the building sufficient to create a visible shadow line.
 4. Equipment - Mechanical and utility equipment must be screened. It shall not be visible from any street or pedestrian way.

B. Approaches to Composition

Intent:

Encourage diversity in the design of buildings and streetscapes that facilitate walking and pedestrian activity. The following options for building composition are appropriate and meet the Town Design Standards.

Standards:

1. This site will be designed under Option 1 of the Town Composition Standards - Composing a Building as a Single Design contained in the Town Design Standards. The constant color palette across the building includes beige and grey brick and EIFs (no more than 30% in the front façade) and massing broken down with a change in material as an accent (wood-tone and grey siding). Complementary design features and materials are trellis-style awnings at each tenant space in grey or black metal. Additionally, the corner tenant space will be designed to appear to be one and a half to two stories in height, and may include larger amounts of storefront to create an engaging and visually interesting anchor piece. Note: this document describes selected colors generically. A list of specific suggested finished can be found on the next section.
2. Trellis-Style Awnings will serve as overhangs at entries that will protrude a minimum of 2 feet beyond the supporting wall.
3. Lot 1, at the northeast corner of the site, shall provide a minimum of 2,000 SF of active outdoor space for a multi-tenant building or 1,000 SF of active outdoor space for a single tenant building. Other tenant spaces that are conducive to outdoor seating (such as restaurants and coffee shops) are encouraged to also provide outdoor spaces. Determining the tenant spaces where it is appropriate to include such an outdoor space will be dependent on the type of service provided and whether end users will benefit and make use of an outdoor option, and ultimately be decided on a case by case basis at the discretion of the Town. Specific size and locations of these potential outdoor spaces or patios will be agreed upon between the Town and the future tenant.
4. Under the Parker Municipal Code, commercial buildings have a maximum height requirement of **35 feet**. Under the Town Design Standards, buildings are required to have taller massing with a minimum height of 25 feet along the entire façade adjacent to a public roadway with the higher traffic volume. The taller massing must have a depth of at least 20 feet.

Exterior Building Palette

These PD Standards contain authentic high quality building materials from a variety of manufacturers. Please see details on the next section. The selected materials include brick, EIFs (no more than 30%), lap siding, metal and storefront. This result is an aesthetically-pleasing design that integrates surface texture and detailing that help reduce the building massing (both vertically and horizontally).

The application of these building materials must be applied and articulated in a balanced manner to complement the building design. The additional accent materials: Lap siding and metal are intended to provide architectural interest and provide for a balanced building design. Any deviation from this list of materials requires approval from the Architectural Control Committee (ACC) and must be in compliance with the Town Design Standards.

A. Exterior Building Material Requirements

Intent:

Present an image of high-quality and permanence to ensure that the buildings on this site are well-designed, durable in the Colorado climate and will complement the surrounding context.

Standards

1. Masonry Base Requirements

These PD Standards encourage the use of brick for the entire height of certain bays. In lieu of this, or in addition to, these standards require brick wainscoting throughout all sides of the buildings to create a base-middle-top visual proportion.

2. Window and Storefront Requirements

All windows must be a true window product and not a faux window. Faux windows are not permitted on any commercial or industrial building design. Window mullions shall match the color palette described in this document and must be complementary to the building design. Additionally storefront walls at the entry of each tenant space shall be **10ft** in height to convey human scale.

3. Exterior Insulation Finishing System (EIFS) Requirement

EIFS shall not be used as a primary building material and shall only be used as an accent application on any building façade. It may be used in combination with other exterior building materials on the side and rear of the building, and shall comprise no more than **30%** of the total street facing façade. EIFS may be used on upper floors of buildings three stories or greater in height and shall comprise no more than 30% of the total street facing façade and shall be applied as color integrated, with a high quality finish/texture when used on any building facade.

EIFS Alternative Compliance: (Building Façade Material Incentive)
If an applicant includes exceptionally designed building elements constructed of high quality materials on the first two stories of the building, as determined by the Planning Director, the applicant may qualify for **25%** increase to the EIFS and Stucco requirement.

B. Selected Materials and color palettes

Intent:

Exterior color palettes shall be cohesive and compatible with the colors of nearby structures and shall be used to enhance, unify, and complement the building design.

Wall Materials:

Blonde Brick
Grey Siding
Two-tone “wood-looking” siding
EIFs (up to 25%)

Storefront: Black + Clear
Black
Anodized Aluminum
Glazing

Parapets:

Metal coping pre-finished to match adj. wall

Trellis:

Grey or Black Metal

Columns/Pilasters:

EIFs and blonde brick

Doors/Windows:

Black metal framing
Grey Metal
Glazing

Overall Colors:

Base: Beige
Accents: Grey, Black, Wood

Awnings:

Black + Grey trellis style awnings or Canvas style awnings.
Color to accommodate national corporate branding, provided all requirements of the Town Design Standards are met.

Proposed specified finishes:

- Brick: Insterstate Brick; Almond; by Basalite – Or similar in style
- Brick: Insterstate Brick; Platinum; by Basalite – Or similar in style
- Metal: Black (06) and Charcoal (17) 26 gauge; matte finish; by Metal Sales – Or similar in style
- EIFs: 110 VanDyke Sand Pebble and 139 Adobe Accent ; Self-draining system; by Dryvit – Or similar in style
- Lap Siding: Hardie Board Siding; River Rock two-tone finish; Rustic series collection by Woodtone – Or similar in style
- Lap Siding: Hardie Board Siding; Aged Silver; Color Select collection by Woodtone – Or similar in style

These standards will allow a brand or franchise to add up to two (2) of their own branding colors as minor accents. These color deviations related to branding shall be minimal and accessory in nature. This is to encourage brands to still be able to convey their signature palette while also honoring the overall cohesive design intent of the site.

(Please see next page for color elevation example showing required materials and required building design and composition)

EVT Parker Colorado, LLC
c/o: Eisenberg Company, Inc.
2710 E. Camelback Road, Suite 210
Phoenix, AZ 85016

Overall Colors:
Base: Beige
Accents: Grey, Black, Wood

Note: Per the town’s standards, tenants are allowed to include two (2) of their own branding colors as part of their building design in addition to the selected overall colors. This is to support branding consistency while also honoring the overall cohesive design of the pad site.

The colors and materials shown below are generic and for conceptual design intent only, and may be subject to change. Specific manufacturer, finish, and color name and number will be selected at the desgin development stage.

Request for Town Council Action

Title: **ORDINANCE NO. 9.318 - First Reading**
A Bill for an Ordinance Approving the Intergovernmental Agreement Regarding the Community Development Block Grant Program for Fiscal Years 2021-2023 Administered By the U.S. Department of Housing and Urban Development By and Between the Board of County Commissioners of the County of Douglas, State of Colorado, and the Town of Parker

Department: Town Attorney, Jamie Wynn
Community Development, John Fussa

Second Reading: July 6, 2020

EXECUTIVE SUMMARY

Douglas County and the Town of Parker previously participated in the Community Development Block Grant (CDBG) Program but opted out of the Program in June, 2016. The County notified the U.S. Department of Housing and Urban Development in April, 2020 of their intention to requalify as an Urban County for the CDBG Program starting in Fiscal Year 2021 through 2023. The Town of Parker qualifies as a "Metropolitan City" and has the option of deferring participation or accepting participation in the CDBG Program as a "Metropolitan City" or by entering into a partnership with Douglas County as a unit of general local government. The latter option would be done through the execution of an Intergovernmental Agreement (IGA).

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

According to the U.S. Department of Housing and Urban Development (HUD), the Community

Development Block Grant (CDBG) Program "provides annual grants on a formula basis to entitled cities and counties to develop viable communities by providing decent housing and a suitable living environment..." Previously, the Town had entered into an IGA for participation in the CDBG Program with Douglas County which held an "Urban County" status through HUD. The County and the Town opted out of participation in the CDBG Program in 2016.

Currently, Parker's population of greater than 50,000 qualifies the Town for a "Metropolitan City" status. Therefore, the Town may qualify as either a participant or a subrecipient in the CDBG Program. The Town could do so through its "Metropolitan City" status or as a unit of general local government by entering into an IGA with Douglas County.

Parker may participate in the CDBG Program through either means and certain funds would be allocated/available for the Town or non-profit organizations within it to utilize for eligible activities. The Town would partner with the County to identify the goals and activities to be funded by CDBG through the required Consolidated Plan and Annual Action Plan in accordance with HUD guidelines.

By entering into an IGA, the Town would agree to comply with applicable federal laws and regulations, as well as providing the County the information necessary for the Town's participation in the program as a unit of general local government with the County.

FINANCIAL IMPACT

None. The Town's FY 2020 CDBG eligibility is estimated at \$174,000 that would be available for eligible applicants in the community.

STRATEGIC GOAL(S)

ATTACHMENTS

1. Ordinance No. 9.318

RECOMMENDED MOTION

I move to approve Ordinance No. 9.318 on first reading and to schedule second reading for July, 6, 2020, as part of the consent agenda.

ORDINANCE NO. 9.318, Series of 2020

TITLE: A BILL FOR AN ORDINANCE TO APPROVE THE INTERGOVERNMENTAL AGREEMENT REGARDING THE COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM FOR FISCAL YEARS 2021-2023 ADMINISTERED BY THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT BY AND BETWEEN THE BOARD OF COUNTY COMMISSIONERS OF THE COUNTY OF DOUGLAS, STATE OF COLORADO, AND THE TOWN OF PARKER

NOW, THEREFORE, THE TOWN COUNCIL OF THE TOWN OF PARKER, COLORADO, ORDAINS:

Section 1. The Town Council of the Town of Parker hereby approves the Intergovernmental Agreement Regarding the Community Development Block Grant Program for Fiscal Years 2021-2023 Administered by the U.S. Department of Housing and Urban Development by and between the Board of County Commissioners of the County of Douglas, State of Colorado, and the Town of Parker, which is attached hereto as **Exhibit 1** and incorporated herein by this reference, and authorizes the Mayor of the Town to enter into the Agreement on behalf of the Town.

Section 2. Safety Clause. The Town Council hereby finds, determines and declares that this Ordinance is promulgated under the general police power of the Town of Parker, that it is promulgated for the health, safety and welfare of the public, and that this Ordinance is necessary for the preservation of health and safety and for the protection of public convenience and welfare. The Town Council further determines that the Ordinance bears a rational relation to the proper legislative object sought to be obtained. The Town Council further finds that the title to this Ordinance was posted in two public places two days before the Town Council meeting, as provided by Section 7.5e. of the Town of Parker Home Rule Charter.

Section 3. Severability. If any clause, sentence, paragraph or part of this Ordinance or the application thereof to any person or circumstances shall for any reason be adjudged by a court of competent jurisdiction invalid, such judgment shall not affect application to other persons or circumstances.

Section 4. This Ordinance shall become effective ten (10) days after final publication.

INTRODUCED AND PASSED ON FIRST READING this ____ day of _____, 2020.

EXHIBIT 1

INTERGOVERNMENTAL AGREEMENT REGARDING THE COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM FOR FEDERAL FISCAL YEARS 2021-2023 ADMINISTERED BY THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

THIS INTERGOVERNMENTAL AGREEMENT (“Agreement”) is made and executed this _____ day of _____, 2020 by and between the Board of County Commissioners of the County of Douglas, State of Colorado (“County”), and the Town of Parker (“Town”), located in Douglas County, State of Colorado.

RECITALS

WHEREAS, in 1974 the U.S. Congress enacted the Housing and Community Development Act of 1974 (“Act”) (as last amended and supplemented), permitting and providing for the participation of the federal government in a wide range of local housing and community development activities and programs, which activities and programs are administered by the U.S. Department of Housing and Urban Development (“HUD”); and

WHEREAS, the primary objective of Title I of the Act is the development of viable urban communities by providing decent housing and a suitable living environment and expanding economic opportunities, mainly for persons of low and moderate income, this objective to be accomplished by providing financial assistance in the form of block grant funds to state and local governments for the conduct and administration of housing and community development activities and programs as contemplated under the Act; and

WHEREAS, the rules and regulations governing the Community Development Block Grant (“CDBG”) Program issued by HUD to implement the Act and published in 24 C.F.R. Part 570 (“Regulations”) provide that a county must qualify as an “Urban County”, as defined therein, and submit a request for funding now known as the Annual Action Plan or a five (5) year Consolidated Plan with an Annual Action Plan component, when required, on the projected use of the funds to HUD each year in order to be eligible to receive CDBG funds and that cities and units of local government within an Urban County may join an Urban County by cooperation agreement and thereby be considered a part of the Urban County and be included in the Urban County’s CDBG Program; and

WHEREAS, Douglas County first qualified and began operating as an Urban County for the federal fiscal years (FYs) 2004-2006 based on HUD CPD Notice 03-04, Instructions for Urban County Qualification for Participation in the CDBG Program for Fiscal Years 2004-2006; and

WHEREAS, Douglas County opted out of the CDBG Program on June 28, 2016; and

WHEREAS, the County notified the U.S. Department of Housing and Urban Development on April 17, 2020 of the County’s intention to requalify as an Urban County for the CDBG Program in FY 2021; and

WHEREAS, the rules and regulations to qualify or requalify as an Urban County are published annually and the notice for the FY 2021-2023 are published in HUD CPD Notice 20-03, Instructions for Urban County Qualification for Participation in the CDBG Program for FY 2021-2023; and

WHEREAS, a determination has been made by HUD that the County is authorized to undertake essential community development activities in its unincorporated areas that are necessary to qualify as an Urban County to receive funds from HUD by annual grant agreement. This determination is based on the authority granted to the County pursuant to C.R.S. §§ 29-3-101 to 123; §§ 30-11-101 and 107; §§ 30-20-301 to 310; and §§ 30-20-401 to 422; and

WHEREAS, a determination has been made by HUD that the County, through the Douglas County Multijurisdictional Housing Authority, is authorized to undertake essential housing activities in its unincorporated areas that are necessary to qualify as an Urban County to receive funds from HUD by annual grant agreement. This determination is based on the authority granted the County pursuant to C.R.S. § 29-1-204.5; and

WHEREAS, it is recognized that the County does not have independent legal authority to conduct some kinds of community development and housing assistance activities within the boundaries of the Town and, therefore, its ability to conduct the CDBG Program in the Town is limited by the requirement that it must obtain permission from the Town to perform certain kinds of activities therein, and accordingly, in order for the Town to be considered a part of the Urban County and be included in the County's annual requests to HUD for CDBG funds, it is required by the Regulations that the Town and the County enter into a cooperation agreement wherein the Town authorizes and agrees to cooperate with the County to undertake or to assist in the undertaking of essential community development and housing assistance activities, specifically including urban renewal and publicly assisted housing, within the boundaries of the Town as may be approved and authorized in the County's annual grant agreements with HUD; and

WHEREAS, the participating Town understands that by executing this Agreement it may not apply for grants under the Small Cities or State CDBG Programs for appropriations for federal fiscal years during the period it is participating in the Urban County's CDBG Program; and

WHEREAS, under general provisions of Colorado law governing contracting between governmental entities and by virtue of specific authority granted by C.R.S. § 29-1-203, any two or more political subdivisions of the state may enter into agreements with one another for joint or cooperative action and any one or more political subdivisions entering into the contract is authorized by law to perform; and

WHEREAS the Town now desires to become a participating jurisdiction under the County's status as an Urban County; and

WHEREAS, accordingly, the parties hereto have determined that it will be mutually beneficial and in the general public interest to enter into this Agreement regarding the conduct of the CDBG Program.

NOW, THEREFORE, in consideration of the premises and other provisions hereof, the parties agree as follows:

I. RESPONSIBILITIES OF THE TOWN

A. Town and County Cooperation

The Town will cooperate and work with the County in the preparation of detailed projects and other activities to be conducted or performed within the Town during the federal program years this Agreement is in effect.

The Town will also cooperate with the County to undertake or assist in undertaking community renewal and lower-income housing assistance activities within the Town. The finalized projects and activities will be included in the County's Annual Action Plan or five (5) year Consolidated Plan with an Annual Action Plan component, when required, for said year. The Town understands and agrees, however, that the County shall have final responsibility for the selection of all projects and activities to be included in the grant request and for submission of the request.

The Town shall cooperate fully with the County in all CDBG Program efforts planned and performed hereunder and does hereby allow and permit the County to undertake or assist in undertaking community renewal and lower-income housing assistance activities within the Town as may be approved and authorized in: (1) the County's CDBG agreements, including the Annual Action Plan or five (5) year Consolidated Plan with an Annual Action Plan component, when required; and (2) Subrecipient Agreements.

B. Subrecipient Agreements

The Town understands and agrees that pursuant to 24 C.F.R. § 570.501(b), it is subject to the same requirements applicable to subrecipients, including the requirement for a written agreement ("Subrecipient Agreement") as set forth in 24 C.F.R. § 570.503. This Agreement shall govern the Subrecipient Agreement and each of the individual projects approved during the time this Agreement is in effect.

Upon the execution of this Agreement, the residents of the Town shall be allowed to avail themselves of CDBG funded programs in the County.

In order for the Town to receive and continue receiving CDBG Funds, the following must occur:

1. The Town must execute this Agreement.

2. The Town must apply to the County for CDBG Funds for each specific project or activity.
3. The Town must sign a Subrecipient Agreement with the County for the specific project or activity. The Subrecipient Agreement is governed by 24 C.F.R. § 503. As part of the Subrecipient Agreement, the Town must submit to the County, and the County must approve, the project name, the project purpose, a scope of service, project description, proposed Scope of Work for the specific project or activity, performance measures, staffing, a description of system delivery, project budget, time of performance, reporting requirements, labor standards requirements (if applicable), environmental review requirements, and other financial information. This Agreement shall govern program income, reversion of assets, records, and asset management.
4. The Town must complete and submit the forms and reports that are exhibits to the Subrecipient Agreement in a complete and timely manner.
5. The Town must be in full compliance with the terms and conditions of all Subrecipient Agreements and with all Intergovernmental Agreements it has signed regarding the CDBG Program Administered by HUD.

C. Assurances and Certifications

The Town agrees to comply with HUD Assurances and Certifications contained in the document attached hereto labeled as Exhibit 1 and incorporated herein by reference.

D. Administrative Control

As to any proposed projects funded under this Agreement, the Town agrees that the County shall have the ultimate supervisory and administrative control of the CDBG Program, but that the Town shall be responsible for the expenditures of the funds allocated for each project or activity and for the construction or performance of the projects and activities in compliance with all applicable federal laws and requirements relating to the CDBG Program or the implementation of the Annual Action Plan or five (5) year Consolidated Plan with an Annual Action Plan component, when required, during the period covered by this Agreement.

E. Non-Appropriation Clause

The Town agrees that it will include in every contract it enters, where it relies upon CDBG monies for funding, a non-appropriation clause that will protect itself and the County from any liability or responsibility on any suit which might result from the discontinuance of CDBG funding for any reason.

F. Excessive Force

The Town has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdictions.

G. Expenditure Restrictions

All CDBG funds that are approved by HUD for expenditure under the County's grant agreement, including those that are identified for Town projects and activities, shall be allocated to the specific projects and activities described and listed in the Town's proposal for funding and approved Subrecipient Agreement, and the allocated funds shall be used and expended only for the projects and activities to which the funds are identified. No project, activity, or the amount allocated may be changed without concurrence by the County and acceptance of the revised Annual Action Plan or five (5) year Consolidated Plan with an Annual Action Plan component, when required by HUD, and an approved Subrecipient Agreement that authorizes such project, activity, or amount.

H. Day-To-Day Supervision

The Town will be responsible for the direct, day-to-day supervision and administration of its respective projects or activities and will accomplish this task through the use of its own staff, agents, and employees. The Town will be responsible for any injury to persons or damage to property resulting from negligent acts or error and omissions of its staff, agents, and employees. However, nothing herein shall be construed as a waiver of the rights and privileges of the County and the Town pursuant to the Colorado Governmental Immunity Act, C.R.S. §§ 24-10-101, *et seq.*

I. Cost Overruns

Since the Town is responsible for the direct supervision and administration of its respective projects or activities, the County shall not be liable or responsible for cost overruns by the Town on any project or activity. The County shall have no duty or obligation to provide any additional funding to the Town if its projects or activities cannot be completed with the funds allocated by the County to the Town. Any cost overruns shall be the sole responsibility of the Town.

J. Project Changes

No approved project or activity, nor the amount allocated therefore, may be changed without the concurrence of the County and acceptance of the revised Annual Action Plan or five (5) year Consolidated Plan with an Annual Action Plan component by HUD, if required, and acceptance of the revised Subrecipient Agreement. Changes must be requested in writing.

K. Bonds

The Town will include with construction contracts with estimated costs of \$100,000 or more, which requires bid guarantees (5% of the bid), performance (100% of the contract price) and payment bonds (100% of the contract price).

L. Insurance

The Town shall require any contractor it uses on any project, or activity where it relies upon CDBG funds to provide and maintain, until final acceptance by the Town of all work by such contractor, the types of insurance listed hereinafter with insurers with an A- or better rating as determined by Best's Key Rating Guide.

The contractor will be required to procure and maintain, at his/her own expense and without cost to the County, the kinds of minimum amounts of insurance as follows:

1. Workers' Compensation insurance to cover obligations imposed by applicable laws for any employee engaged in the performance of work under this Agreement, and Employers' Liability insurance with the following limits:

Workers' Compensation:	Statutory
Employers' Liability:	\$1,000,000

2. Commercial General Liability insurance with minimum combined single limits of ONE MILLION DOLLARS (\$1,000,000.00) each occurrence and ONE MILLION DOLLARS (\$1,000,000.00) aggregate. The policy shall be applicable to all premises and operations. The policy shall include coverage for bodily injury, broad form property damage (including completed operations), personal injury (including coverage for contractual and employee acts), blanket contractual, independent contractors, products, and completed operations. The policy shall include coverage for explosion, collapse, and underground hazards. The policy shall contain a severability of interests provision.

3. Commercial Automobile Liability insurance with minimum combined single limits for bodily injury and property damage of not less than ONE MILLION DOLLARS (\$1,000,000.00) each occurrence with respect to each of the contractor's owned, hired, and non-owned vehicles assigned to or used in performance of the services. The policy shall contain a severability of interests provision.

4. Professional Liability Insurance coverage in an amount not less than One Million Dollars (\$1,000,000.00), and the contractor shall maintain such coverage for at least two (2) years from the termination of the project.

5. The required Commercial General Liability and Commercial Automobile Liability policies shall be endorsed to include the County and the Town as certificate holders and name the County and the Town, their officers and employees as additional

insureds. The County and the Town will be certificate holders in respect to the required Workers' Compensation and Professional Liability insurance policies. The County reserves the right to request and receive a certified copy of any policy and any endorsement thereto.

6. The contractor shall furnish Douglas County with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause. All certificates and endorsements are to be received and approved by Douglas County before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the contractor's obligation to provide them. Douglas County reserves the right, but not the obligation, to review and revise any insurance requirement, not limited to limits, coverage, and endorsements. Additionally, Douglas County reserves the right, but not the obligation, to review and reject any insurance policies failing to meet the criteria stated herein.

The completed certificates of insurance with additional insured endorsements and waivers of subrogation and any notices, termination, or material change will be sent via mail or e-mail to:

Douglas County Government
Attn: Risk Management
100 Third Street
Castle Rock, Colorado 80104
risk@douglas.co.us

7. The contractor will not be relieved of any liability, claims, demands, or other obligations assumed by its failure to procure or maintain insurance, or its failure to procure or maintain insurance in sufficient amounts, durations, or types.
8. Douglas County reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

M. Records

The Town shall maintain a complete set of books and records documenting its use of the CDBG funds and its supervision and administration of its respective projects and activities in accordance with the Regulations. The Town shall provide full access to these books and records to the County, the Secretary of HUD or his designee, the HUD Office of Inspector General, and the General Accounting Office so that compliance with federal laws and regulations may be confirmed. The Town further agrees to provide to the County, upon request, a copy of any audit records pertaining to the Town's financial operations during the term of this Agreement. Records shall be maintained for five (5) years after closing out the CDBG project.

N. Timelines

The Town shall submit to the County, along with its proposal, a timetable for each project delineating the length of time needed for each phase through the completion of the project. The timetable will be contained in the Subrecipient Agreement and the exhibits thereto. The Town shall comply with the timetable submitted and legally obligate and expend funds accordingly through the end of the project. The Town understands that failure to comply with the timetable may lead to a cancellation of the project and loss of CDBG funding, unless the County determines that there are extenuating circumstances beyond the Town's control and that the project will proceed and will be completed within a reasonable length of time. The timetable's implementation will begin when the County provides written notification to the Town that the proposal(s) has been accepted by HUD. Unobligated or unexpended funds that are lost by the Town will be transferred to the County for distribution to other Subrecipients. The County will review the Town's progress to ensure that the activities are being carried out in a timely manner in accordance with 24 C.F.R. § 570.902.

O. Limitations

The Town agrees that no more than two and one-half percent (2.5%) of the funds the Town actually receives will be used for eligible planning, urban environmental design, and policy-planning-management-capacity building activities, as defined in 24 C.F.R. § 570.205 of the Regulations.

The Town understands that by executing this Agreement, it may not apply for grants under the Small Cities or State CDBG Programs for appropriations for federal fiscal years during the period it is participating in the Urban County's CDBG program.

P. Financial Management

1. The Town's financial management system shall comply with the standards specified in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).

2. The Town agrees that before the County can distribute any CDBG funds, the Town must submit to the County's Department of Community Development documentation and reimbursement form required by such Department which states the amount of funding the Town is requesting. Upon approval of the request, the County will distribute the requested funds to the Town or directly to the appropriate contractor on a reimbursement basis.

Q. Program Income

The Town agrees that, pursuant 24 C.F.R. § 570.504, all Program Income received under the CDBG Program will be retained by the Town and will be disbursed for its CDBG project activities before additional CDBG funds are requested from the County. If the Town terminates participation in the County's CDBG Program, Program Income received subsequent to the Town's termination shall be remitted to the County.

R. Asset Management

If the Town terminates participation in the County's CDBG Program, assets acquired through the CDBG Program shall be managed or disposed of in accordance with 24 C.F.R. Part 85.31 (Real Property), Part 85.32 (Equipment), and Part 85.50 (Close Out), and in accordance with the Subrecipient Agreements.

S. State, Town and County Law Compliance

All responsibilities of the Town enumerated herein shall be subject to applicable State statutes, Town ordinances, resolutions, and any applicable County resolutions, rules, and regulations, and any other rules and regulations insofar as such State and local laws apply to projects located within the Town.

T. HOME Program Compliance

The Town understands that it:

1. May not apply for grants from appropriations under the Small Cities or State CDBG Programs for fiscal years during the period in which it participates in the County's CDBG program; and
2. May receive a formula allocation under the HOME Program only through the Urban County. Thus, even if the County does not receive a HOME formula allocation, the Town cannot form a HOME consortium with other local governments. However, this does not preclude the Town from applying for State HOME funds.

U. ESG Program Compliance

The Town understands that it:

1. May receive a formula allocation under the ESG Program only through the Urban County. Thus, even if the County does not receive an ESG formula allocation, the Town cannot form a HOME consortium with other local governments. However, this does not preclude the Town from applying for State HOME funds.

II. RESPONSIBILITIES OF THE COUNTY

A. Legal Liability and Responsibility

The parties recognize and understand that the County will be the governmental entity required to execute all grant agreements received from HUD pursuant to the County's requests for CDBG funds and that it will thereby become and will be held by HUD to be legally liable and has full responsibility for the execution of the CDBG Program, for following the Annual Action Plan or five (5) year Consolidated Plan with an Annual Action Plan component, when required, and for meeting the requirements of other applicable laws, overall administration and performance of the CDBG Program, including the projects and activities to be conducted in the Town. Accordingly, the Town agrees that as to all projects and activities to be conducted within its boundary limits under any CDBG agreements received by the County that includes the Town, the County shall have the necessary administrative control required to meet HUD requirements.

B. Performance and Compliance Monitoring

The County's supervisory and administrative obligations to the Town shall be limited to the performance of the administrative tasks necessary to make CDBG funds available to the Town and to provide a contract monitor whose job it will be to monitor the various projects funded with CDBG monies to ensure that they comply with applicable federal laws and regulations.

III. RESPONSIBILITIES OF THE PARTIES

A. Federal Compliance

The parties shall take all actions to do all things that are appropriate and required of them to comply with the applicable provisions of the grant agreements received from HUD by the County in which the Town is included, the provisions of the Act and all regulations, rules, and guidelines, promulgated by the various federal departments, agencies, administrations, commissions, or the Secretary of HUD relating to the CDBG Program.

More specifically, the Town and the County agree to take all required actions to comply with the provisions of 24 C.F.R. Part 570, Subpart K, the Davis-Bacon Act, the Contract Work Hours and Safety Standards Act, Title VI of the Civil Rights Act of 1964, Title VIII of the Civil Rights Act of 1968 (the Fair Housing Act and 24 CFR 91.225(a) and 5.105(a)), Section 104 (b) and 109 of the Housing and Community Development Act of 1974, Section 504 of the Rehabilitation Act of 1973 of Title II of the Americans with Disabilities Act, the Age Discrimination Act of 1975, Section 3 of the Housing and Urban Development Act of 1968, Uniform Federal Accessibility Standards, 24 C.F.R. Part 85 of HUD's Uniform Administrative Requirement for Grants and Cooperative Agreements, Residential Lead-Based Paint Hazard Reduction Act of 1992, as amended, Lead-Based Paint Regulations (24 C.F.R. Part 35, 24 C.F.R. § 570.608, 24 C.F.R. § 982.401) and Title 2 U.S. Code of Federal Regulations Part 200. Additionally, in accordance with the Regulations, no employee, official, agent, or consultant of the Town shall exercise any function or responsibility in which a conflict of interest, real or apparent, would arise.

B. Length of Agreement

This Agreement will remain in effect until the CDBG funds, and where applicable, the HOME and ESG funds, and program income received with respect to the three-year qualification period FY 2021-2023) are expended and the funded activities completed. This stipulation also applies to any successive qualification periods under agreements that provide for automatic renewals. The parties may not terminate or withdraw from the Agreement while the Agreement is in effect.

C. Automatic Renewal

This Agreement will automatically be renewed for participation in successive three-year qualification periods, unless the Town provides written notice that it elects not to participate in a new qualification period. By the date specified by HUD's Urban County qualification notice for the next qualification period, the County will notify the Town of its right not to participate in the upcoming period. The date in the Urban County Qualification Notice will give the Town sufficient time for notification if it elects not to participate. Copies of notices electing not to participate will be sent to the HUD field office.

Amendments will be utilized to make changes in this Agreement and would be necessary to incorporate required changes as set forth in the Urban County Qualification Notice applicable for subsequent three-year periods. An amendment would also be required if there were to be any programmatic administrative or operational changes to this Agreement that were not required by HUD. Amendments would be submitted to HUD as provided in the Urban County Qualification Notice. Failure of a Town to sign an amendment will void the automatic renewal of such qualification period.

D. Fair Housing

As required by HUD, local governments agree to affirmatively further fair housing within their own jurisdictions. The County may not provide any CDBG funding for activities in or in support of the local governments if they do not affirmatively further fair housing within their own jurisdiction or if the local government impedes the County's actions to comply with the County's fair housing certification. The parties will take all actions necessary to assure compliance with the County's certification as stated in section III. A. above.

E. Reporting

The Town will file all reports and other information necessary to comply with the applicable federal laws and regulations as required by the County and HUD. This will include providing to the County information, such as progress reports, final reports, or audit reports, etc., necessary to complete the required HUD reports in a timely fashion. The County shall be responsible for confirming the compliance of the Town's project with applicable federal laws and regulations. The County shall further be responsible for maintaining proper documentation of the County's administrative expenses and for

determining that all necessary reports and information are filed with HUD and other applicable federal agencies in a timely fashion.

F. Non-Profit Support

The parties are encouraged to provide financial support utilizing their general funds, CDBG funds, or other funds available to the non-profit organizations that provide community service activities to the populations in need within the Urban County and the Town.

G. Transfer of Funds

The Town may not sell, trade or otherwise transfer all or any portion of CDBG funds to another such city, urban county, unit of general local government or Indian tribe, or insular area that directly or indirectly receives CDBG funds in exchange for any other funds, credits or non-Federal considerations, but must use such funds for activities eligible under title I of the Act.

IV. CONTRACT ALTERATION

The terms of this Agreement may be changed or altered only by the mutual agreement of the County and all of the units of local government in the County that are participating in the CDBG Program, subject to approval by HUD. Any such changes or alterations would become effective thirty (30) days after they are put into writing and agreed to by all of the parties herein above mentioned.

V. OTHER PROVISIONS

A. Entire Agreement. This Agreement constitutes the final and complete expression of the parties' agreements with respect to their respective rights and obligations, except to the extent that this Agreement may later be amended by a written instrument.

B. Severability. If any clause or provision herein contained shall be adjudged to be invalid or unenforceable by a court of competent jurisdiction or by operation of any applicable law, such invalid or unenforceable clause or provision shall not affect the validity of the Agreement as a whole and all other clauses or provisions shall be given full force and effect.

C. Assignability. No party to this Agreement shall assign or transfer any of its rights or obligations hereunder.

D. Appropriations. Notwithstanding any other term, condition or provision herein, each and every obligation of the parties is subject to the requirement of a prior appropriation of funds therefore by the parties.

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed on the _____ day of _____, 2020.

EXHIBIT A CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing --The jurisdiction will affirmatively further fair housing.

Uniform Relocation Act and Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42 in connection with any activity assisted with funding under the Community Development Block Grant or HOME programs.

Anti-Lobbying --To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan --The housing activities to be undertaken with Community Development Block Grant, HOME, Emergency Solutions Grant, and Housing Opportunities for Persons With AIDS funds are consistent with the strategic plan in the jurisdiction's consolidated plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) and implementing regulations at 24 CFR Part 135.

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program years 2021-2023, shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

Compliance with Laws -- It will comply with applicable laws.

OPTIONAL Community Development Block Grant Certification

Submit the following certification only when one or more of the activities in the action plan are designed to meet other community development needs having particular urgency as specified in 24 CFR 570.208(c):

The grantee hereby certifies that the Annual Plan includes one or more specifically identified CDBG-assisted activities which are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community and other financial resources are not available to meet such needs.

Title: **ORDINANCE NO. 3.01.123 - First Reading**
A Bill for an Ordinance to Amend Title 13 of the Parker Municipal Code to Add a New Section 13.05.015, Concerning Unauthorized Camping in Floodplains

Department: Town Attorney, Jamie Wynn
Second Reading: July 6, 2020

EXECUTIVE SUMMARY

The purpose of this amendment is to update the Parker Municipal Code to add a section to the Code to address the safety concerns with respect to camping in floodplains and the potential for property damage and injury or death to human life.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

The safety issues related to camping in areas that may be prone to flooding include not only those risks to the individuals engaged in the unauthorized camping, but also the potential property damage or personal injury that might be caused by those individual's possessions during a flooding event, for example.

The Mile High Flood District engaged in public meetings to address the public safety and danger concerns with respect to individuals camping in designated floodplain areas. They have documented specific examples of injuries to humans, as well as to property, including flood-related deaths that have occurred due to individuals camping in floodplain areas.

Therefore, it is because of these risks that staff is recommending that Town Council adopt a new Parker Municipal Code Section 13.05.015 to specifically address these concerns, by prohibiting camping in floodplain areas.

FINANCIAL IMPACT

None.

STRATEGIC GOAL(S)

PROMOTE A SAFE AND
HEALTHY COMMUNITY

ATTACHMENTS

1. Ordinance No. 3.01.123

RECOMMENDED MOTION

I move to approve Ordinance No. 3.01.123 on first reading and to schedule second reading for July, 6, 2020, as part of the consent agenda.

ORDINANCE NO. 3.01.123, Series of 2020

TITLE: A BILL FOR AN ORDINANCE TO AMEND TITLE 13 OF THE PARKER MUNICIPAL CODE TO ADD A NEW SECTION 13.05.015 CONCERNING UNAUTHORIZED CAMPING IN FLOODPLAINS

NOW, THEREFORE, THE TOWN COUNCIL OF THE TOWN OF PARKER, COLORADO, ORDAINS:

Section 1. The Parker Municipal Code is amended by the addition of a new Section 13.05.015 to read as follows:

13.05.015 Unauthorized camping prohibited in designated floodplains.

(a) Legislative intent.

(1) To protect the public health, safety and welfare of the Town, its residents, and visitors by prohibiting conduct in floodplains, which may endanger an individual or the general public.

(2) To allow for the removal of personal property reasonably believed to be the result of unauthorized camping in a floodplain, upon reasonable and adequate notice, and providing an opportunity for individuals to retrieve removed personal property upon request to the Town.

(b) For purposes of this Section, the following terms are specific to public property and are defined as follows:

Camp means to reside or dwell temporarily in a place, with shelter. The term "*shelter*" includes, without limitation, any tent, tarpaulin, lean-to, sleeping bag, bedroll, blankets, or any form of cover or protection from the elements other than clothing. The term "*reside or dwell*" includes, without limitation, conducting such activities as eating, sleeping, or the storage of personal possessions.

Floodplain means an area that is subject to flooding, including creeks, gulches, drainageways, channels, swales, detention ponds, culverts, and storm drains.

Personal property means any item that is reasonably recognizable as belonging to a person and that has apparent utility, including, without limitation, personal identification, eyeglasses, money or jewelry.

(c) It shall be unlawful for any person to camp in a floodplain.

(d) The Town may remove and store all unclaimed personal property found at an unauthorized camp site. Illegal items, such as illicit drugs and any items that reasonably appear to be evidence of a crime, will be turned over to the appropriate law enforcement agency. Any items otherwise not regarded as having apparent

utility or that are in an unsanitary condition will be immediately discarded. Removal of personal property under this Section shall be executed pursuant to the following procedure:

(1) At least seventy-two (72) hours prior to the proposed cleanup date, the Town will post a notice stating the date and time of the cleanup. The notice will be posted in the general vicinity of the personal property to be removed.

(2) In the event of the existence of a condition posing an imminent danger of damage or injury to or loss of life, limb, property or health, the Town shall provide a notice of cleanup no more than twenty-four (24) hours prior to the proposed cleanup date.

(3) Personal property removed from illegal camp sites shall be stored in a secure location and shall be held for a period of at least thirty (30) days from the date the cleanup occurred.

(4) An individual may claim ownership of an item of personal property within thirty (30) days from the last date that the cleanup occurred. The Town will not return items reasonably believed to be marijuana or products containing marijuana, and will dispose of such products in accordance with its Parker Police Department policies and procedures for the disposal of illicit substances.

(5) After the thirty- (30-) day storage period elapses, unclaimed personal property will be disposed of by either discarding, recycling, or otherwise disposing of such items, as determined by the Chief of Police.

Section 2. **Safety Clause.** The Town Council hereby finds, determines and declares that this Ordinance is promulgated under the general police power of the Town of Parker, that it is promulgated for the health, safety and welfare of the public, and that this Ordinance is necessary for the preservation of health and safety and for the protection of public convenience and welfare. The Town Council further determines that the Ordinance bears a rational relation to the proper legislative object sought to be obtained. The Town Council further finds that the title to this Ordinance was posted in two public places two days before the Town Council meeting, as provided by Section 7.5e. of the Town of Parker Home Rule Charter.

Section 3. **Severability.** If any clause, sentence, paragraph or part of this Ordinance or the application thereof to any person or circumstances shall for any reason be adjudged by a court of competent jurisdiction invalid, such judgment shall not affect application to other persons or circumstances.

Section 4. This Ordinance shall become effective ten (10) days after final publication.

INTRODUCED AND PASSED ON FIRST READING this ____ day of _____, 2020.

Request for Town Council Action

Date: June 15, 2020

Submitted By: Rosemary Sietsema, Executive Assistant
John Fussa, Community Development Director

Reviewed By: Michelle Kivela, Town Administrator

Title: **RESOLUTION NO. 20-029**
A Resolution to Approve the Chair and to Appoint Members and Alternates to the Town of Parker Planning Commission

Department: **Community Development, Rosemary Sietsema**

EXECUTIVE SUMMARY

The Planning Commission has a total of 10 members, 7 regular and three (3) alternate, with terms of varying length. The Commission currently has openings for three (3) regular and three (3) alternate members because of resignations and term expirations. The purpose of this Resolution is to appoint recommended applicants to fill the openings prior to June 30, 2020, so the Planning Commission may continue to operate without interruption.

The current openings on the Planning Commission arise from the following:

1. Regular Planning Commissioner Duane Hopkins resigned prior to term expiration.
2. Regular Planning Commissioners John Howe and Richard Foerster have terms that will expire June 30, 2020.
3. Alternate Planning Commissioners Susan Caudill, Tracie Manske and Kimberly Rodell have terms that will expire June 30, 2020.

This action is taken in accordance with the Parker Land Development Ordinance which provides that the Town Council appoint candidates to the Planning Commission including the Chair, regular members and alternate members.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

The duties of the Planning Commission as defined by the Town Charter and the Parker Land

Development Ordinance are to prepare the Master Plan, review applications for certain development proposals and make recommendations on land use matters to the Town Council. The Charter also requires the appointment of Planning Commission members satisfying the following requirements:

1. Each person appointed to the Planning Commission reside within the Town limits for at least one (1) year immediately preceding the date of appointment.
2. Each person appointed to the Planning Commission be registered to vote.

Town Council is charged with appointing Regular Planning Commission members to three (3) year overlapping terms. Alternates are appointed to one (1) year terms. The Council will need to appoint three (3) Regular and three (3) Alternate Planning Commission members to fill vacant and expiring positions.

Commissioners John Howe and Richard Foerster request reappointment as regular Planning Commission members. Alternates Susan Caudill, Tracie Manske and Kimberly Rodell request reappointment as regular or alternate Planning Commission members.

The candidates that applied for appointment to the Planning Commission were reviewed and interviewed over the past few weeks. The review committee consists of the Town Council's Community Development Liaisons Cheryl Poage and Josh Rivero; Community Development Director John Fussa; Planning Manager Bryce Matthews; and Community Development Executive Assistant and Recording Secretary Rosemary Sietsema. The review committee recommends the following for appointment to the Planning Commission:

Appointment of three (3) Regular members:

John Howe
Richard Foerster
Kimberly Rodell

Appointment of three (3) Alternate members:

Susan Caudill
Tracie Manske
Anthony Matthews

The terms will commence on July 1, 2020 following Town Council approval of the appointments.

FINANCIAL IMPACT

None.

RESOLUTION NO. 20-029, Series of 2020

TITLE: A RESOLUTION TO APPOINT THE CHAIR AND TO APPOINT MEMBERS AND ALTERNATES TO THE TOWN OF PARKER PLANNING COMMISSION

WHEREAS, the terms for three (3) regular members of the Planning Commission expire June 30, 2020;

WHEREAS, the terms for three (3) alternate members of the Planning Commission expire June 30, 2020;

WHEREAS, the Town Council of the Town of Parker desires to appoint new regular and alternate members, as described herein; and

WHEREAS, the Town Council of the Town of Parker desires to appoint the Chair of Planning Commission, as described herein.

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF PARKER, COLORADO, AS FOLLOWS:

Section 1. The Town Council of the Town of Parker hereby appoints Gary Poole as Chairperson of the Planning Commission.

Section 2. The Town Council of the Town of Parker hereby appoints the following regular members to the Planning Commission for the term ending June 30, 2023, as described in **Exhibit A**, which is attached hereto and incorporated by this reference.

Section 4. The Town Council of the Town of Parker hereby appoints the following alternate members to the Planning Commission for the term ending June 30, 2021, as described in Exhibit A.

Title: **RESOLUTION NO. 20-028.1**
A Resolution to Amend Resolution No. 20-028, Series of 2020,
Concerning the Adoption of the Development-Related User
Fee Schedule and Administrative Code Fee Schedule,
Effective June 15, 2020

Department: **Town Attorney, Kristin Hoffmann**
Town Administrator, Dannette
Robberson
Community Development, Randy Sale

EXECUTIVE SUMMARY

During the implementation analysis of the previously adopted Development-Related User Fee Schedule and Administrative Code Fee Schedule, staff identified a duplicate fee schedule in the Building Division permit fee section and other changes that needed to be made, which are all consistent with the comprehensive user fee study.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

During the implementation analysis, staff identified duplicate building division fees, which needed to be removed. Staff also determined that the appropriate sign program fees were not included in the original fee schedule. Finally, certain fees were from the Building Division development review section were re-categorized and moved to the Planning Division development review section.

FINANCIAL IMPACT

The financial impacts are inconsequential compared to the previously adopted Development-Related User Fee Schedule and Administrative Code Fee Schedule.

STRATEGIC GOAL(S)

RECOMMENDED MOTION

I move to approve Resolution No. 20-028, on consent agenda.

RESOLUTION NO. 20-028.1, Series of 2020

TITLE: A RESOLUTION TO AMEND RESOLUTION NO. 20-028, SERIES OF 2020, CONCERNING THE ADOPTION OF THE DEVELOPMENT-RELATED USER FEE SCHEDULE AND ADMINISTRATIVE CODE FEE SCHEDULE, EFFECTIVE JUNE 15, 2020

WHEREAS, the Town of Parker has adopted a municipal code which allows for the setting of fees by Town Council Resolution; and

WHEREAS, the Town Council of the Town of Parker did adopt the Development-Related User Fee Schedule and Administrative Code Fee Schedule, effective June 15, 2020, pursuant to Resolution No. 20-028; and

WHEREAS, the Development-Related User Fee Schedule and Administrative Code Fee Schedule must be amended to add certain fees, amend certain fee amounts and remove certain other fees;

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF PARKER, COLORADO, AS FOLLOWS:

Section 1. The Amended Development-Related User Fee Schedule and Administrative Code Fee Schedule, attached hereto as **Exhibit 1**, is hereby adopted.

Section 2. These fees shall be reviewed at least annually in conjunction with the budget process and any recommended changes shall be discussed and presented during the budget process.

Section 3. The fees in Exhibit 1 shall remain in effect until changed by a subsequent Resolution of the Town Council or as part of adoption of the Town of Parker budget for fiscal year 2021 or any subsequent fiscal year.

RESOLVED AND PASSED this _____ day of _____, 2020.

TOWN OF PARKER, COLORADO

Mike Waid, Mayor

Title: Parker Town Hall Chiller Replacement (CIP 20-18)

Amount: \$172,688
Contractor: Colorado Mechanical Systems Inc.
Department: Engineering/Public Works, Jim Gilbert

EXECUTIVE SUMMARY

This capital project is for the replacement of the chiller system at Town Hall. This is a planned replacement of the chiller and funded as part of the 2020 capital projects budget. Colorado Mechanical Systems Inc., is considered to be the lowest responsible bid submitted for this project. Award of this contract allows the completion of the project during the fiscal year.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

The existing chiller at Town Hall has been in operation for over eighteen (18) years. The typical life cycle for a scroll type chiller is fifteen (15) years. Over the past several years the existing chiller has experienced an increase in service related issues and maintenance costs. Failure of this chiller would have a major impact on the ability to maintain internal conditioned space temperature throughout the Facility.

This project was bid through a competitive bidding process. A mandatory pre-bid meeting was held on May 19, 2020. The Town conducted a public bid opening on Tuesday, June 2, 2020.

The bidding contractors included, Long (\$159,594), ESCO (\$160,851), Colorado Mechanical Systems (\$172,688), Tryg Group (\$176,796), and Procraft Mechanical (\$205,827). The apparent low bid at the public bid opening was Long at a quoted price of \$159,594.00.

In review of the bid submittals, it was confirmed that both Long and ESCO excluded the

controls integration and programming from their submitted pricing. The other bidders included the cost for controls integration in their submitted documents. It was identified at the mandatory Pre Bid meeting that Control Solutions Inc. would be the sole source provider for this function. Pricing for the controls integration and programming was confirmed through Control Solutions Inc., at a total cost of \$13,850.00.

Adjustments to the submittals by Long and ESCO to include the \$13,850.00 for controls integration are required to provide a relative cost comparison to the other submitted bids. Long's adjusted bid total equals \$173,444 and ESCO's adjusted bid total equals \$174,701.

As a result of this qualification, the bid submitted by Colorado Mechanical Systems Inc., is considered to be the lowest responsible bid at a total price of \$172,688.

FINANCIAL IMPACT

This project was estimated and budgeted for a total cost of \$230,000 through the 2020 budget development cycle. The award of this contract is for \$172,688. There are several additional costs associated with this project including adjustments to the electrical connections and roofing details, both of which will be contracted through other contracted service providers.

The total cost of the project is anticipated to be less than the \$230,000 budgeted amount. No other financial impacts are anticipated for this project.

Title: **Indoor Sports Field Turf Replacement- Fieldhouse (RFP #20-004)**

Amount: \$120,648
Contractor: RMTS, Inc. Rocky Mountain Turf Solutions
Department: Parks, Recreation and Open Space, Mary Colton

EXECUTIVE SUMMARY

The synthetic turf at the Fieldhouse is 8 years old and in need of replacement. The turf is showing extreme wear and tear and seams have separated causing significant safety issues. Temporary precautions including the taping of seams to mitigate potential injuries have been taken, but these are only temporary solutions and will not sustain with the resumption of adult and youth sports activities. Turf experts agree the turf is in need of a full replacement. The turf is scheduled to be replaced during the annual closure of the Fieldhouse, which is scheduled for September 1-7, 2020. The projected lifespan and warranty of the new turf is 10 years and Rocky Mountain Turf Solutions in conjunction with Astro Turf will perform the installation. The product, AstroTurf Rootzone 3D3 Blend Trionic and is superior in durability, performance and player safety.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

The Fieldhouse turf area experiences very high usage, seven days/week for most of the day. It is eight years old and has reached the end of its lifespan. According to the experts the turf should be replaced now due to significant safety concerns. Seams are separating and the turf itself is extremely compacted. The turf is used for youth and adult sports, day camp activities, fitness and sports training, team rentals, birthday parties and for activities for individuals with disabilities to recreate.

The current turf has lasted approximately eight years and this new product has a 10-year warranty.

FINANCIAL IMPACT

The turf area generates a significant amount of revenue through the programming explained above. If we do not replace the turf, we will need to significantly modify and restrict activity and programming on the turf due to the safety concerns identified. This will affect revenue generation, which is highly important at this time given the shutdown due to COVID.

Title: Axon Professional Services Agreement - Year 2

Amount: \$185,136.00
Contractor: Axon Enterprise, Inc.
Department: Information and Technology, Jason Long

EXECUTIVE SUMMARY

The award of this contract will allow for the software support and maintenance of the Axon, Enterprise Inc. systems, including Evidence.com related to the existing professional services agreement with Axon for the purchase, delivery, use and support of their products and services for the Parker Police Department's body worn camera, fleet, and interview room camera programs. This covers year 2 of the 5-year program.

This software suite compliments the Parker Police Departments mission to maximize public safety, customer satisfaction, and maintain quality of life for citizens who live, work and visit Parker. The Axon Software Suite (Evidence.com) and encompassing camera systems (Interview Room, Body Worn, and In-Car) provide a powerful way to maintain evidence of criminal activity and is a valuable tool for law enforcement in documenting enforcement, honesty, integrity and professionalism using each system. Parker Police Department has used these systems effectively and efficiently since 2012.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

Axon Enterprise, Inc. is one of the leading providers of technology and weapons products to law enforcement. For the Parker Police Department this includes Interview room camera systems, In-car camera systems, Body-worn camera systems, Axon auto-tagging and other tools necessary for all Police Department staff to work effectively. This is a major software and hardware technology system used by the Parker Police Department and would require a

constructive effort to replace such an integral part of the agency.

The Axon cloud-based services used for Evidence.com meets the compliance of FBI CJIS Security policy. The hardware and software of Axon Enterprise, Inc., is still one of the most effective tools in law enforcement and specifically for the Parker Police Department. Low failure rates and ease of operation in the field as well as full Department use for collaboration, collection and business use case is acceptable with the product.

FINANCIAL IMPACT

The cost for the Axon Enterprise suite for 2020 is \$185,136.00 and this amount is included in the Information Technology budget for 2020.

Title: **RESOLUTION NO. 20-030**
A Resolution to Amend Resolution No. 19-104, Series of 2019, to Extend the Expiration Date of the Minor Development Plat for Compark Village South Filing No. 1 Through December 31, 2020, and Approve the Subdivision Agreement for Compark Village South Filing No. 1

Department: **Engineering/Public Works, Alex Mestdagh**

EXECUTIVE SUMMARY

The developer of the proposed Compark Village South subdivision is requesting extensions of several items associated with this project. This item includes the following requests:

- An extension to the expiration date of the development's Minor Development Plat (Filing No. 1) that creates the major infrastructure for the project, and approval of the associated Amended and Restated Subdivision Agreement.
- An extension to the expiration date of the developments' Final Plats - Compark Village South Filing No. 2 and Compark Village South Filing No. 2, Amendment No. 1 – that create single-family residential lots.

These extensions are being requested due to difficulties in obtaining financing for the project because of volatility in the bond market due to the COVID 19 pandemic.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

The Compark Village South development is located south of E-470 and north of Grandview Estates, between Peoria Road and Chambers Road. The Town Council approved the Minor

Development Plat (Filing No. 1) and the associated Subdivision Agreement for development on September 19, 2016. Under the Town Code, a Developer has 90 days from the date of approval to record a plat and associated agreements before the approvals expire. The Developer of Compark Village South Filing No. 1 has previously requested and received five extensions of this expiration date.

The most recent extension, which was granted by Town Council in December 2019, extended this expiration date to June 30, 2020. This was requested to allow the Developer time to obtain a new permit from the U.S. Army Corps of Engineers (USACE) necessary to construct drainageway improvements with the project, as the original permit that had been obtained for this work had expired. The Town cannot grant construction permits for this project without the appropriate Corps permits in place.

Since this project's last extension, the permit for the drainageway work has been obtained and the developer has made necessary revisions to the construction plans. However, the recent economic issues caused by the COVID-19 pandemic have led to problems in the bond market through which the developer intends to fund the infrastructure. The Developer has requested that the expiration date for the Minor Development Plat and Subdivision Agreement be extended to December 31, 2020, to allow for the market to settle and allow financing to be obtained. The associated Subdivision Improvement Agreement is also proposed to be revised to update the completion dates of the Public Improvements

The Developer has previously committed to advance the security and construction of an additional segment of Belford Avenue, a regional roadway that will be extended through this property. This additional segment will result in a new east-west roadway connection extending from Peoria Street to Chambers Road. The attached Vicinity Map details the two segments of proposed Belford Avenue. If this extension is granted, the construction of this additional segment will remain an obligation of the initial phase of development.

If this extension is not granted, the Developer will have until June 30, 2020, to record the Minor Development Plat and Subdivision Agreement before they expire.

The proposed development also includes two final plats creating residential lots, known as Compark Village South Filing No. 2 and Compark Village South Filing No. 2, Amendment No. 1. The Developer has previously requested and received four extensions of the expiration dates, which extended the expiration dates to December 31, 2020. These two projects are dependent on the infrastructure required to be constructed with Compark Village South Filing No. 1, so these projects cannot move forward before Filing No. 1. The Developer has requested that the expiration dates for the Final Plats for Filing No. 2 and Filing No. 2, Amendment No. 1 be extended to June 30, 2021.

If this extension is not granted, the Developer will have until December 31, 2020 to record these final plats before they expire.

FINANCIAL IMPACT

There are no direct financial impacts to the Town. The financial security amounts that the Developer will be required to provide through the Subdivision Improvement Agreements have been modified to reflect increases in construction costs over the past year, and to include additional public improvements the Developer has committed to construct.

RE: **Compark Village South Filing No.1
Entitlement Extension Request**

Dear Stacey and Alex,

Attached please find the letter dated October 11, 2019, that we submitted to the Town of Parker requesting a six-month extension last year on Compark Village South Filing No. 1 (CVSF1). The Town Council approved our request on December 2, 2019, extending the SIA deadline to June 30, 2020.

Compark's goal during this six-month period was to complete specific milestones with the intent of closing our bond financing, funding our SIA obligation, closing with Century Communities on Tract H, and commencing construction of the trunk infrastructure in CVS F1. We have worked diligently advancing all work required to accomplish these objectives, but the COVID 19- pandemic has resulted in delays.

We are still pushing to have the work completed in order to issue bonds such that we can fund the CVS F1 SIA obligation. In order to issue bonds, our bond underwriter, Stifel Nicolaus & Co Inc., needs to "post" the Preliminary Limited Offering Memorandum ("PLOM"). This allows institutional investors to review the documents which describes the proposed development, its financial obligations, and commences discussions on demand and pricing of the Bond offering. We anticipate having the PLOM ready for posting in June. Unfortunately, the current bond market is in a turbulent state due to the pandemic, and we need an extension of time to allow for the bond market to stabilize.

Alan Matlosz, Managing Director of Stifel Nicolaus, is recommending our request for a *six-month extension through Dec. 31, 2020*, to provide time for the market to stabilize (*see attached letter from Alan*).

I want to stress that five essential milestones below have been completed despite the COVID 19 pandemic, albeit the work has been delayed by 60 days.

(1). 404 Individual Permit - We received permit approval (NOW-2019-01921-DEN) on February 10, 2020 for this important milestone. This allows the project to move forward and gain access with Belford Ave. across the Green Acres Tributary. **MILESTONE COMPLETED.**

(2). Green Acres Tributary - Mile High District ("District") / Town of Parker- Final Design- Last June we deposited \$478,000 with the Town of Parker/Mile High District to complete the necessary scope of services to accommodate the Green Acres Tributary design which was required to meet standard for the 404 permit. In December, we reported the design work was at 60% completion. The District expected the work to be at 90% by the end of February. COVID 19 has delayed this about two months. The design is at 90% now and we received the construction budget. **MILESTONE COMPLETED.**

(3). Town of Parker - review of redesign of CV Filing 1 and CV Filing 2 plans. The Town of Parker/Mile High Flood District required a redesign of an “off channel” detention facility which required modifications to the storm sewer conveyance system because of the revised design for the Green Acres Tributary with the District. The plans were submitted on March 2, 2020 and comments provided on April 13, 2020. We are on second round of addressing the comments which were submitted on May 8, 2020 and expect plans to be approved by June 2020. The resubmittals and reviews were delayed because of COVID 19. **MILESTONE COMPLETED.**

(4). Construction Bids, Contractor selection and Schedule - Construction documents were advertised for Bids on February 28, 2020. We have reviewed the bids and selection of contractors occurred on March 20, 2020. **MILESTONE COMPLETED.**

(5). Century Communities - Closing Documents - COVID 19 pandemic has delayed the willingness of the production homebuilders to close on Tract H of the project development. All of the production builders we work with have reported they have taken a sixty to ninety day “pause” in acquiring land for new development. That being said, Century has committed to move forward provided bonds have been issued necessary to fund the SIA obligations of CV Filing 1. We are in the process of finalizing all closing documents and expect to be in final form by June 15th.

In summary, we have spent a lot of money and worked very diligently in completing the work above despite the COVID 19 pandemic and the challenges it has presented. We understand that the Town has been generous providing us extensions but do believe the extensions were warranted because of the issues resulting from the jurisdictional determination by the Army Corp of Engineers upon the expiration of the non-jurisdictional determination in February 2017 on Green Acres Tributary. There has been a lot of time lost due to the work necessary to get the redesign and permitting of the GAT through the Corp which has been necessary to keep the project moving forward. This work has more than doubled the cost of the Green Acres Tributary, but it is now completed.

In summary, we are asking for a *six-month extension* for:

- The expiration date of the Minor Development Plat for Compark Village South Filing No. 1 and approve the subdivision agreement for Compark Village South Filing No. 1 through December 31, 2020
- The expiration date of the Final Plats for Compark Village South Filing No. 2 and Compark Village South Filing No. 2- Amendment 1 through June 30, 2021.

I earnestly hope you can appreciate the amount of work and effort the Town staff and our team have exerted to get to this point. We believe it would be very counterproductive to not have the time to get the bonds issued and close this deal.

I am hopeful you will agree to this and am prepared to attend the Town Council meeting on June 15th to address any questions.

Sincerely,

Michael Vickers
Developer, MPV Compark Management

RESOLUTION NO. 20-030, Series of 2020

TITLE: A RESOLUTION TO AMEND RESOLUTION NO. 19-104, SERIES OF 2019, TO EXTEND THE EXPIRATION DATE OF THE MINOR DEVELOPMENT PLAT FOR COMPARK VILLAGE SOUTH FILING NO. 1 THROUGH DECEMBER 31, 2020, AND APPROVE THE SUBDIVISION AGREEMENT FOR COMPARK VILLAGE SOUTH FILING NO. 1

WHEREAS, the Town Council of the Town of Parker approved the minor development plat (the “Minor Development Plat”) and subdivision agreement (the “Subdivision Agreement”) for Compark Village South Filing No. 1 on September 19, 2016;

WHEREAS, Section 13.07.100(j)(1) of the Parker Municipal Code provides that the failure “to submit all required documentation, including applicable security, within ninety (90) days [of approval] shall render approval off the” Minor Development Plat “null and void;”

WHEREAS, the Planning Director granted a 30-day extension as provided by Section 13.07.100(j)(2) of the Parker Municipal Code;

WHEREAS, the Town Council approved Resolution No. 17-020, Series of 2017, to extend the expiration date of the Minor Development Plat to August 31, 2017;

WHEREAS, the Town Council approved Resolution No. 17-020.1, Series of 2017, to extend the expiration date of the Minor Development Plat to December 31, 2017;

WHEREAS, the Town Council approved Resolution No. 17-020.2, Series of 2017, to extend the expiration date of the Minor Development Plat to December 31, 2018;

WHEREAS, the Town Council approved Resolution No. 18-091, Series of 2018, to extend the expiration date of the Minor Development Plat to December 31, 2019;

WHEREAS, the Town Council approved Resolution No. 19-104, Series of 2019, to extend the expiration date of the Minor Development Plat to June 30, 2020;

WHEREAS, the purpose of the Minor Development Plat is to establish the right-of-way for Belford Avenue, which is an essential roadway to the Town’s road network;

WHEREAS, the property owner needs additional time to secure financing through the issuance of bonds and is requesting that the Town Council extend the expiration date of the Minor Development Plat;

WHEREAS, the Subdivision Agreement needs to be modified, as a result of the extensions of time described herein, to extend the completion dates, as provided in the Subdivision Agreement, which is attached hereto as **Exhibit 1** and incorporated by this reference (the “Subdivision Agreement”);

WHEREAS, the extension of the expiration date of the Minor Development Plat can only be granted by Town Council under Section 13.01.100 of the Parker Municipal Code, if the Town Council determines that the request of the property owner is in the public interest; and

WHEREAS, the Town Council determines that the construction of Belford Avenue is in the public interest and desires to grant the extension of the expiration date for the Minor Development Plat, subject to the terms and conditions contained in this Resolution.

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF PARKER, COLORADO, AS FOLLOWS:

Section 1. The Town Council of the Town of Parker, Colorado, based upon the recitals of this Resolution, authorizes the extension of the expiration date of the Minor Development Plat through December 31, 2020, subject to the provision of the financial guarantee for Compark Village South Filing No. 1 and the recordation of a fully executed Subdivision Agreement for Compark Village South Filing No. 1. on or before December 31, 2020, and approves the Subdivision Agreement attached hereto.

RESOLVED AND PASSED this _____ day of _____, 2020.

TOWN OF PARKER, COLORADO

Mike Waid, Mayor

ATTEST:

Carol Baumgartner, Town Clerk

EXHIBIT 1

SUBDIVISION AGREEMENT Compark Village South Filing No. 1

THIS AGREEMENT is made this _____ day of _____, 20__, by and between the Town of Parker, Colorado, a home rule municipal corporation (the "Town"), and 470 Compark LLC, a Colorado limited liability company (the "Developer").

RECITALS:

A. The Developer is the owner of certain real property located in the Town of Parker known as Compark Village South Filing No. 1, which is more particularly described in **Exhibit A-1**, attached hereto and incorporated herein, and Douglas County is or will be the owner of certain real property located outside the corporate limits of the Town of Parker, which is more particularly described in **Exhibit A-2**, attached hereto and incorporated herein and the Town is or will be the owner of the real property described in **Exhibit A-3** attached hereto and incorporated herein by this reference, (collectively referred to as the "Property").

B. On September 19, 2016, the Town Council of the Town of Parker, after holding all necessary public hearings and having received a recommendation of approval from the Parker Planning Commission, approved the final plat for that portion of the Property described in Exhibit A-1. A copy of the final plat is attached hereto as **Exhibit B** and incorporated herein.

C. The approvals cited above are contingent upon the express condition that all duties created by this Agreement are faithfully performed by the Developer.

AGREEMENT

NOW, THEREFORE, for and in consideration of the mutual promises and covenants contained herein, the sufficiency of which are mutually acknowledged, the parties hereto agree as follows:

1. Purpose. The purpose of this Agreement is to set forth the terms, conditions and fees to be paid by the Developer, related to the construction of the public improvements described herein. All conditions contained herein are in addition to any and all requirements of the Town of Parker Subdivision Ordinance and Zoning Ordinance, the Town of Parker Charter, the regulations of Douglas County, any and all state statutes, and any other sections of the Parker Municipal Code, and are not intended to supersede any requirements contained therein.

2. Agreements and Other Requirements.

a. The Developer hereby agrees to perform any and all requirements of the Annexation Agreement entered into between the Town and the Developer on January 5, 2015, which was recorded on January 8, 2015, at Reception No. 2015001337, of the Douglas County real estate records (the "Annexation Agreement"), and the First Amendment Compark Village South Annexation Agreement entered into between the Town and the Developer on July 24, 2017, which was recorded on August 15, 2017, at Reception No. 2017055568. The requirements of the

Annexation Agreement are in addition to the requirements of this Agreement and are not intended to supersede any requirements contained herein.

b. The Developer acknowledges and agrees that the Town entered into an intergovernmental agreement with Douglas County on April 4, 2016, regarding the design, construction and maintenance of Belford Avenue between Peoria Street to Compark Village South, which was amended on April 3, 2017, January 9, 2018, and December 4, 2018 (the "Project IGA"). The Project IGA includes a portion of the Public Improvements described in this Agreement. The Developer agrees to cooperate with the Town and Douglas County in the performance of the Town's and County's obligations under the Project IGA, including the conveyance of right-of-way, the permitting, design, construction, testing and inspection of the roadway and drainage facilities, including the probationary and final acceptance of such roadway and drainage facilities and the maintenance of the same following the probationary and final acceptance of the roadway and drainage facilities, as provided in the Project IGA.

c. In addition to the Project IGA, the Developer has agreed, as a part of this Agreement, to construct Belford Avenue between Chambers Road and Peoria Street, including the associated drainageway and traffic signal improvements, in two (2) segments. The first segment is described in Exhibit C-1, which is attached hereto and incorporated by this reference, will be completed by June 30, 2022 (the "First Segment"). The second segment is described in Exhibit C-2, which is attached hereto and incorporated by this reference, will be completed by December 31, 2022 (the "Second Segment"). The Developer shall furnish the performance guarantee described in paragraph 12 of this Agreement to the Town on or before December 31, 2020, for the construction of Segment 1 and Segment 2 (Belford Avenue between Chambers Road and Peoria Street).

3. Fees. The following fees shall be paid to the Town by the Developer.

a. The Developer hereby agrees to pay the Town the actual cost to the Town for plan review, engineering review, hydrological and surveying review, prior to and during the development process, and for construction observation, inspection and materials testing during the construction process for public improvements, and for construction observation, inspection and materials testing and electronic deliverable review during the warranty period for public improvements, and for legal services (the "actual costs") rendered in connection with the review of the subdivision of the Property, including related administrative fees not to exceed one hundred fifteen percent (115%) of the actual costs. In addition, the Developer shall reimburse the Town for the costs of making corrections or additions to the master copy of the official Town map and for the fee for recording the final plat and accompanying documents with the Douglas County Clerk and Recorder.

b. The Developer shall pay the impact fees, as established by Town ordinances, in effect at the time this Agreement is executed. The Developer shall pay the foregoing impact fees in effect at the time specified by such ordinances.

c. The Developer acknowledges and agrees that the Town, pursuant to this Agreement, shall be granted construction easement(s) that are reasonably sufficient to complete the public improvements.

d. The Developer shall pay all fees required by Douglas County for the grading, construction and inspection of the Public Improvements described in the Project IGA.

4. Specific Conditions. The Developer hereby agrees that:

a. Any approval obtained from the Town of Parker does not obviate the Developer's need to comply with the requirements of Sections 7 and 9 of the Endangered Species Act of 1973, 16 U.S.C. 1531, *et seq.*, as amended, or with any other applicable federal, state or local laws and regulations.

b. Prior to probationary acceptance of the Public Improvements for the Property, the Developer shall install all plant material and related irrigation facilities as described in the landscape plans approved by the Town for the Property (the "Streetscape Improvements"). If installation of Streetscape Improvements cannot be reasonably accomplished prior to probationary acceptance of the Public Improvements for the Property, the Developer shall post a letter of credit amounting to one hundred ten percent (110%) (the "Streetscape Security") of the materials cost as described in **Exhibit E**, attached hereto and incorporated herein, and will complete the Streetscape Improvements according to the landscape plans as provided by Section 13.07.150(c)(2) of the Town's Land Development Ordinance. The Town may reduce the Streetscape Security, in the exercise of its sole discretion, as the Streetscape Improvements are completed and accepted by the Town for final acceptance, subject to Section 13.07.150(c) of the Town's Land Development Ordinance for the Streetscape Improvements.

c. Prior to probationary acceptance of the Public Improvements for the Property, the Developer shall install all plant material and related irrigation facilities within all tracts as described in the landscape plans approved by the Town for the Property (the "Landscape Improvements"), subject to the warranty provisions of this Agreement. If installation of the Landscape Improvements cannot be reasonably accomplished prior to probationary acceptance of the Public Improvements for the Property, the Developer shall post a letter of credit amounting to one hundred ten percent (110%) (the "Landscape Security") of the materials cost as described in **Exhibit F**, attached and incorporated herein, and will complete the Landscape Improvements according to the landscape plans prior to final acceptance of the Public Improvements by the Town. The Town may reduce the Landscape Security, in the exercise of its sole discretion, as the Landscape Improvements are completed on a tract-by-tract basis and accepted by the Town for probationary acceptance, subject to the warranty provisions of this Agreement and Section 13.07.150(c) of the Town's Land Development Ordinance for the Landscape Improvements.

d. The Developer agrees to preserve trees shown on **Exhibit G**, which is attached hereto and incorporated by this reference.

e. Prior to probationary acceptance of the Public Improvements, the Developer shall install a fire hydrant and approved emergency access barrier in the offsite emergency access cul-de-sac located at the north dead end of 1st Street.

f. Within thirty (30) days following formal notice from the Town, the Developer shall pay to the Town one hundred percent (100%) of the cost to construct the major drainageway improvements to Green Acres Tributary, as determined by the Town and the Mile

High Flood District (the "Green Acres Tributary Payment"). The Town may withhold probationary acceptance of the Public Improvements until the Green Acres Tributary Payment is made to the Town.

5. Title Commitment. A title commitment for the Property shall be provided to the Town. The title commitment shall show that all property to be dedicated to the Town is or shall be, subsequent to the execution and recording of the final plat, free and clear of all liens and encumbrances (other than real estate taxes which are not yet due and payable), which would make the dedications unacceptable as the Town, in its sole discretion, determines.

6. Breach by the Developer; the Town's Remedies. In the event of a breach of any of the terms and conditions of this Agreement by the Developer, the Town Council shall be notified immediately and the Town may take such action, as permitted and/or authorized by law, this Agreement or the ordinances and Charter of the Town, as the Town deems necessary to protect the public health, safety and welfare; to protect lot buyers and builders; and to protect the citizens of the Town from hardship and undue risk. The remedies include, but are not limited to:

- a. The refusal to issue any building permit or certificate of occupancy;
- b. The revocation of any building permit previously issued under which construction directly related to such building permit has not commenced, except a building permit previously issued to a third party;
- c. A demand that the security given for the completion of the public improvements be paid or honored; or
- d. Any other remedy available at law.

Unless necessary to protect the immediate health, safety and welfare of the Town, or to protect the interest of the Town with regard to security given for the completion of the public improvements, the Town shall provide the Developer thirty (30) days' written notice of its intent to take any action under this paragraph, during which thirty-day period the Developer may cure the breach described in the notice and prevent further action by the Town.

7. Public Improvements and Warranty. All drainage structures, paved streets, including sidewalk, curb, gutter and slope easements, and necessary appurtenances for the Property, as shown on the final plat (for Segment 1), landscape plans and the associated construction documents for Segment 1 and Segment 2 (collectively referred to as the "Public Improvements"), as approved by the Director of Engineering/Public Works of the Town, shall be installed and completed at the expense of the Developer and dedicated and/or conveyed to the Town, subject to the Project IGA. The Public Improvements required by this Agreement and shown on the final plat (for Segment 1), as well as associated construction documents approved by the Director of Engineering/Public Works of the Town (for Segment 1 and Segment 2) and the costs of these Public Improvements, are set forth on Exhibit C-1 for Segment 1 and Exhibit C-2 for Segment 2. All Public Improvements covered by this Agreement shall be made in accordance with the final plat (for Segment 1) and associated construction documents (for Segment 1 and Segment 2) drawn according to regulations and construction standards for such improvements and approved by the Director of Engineering/Public Works of the Town, subject to the Project IGA.

The Developer shall warrant any and all Public Improvements for a period of two (2) years from the date the Town's Director of Engineering/Public Works grants probationary acceptance of the Public Improvements, as approved by the Town, subject to the Project IGA. The warranty period shall extend to the date final acceptance is granted in writing by the Town's Director of Engineering/Public Works, subject to the Project IGA. The Developer shall be responsible for scheduling the necessary inspections for probationary and final acceptance, subject to the Project IGA. Specifically, but not by way of limitation, the Developer shall warrant the following:

- a. That the title conveyed shall be marketable and its transfer rightful;
- b. Any and all facilities conveyed shall be free from any security interest or other lien or encumbrance; and
- c. Any and all facilities so conveyed shall be in conformity with the Town's specifications and shall be free of defects in materials or workmanship for a period of two (2) years, as stated above, including, but not limited to, cracks, breakage, settling, or other deterioration of the Public Improvements, no matter the cause, for a period of two (2) years, as stated above.

The Town will accept for maintenance all Public Improvements after the warranty period has expired, provided all warranty work has been completed, subject to the Project IGA. The Town shall accept for snow removal purposes only all dedicated public streets after probationary acceptance has been granted in writing by the Director of Engineering/Public Works, subject to the Project IGA. The Developer shall make all corrections necessary to bring the Public Improvements into conformity with the Town's specifications, prior to final acceptance.

Notwithstanding anything to the contrary contained in this Agreement, the Town will not accept for ownership, maintenance or operation any private improvements that are described as Public Improvements in this Agreement, that include, but are not limited to, private streets, private parks, private open space, drainage facilities, landscaping and medians that will be privately maintained, as described on the final plat and/or subject to a license agreement as provided by paragraph 14 of this Agreement.

8. Observation. The Town shall have the right to make reasonable engineering observations at the Developer's expense, as the Town may request. Observation, acquiescence in, or approval by any engineering inspector of the construction of physical facilities at any particular time shall not constitute the approval by the Town of any portion of the construction of such Public Improvements. Such approval shall be made by the Town only after completion of construction and in the manner hereinafter set forth, subject to the Project IGA.

9. Completion of Public Improvements. The obligations of the Developer provided for in paragraph 7 of this Agreement, including the inspections hereof, shall be performed on or before June 30, 2022, for Segment 1 and December 31, 2022, for Segment 2, and proper application for acceptance of the Public Improvements shall be made on or before such date. Upon completion of construction by the Developer of such Public Improvements, the Town's Director of Engineering/Public Works or his designee shall inspect the improvements and certify with specificity their conformity or lack thereof to the Town's specifications, subject to the Project IGA.

The Developer shall make all corrections necessary to bring the improvements into conformity with the Town's specifications, subject to the Project IGA. Once approved by the Town's Director of Engineering/Public Works, the Town shall accept said improvements upon conveyance, pursuant to paragraph 11, subject to the Project IGA; provided, however, the Town shall not be obligated to accept the Public Improvements until the actual costs described in paragraphs 3.a., b and d of this Agreement are paid in full by the Developer.

10. Related Costs – Public Improvements. The Developer shall provide all necessary engineering designs, surveys, field surveys and incidental services related to the construction of the Public Improvements, at its sole cost and expense, including reproducible "as built" drawings certified accurate by a professional engineer registered in the State of Colorado.

11. Improvements to be the Property. All Public Improvements for roads, concrete curbs and gutters, storm sewers, and drainage improvements accepted by the Town shall be dedicated to the Town and warranted for a period of two (2) years following probationary acceptance by the Town, as provided above, subject to the Project IGA.

12. Performance Guarantee. In order to secure the construction and installation of the Public Improvements, the Developer shall, on or before December 31, 2020, furnish the Town, at the Developer's expense, with the performance guarantee described herein. The performance guarantee provided by the Developer shall be cash security in an amount equal to one hundred ten percent (110%) of the estimated costs of the Public Improvements to be constructed and installed, as set forth in Exhibit C-1 and Exhibit C-2, to secure the performance and completion of the Public Improvements. The Developer agrees that approval of the final plat for Segment 1 by the Town is contingent upon the Developer's provision of cash to the Town, in the amount and form provided herein. Failure of the Developer to provide cash to the Town, in the manner provided herein, shall negate the Town's approval of the final plat for Segment 1. The cash shall be paid to the Town according to the terms and conditions of the "Financial Guarantee," which shall be substantially in the form and content set forth in **Exhibit D**, attached hereto and incorporated herein, and shall be subject to the review and approval of the Town Attorney. The Developer shall not start the construction of any public or private improvement on the Property, including, but not limited to, staking, earth work, overlot grading or the erection of any structure, temporary or otherwise, until the final plat for Segment 1 is recorded in the real estate records of Douglas County and the Town has received cash and approved the Financial Guarantee.

The estimated costs of the Public Improvements shall be a figure mutually agreed upon by the Developer and the Town's Director of Engineering/Public Works, as set forth in Exhibit C-1 and Exhibit C-2. If, however, they are unable to agree, the Director of Engineering/Public Works' estimate shall govern after giving consideration to information provided by the Developer, including, but not limited to, construction contracts and engineering estimates. The purpose of the cost estimate is solely to determine the amount of security. No representations are made as to the accuracy of these estimates and the Developer agrees to pay the actual costs of all such Public Improvements.

The estimated costs of the Public Improvements may increase in the future. Accordingly, the Town reserves the right to review and adjust the cost estimates on an annual basis. Adjusted cost estimates will be made according to changes in the Construction Costs Index, as published by

the Engineering News Record. If the Town adjusts the cost estimate for the Public Improvements, the Town shall give written notice to the Developer. The Developer shall, within thirty (30) days after receipt of said written notice, provide the Town with a new or amended Financial Guarantee in the amount of the adjusted cost estimates. If the Developer refuses or fails to so provide the Town with a new or amended Financial Guarantee, the Town may exercise the remedies provided for in paragraph 6 of this Agreement; provided, however, that prior to increasing the amount of additional security required, the Town shall give credit to the Developer for all required Public Improvements which have actually been completed so that the amount of security required at any time shall relate to the cost of required Public Improvements not yet constructed.

In the event the Public Improvements are not constructed or completed within the period of time specified by paragraph 9 of this Agreement or a written extension of time mutually agreed upon by the parties to this Agreement, the Town may draw on the Financial Guarantee to complete the Public Improvements called for in this Agreement.

Upon completion of performance of such improvements, conditions and requirements within the required time and the approval of the Town Director of Engineering/Public Works, the Developer shall provide to the Town an irrevocable letter of credit or Financial Guarantee in the amount of twenty percent (20%) of the total cost of construction and installation of the Public Improvements, to be held by the Town during the two-year warranty period. If the Public Improvements are not completed within the required time, the monies may be used to complete the improvements.

13. Nuisance Conditions. The Developer agrees to prevent the existence of any nuisances by way of its construction activities, as nuisances are defined by Title 6 of the Parker Municipal Code, and as referenced in Title 11 of the Parker Municipal Code. In the event the authorized inspector/designated Town authority determines that a nuisance exists, the Developer shall be subject to the provisions set forth in Parker Municipal Code Sections 11.12.040 and 11.12.050, regarding the abatement of nuisances and the cost assessed for the abatement thereof or the nuisance regulations of Douglas County for that portion of the Public Improvements constructed outside of the Town's boundaries.

In addition to the provisions above, if the nuisance is not abated or an abatement plan is not submitted to the satisfaction of the Town, the Town may, upon thirty (30) days' notice under this Agreement, exercise the right to draw upon the performance guarantee specified in paragraph 12 of this Agreement. The Town may draw on the performance guarantee in order to pay the cost of abating the nuisance, including any expenses and penalties incurred under the Parker Municipal Code or the nuisance regulations of Douglas County for that portion of the Public Improvements constructed outside of the Town's boundaries. The Town may exercise this right in addition to, or in lieu of, the withholding of permits and/or the withholding of certificates of occupancy. The right to draw on the performance guarantee shall be subject to the sole discretion of the Town, provided the Developer has received thirty (30) days' notice, as provided herein.

The Town Planning Department and the Department of Engineering/Public Works shall be authorized to cease processing any land use or permit applications submitted by the same developer for the property that is contained within the same Planned Unit Development, until the

nuisance is abated. This shall include, but not be limited to, acceptance of applications, sending referrals, scheduling meetings or hearings, or conducting reviews of projects.

14. Association. An association shall be created by the Developer under the laws of the State of Colorado or the Property shall be included in an existing association, if possible. The association must be lawfully established before any properties within the development are sold to third parties. The articles of incorporation shall be reviewed by the Town Attorney to insure that they have met the Town's requirements and the articles provide that the association will maintain the private improvements, including, but not limited to, private streets, private parks, private open space, drainage facilities, landscaping and medians, as identified on the final plat and/or subject to a license agreement(s) entered into between the Developer and the Town, contemporaneously with this Agreement or prior to final acceptance of the Public Improvements, and to assume all responsibilities therefor as shown on the final plat and/or described in the license agreement(s), including sufficient funding to meet these responsibilities. Notwithstanding the foregoing, a special district created by the Developer may assume the responsibilities of an association as described herein.

15. Indemnification. The Developer shall indemnify and hold harmless the Town, its officers, employees, agents or servants from any and all suits, actions and claims of every nature and description caused by, arising from or on account of any act or omission of the Developer, or of any other person or entity for whose act or omission the Developer is liable, with respect to construction of the Public Improvements; and the Developer shall pay any and all judgments rendered against the Town as the result of any suit, action or claim, together with all reasonable expenses and attorney fees incurred by the Town in defending any such suit, action or claim.

The Developer shall pay all property taxes on the Property dedicated to the Town, and shall indemnify and hold harmless the Town for any property tax liability.

The Developer shall require that all contractors and other employees engaged in construction of Public Improvements shall maintain adequate workers' compensation insurance and public liability coverage and shall faithfully comply with the provisions of the Federal Occupational Safety and Health Act.

16. Waiver of Defects. In executing this Agreement the Developer waives all objections it may have concerning defects, if any, in the formalities whereby it is executed, or concerning the power of the Town to impose conditions on the Developer, as set forth herein, and concerning the procedure, substance and form of the ordinances or resolutions adopting this Agreement.

17. Modifications. This Agreement shall not be amended, except by subsequent written agreement of the parties.

18. Release of Liability. It is expressly understood that the Town cannot be legally bound by the representations of any of its officers or agents or their designees, except in accordance with the Parker Municipal Code and the laws of the State of Colorado.

19. Captions. The captions to this Agreement are inserted only for the purpose of convenient reference and in no way define, limit or prescribe the scope or intent of this Agreement or any part thereof.

20. Binding Effect. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, successors and assigns, as the case may be.

21. Invalid Provision. If any provision of this Agreement shall be determined to be void by any court of competent jurisdiction, then such determination shall not affect any other provision hereof, and all of the other provisions shall remain in full force and effect. It is the intention of the parties hereto that if any provision of this Agreement is capable of two constructions, one of which would render the provision void and the other which would render the provision valid, then the provision shall have the meaning which renders it valid.

22. Governing Law. The laws of the State of Colorado shall govern the validity, performance and enforcement of this Agreement. Should either party institute legal suit or action for enforcement of any obligation contained herein, it is agreed that venue of such suit or action shall be in Douglas County, Colorado.

23. Attorney Fees. Should this Agreement become the subject of litigation to resolve a claim of default of performance by the Developer and a court of competent jurisdiction determines that the Developer was in default in the performance of the Agreement, the Developer shall pay the attorney fees, expenses and court costs of the Town.

24. Notice. All notice required under this Agreement shall be in writing and shall be hand delivered or sent by registered or certified mail, return receipt requested, postage prepaid, to the addresses of the parties herein set forth. All notices so given shall be considered effective seventy-two (72) hours after deposit in the United States mail with the proper address, as set forth below. Either party, by notice so given, may change the address to which future notices shall be sent.

25. Force Majeure. Whenever the Developer is required to complete the construction, repair or replacement of Public Improvements by an agreed deadline, the Developer shall be entitled to an extension of time equal to a delay in completing the foregoing, due to unforeseeable causes beyond the control and without the fault or negligence of the Developer, including, but not limited to, acts of God, weather, fires and strikes.

26. Approvals. Whenever approval or acceptance of the Town is necessary, pursuant to any provision of this Agreement, the Town shall act reasonably and in a timely manner in responding to such request for approval or acceptance.

27. Assignment or Assignments. There shall be no transfer or assignment of any of the rights or obligations of the Developer under this Agreement, without the prior written approval of the Town. The Developer agrees to provide the Town with at least fourteen (14) days' advance written notice of the transfer or assignment of any of the rights and obligations of the Developer under this Agreement.

28. Recording of Agreement. This Agreement shall be recorded in the real estate records of Douglas County and shall be a covenant running with the Property, in order to put prospective purchasers or other interested parties on notice as to the terms and provisions hereof.

29. Title and Authority. The Developer expressly warrants and represents to the Town that it is the record owner of the property constituting the Property and further represents and warrants, together with the undersigned individuals, that the undersigned individuals have full power and authority to enter into this Subdivision Agreement. The Developer and the undersigned individuals understand that the Town is relying on such representations and warranties in entering into this Agreement.

WHEREFORE, the parties hereto have executed this Agreement on the day and year first above written.

TOWN OF PARKER, COLORADO

LEGAL DESCRIPTION: PROPERTY WITHIN TOWN OF PARKER

COMPARK VILLAGE SOUTH FILING NO. 1

PART OF LOTS 19, AND 20, ALL OF LOTS 21, 22, AND 23, AND THAT 40-FOOT RIGHT OF WAY, GREEN ACRES SUBDIVISION RECORDED IN BOOK 1152 AT PAGE 883, AT RECEPTION NO. 105760 OF THE RECORDS OF THE DOUGLAS COUNTY CLERK AND RECORDER TOGETHER WITH PART OF THE SOUTH HALF OF SECTION 6, TOWNSHIP 6 SOUTH, RANGE 66 WEST OF THE SIXTH PRINCIPAL MERIDIAN, COUNTY OF DOUGLAS, STATE OF COLORADO, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

BEGINNING AT THE SOUTHWEST CORNER OF SAID SECTION 6 AND CONSIDERING THE WEST LINE OF SAID SOUTHWEST QUARTER OF SECTION 6 TO BEAR NORTH 00°30'14" WEST, AND MONUMENTED AS SHOWN HEREON, WITH ALL BEARINGS CONTAINED HEREIN RELATIVE THERETO;

THENCE NORTH 00°30'14" WEST ALONG SAID WEST LINE OF THE SOUTHWEST QUARTER A DISTANCE 1216.44 FEET TO THE SOUTHERLY RIGHT-OF-WAY LINE OF HIGHWAY E-470 AS DESCRIBED IN BOOK 902 AT PAGE 573 AND AT BOOK 902 AT PAGE 576 OF THE RECORDS OF THE DOUGLAS COUNTY CLERK AND RECORDER;

THENCE ALONG SAID SOUTHERLY RIGHT-OF-WAY LINE THE FOLLOWING TEN (10) COURSES:

- 1) NORTH 72°48'01" EAST A DISTANCE OF 328.41 FEET;
- 2) NORTH 73°02'20" EAST A DISTANCE OF 596.76 FEET;
- 3) NORTH 77°03'02" EAST A DISTANCE OF 576.89 FEET;
- 4) NORTH 83°04'45" EAST A DISTANCE OF 573.61 FEET;
- 5) NORTH 85°05'07" EAST A DISTANCE OF 380.93 FEET;
- 6) NORTH 86°06'18" EAST A DISTANCE OF 574.74 FEET;
- 7) SOUTH 87°52'51" EAST A DISTANCE OF 578.89 FEET;
- 8) SOUTH 81°41'15" EAST A DISTANCE OF 612.23 FEET;
- 9) SOUTH 72°31'23" EAST A DISTANCE OF 371.41 FEET TO A POINT ON A CURVE;
- 10) ALONG A NON-TANGENT CURVE TO THE RIGHT HAVING A CENTRAL ANGLE OF 10°57'27", A RADIUS OF 3005.03 FEET, AN ARC LENGTH OF 574.70 FEET, THE CHORD OF WHICH BEARS SOUTH 67°01'44" EAST, A DISTANCE OF 573.82 FEET TO A POINT BEING THE NORTHEASTERLY CORNER OF THAT PARCEL OF LAND AS DESCRIBED IN DEED RECORDED UNDER RECEPTION NO. 2010056842 OF THE RECORDS OF THE DOUGLAS COUNTY CLERK AND RECORDER;

THENCE ALONG THE SOUTHEASTERLY LINE OF SAID PARCEL OF LAND THE FOLLOWING NINE (9) COURSES:

- 1) SOUTH 21°56'14" WEST, A DISTANCE OF 91.83 FEET TO A POINT OF CURVATURE;
- 2) ALONG THE ARC OF A CURVE TO THE RIGHT HAVING A CENTRAL ANGLE OF 43°58'01", A RADIUS OF 200.00 FEET AND AN ARC LENGTH OF 153.47 FEET, THE CHORD OF WHICH BEARS SOUTH 43°55'15" WEST, A DISTANCE OF 149.74 FEET;
- 3) SOUTH 65°54'15" WEST, A DISTANCE OF 75.57 FEET TO A POINT OF CURVATURE;
- 4) ALONG THE ARC OF A CURVE TO THE RIGHT HAVING A CENTRAL ANGLE OF 24°33'38", A RADIUS OF 200.00 FEET AND AN ARC LENGTH OF 85.73 FEET, THE CHORD OF WHICH BEARS SOUTH 78°11'04" WEST, A DISTANCE OF 85.08 FEET;
- 5) NORTH 89°32'07" WEST, A DISTANCE OF 9.07 FEET TO A POINT OF CURVATURE;
- 6) ALONG THE ARC OF A CURVE TO THE THE LEFT HAVING A CENTRAL ANGLE OF 12°56'47", A RADIUS OF 200.00 FEET AND AN ARC LENGTH OF 45.19 FEET, THE CHORD OF WHICH BEARS SOUTH 83°59'30" WEST, A DISTANCE OF 45.10 FEET;
- 7) SOUTH 77°31'06" WEST, A DISTANCE OF 135.79 FEET TO A POINT OF CURVATURE;
- 8) ALONG THE ARC OF A CURVE TO THE RIGHT HAVING A CENTRAL ANGLE OF 09°27'04", A RADIUS OF 500.00 FEET AND AN ARC LENGTH OF 82.48 FEET, THE CHORD OF WHICH BEARS SOUTH 82°14'38" WEST, A DISTANCE OF 82.38 FEET;
- 9) SOUTH 86°58'10" WEST, A DISTANCE OF 149.52 FEET TO A POINT BEING THE NORTHEASTERLY CORNER OF THAT PARCEL OF LAND AS DESCRIBED IN DEED RECORDED UNDER RECEPTION NO. 2010056677 OF THE RECORDS OF THE DOUGLAS COUNTY CLERK AND RECORDER;

COMPARK VILLAGE SOUTH FILING NO. 1

THENCE ALONG THE NORTHWESTERLY LINE OF SAID PARCEL OF LAND THE FOLLOWING THIRTEEN (13) COURSES:

- 1) SOUTH 86°58'10" WEST, A DISTANCE OF 158.57 FEET TO A POINT OF CURVATURE;
- 2) ALONG THE ARC OF A CURVE TO THE LEFT HAVING A CENTRAL ANGLE OF 33°25'14", A RADIUS OF 200.00 FEET AND AN ARC LENGTH OF 116.66 FEET THE CHORD OF WHICH BEARS SOUTH 70°15'33" WEST, A DISTANCE OF 115.01 FEET;
- 3) SOUTH 53°32'56" WEST, A DISTANCE OF 294.75 FEET TO A POINT OF CURVATURE;
- 4) ALONG THE ARC OF A CURVE TO THE LEFT HAVING A CENTRAL ANGLE OF 94°27'12", A RADIUS OF 125.00 FEET AND AN ARC LENGTH OF 206.07 FEET, THE CHORD OF WHICH BEARS SOUTH 06°19'20" WEST, A DISTANCE OF 183.51 FEET;
- 5) SOUTH 40°54'16" EAST, A DISTANCE OF 251.99 FEET TO A POINT OF CURVATURE;
- 6) ALONG THE ARC OF A CURVE TO THE LEFT HAVING A CENTRAL ANGLE OF 23°16'42", A RADIUS OF 50.00 FEET AND AN ARC LENGTH OF 20.31 FEET, THE CHORD OF WHICH BEARS SOUTH 52°32'37" EAST, A DISTANCE OF 20.17 FEET;
- 7) SOUTH 64°10'58" EAST, A DISTANCE OF 23.43 FEET TO A POINT OF CURVATURE;
- 8) ALONG THE ARC OF A CURVE TO THE RIGHT HAVING A CENTRAL ANGLE OF 43°29'20", A RADIUS OF 50.00 FEET AND AN ARC LENGTH OF 37.95 FEET, THE CHORD OF WHICH BEARS SOUTH 42°26'18" EAST, A DISTANCE OF 37.05 FEET;
- 9) SOUTH 20°41'38" EAST, A DISTANCE OF 39.38 FEET TO A POINT OF CURVATURE;
- 10) ALONG THE ARC OF A CURVE TO THE RIGHT HAVING A CENTRAL ANGLE OF 20°09'03", A RADIUS OF 100.00 FEET AND AN ARC LENGTH OF 35.17 FEET, THE CHORD OF WHICH BEARS SOUTH 10°38'24" EAST, A DISTANCE OF 34.99 FEET;
- 11) SOUTH 00°32'10" EAST, A DISTANCE OF 40.51 FEET TO A POINT OF CURVATURE;
- 12) ALONG THE ARC OF A CURVE TO THE RIGHT HAVING A CENTRAL ANGLE OF 47°17'03", A RADIUS OF 100.00 FEET AND AN ARC LENGTH OF 82.53 FEET, THE CHORD OF WHICH BEARS SOUTH 23°06'21" WEST, A DISTANCE OF 80.20 FEET;
- 13) SOUTH 46°44'52" WEST, A DISTANCE OF 59.24 FEET TO A POINT ON THE SOUTH LINE OF THE SOUTHEAST QUARTER OF SAID SECTION 6;

THENCE SOUTH 87°49'19" WEST, ALONG SAID SOUTH LINE, A DISTANCE OF 1546.96 FEET TO THE SOUTHEAST CORNER OF THE SOUTHWEST QUARTER OF SAID SECTION 6, SAID POINT ALSO BEING THE SOUTHEASTERLY CORNER OF THAT RIGHT-OF-WAY PARCEL DESCRIBED IN BOOK 195 AT PAGE 510 OF THE RECORDS OF THE DOUGLAS COUNTY CLERK AND RECORDER;

THENCE ALONG THE BOUNDARY OF SAID PARCEL THE FOLLOWING THREE (3) COURSES:

- 1) NORTH 00°17'01" EAST ALONG THE EAST LINE OF SAID SOUTHWEST QUARTER OF SECTION 6, A DISTANCE OF 30.03 FEET;
- 2) SOUTH 87°55'04" WEST ALONG A LINE THIRTY FEET NORTHERLY DISTANT, WHEN MEASURED AT RIGHT ANGLES, AND PARALLEL WITH THE SOUTH LINE OF THE SOUTHEAST QUARTER OF SAID SOUTHWEST QUARTER OF SECTION 6, A DISTANCE OF 626.87 FEET;
- 3) SOUTH 00°42'41" WEST A DISTANCE OF 30.04 FEET TO A POINT ON SAID SOUTH LINE OF THE SOUTHEAST QUARTER OF THE SOUTHWEST QUARTER OF SECTION 6;

THENCE SOUTH 87°55'04" WEST, ALONG SAID SOUTH LINE A DISTANCE OF 709.76 FEET TO THE SOUTHWEST CORNER OF SAID SOUTHEAST QUARTER OF THE SOUTHWEST QUARTER OF SECTION 6;

THENCE SOUTH 87°55'04" WEST, ALONG THE SOUTH LINE OF THE SOUTHWEST QUARTER OF SAID SOUTHWEST QUARTER OF SECTION 6, A DISTANCE OF 1085.67 FEET TO THE POINT OF BEGINNING,

CONTAINING A CALCULATED AREA OF 6,539,184 SQUARE FEET OR 150.119 ACRES, MORE OR LESS.

EXHIBIT A-3

LEGAL DESCRIPTION (CONTINUED...)

THENCE NORTH 79°01'59" WEST, A DISTANCE OF 191.23 FEET TO A NON-TANGENT CURVE;

THENCE ALONG THE ARC OF A NON-TANGENT CURVE TO THE RIGHT HAVING A CENTRAL ANGLE OF 39°46'18", A RADIUS OF 1251.04 FEET, AN ARC LENGTH OF 868.40 FEET, THE CHORD OF WHICH BEARS NORTH 59°08'59" WEST, A DISTANCE OF 851.07 FEET TO A POINT OF TANGENCY;

THENCE NORTH 39°15'50" WEST, A DISTANCE OF 346.13 FEET TO A POINT OF CURVATURE;

THENCE ALONG THE ARC OF A TANGENT CURVE TO THE RIGHT HAVING A CENTRAL ANGLE OF 14°28'38", A RADIUS OF 1055.00 FEET, AN ARC LENGTH OF 266.57 FEET, THE CHORD OF WHICH BEARS NORTH 32°01'31" WEST, A DISTANCE OF 265.86 FEET TO A POINT OF TANGENCY;

THENCE NORTH 24°47'12" WEST, A DISTANCE OF 179.04 FEET TO A POINT OF CURVATURE;

THENCE ALONG THE ARC OF A TANGENT CURVE TO THE LEFT HAVING A CENTRAL ANGLE OF 08°11'47", A RADIUS OF 715.00 FEET, AN ARC LENGTH OF 102.28 FEET, THE CHORD OF WHICH BEARS NORTH 28°53'06" WEST, A DISTANCE OF 102.20 FEET TO THE POINT OF BEGINNING.

CONTAINING 207,795 SQUARE FEET OR 4.7703 ACRES, MORE OR LESS.

I, BRIAN J. PFOHL, A SURVEYOR LICENSED IN THE STATE OF COLORADO, DO HEREBY CERTIFY THAT THE ABOVE LEGAL DESCRIPTION AND ATTACHED EXHIBIT WERE PREPARED BY ME OR UNDER MY DIRECT SUPERVISION AND CHECKING.

Compark Village South Filing No. 1
SIA Summary
(Half Section of Belford, Peoria to Chambers)

November 14, 2019

Item Number	11/14/2019	Subtotal
	Item Description	

STREET IMPROVEMENT COSTS

1	Compark South Filing 1 Road and Drainage (Segment 1)	\$8,544,932
2	Compark Village South, Belford C.1 Road and Drainage & Chambers Highpoint, Belford C.2 Road and Drainage	\$6,119,249

(Segment 2)

TOTALS **\$14,664,181**

The opinion of probable construction costs for Compark Village South, Filing No. 1 was based on approximate quantity estimates for general Earthwork, utility work, concrete structural work, revegetation, and miscellaneous work based on the Final Road & Storm Drainage Construction Plans Prepared by Manhard Consulting, latest revision dated December 2016 and TTG, latest revision dated November 2017

Quantities were multiplied by current construction industry prices.

The opinion of probable costs shown, and any resulting conclusions on project financial or economic feasibility or funding requirements, have been prepared for guidance in project evaluation and implementation from the information available at the time the opinion was prepared. The final costs of the project and resulting feasibility will depend on actual labor and material costs, competitive market conditions, actual site conditions, final project scope, implementation schedule, continuity of personnel and engineering, and other variable factors. As a result, the project costs will vary from the opinion of the probable costs presented herein.

The opinion of probable construction costs for Compark Village South, Filing No. 1 was based on approximate quantity estimates for general Earthwork, utility work, concrete structural work, revegetation, and miscellaneous work based on the Final Road & Storm Drainage Construction Plans Prepared by Manhard Consulting, latest revision dated June 2016

Quantities were multiplied by current construction industry prices.

The opinion of probable costs shown, and any resulting conclusions on project financial or economic feasibility or funding requirements, have been prepared for guidance in project evaluation and implementation from the information available at the time the opinion was prepared. The final costs of the project and resulting feasibility will depend on actual labor and material costs, competitive market conditions, actual site conditions, final project scope, implementation schedule, continuity of personnel and engineering, and other variable factors. As a result, the project costs will vary from the opinion of the probable costs presented herein.

The opinion of probable construction costs for Compark Village South, Filing No. 1 was based on approximate quantity estimates for general Earthwork, utility work, concrete structural work, revegetation, and miscellaneous work based on the Final Road & Storm Drainage Construction Plans Prepared by Manhard Consulting, latest revision dated June 2016

Quantities were multiplied by current construction industry prices.

The opinion of probable costs shown, and any resulting conclusions on project financial or economic feasibility or funding requirements, have been prepared for guidance in project evaluation and implementation from the information available at the time the opinion was prepared. The final costs of the project and resulting feasibility will depend on actual labor and material costs, competitive market conditions, actual site conditions, final project scope, implementation schedule, continuity of personnel and engineering, and other variable factors. As a result, the project costs will vary from the opinion of the probable costs presented herein.

The opinion of probable construction costs for Belford Road through Chambers Highpoint was based on approximate quantity estimates for general Earthwork, utility work, concrete structural work, revegetation, and miscellaneous work based on the Road & Storm Drainage Construction Plans Prepared by TTG, latest revision dated November 2017

Quantities were multiplied by current construction industry prices.

The opinion of probable costs shown, and any resulting conclusions on project financial or economic feasibility or funding requirements, have been prepared for guidance in project evaluation and implementation from the information available at the time the opinion was prepared. The final costs of the project and resulting feasibility will depend on actual labor and material costs, competitive market conditions, actual site conditions, final project scope, implementation schedule, continuity of personnel and engineering, and other variable factors. As a result, the project costs will vary from the opinion of the probable costs presented herein.

EXHIBIT D

FINANCIAL GUARANTEE AGREEMENT

THIS FINANCIAL GUARANTEE AGREEMENT (the "Agreement") is entered into this ____ day of _____, 20__, by and between the Town of Parker, a Colorado home rule municipality (the "Town"), and _____ (the "Developer").

RECITALS

WHEREAS, the Town and the Developer have entered into that certain Subdivision Agreement (the "Subdivision Agreement") dated _____, 20__, concerning that certain real property known as _____, which is more particularly described in **Exhibit A**, which is attached to the Subdivision Agreement (the "Property"); and

WHEREAS, pursuant to the Subdivision Agreement, the Developer has agreed to install and complete at its expense certain Public Improvements (as that term is defined in the Subdivision Agreement) on the Property and to provide the Town with a financial guarantee, in an amount equal to one hundred ten percent (110%) of the costs of the Public Improvements naming the Town as the designated beneficiary, to secure the performance and completion of the Public Improvements.

NOW, THEREFORE, for and in consideration of the mutual promises and covenants contained herein, the sufficiency of which is hereby acknowledged and confessed, the parties hereto covenant and agree as follows:

1. Purpose. The purpose of this Agreement is to provide for a financial guarantee to the Town for the performance and completion of the Public Improvements described in the Subdivision Agreement and, accordingly, to supplement the terms and conditions of the Subdivision Agreement. Defined terms within the Subdivision Agreement shall have the same meaning when used herein.

2. Financial Guarantee. In order to secure the performance and completion of the Public Improvements, the Developer agrees to deposit with the Town the sum of _____ Dollars (\$_____), which represents one hundred ten percent (110%) of the estimated cost of the Public Improvements (the "Financial Guarantee Funds"). All Financial Guarantee Funds shall be deposited in the Town's General Fund. The Town shall not be required to pay the Developer any interest on the Financial Guarantee Funds.

The estimated costs of the Public Improvements shall be a figure mutually agreed upon by the Developer and the Town's Director of Engineering/Public Works. If, however, they are unable to agree, the Director of Engineering/Public Works' estimate shall govern after giving consideration to information provided by the Developer including, but not limited to, construction contracts and engineering estimates. The purpose of the cost estimate is solely to determine the amount of the financial guarantee. No representations are made as to the accuracy of these estimates, and the Developer agrees to pay the actual costs of all such Public Improvements.

The estimated costs of the Public Improvements may increase in the future. Accordingly, the Town reserves the right to review and adjust the cost estimate prior to the issuance of any grading permit for the Property and on an annual basis thereafter. Adjusted cost estimates will be made according to changes in the Construction Costs Index as published by the *Engineering News Record* or based upon actual construction bids, as determined by the Town in the exercise of its sole discretion. If the Town adjusts the cost estimate for the Public Improvements, the Town shall give written notice to the Developer. The Developer shall, within thirty (30) days after receipt of said written notice, provide the Town with new funds in the amount of the adjusted cost estimates. If the Developer refuses or fails to so provide the Town with additional Financial Guarantee Funds, the Town may exercise the remedies provided for in paragraph 6 of the Subdivision Agreement; provided, however, that prior to increasing the amount of additional Financial Guarantee Funds required, the Town shall give credit to the Developer for all required Public Improvements which have actually been completed so that the amount of Financial Guarantee Funds required at any time shall relate to the cost of required Public Improvements not yet constructed.

3. Release of Financial Guarantee Funds.

a. The Developer intends to enter into several different contracts with different contractors to install the Public Improvements. It is the intent of the parties hereto that Financial Guarantee Funds will be released as work is completed on each individual contract. In the event the Public Improvements are not constructed or completed within the period of time specified by paragraph 9 of the Subdivision Agreement or a written extension of time mutually agreed upon by the parties to this Agreement, the Town may draw on the Financial Guarantee Funds to complete the Public Improvements called for in this Agreement.

b. The Financial Guarantee Funds are to be used solely and exclusively for the completion of the Public Improvements. The Town will disburse up to ninety percent (90%) of the estimated cost of the Public Improvements as progress payments according to the schedule of values attached as **Exhibit 1** and incorporated by this reference (the "Schedule of Values"), upon the Developer's satisfaction of the following draw requirements:

1. The Developer delivers an application to the Town (which includes a certification signed by the Developer of the percentage of the total Public Improvements completed according to the Schedule of Values), which application will be made no more than once per month and shall be tied to progress toward the completion of the Public Improvements, as identified in the application (the "Application").

2. Upon receipt of the Application, the Town shall have thirty (30) calendar days within which to provide written acknowledgement from the Director of Engineering/Public Works or designee of the Town that the Application may be paid, partially paid or denied. The Town's affirmation and payment will not constitute approval by the Town of the completion and/or acceptance of Public Improvements, or any portion thereof. Such acknowledgement shall not be unreasonably denied or withheld by the Town and shall be given if the Public Improvements described in the Application are completed in accordance with the construction plans approved by the Town.

3. The Town shall have no obligation to provide probationary acceptance of the Public Improvements, until all of the Public Improvements are completed and all deficiencies, of any type, including, but not limited to, maintenance, materials or workmanship, that are identified by the Director of Engineering/Public Works at the final inspection are corrected (regardless of the cause of the deficiency).

4. Upon the Town's probationary acceptance of the Public Improvements, the Developer has the option of substituting a letter of credit for twenty percent (20%) of the cost of the Public Improvements that the Town is holding for the two-year warranty period, as described in the Subdivision Agreement, in a form and from a financial institution acceptable to the Town.

c. That portion of the Financial Guarantee Funds which represents twenty percent (20%) of the estimated costs of the Public Improvements shall be retained by the Town during the two-year warranty period described in the Subdivision Agreement. At the end of the warranty period and upon final acceptance by the Town, the remaining Financial Guarantee Funds shall be released to the Developer. The Town may draw on the Financial Guarantee Funds during the warranty period to correct any problems with the Public Improvements which have not been corrected by the Developer, as provided by the Subdivision Agreement.

4. Modifications. This Agreement shall not be amended, except by subsequent written agreement of the parties.

5. Release of Liability. It is expressly understood that the Town cannot be legally bound by the representations of any of its officers or agents or their designees, except in accordance with the Parker Municipal Code and the laws of the State of Colorado.

6. Captions. The captions to this Agreement are inserted only for the purpose of convenient reference and in no way define, limit, or prescribe the scope or intent of this Agreement or any part thereof.

7. Binding Effect. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, successors, and assigns as the case may be.

8. Invalid Provision. If any provision of this Agreement shall be determined to be void by any court of competent jurisdiction, then such determination shall not affect any other provision hereof, all of the other provisions shall remain in full force and effect. It is the intention of the parties hereto that if any provision of this Agreement is capable of two (2) constructions, one of which would render the provision void, and the other which would render the provision valid, then the provisions shall have the meaning which renders it valid.

9. Governing law. The laws of the State of Colorado shall govern the validity, performance and enforcement of this Agreement. Should either party institute legal suit or action for enforcement of any obligation contained herein, it is agreed that venue of such suit or action shall be in Douglas County, Colorado.

10. Notice. All notice required under this Agreement shall be in writing and shall be hand delivered or sent by registered or certified mail, return receipt requested, postage prepaid,

to the addresses of the parties herein set forth. All notices so given shall be considered effective seventy-two (72) hours after deposit in the United States mail with the proper address as set forth below. Either party, by notice so given, may change the address to which future notices shall be sent.

Notice to Developer: _____

With a copy to: _____

11. Assignment or Assignments. There shall be no partial transfer or assignment of any of the rights or obligations of the Developer under this Agreement. There shall be no assignment of this Agreement without the prior written approval of the Town, which the Town may grant or withhold in its sole discretion. The Developer agrees to provide the Town with at least fourteen (14) days' advance written notice of the proposed transfer or assignment of this Agreement.

12. Title and Authority. The Developer expressly warrants and represents to the Town that it is the record owner of the property constituting the Property and further represents and warrants, together with the undersigned individual(s) that the undersigned individuals(s) has or have full power and authority to enter into this Financial Guarantee Agreement. The Developer and the undersigned individual(s) understand that the Town is relying on such representations and warranties in entering into this Agreement.

13. Conflict with Subdivision Agreements. In the event there is a conflict between the language contained within the Financial Guarantee Agreement and the language contained within the Subdivision Agreement, the language contained in the Subdivision Agreement shall control.

WHEREFORE, the parties hereto have executed this Agreement on the day and year first above written.

Title: **RESOLUTION NO. 20-031**
A Resolution to Amend Resolution No. 19-105, Series of 2019, to Extend the Expiration Date of the Final Plats for Compark Village South Filing No. 2 and Compark Village South Filing No. 2 - Amendment No. 1 Through June 30, 2021

Department: Engineering/Public Works, Alex Mestdagh

EXECUTIVE SUMMARY

The developer of the proposed Compark Village South subdivision is requesting extensions of several items associated with this project. This item includes the following requests:

- An extension to the expiration date of the development's Minor Development Plat (Filing No. 1) that creates the major infrastructure for the project, and approval of the associated Amended and Restated Subdivision Agreement.
- An extension to the expiration date of the developments' Final Plats - Compark Village South Filing No. 2 and Compark Village South Filing No. 2, Amendment No. 1 – that create single-family residential lots.

These extensions are being requested due to difficulties in obtaining financing for the project because of volatility in the bond market due to the COVID 19 pandemic.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

The Compark Village South development is located south of E-470 and north of Grandview Estates, between Peoria Road and Chambers Road. The Town Council approved the Minor Development Plat (Filing No. 1) and the associated Subdivision Agreement for development on

September 19, 2016. Under the Town Code, a Developer has 90 days from the date of approval to record a plat and associated agreements before the approvals expire. The Developer of Compark Village South Filing No. 1 has previously requested and received five extensions of this expiration date.

The most recent extension, which was granted by Town Council in December 2019, extended this expiration date to June 30, 2020. This was requested to allow the Developer time to obtain a new permit from the U.S. Army Corps of Engineers (USACE) necessary to construct drainageway improvements with the project, as the original permit that had been obtained for this work had expired. The Town cannot grant construction permits for this project without the appropriate Corps permits in place.

Since this project's last extension, the permit for the drainageway work has been obtained and the developer has made necessary revisions to the construction plans. However, the recent economic issues caused by the COVID-19 pandemic have led to problems in the bond market through which the developer intends to fund the infrastructure. The Developer has requested that the expiration date for the Minor Development Plat and Subdivision Agreement be extended to December 31, 2020, to allow for the market to settle and allow financing to be obtained. The associated Subdivision Improvement Agreement is also proposed to be revised to update the completion dates of the Public Improvements

The Developer has previously committed to advance the security and construction of an additional segment of Belford Avenue, a regional roadway that will be extended through this property. This additional segment will result in a new east-west roadway connection extending from Peoria Street to Chambers Road. The attached Vicinity Map details the two segments of proposed Belford Avenue. If this extension is granted, the construction of this additional segment will remain an obligation of the initial phase of development.

If this extension is not granted, the Developer will have until June 30, 2020, to record the Minor Development Plat and Subdivision Agreement before they expire.

The proposed development also includes two final plats creating residential lots, known as Compark Village South Filing No. 2 and Compark Village South Filing No. 2, Amendment No. 1. The Developer has previously requested and received four extensions of the expiration dates, which extended the expiration dates to December 31, 2020. These two projects are dependent on the infrastructure required to be constructed with Compark Village South Filing No. 1, so these projects cannot move forward before Filing No. 1. The Developer has requested that the expiration dates for the Final Plats for Filing No. 2 and Filing No. 2, Amendment No. 1 be extended to June 30, 2021.

If this extension is not granted, the Developer will have until December 31, 2020, to record these final plats before they expire.

FINANCIAL IMPACT

There are no direct financial impacts to the Town. The financial security amounts that the Developer will be required to provide through the Subdivision Improvement Agreements have been modified to reflect increases in construction costs over the past year, and to include additional public improvements the Developer has committed to construct.

RE: **Compark Village South Filing No.1
Entitlement Extension Request**

Dear Stacey and Alex,

Attached please find the letter dated October 11, 2019, that we submitted to the Town of Parker requesting a six-month extension last year on Compark Village South Filing No. 1 (CVSF1). The Town Council approved our request on December 2, 2019, extending the SIA deadline to June 30, 2020.

Compark's goal during this six-month period was to complete specific milestones with the intent of closing our bond financing, funding our SIA obligation, closing with Century Communities on Tract H, and commencing construction of the trunk infrastructure in CVS F1. We have worked diligently advancing all work required to accomplish these objectives, but the COVID 19- pandemic has resulted in delays.

We are still pushing to have the work completed in order to issue bonds such that we can fund the CVS F1 SIA obligation. In order to issue bonds, our bond underwriter, Stifel Nicolaus & Co Inc., needs to "post" the Preliminary Limited Offering Memorandum ("PLOM"). This allows institutional investors to review the documents which describes the proposed development, its financial obligations, and commences discussions on demand and pricing of the Bond offering. We anticipate having the PLOM ready for posting in June. Unfortunately, the current bond market is in a turbulent state due to the pandemic, and we need an extension of time to allow for the bond market to stabilize.

Alan Matlosz, Managing Director of Stifel Nicolaus, is recommending our request for a *six-month extension through Dec. 31, 2020*, to provide time for the market to stabilize (*see attached letter from Alan*).

I want to stress that five essential milestones below have been completed despite the COVID 19 pandemic, albeit the work has been delayed by 60 days.

(1). 404 Individual Permit - We received permit approval (NOW-2019-01921-DEN) on February 10, 2020 for this important milestone. This allows the project to move forward and gain access with Belford Ave. across the Green Acres Tributary. **MILESTONE COMPLETED.**

(2). Green Acres Tributary - Mile High District ("District") / Town of Parker- Final Design- Last June we deposited \$478,000 with the Town of Parker/Mile High District to complete the necessary scope of services to accommodate the Green Acres Tributary design which was required to meet standard for the 404 permit. In December, we reported the design work was at 60% completion. The District expected the work to be at 90% by the end of February. COVID 19 has delayed this about two months. The design is at 90% now and we received the construction budget. **MILESTONE COMPLETED.**

(3). Town of Parker - review of redesign of CV Filing 1 and CV Filing 2 plans. The Town of Parker/Mile High Flood District required a redesign of an “off channel” detention facility which required modifications to the storm sewer conveyance system because of the revised design for the Green Acres Tributary with the District. The plans were submitted on March 2, 2020 and comments provided on April 13, 2020. We are on second round of addressing the comments which were submitted on May 8, 2020 and expect plans to be approved by June 2020. The resubmittals and reviews were delayed because of COVID 19. **MILESTONE COMPLETED.**

(4). Construction Bids, Contractor selection and Schedule - Construction documents were advertised for Bids on February 28, 2020. We have reviewed the bids and selection of contractors occurred on March 20, 2020. **MILESTONE COMPLETED.**

(5). Century Communities - Closing Documents - COVID 19 pandemic has delayed the willingness of the production homebuilders to close on Tract H of the project development. All of the production builders we work with have reported they have taken a sixty to ninety day “pause” in acquiring land for new development. That being said, Century has committed to move forward provided bonds have been issued necessary to fund the SIA obligations of CV Filing 1. We are in the process of finalizing all closing documents and expect to be in final form by June 15th.

In summary, we have spent a lot of money and worked very diligently in completing the work above despite the COVID 19 pandemic and the challenges it has presented. We understand that the Town has been generous providing us extensions but do believe the extensions were warranted because of the issues resulting from the jurisdictional determination by the Army Corp of Engineers upon the expiration of the non-jurisdictional determination in February 2017 on Green Acres Tributary. There has been a lot of time lost due to the work necessary to get the redesign and permitting of the GAT through the Corp which has been necessary to keep the project moving forward. This work has more than doubled the cost of the Green Acres Tributary, but it is now completed.

In summary, we are asking for a *six-month extension* for:

- The expiration date of the Minor Development Plat for Compark Village South Filing No. 1 and approve the subdivision agreement for Compark Village South Filing No. 1 through December 31, 2020
- The expiration date of the Final Plats for Compark Village South Filing No. 2 and Compark Village South Filing No. 2- Amendment 1 through June 30, 2021.

I earnestly hope you can appreciate the amount of work and effort the Town staff and our team have exerted to get to this point. We believe it would be very counterproductive to not have the time to get the bonds issued and close this deal.

I am hopeful you will agree to this and am prepared to attend the Town Council meeting on June 15th to address any questions.

Sincerely,

Michael Vickers
Developer, MPV Compark Management

RESOLUTION NO. 20-031, Series of 2020

TITLE: A RESOLUTION TO AMEND RESOLUTION NO. 19-105, SERIES OF 2019 TO EXTEND THE EXPIRATION DATE OF THE FINAL PLATS FOR COMPARK VILLAGE SOUTH FILING NO. 2 AND COMPARK VILLAGE SOUTH FILING NO. 2 – AMENDMENT NO. 1 THROUGH JUNE 30, 2021

WHEREAS, the Town approved the final plats for Compark Village South Filing No. 2 and Compark Village South Filing No. 2 – Amendment No. 1 on April 23, 2017 (the “Final Plats”);

WHEREAS, Section 13.07.080(h)(1) of the Parker Municipal Code provides that the failure “to submit all required documentation, including applicable security, within ninety (90) days [of approval] shall render approval of the final plat “null and void;”

WHEREAS, Section 13.07.080(h)(2) of the Parker Municipal Code allows the Planning Director to grant “no more than one (1) extension of time, of no more than thirty (30) days . . .;”

WHEREAS, the Planning Director provided a 30-day extension of time on November 21, 2017;

WHEREAS, Town Council approved Resolution No. 17-064, Series of 2017, to extend the expiration date of the Final Plats to December 31, 2018;

WHEREAS, Town Council approved Resolution No. 18-092, Series of 2018, to extend the expiration date of the Final Plats to December 31, 2019;

WHEREAS, Town Council approved Resolution No. 19-105, Series of 2019, to extend the expiration date of the Final Plats to December 31, 2020, subject to the provision of the financial guarantee for Compark Village South Filing No. 1 and the recordation of the fully executed Subdivision Agreement for Compark Village South Filing No. 1. on or before June 1, 2020;

WHEREAS, the extension of the expiration date of the Final Plats can only be granted by Town Council under Section 13.01.090 of the Parker Municipal Code, if the Town Council determines that the request of the property owner is in the public interest; and

WHEREAS, the Town Council determines that the construction of Belford Avenue, which will provide access to the Final Plats, is in the public interest and desires to grant the extension of the expiration of the Final Plats, subject to the terms and conditions contained in this Resolution.

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF PARKER, COLORADO, AS FOLLOWS:

Section 1. The Town Council of the Town of Parker, Colorado, based upon the recitals of this Resolution, authorizes the extension of the expiration date of the Final Plats

through June 30, 2021, subject to (1) the provision of the financial guarantee for Compark Village South Filing No. 1 and the recordation of the fully executed subdivision agreement for Compark Village South Filing No. 1 on or before June 30, 2021; and (2) the provision of the financial guarantee for Compark Filing No. 2 and Compark Village South Filing No. 2 – Amendment No. 1, and the recordation of the fully executed subdivision agreements for these filings on or before June 30, 2021.

RESOLVED AND PASSED this _____ day of _____, 2020.

Title: **ORDINANCE NO. 5.37.1 - Second Reading**
A Bill for an Ordinance to Amend Chapter 4.05 of the Parker Municipal Code Regarding Unclaimed Property

Department: Town Attorney, Kristin Schledorn

EXECUTIVE SUMMARY

This ordinance revises Chapter 4.05 of the Parker Municipal Code to comply with changes required by SB 19-088, concerning the adoption of the Revised Uniform Unclaimed Property Act.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

SB 19-088, which takes effect on July 1, 2020, adopts the Revised Uniform Unclaimed Property Act. In order for the provisions of the Act to not apply to a local government, the local government must adopt an ordinance relating to the disposition of property, which (1) requires the Town to hold the property for the owner for at least five years after it is presumed abandoned under C.R.S. 38-13-201(1)(j) (one year after the property becomes distributable); and (2) provides the State Treasurer with specified information concerning such property. This ordinance makes those changes to Chapter 4.05 of the Parker Municipal Code, entitled Unclaimed Property.

FINANCIAL IMPACT

Minimal impact, primarily related to increased administrative time.

STRATEGIC GOAL(S)

ATTACHMENTS

1. Ordinance No. 5.37.1

RECOMMENDED MOTION

I move to approved Ordinance No. 5.37.1 on second reading.

ORDINANCE NO. 5.37.1, Series of 2020

TITLE: A BILL FOR AN ORDINANCE TO AMEND CHAPTER 4.05 OF THE PARKER MUNICIPAL CODE REGARDING UNCLAIMED PROPERTY

NOW, THEREFORE, THE TOWN COUNCIL OF THE TOWN OF PARKER, COLORADO, ORDAINS:

Section 1. Section 4.05.020 of the Parker Municipal Code is amended to read as follows:

4.05.020 Definitions.

Unless otherwise required by context or use, words and terms shall be defined as follows:

* * *

Unclaimed property means any tangible or intangible property, including any income or increment derived therefrom, less any lawful charges, that is held by or under the control of the Town and which has not been claimed by its owner for a period of more than ~~two (2)~~ **six (6)** years after it became ~~payable~~ ~~or~~ distributable. For the purposes of this Chapter, *unclaimed property* shall not include lost, abandoned or recovered stolen personal property, as provided in Chapter 8.14 of this Code. The disposition of lost, abandoned or recovered stolen personal property shall be governed by the provision contained in Chapter 8.14, notwithstanding any provision of this Chapter.

Section 2. Chapter 4.05 of the Parker Municipal Code is amended by the addition of a new Section 4.05.040, Annual notice to State Treasurer, to read as follows:

4.05.040 Annual notice to State Treasurer.

The Finance Director shall provide the State Treasurer with an alphabetical list of the owners for whom the Town holds property that is presumed abandoned under this Chapter and the value of such property. Such information shall be provided to the State Treasurer in electronic format.

Section 2. Safety Clause. The Town Council hereby finds, determines and declares that this Ordinance is promulgated under the general police power of the Town of Parker, that it is promulgated for the health, safety and welfare of the public, and that this Ordinance is necessary for the preservation of health and safety and for the protection of public convenience and welfare. The Town Council further determines that the Ordinance bears a rational relation to the proper legislative object sought to be obtained. The Town Council further finds that the title to this Ordinance was posted in two public places two days before the Town Council meeting, as provided by Section 7.5e. of the Town of Parker Home Rule Charter.

Section 3. Severability. If any clause, sentence, paragraph or part of this Ordinance or the application thereof to any person or circumstances shall for any reason be adjudged by a court of competent jurisdiction invalid, such judgment shall not affect application to other persons or circumstances.

Section 4. This Ordinance shall become effective ten (10) days after final publication.

Title: **ORDINANCE NO. 5.32.5 - Second Reading**
A Bill for an Ordinance to Amend Section 10.01.060 of the
Parker Municipal Code Concerning Pedestrians on Medians
and Shoulders

Department: Town Attorney, Jamie Wynn

EXECUTIVE SUMMARY

The purpose of this amendment is to update the Parker Municipal Code to address safety concerns with respect to pedestrians located on certain medians and shoulders on and along the roadways in the Town.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

The Code section entitled Solicitation on or near street or highway, has been retitled as Pedestrians on medians and shoulders, and has been modified to further detail the specific traffic flow considerations and operations as well as the focus on the safety concerns of pedestrians on certain medians and shoulders which pose a higher safety risk for pedestrian traffic.

Under the applicable national standards, the recommended minimum safe width for pedestrian safety islands is 6 feet. In the Town of Parker, the majority of roadways that would be subject to this proposed Ordinance have medians that exceed 7 feet in width, with the exception of these medians that narrow at intersections for specific purposes, such as accommodating left-hand turn lanes.

The suggested changes to this Code section, focus specifically on detailing the safety concerns for any individual located on any narrow or unraised portion of a median or shoulder, and provide for certain specific listed exceptions.

FINANCIAL IMPACT

None.

STRATEGIC GOAL(S)

PROMOTE A SAFE AND
HEALTHY COMMUNITY

RECOMMENDED MOTION

I move to approve Ordinance No. 5.32.4 on second reading.

ORDINANCE NO. 5.32.5, Series of 2020

TITLE: A BILL FOR AN ORDINANCE TO AMEND SECTION 10.01.060 OF THE PARKER MUNICIPAL CODE CONCERNING PEDESTRIANS ON MEDIANS AND SHOULDERS

NOW, THEREFORE, THE TOWN COUNCIL OF THE TOWN OF PARKER, COLORADO, ORDAINS:

Section 1. Section 10.01.060 of the Parker Municipal Code is amended to read as follows:

10.01.060 ~~Solicitation on or near street or highway.~~ Pedestrians on medians and shoulders.

(a) The purpose of this Section is to prevent dangers to persons and property, to prevent delays and to avoid interference with the traffic flow. Roadways that have center medians often are designed to deal with specific traffic flow considerations ~~problems~~. Any delay or distraction may interfere with traffic operations and safety planning. ~~Sometimes persons stand near intersections and near traffic lights to contact drivers or passengers in cars that are passing or that are stopped temporarily due to traffic lights.~~

(b) Furthermore, pedestrians on narrow raised medians, or on medians and shoulders without curbs that are not raised from the adjacent vehicular travel lane, pose a public safety hazard.

(b) (c) It shall be unlawful for any person to ~~solicit employment, business, contributions or sales of any kind, or collect monies for the same, from the occupant of any vehicle traveling upon any street or highway when such solicitation or collection:~~ sit, stand, or otherwise be located on any median without curb(s) and that is not raised from the adjacent vehicular travel lane, any raised median which is less than seven (7) feet in width measured from the curb face(s), or any shoulder without a curb and that is not raised from the adjacent vehicular travel lane within seven (7) feet measured from of the edge of street pavement or outside lane striping. This provision does not apply to roadways with posted speeds of twenty-five (25) miles per hour or less or private roadways.

(1) ~~Causes the person performing the activity to enter onto the traveled portion of a street or highway.~~

(2) ~~Involves the person performing the activity to be located upon any median area which separates traffic lanes for vehicular travel in opposite directions.~~

~~(3) The person performing the activity is located such that vehicles cannot move into a legal parking area to safely conduct the transaction.~~

~~(c) It shall be unlawful for any person to solicit or attempt to solicit employment, business or contributions of any kind from the occupant of any vehicle on any highway included in the interstate system, including any entrance to or exit from such highway.~~

~~(d) For purposes of this Section, the traveled portion of the street or highway shall mean that portion of the road normally used by moving motor vehicle traffic.~~

(d) The following shall be exceptions to this Section:

(1) Public Works, Police, Parks or other public safety personnel engaged in the performance of their official duties.

(2) Any contractors or utility company personnel specifically authorized by the state or the Town to access a restricted median or shoulder, who are engaged in the performance of their job duties.

(3) Pedestrians utilizing a restricted median or restricted shoulder as a refuge at a designated crosswalk because they were not able to safely cross the entire roadway

(4) Any provision of the Model Traffic Code, as adopted under Section 7.01.020 of this Chapter, that specifically allows for pedestrians or wheelchairs on medians or shoulders.

(e) A violation of this Section shall be civil in nature and punishable by civil penalties of not more than four hundred ninety-nine dollars (\$499.00) to be determined and assessed at the discretion of the Municipal Judge. No jail sentence shall be available as a possible penalty for such a violation.

Section 2. **Safety Clause.** The Town Council hereby finds, determines and declares that this Ordinance is promulgated under the general police power of the Town of Parker, that it is promulgated for the health, safety and welfare of the public, and that this Ordinance is necessary for the preservation of health and safety and for the protection of public convenience and welfare. The Town Council further determines that the Ordinance bears a rational relation to the proper legislative object sought to be obtained. The Town Council further finds that the title to this Ordinance was posted in two public places two days before the Town Council meeting, as provided by Section 7.5e. of the Town of Parker Home Rule Charter.

Section 3. **Severability.** If any clause, sentence, paragraph or part of this Ordinance or the application thereof to any person or circumstances shall for any reason be adjudged by a court of competent jurisdiction invalid, such judgment shall not affect application to other persons or circumstances.

Section 4. This Ordinance shall become effective ten (10) days after final publication.

Title: **CHERRY CREEK SOUTH METROPOLITAN DISTRICT NO. 10**
(Continued from 5/18/20 and continued from 6/4/20)

Department: Town Attorney, Kristin Hoffmann

EXECUTIVE SUMMARY

The resolution approves the service plan for Cherry Creek South Metropolitan District No. 10. The ordinance approves the intergovernmental agreement with the District.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

In October 2004, the Town Council approved the Consolidated Service Plan (the “Original Service Plan”) for Cherry Creek South Metropolitan District Nos. 2 – 11 (the “Cherry Creek Districts”). At the time of Town approval of the Original Service Plan it was anticipated that the Cherry Creek Districts would collectively undertake the financing and construction of the public improvements. However, as a result of the sale of the property to differing interests with differing development plans, it is no longer feasible or practicable for the Cherry Creek Districts to operate under the Original Service Plan.

In 2016, the Town Council approved the amended and restated consolidated service plan for District Nos. 2 and 3, and they operate independently from District Nos. 4-11. District No. 10 has submitted an application to amend and restate its service plan. This plan is submitted and processed under the recently approved metropolitan district policies.

FINANCIAL IMPACT

Under the terms of the intergovernmental agreement, the District agrees to impose a property tax of 5 mills, which will be remitted to the Town for the planning, design, financing, acquisition, construction, operation and maintenance of the Town infrastructure identified in Exhibit B of

the intergovernmental agreement.

Re: Amended and Restated Service Plans for Cherry Creek South Metropolitan District Nos. 4-11

The following sets forth an analysis on the proposed Amended and Restated Service Plans (“Service Plans”) for Cherry Creek South Metropolitan District Nos. 4-11 (the “Districts”) which are set for a public hearing before the Town Council on May 18, 2020. This report summarizes key information about the Districts and the Service Plans.

Cherry Creek South Metropolitan District Nos. 4-11

Developer: Anthology West Acquisition

Attorney: White Bear Ankele Tanaka & Waldron (Kristin Bowers Tompkins and Megan Murphy)

Finance: D.A. Davidson & Co.

Accounting: CliftonLarsonAllen

Engineer: Redland

Bond Counsel: Ballard Spahr (Kim Reed)

Location: Between Hess Road and Stroh Road, on either side of Chambers Road

Area/Land Use: Area: approximately 1056 acres, broken down as follows:

District No. 4	203 Acres
District No. 5	187 Acres
District No. 6	125 Acres
District No. 7	43 Acres
District No. 8	236 Acres
District No. 9	182 Acres
District No. 10	67 Acres
District No. 11	13 Acres

Land Use:

District Nos. 4-6 (residential)
District Nos. 7-9 and 11 (residential and mixed use)
District No. 10 (commercial)

Build Out Schedule: Per Financial Plan, build out anticipated to occur:

2027 for District Nos. 4-6
2029 for District Nos. 7-9 and 11
2026 for District No. 10

Projected Assessed: Projected total assessed valuation (AV) for all development at completion of project build out, anticipated for completion year noted above (per Financial Plan, with 2-year lag for AV realization):

\$59,511,635 for District Nos. 4-6
\$63,476,558 for District Nos. 7-9 and 11
\$15,694,678 for District No. 10

Powers: To provide the Public Improvements, including street improvements; traffic and safety improvements; open space and trails; landscaping; parks and recreation improvements and facilities; retaining walls; irrigation and streetscape improvements; and drainage, detention and storm sewer improvements.

Improvement Costs: \$250,034,573, consisting of roadway, drainage, utility, grading and erosion control; landscaping, irrigation, open space, parks, trails, medians and streetscape; and local and regional improvements including the Hess Road Reimbursement, Canyons Trunk Sewer Reimbursement and outfall systems planning study update. Regional and local improvements are broken down as follows:

District Nos. 4-6: \$142,873,224
District Nos. 7-9 and 11: \$102,162,627
District No. 10: \$4,998,722

Debt Issuance: The Financial Plan anticipates an issuance of bonds, as follows:

District Nos. 4-6 in 2022 in the amount of \$136,275,000
District Nos. 7-9 and 11 in 2023 in the amount of \$133,215,000
District No. 10 in 2024 in the amount of \$94,975,000

All Debt must meet statutory requirements.

Debt Limit: \$170,343,750, combined for Districts 4-6
 \$166,518,750, combined for Districts 7-9 and 11
 \$10,000,000, for District 10

Mill Levy: 77 mills total, comprised of up to 55 mills for debt service (Maximum Debt Mill Levy), subject to a Mill Levy Adjustment; up to 10 mills for operations and maintenance (Operations and Maintenance Mill Levy); 5 mills for regional infrastructure (Infrastructure Capital Mill Levy), subject to a Mill Levy Adjustment; and 5 mills to be remitted to the Town (Town Capital and Maintenance Mill Levy), subject to a Mill Levy Adjustment, to be used for specified projects, including the park tract and associated improvements in Planning Area 43; all roadways and storm sewer constructed in Town ROW; regional roadways serving the Districts; storm sewer, detention ponds, stream improvements, and storm water conveyance infrastructure located on Town, HOA or District-owned property that is eligible for maintenance through the Town's Stormwater Utility; and the widening of Chambers Road through the District boundaries.

Comments:

1. The proposed Service Plans and intergovernmental agreements generally conform to the Town's Model Service Plan and IGA.
2. The Cherry Creek South Metropolitan District Nos. 2-11 were organized in 2004.
3. The proposed Service Plans identify a Mill Levy Adjustment, which allows the mill levies to be adjusted (Gallagherized) using 2019 as the base year.

RESOLUTION NO. 20-020, Series of 2020

TITLE: A RESOLUTION TO APPROVE THE AMENDED AND RESTATED SERVICE PLAN FOR CHERRY CREEK SOUTH METROPOLITAN DISTRICT NO. 10

WHEREAS, by Resolution No. 04-078.1, the Town Council of the Town of Parker (the “Town”) on October 4, 2004, approved the Consolidated Service Plan for the organization of the Cherry Creek South Metropolitan District Nos. 2-11; and

WHEREAS, Cherry Creek South Metropolitan District No. 10 (the “District”) has filed an Amended and Restated Service Plan (the “Service Plan”) in the office of the Town Clerk of the Town of Parker; and

WHEREAS, the Town, pursuant to C.R.S. § 32-1-101, *et seq.*, (the “Special District Act”) and Chapter 10.11 of the Town of Parker Municipal Code (the “Code”), has the authority to approve service plans for metropolitan districts that are organized within the Town’s boundaries; and

WHEREAS, the Town Council has reviewed the Service Plan, the evidence and related exhibits, and has determined that the same meets the municipal approval criteria under the Special District Act and the Code, and therefore, has determined to adopt a resolution of approval of the Service Plan for the District; and

WHEREAS, a copy of the Service Plan is attached hereto as **Exhibit 1** and incorporated herein by reference; and

WHEREAS, notice of the public hearing before the Town Council for its consideration of the Service Plan was duly published in the *Denver Post* on April 27, 2020, in accordance with the Special District Act, as evidenced by the Affidavit of Publication attached hereto as **Exhibit 2** and incorporated herein by reference; and

WHEREAS, in accordance with the Special District Act, notice of the hearing before the Town Council was also duly mailed by first class mail on April 27, 2020, to all property owners within the boundaries of the District and to interested persons, defined as follows: (1) the Colorado Division of Local Government; and (2) the governing body of any municipality or special district which has levied an ad valorem tax within the next preceding tax year, and which has boundaries within a radius of three miles of the District’s boundaries, as evidenced by the Certificate of Mailing of Notice of Hearing to Three Mile Radius Entities attached hereto as **Exhibit 3** and incorporated herein by reference; and

WHEREAS, the boundaries of the District are wholly contained within the boundaries of the Town; and

WHEREAS, pursuant to the provisions of the Special District Act and the Code, the Town Council held a public hearing on the Service Plan for the District on June 15, 2020; and

WHEREAS, the Town Council considered the Service Plan, and all other testimony and evidence presented at said hearing.

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF PARKER, COLORADO, AS FOLLOWS:

Section 1. The Town Council hereby determines that the hearing before the Town Council was open to the public; all interested parties were heard or had the opportunity to be heard; and all relevant testimony and evidence submitted to the Town Council was considered.

Section 2. The Town Council hereby determines that the requirements of the Special District Act and the Code, relating to the filing of the Service Plan for the District, and the requirements of C.R.S. § 32-1-204 relating to notice of the hearing by the Town Council, and the requirements of the Special District Act and the Code, relating to the approval by the Town Council, have been fulfilled.

Section 3. Upon consideration of the Service Plan for the District, and evidence at the public hearing on the Service Plan, the Town Council does find, determine and declare, as required by C.R.S. § 32-1-203 and the Code, as follows:

1. There continues to be sufficient existing and projected need for organized service in the area to be serviced by the District;

2. That the existing service in the area to be served by the District continues to be inadequate for present and projected needs;

3. That the District is capable of providing economical and sufficient service to the area within its boundaries;

4. That the area included in the District has, or will have, the financial ability to discharge the proposed indebtedness on a reasonable basis;

5. That adequate service is not or will not be available to the area through the Town or other existing quasi-municipal corporations, including existing districts, within a reasonable time and on a comparable basis;

6. That the facility and service standards of the District are compatible with the facility and service standards of the Town;

7. That the Service Plan is in substantial compliance with the Town's master plan;

8. That the Service Plan is in substantial compliance with the county, regional or state long-range water quality management plan for the area;

9. That approval of the Service Plan for the District will be in the best interests of the area to be served;

10. That approval of the Service Plan for the District will be in the best interests of the residents or future residents of the area proposed to be served;

11. That the Service Plan is in substantial compliance with Sections 10.11.010, *et seq.*, of the Code; and

12. That the approval of the Service Plan for the District will not foster urban development that is remote from or incapable of being integrated with existing urban areas, or place a burden on the Town or adjacent jurisdictions to provide urban services to residents of the District.

Section 4. The Town Council hereby finds that approval of the Service Plan is in the best interests of the property to be served, the Town and the District.

Section 5. The Town Council hereby approves the Service Plan for the District as submitted.

Section 6. A certified copy of this Resolution shall be filed in the records of the Town and the Douglas County Clerk and Recorder.

RESOLVED AND PASSED this _____ day of May, 2020.

I. INTRODUCTION

A. Background

On October 4, 2004, by Resolution No. 04-078.1, Series of 2004, the Town approved the Consolidated Service Plan (the “**Original Service Plan**”) for the Cherry Creek South Metropolitan District Nos. 2-11 (collectively, the “**Cherry Creek Districts**”).

At the time of Town approval of the Original Service Plan it was anticipated that the Cherry Creek Districts would collectively undertake the financing and construction of the Public Improvements (as defined in the Original Service Plan). As a result of slowing economic conditions, subsequent to the approval of the Original Service Plan the original developer of the project sold various parcels to different owners and developers, resulting in a diversity of property ownership within the Cherry Creek Districts. As a result of the sale of property to differing interests with differing development plans, it is no longer feasible or practicable for the Cherry Creek Districts to operate together under the Original Service Plan.

In 2016, Cherry Creek South Metropolitan District Nos. 2 and 3 (“**District Nos. 2 and 3**”) obtained approval of an Amended and Restated Consolidated Service Plan applicable to District Nos. 2 and 3 only. District Nos. 2 and 3 now operate independently from Cherry Creek South Metropolitan District Nos. 4-11 (“**District Nos. 4-11**”). District Nos. 4-11 currently operate under the Original Service Plan, however, the current owner of the property within District Nos. 4-11 anticipates selling additional parcels to differing groups in the future, resulting in an even more diverse property ownership and diverse development plans. As a result, District Nos. 4-11 have determined that development of the project and financing and construction of the Public Improvements may occur at different times. District Nos. 4-11 have determined that Cherry Creek South Metropolitan District Nos. 4-6 (the “**Districts**”) will serve the property subject to this Service Plan, Cherry Creek South Metropolitan District Nos. 7, 8, 9, and 11 (“**District Nos. 7, 8, 9, and 11**”) will serve the property currently planned in the future for residential and mixed use development, and Cherry Creek South Metropolitan District No. 10 (the “**District**”) will serve the property currently planned for commercial development.

As a result of the diversity of property ownership and differing plans and timing for development, District Nos. 4-11 desire to operate independently from one another under different service plans. This Amended and Restated Service Plan for Cherry Creek South Metropolitan District No. 10 (the “**Service Plan**”) is in compliance with the Special District Act and Chapter 10.11 of the Town Code. The District is requesting approval of this Service Plan to conform with the new Town model Service Plan, update the Financial Plan and Capital Plan to reflect current development plans and to remove references to the remainder of the Cherry Creek Districts. District Nos. 4-9 and 11 consent to this Service Plan. Simultaneous with the processing of this Service Plan, District Nos. 4-9 and 10 are each processing Amended and Restated Service Plans. Upon approval of this Service Plan by the Town, the District shall operate independently from the other Cherry Creek Districts. This Service Plan entirely replaces and supersedes the Original Service Plan as it applies to District Nos. 4-11.

B. Purpose and Intent

The District is an independent unit of local government, separate and distinct from the Town, and, except as may otherwise be provided for by State or local law, or this Service Plan, its activities are subject to review by the Town only insofar as they may deviate in a material matter from the requirements of the Service Plan, Chapter 10.11 of the Town Code or the Intergovernmental Agreement. It is intended that the District will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the District. The primary purpose of the District will be to finance the construction of these Public Improvements.

The District is not being created to provide ongoing operations and maintenance services other than as specifically set forth in this Service Plan and the Intergovernmental Agreement.

C. Need for the District

The District was previously organized to provide the Public Improvements needed for the Project. There are still no other governmental entities, including the Town, located in the immediate vicinity of the District that consider it desirable, feasible or practical to undertake the planning, design, acquisition, construction, installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. The District is therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

D. Objective of the Town Regarding District's Service Plan

The Town's objective in approving the Service Plan for the District is to authorize the District to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment and financing of the Public Improvements from the proceeds of Debt to be issued by the District. All Debt is expected to be repaid by limited taxes and Development Fees imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term for residential properties and at a tax mill levy no higher than the Maximum Debt Mill Levy, for commercial and residential properties, and the District shall be authorized to finance the Public Improvements that can be funded from these sources of repayment. The Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy may also be pledged to the repayment of Debt, as set forth in the Intergovernmental Agreement. Debt which is issued within these parameters (as further described in the Financial Plan) will insulate property owners from excessive tax burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This Service Plan is intended to establish a limited purpose for the District and explicit financial constraints that are not to be violated under any circumstances. The primary purpose of the District is to provide for the Public Improvements associated with the Project, including those regional improvements necessitated by the Project. Ongoing operational and maintenance activities may be allowed, but only as specifically provided for in the Intergovernmental Agreement.

It is the intent of this Service Plan to assure to the extent possible that no commercial or residential property bear an economic burden that is greater in amount than that associated with the Maximum Debt Mill Levy and that no property developed for a residential use bear an economic burden in the form of the Maximum Debt Mill Levy that is longer in duration than that associated with the Maximum Debt Mill Levy Imposition Term, even under bankruptcy or other unusual situations. Generally, the cost of Public Improvements that cannot be funded within these parameters and the financing capacity of the District are not costs to be paid by the District. Costs of required Public Improvements that cannot be financed by the District are expected to be financed by the property owner or developer of the Project.

II. DEFINITIONS

In this Service Plan, the following terms shall have the meanings indicated below, unless the context hereof clearly requires otherwise:

Approved Development Plan: means a development plan or other process established by the Town (including, but not limited to, approval of a final plat, minor development plat or site plan by the Town planning commission or by the Town Council) for identifying, among other things, Public Improvements necessary for facilitating development for property within the Service Area as approved by the Town pursuant to the Town Code and as amended pursuant to the Town Code from time to time. An Approved Development Plan does not include any plan, process or approval denoted as preliminary under the Town Code. The Planned Development Guide approved by the Town on September 21, 2015, and any amendments thereto, is an Approved Development Plan for purposes of this Service Plan.

Board: means the board of directors of the District.

Bond, Bonds or Debt: means bonds or other obligations for the payment of which the District has promised to impose an *ad valorem* property tax mill levy.

Capital Plan: means the Capital Plan described in Section V.B. which includes: (a) a comprehensive list of the Public Improvements to be developed by the District; (b) an engineer's estimate of the cost of the Public Improvements; and (c) a pro forma capital expenditure plan correlating expenditures with development.

Development Fee: means the one-time development or system development fee imposed by the District on a per-unit (*residential*) or per square-foot (*non-residential*) basis at or prior to the issuance of a certificate of occupancy for the unit or structure to assist with the planning and development of the Public Improvements, subject to the limitations set forth in Section VI.E. of the Service Plan. The Development Fee may be used to finance, plan, acquire, and construct the Public Improvements, and pay debt service.

District or District No. 10: means Cherry Creek South Metropolitan District No. 10.

District Boundaries: means the boundaries of the area described in the District Boundary Map.

District Boundary Map: means the map attached hereto as **Exhibit C**, depicting the Boundaries of the District.

External Financial Advisor: means a consultant that: (1) advises Colorado governmental entities on matters relating to the issuance of securities by Colorado governmental entities, including matters such as the pricing, sales and marketing of such securities and the procuring of bond ratings, credit enhancement and insurance in respect of such securities; (2) shall be an underwriter, investment banker, or individual listed as a public finance advisor in the Bond Buyer's Municipal Market Place; and (3) is not an officer or employee of the District and has not been otherwise engaged to provide services in connection with the transaction related to the applicable Debt.

Financial Plan: means the Financial Plan described in Section VI which describes (a) how the Public Improvements are to be financed; (b) how the Debt is expected to be incurred; (c) the estimated operating revenue derived from property taxes for the first budget year; (d) the total amount of Debt planned for at least the five-year period commencing with the approval of this Service Plan; (e) all proposed sources of revenue and projected District expenses, as well as the assumptions upon which they are based, for at least a ten-year period from the date of approval of this Service Plan; (f) the dollar amount of any anticipated financing, including capitalized interest, costs of issuance, estimated maximum rates and discounts, and any expenses related to the organization and initial operation of the District; (g) a detailed repayment plan covering the life of any financing, including the frequency and amounts to be collected from all sources; (h) the amount of any reserve fund and the expected level of annual Debt service coverage which will be maintained for any financing; (i) the total authorized Debt for the District; (j) the provisions regarding any credit enhancement, if any, for the proposed financing, including, but not limited to, letters of credit and insurance; and (k) a list and written explanation of potential risks of the financing.

Infrastructure Capital Mill Levy: means 5 mills that shall be levied by the District and either retained by the District or remitted to the Town (or a combination thereof) and used for the planning, design and construction of infrastructure that the Town determines is necessary or desirable in connection with the impacts of development in the District. The utilization of the Infrastructure Capital Mill Levy shall be determined in the Intergovernmental Agreement. The Infrastructure Capital Mill Levy shall be imposed by the District beginning the first year the District certifies a debt service mill levy and shall be subject to the Mill Levy Adjustment.

Intergovernmental Agreement: means the intergovernmental agreement required by Town Code Section 10.11.140(a), and attached hereto as **Exhibit H**.

Map Depicting Public Improvements: means the map attached hereto as **Exhibit E**, showing the location(s) of the Public Improvements listed in the Capital Plan.

Maximum Debt Mill Levy: means the maximum mill levy the District is permitted to impose for payment of Debt as set forth in Section VI.C below. The Maximum Debt Mill Levy shall be subject to the Mill Levy Adjustment.

Maximum Debt Mill Levy Imposition Term: means the maximum term for imposition of a mill levy on a particular property developed for residential uses as set forth in Section VI.D below.

Mill Levy Adjustment: means, if, on or after January 1, 2019, there are changes in the method of calculating assessed valuation or any constitutionally mandated tax credit, cut or abatement, the mill levy to which the Mill Levy Adjustment applies may be increased or decreased to reflect such changes, such increases and decreases to be determined by the Board in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenues generated by the applicable mill levy, as adjusted for changes occurring after January 1, 2019, are neither diminished nor enhanced as a result of such changes. For purposes of the foregoing, a change in the ratio of actual valuation shall be deemed to be a change in the method of calculating assessed valuation.

Operation and Maintenance Mill Levy: means the maximum number of mills (not to exceed 10 mills) the District may levy, as set forth in the Intergovernmental Agreement, to pay for the costs of ongoing administrative, accounting and legal services of the District, and, if applicable, the costs of maintaining certain regional Public Improvements, as the same are identified in the Intergovernmental Agreement.

Project: means the development or property commonly referred to as Anthology.

Public Improvements: means a part or all of the improvements authorized to be planned, designed, acquired, constructed, installed, relocated, redeveloped as part of an Approved Development Plan and financed as generally described in the Special District Act, except as specifically limited in Section V below to serve the future taxpayers and inhabitants of the Service Area as determined by the Board of the District.

Service Area: means the property within the boundaries of the District.

Service Plan: means this service plan for the District approved by Town Council.

Service Plan Amendment: means an amendment to the Service Plan approved by Town Council in accordance with Chapter 10.11 of the Town Code and the applicable state law.

Special District Act: means Section 32-1-101, *et seq.*, of the Colorado Revised Statutes, as amended from time to time.

State: means the State of Colorado.

Town: means the Town of Parker, Colorado.

Town Capital and Maintenance Mill Levy: means 5 mills that shall be levied by the District and either retained by the District or remitted to the Town and used for the construction and maintenance of infrastructure that the Town determines is necessary or desirable in connection with the impacts of development in the District. The utilization of the Town Capital and Maintenance Mill Levy shall be determined in the Intergovernmental Agreement. The Town Capital Maintenance Mill Levy shall be imposed by the District

beginning the first year the District certifies a debt service mill levy and shall be subject to the Mill Levy Adjustment.

Town Code: means the Town of Parker Municipal Code, as may be amended and in effect from time to time.

Town Council: means the Town Council of the Town of Parker, Colorado.

III. BOUNDARIES

Following various inclusions and exclusions, the area of the District Boundaries includes approximately 66.591 acres. A legal description of the District Boundaries is attached hereto as **Exhibit A**. A map of the District Boundaries is attached hereto as **Exhibit C**. A vicinity map is attached hereto as **Exhibit B**. It is anticipated that the District's Boundaries may change from time to time as it undergoes inclusions and exclusions pursuant to Section 32-1-401, *et seq.*, C.R.S., and Section 32-1-501, *et seq.*, C.R.S., subject to the limitations set forth in Article V below.

IV. PROPOSED LAND USE/POPULATION PROJECTIONS/ASSESSED VALUATION

The Service Area consists of approximately 66.591 acres of land. The current assessed valuation of the Service Area is assumed to be \$0.00 for purposes of this Service Plan and, at build out, is expected to be sufficient to reasonably discharge the Debt under the Financial Plan.

Approval of this Service Plan by the Town does not imply approval of the development of a specific area within the District, nor does it imply approval of the number of residential units or the total site/floor area of commercial or industrial buildings which may be identified in this Service Plan or any of the exhibits attached thereto. The permitted level of the development within the Project is as contained within an Approved Development Plan.

Approval of this Service Plan by the Town in no way releases or relieves the developer of the Project, or the landowner or any subdivider of the Project property, or any of their respective successors or assigns, of obligations to construct public improvements for the Project or of obligations to provide to the Town such financial guarantees as may be required by the Town to ensure the completion of the Public Improvements, or of any other obligations to the Town under the Town Code or any applicable annexation agreement, subdivision agreement, or other agreements affecting the Project property or development thereof.

V. DESCRIPTION OF PROPOSED POWERS, IMPROVEMENTS AND SERVICES

A. Powers of the District and Service Plan Amendment

The District shall have the power and authority to provide the Public Improvements within and without the boundaries of the District as such power and authority is described in the Special District Act, and other applicable statutes, common law and the Constitution, subject to the limitations set forth in this Service Plan and the Intergovernmental Agreement.

1. Operations and Maintenance Limitation. The purpose of the District is to plan for, design, acquire, construct, install, relocate, redevelop and finance the Public Improvements. The District shall dedicate the Public Improvements to the Town or other appropriate jurisdiction or owners association in a manner consistent with the Approved Development Plan, other rules and regulations of the Town, and applicable provisions of the Town Code, all as directed by the Town. The District shall not be authorized to operate and maintain any part or all of the Public Improvements, or any other improvements, public or private, unless specifically provided for in the Intergovernmental Agreement.

2. Fire Protection Limitation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless such facilities and services are provided pursuant to an intergovernmental agreement with the Town. The authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system shall not be limited by this provision.

3. Television Relay and Translation; Mosquito Control, and Other Limitations. Unless such facilities and services are provided pursuant to the Intergovernmental Agreement, the District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate, maintain or provide: (a) any television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project; (b) any mosquito control facilities and services; (c) any solid waste disposal, collection and transportation facilities and services; and (d) any security, covenant enforcement and design review services.

4. Construction Standards Limitation. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the Town and of federal and state governmental entities having proper jurisdiction, and of those special districts that qualify as “interested persons” under Section 32-1-204(1), C.R.S., as applicable. The District will obtain the Town’s approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

5. Property Acquisition Limitation; Transfer Requirement. The District shall not exercise any power of dominant eminent domain against the Town without the prior written consent of the Town. The District shall at no expense to the Town transfer to the Town all rights-of-way, fee interests and easements that the Town determines are necessary for access to and operation and maintenance of the Public Improvements, consistent with the Approved Development Plan and to the extent such interests have not been acquired by the Town through such Development Plan process.

6. Privately Placed Debt Limitation. Prior to the issuance of any privately placed Debt, the District shall obtain the certification of an External Financial Advisor substantially as follows:

We are [I am] an External Financial Advisor within the meaning of the District’s Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by the District for the [insert the designation of the Debt] does not exceed a market [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

7. Inclusion and Exclusion Limitations. The District shall not include within any of its boundaries any property outside the Service Area without the prior written consent of the Town Council. The District shall not exclude any property from the District if such exclusion will result, or is reasonably anticipated to result, in detriment to the remaining residents and taxpayers within the District or to any of the District's bondholders.

8. Total Debt Issuance Limitation. The District shall not issue Debt in excess of \$10,000,000 total aggregate principal amount, provided that such limitation shall not be applicable to refunding Bonds issued by the District to refund outstanding Debt.

9. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities for which the Town is eligible to apply for, except as may be specifically authorized in an intergovernmental agreement with the Town. This Section shall not apply to specific ownership taxes which shall be distributed to and be a revenue source for the District without any limitation.

10. Consolidation Limitation. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the Town, unless such consolidation is with one of the other District Nos. 4-11.

11. Bankruptcy Limitation. All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy, the total debt issuance limitation, and the Maximum Debt Mill Levy Imposition Term have been established under the authority of the Town to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S. It is expressly intended that such limitations:

(a) shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Service Plan Amendment; and

(b) are, together with all other requirements of Colorado law, included in the "political or governmental powers" reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the "regulatory or electoral approval necessary under applicable nonbankruptcy law" as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy or the Maximum Debt Mill Levy Imposition Term, shall be deemed

a material modification of this Service Plan pursuant to Section 32-1-207, C.R.S. and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the Town as part of a Service Plan Amendment.

12. Revenue Bond Limitation. The District shall not issue revenue bonds where the revenue pledged to such bonds consists of fees, except as set forth in this Section. Prior to issuing any revenue bonds, the District shall submit all relevant details of such issuance to the Town Council, which may elect to treat the issuance of the revenue bonds as a material modification of the Service Plan. If the Town Council determines that the issuance of revenue bonds constitutes a material modification of the Service Plan, the District shall proceed to amend the Service Plan in accordance with Section 32-1-207, C.R.S. prior to issuing any revenue bonds.

13. Service Plan Amendment Requirement. This Service Plan is general in nature and does not include specific detail in some instances because development plans have not been finalized. The Service Plan has been designed with sufficient flexibility to enable the District to provide required Public Improvements under evolving circumstances without the need for numerous amendments. Modification of the general types of services and facilities making up the Public Improvements, and changes in proposed configurations, locations or dimensions of the Public Improvements shall be permitted to accommodate development needs consistent with the then-current Approved Development Plan(s) for the Project, subject to the limitations of this Service Plan and the Intergovernmental Agreement.

The District is an independent unit of local government, separate and distinct from the Town, and its activities are subject to review by the Town only insofar as they may deviate in a material manner from the requirements of the Service Plan, Chapter 10.11 of the Town Code, or the Intergovernmental Agreement. As such, any action of the District which: (1) violates the limitations set forth in Sections V.A.1-14 above; (2) violates the limitations set forth in Section VI.B-H; (3) constitutes a material modification under Town Code Section 10.11.060; or (4) constitutes a failure to comply with the Intergovernmental Agreement or other agreement with the Town, which non-compliance has not been waived in writing by the Town, shall be deemed to be a material modification to this Service Plan and the Town shall be entitled to all remedies available under State and local law to enjoin such action(s) of the District.

Any Town approval requirements contained in this Service Plan (including, without limitation, any provisions requiring that a change, request, occurrence, act or omission be treated as a Service Plan Amendment or be deemed a “material modification” of the Service Plan) shall remain in full force and effect, and, unless otherwise provided by resolution of the Town Council, such Town approval shall continue to be required, notwithstanding any future change in law modifying or repealing any statutory provision concerning service plans, amendments thereof or modifications thereto.

B. Capital Plan

The District shall have authority to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, and financing of the Public Improvements within the Service Area of the District and, to the extent necessary to improve adjacent streets and connect Public Improvements to existing infrastructure, without the boundaries of the District, all

to be more specifically defined in an Approved Development Plan. A Capital Plan, including: (1) a comprehensive list of the Public Improvements to be developed by the District; (2) an estimate of the cost of the Public Improvements, together with a letter from a Colorado professional registered engineer certifying that such costs are reasonable in the engineer's opinion and that such estimates were prepared based upon Town construction standards; and (3) a pro forma capital expenditure plan correlating expenditures with development is attached hereto as **Exhibit D**. Maps Depicting Public Improvements are attached hereto as **Exhibit E**. As shown in the Capital Plan, the estimated cost of the Public Improvements which may be planned for, designed, acquired, constructed, installed, relocated, redeveloped, or financed by the District is approximately \$4,998,722. Costs of required Public Improvements that cannot be financed by the District within the parameters of this Service Plan and the financial capability of the District are expected to be financed by the property owner or developer of the Project.

The District shall be permitted to allocate costs between such categories of the Public Improvements as deemed necessary in its discretion.

All of the Public Improvements described herein will be designed in such a way as to assure that the Public Improvements standards will be compatible with those of the Town and shall be in accordance with the requirements of the Approved Development Plan. All descriptions of the Public Improvements to be constructed, and their related costs, are estimates only and are subject to modification as engineering, development plans, economics, the Town's requirements, and construction scheduling may require. Upon approval of this Service Plan, the District will continue to develop and refine the Capital Plan and the Map Depicting Public Improvements, as necessary, and prepare for issuance of Debt. All cost estimates will be inflated to then-current dollars at the time of the issuance of Debt and construction. All construction cost estimates contained in **Exhibit D** assume construction to applicable standards and specifications of the Town and state and federal requirements.

VI. FINANCIAL PLAN

A. General

The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment of the Public Improvements from its revenues and by and through the proceeds of Debt to be issued by the District. The Financial Plan for the District shall be to issue such Debt as the District can reasonably pay within the Maximum Debt Mill Levy Imposition Term from revenues derived from the Maximum Debt Mill Levy and other legally available revenues. All bonds and other Debt issued by the District may be payable from any and all legally available revenues of the District, including general ad valorem taxes to be imposed upon all taxable property within the District. The District will also rely upon various other revenue sources authorized by law, such as interest, specific ownership taxes, advances from the Project owner or developer, and grants. The District is also authorized to assess and collect a Development Fee as set forth in Section VI.E, below. Unless specifically authorized in the Intergovernmental Agreement, the District shall not impose or assess any fees, rates, tolls, penalties, or charges other than the Development Fee without first obtaining Town approval of an amendment to this Service Plan, which amendment shall be deemed to be a material modification hereof.

The total Debt that the District shall be permitted to issue shall not exceed \$10,000,000 in aggregate principal amount. Debt is permitted to be issued on a schedule and in such year or years as the District determines shall meet the needs of the Capital Plan referenced above and the progression of the development, subject to compliance with this Service Plan. The \$10,000,000 that the District shall be permitted to issue is supported by the Financial Plan prepared by D.A. Davidson & Co., attached hereto as **Exhibit F**. D.A. Davidson & Co., shall attach a certification to the Financial Plan, certifying that based upon the assumptions contained therein and their professional opinion, the District is expected to retire all Debt referenced in the Financial Plan within the restrictions set forth in the Service Plan, including but not limited to the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term.

B. Maximum Voted Interest Rate and Maximum Underwriting Discount

The interest rate on any Debt is limited to the market rate at the time the Debt is issued. In the event of a default, the proposed maximum interest rate on any Debt shall not exceed twelve percent (12%). The proposed maximum underwriting discount will be four percent (4%). Debt, when issued, will comply with all relevant requirements of this Service Plan, State law and Federal law as then applicable to the issuance of public securities.

C. Maximum Debt Mill Levy

The “Maximum Debt Mill Levy” shall be the maximum mill levy the District is permitted to impose upon the taxable property within the District, and shall be determined as follows:

1. For the portion of any aggregate District Debt which exceeds 50% of the District’s assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be fifty-seven (57) mills less the number of mills necessary to pay unlimited mill levy Debt described in Section VI.C.2 below, subject to the Mill Levy Adjustment. As of the date of this Service Plan, the Mill Levy Adjustment allows for a Maximum Debt Mill Levy of fifty-seven (57) mills. Except for permitted Mill Levy Adjustments, the District’s mill levy shall not exceed the Maximum Debt Mill Levy. If the District otherwise proposes to adjust its mill levy above the Maximum Debt Mill Levy for the purpose of offsetting any constitutionally or legislatively mandated credit, cut, abatement or change in the method of calculating assessed valuation, the District shall first submit all relevant details of such proposed adjustment to the Town Administrator, who may approve such proposed adjustment in writing or refer the proposal to the Town Council, which may elect to treat the proposed mill levy adjustment as a material modification of the Service Plan. If the Town Council determines that such adjustment constitutes a material modification of the Service Plan, the District shall proceed to amend the Service Plan in accordance with Section 32-1-207, C.R.S. The District shall obtain written approval of the Town Administrator or of a Service Plan amendment prior to any such mill levy adjustment.

2. For the portion of any aggregate District Debt which is equal to or less than 50% of the District’s assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

3. For purposes of the foregoing, once Debt has been determined to be within Section VI.C.2 above, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the District's Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

D. Maximum Debt Mill Levy Imposition Term

The District shall not impose the Maximum Debt Mill Levy for repayment of any and all Debt (or use the proceeds of the Maximum Debt Mill Levy for repayment of Debt) on any single property developed for residential uses which exceeds forty (40) years after the year of the initial imposition of such Maximum Debt Mill Levy unless a majority of the Board of the District are residents of the District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S. *et seq.*

E. Operation and Maintenance Mill Levy

The District shall be permitted to levy up to 10 mills, subject to the Mill Levy Adjustment, for the purpose of paying for the costs of ongoing administrative, accounting and legal services of the District, and, if applicable, the costs of maintaining certain regional Public Improvements, as the same are identified in the Intergovernmental Agreement.

The estimated cost of engineering services, legal services and administrative services, together with the estimated costs of the District's organization and initial operations, are anticipated to be \$100,000, which will be eligible for reimbursement from Debt proceeds. The 2020 operating budget for the District is approximately \$50,000, which is anticipated to be derived from property taxes and other revenues, including owner or developer advances. The District shall maintain, from revenues derived from the Operation and Maintenance Mill Levy and other legally available revenues authorized under this Service Plan, sufficient funds to pay the District's operating costs.

F. Infrastructure Capital Mill Levy and Town Capital and Maintenance Mill Levy

The District shall levy the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy the first year the District certifies a debt service mill levy and the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy shall both be subject to the Mill Levy Adjustment.

The Infrastructure Capital Mill Levy shall be levied by the District and either retained by the District or remitted to the Town (or a combination thereof) and used for the planning, design and construction of infrastructure that the Town determines is necessary or desirable in connection with the impacts of development in the District, as set forth in the Intergovernmental Agreement. Likewise, the Town Capital and Maintenance Mill Levy shall be levied by the District and remitted to the Town and used for capital costs or for the maintenance of infrastructure that the Town determines is necessary or desirable in connection with the impacts of development in the District, also as set forth in the Intergovernmental Agreement.

The requirement that the District impose the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy shall exist for the duration of the life of the District.

G. Debt Repayment Sources

The District may impose the Maximum Debt Mill Levy on taxable property within its boundaries as a primary source of revenue for repayment of debt service. In no event shall the debt service mill levy in the District exceed the Maximum Debt Mill Levy or, for residential property within the District, the Maximum Debt Mill Levy Imposition Term.

Subject to the terms of the Intergovernmental Agreement, the District may also utilize the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy for the repayment of debt service.

The District may also collect a Development Fee, as allowed and limited by Colorado law, provided that such Development Fee does not exceed the following limits:

1. For each single-family detached residential unit, the Development Fee shall not exceed Two Thousand Dollars (\$2,000).
2. For each single-family attached or multi-family residential unit, the Development Fee shall not exceed One Thousand Five Hundred Dollars (\$1,500).
3. For a structure other than a single-family or multi-family residential structure, the Development Fee shall not exceed Twenty-Five Cents (\$0.25) per square foot of the structure.

The Development Fee set forth in this Service Plan may increase by up to the Consumer Price Index for Denver-Boulder, all items, all urban consumers (or its successor index for any years for which Consumer Price Index is not available) each year thereafter (as an inflation adjustment) commencing on January 1, 2019. In addition, should the Town's Model Service Plan be amended to allow for an increase in such Development Fees, such increase in Development Fees shall apply to the District. The Development Fee shall be collected prior to issuance of a certificate of occupancy. Unless specifically authorized in the Intergovernmental Agreement, the District shall not impose or assess any fees, rates, tolls, penalties, or charges other than the Development Fee, as limited above, without first obtaining Town approval of an amendment to this Service Plan, which amendment shall be deemed to be a material modification hereof.

H. Debt Instrument Disclosure Requirement

In the text of each Bond and any other instrument representing and constituting Debt, the District shall set forth a statement in substantially the following form:

By acceptance of this instrument, the owner of this Bond agrees and consents to all of the limitations in respect of the payment of the principal of and interest on this Bond contained herein, in the resolution of the District authorizing the issuance of this Bond, and in the Service Plan of the District.

A substantially similar statement describing the limitations in respect of the payment of the principal of and interest on Debt set forth in this Service Plan shall be included in any document used for the offering of the Debt for sale to persons, including, but not limited to, an owner or developer of property within the boundaries of the District. If no offering documents are used, then the District shall deliver the statement to any prospective purchaser of such Debt. The Town may by written notice to the District require modifications to the form of disclosures statement.

I. Security for Debt

The District shall not pledge any revenue, property or other assets of the Town as security for any District indebtedness. Approval of this Service Plan shall not be construed as a guarantee by the Town of payment of the District's obligations; nor shall anything in the Service Plan be construed so as to create any responsibility or liability on the part of the Town in the event of default by the District in the payment of any such obligation.

J. TABOR Compliance

The District will comply with the provisions of TABOR. In the discretion of the Board, the District may set up enterprises or nonprofit entities to manage, fund, construct and operate facilities, services, and programs. To the extent allowed by law, any entity created by a District will remain under the control of the District's Board. The activities of such enterprises and entities shall comply with the provisions of this Service Plan.

K. Subdistricts

The District may organize subdistricts or areas as allowed by Section 32-1-1101(1)(f), C.R.S., provided, however, that without the approval of the Town, any such subdistrict(s) or area(s) shall be subject to all limitations on debt and other provisions of the Service Plan. In accordance with Section 32-1-1101(1)(f)(I), C.R.S., the District shall notify the Town prior to establishing any such subdistrict(s) or area(s), and shall provide the Town with details regarding the purpose, location, and relationship of the subdistrict(s) or area(s). The Town Council may elect to treat the organization of any such subdistrict(s) or area(s) as a material modification of the Service Plan.

VII. ANNUAL REPORT

A. General

In accordance with Town Code Section 10.11.040, the District shall file an annual report with the Town Clerk not later than September 1st of each calendar year following approval of this Service Plan, which annual report shall reflect activity and financial events of the District through the preceding December 31 (the "report year"). The Town Council reserves the right, pursuant to Section 32-1-207(3)(c), C.R.S., to request an annual report from the District beyond

five (5) years after the District's organization. The District shall be not be required to file an annual report if the District has declared inactive status pursuant to Section 32-1-104, C.R.S.

B. Reporting of Significant Events

The annual report shall include the following:

1. A list of public infrastructure the District constructed or installed during the report year, and a schedule for the construction or installation of future public infrastructure, as well as any maintenance operations or activities the District has undertaken during the report year and maintenance operations or activities the District plans to undertake in the upcoming year;

2. Except when exemption from audit has been granted for the report year under the Local Government Audit Law, the audited financial statements of the District for the report year including a statement of financial condition (i.e., balance sheet) as of December 31 of the report year and the statement of operations (i.e., revenues and expenditures) for the report year;

3. Unless disclosed within a separate schedule to the financial statements, a summary of the capital expenditures incurred by the District in development of Public Improvements in the report year, as well as any Public Improvements proposed to be undertaken in the five (5) years following the report year;

4. Unless disclosed within a separate schedule to the financial statements, a summary of the financial obligations of the District at the end of the report year, including the amount of outstanding Debt, the amount and terms of any new Debt issued in the report year, the amount of payment or retirement of existing Debt of the District in the report year, the total assessed valuation of all taxable properties within the District as of January 1 of the report year and the current mill levy of the District pledged to Debt retirement in the report year;

5. The District's budget for the calendar year in which the annual report is submitted;

6. A summary of the residential and commercial development in the District for the report year;

7. A summary of all fees, charges and assessments imposed by the District as of January 1 of the report year;

8. Certification of the Board that no action, event or condition enumerated in Town Code Section 10.11.060 has occurred in the report year, or certification that such event has occurred but that an amendment to the Service Plan that allows such event has been approved by Town Council;

9. The name, business address and telephone number of each member of the Board and its chief administrative officer and general counsel, together with the date, place and time of the regular meetings of the Board; and

10. Certification from the Board of the District that the District is in compliance with all provisions of the Service Plan.

11. A copy of the most recent notice issued by the District, pursuant to Section 32-1-809, C.R.S.

12. A copy of any intergovernmental agreements entered into by the District since the filing of the last annual report.

VIII. DISSOLUTION

Upon an independent determination of the Town Council that the purposes for which the District was created have been accomplished, the District agrees to file a petition in the District Court for and in Douglas County, Colorado, for dissolution, pursuant to the applicable State statutes. In no event shall a dissolution occur until the District has provided for the payment or discharge of all of its outstanding indebtedness and other financial obligations as required pursuant to State statutes.

IX. DISCLOSURE TO PURCHASERS

The Town wants residential buyers to be aware of the additional tax burden to be imposed. The Town mandates early written and recorded notice of the total (overlapping) tax burden, including the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term, if applicable, as well as the Operation and Maintenance Mill Levy, the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy. The Town will review the type and timing of the disclosure, which the proponents of the District are proposing. The notice shall be recorded against all property within the District within thirty (30) days of approval of this Service Plan by the Town.

There is attached hereto as Exhibit **G** the Project Owner's Indemnification Letter, which is submitted to the Town by the Owner as part of this Service Plan. There is also attached hereto as Exhibit **G** the form of a District Indemnification Letter. The District shall approve and execute the Indemnification Letter at its first Board meeting after approval of this Service Plan by the Town, in the same form as the Indemnification Letter set forth in Exhibit **G** and shall promptly deliver an executed original to the Town.

X. INTERGOVERNMENTAL AGREEMENTS

The form of the intergovernmental agreement required by Town Code Section 10.11.140(a), relating to the limitations imposed on the District's activities, is attached hereto as **Exhibit H**. The District shall approve and execute the Intergovernmental Agreement within 60 days after approval of this Service Plan by the Town, in the same form as the Intergovernmental Agreement approved by Town Council, and shall promptly deliver an executed original to the Town. Failure of the District to execute the Intergovernmental Agreement as required herein shall constitute a material modification and shall require a Service Plan Amendment. The Town Council may approve the Intergovernmental Agreement at the public hearing approving the Service Plan.

Other than the Intergovernmental Agreement referenced in this Section, no intergovernmental agreements between the District and any other government are currently anticipated. Any intergovernmental agreement proposed regarding the subject matter of this Service Plan shall be subject to review by the Town prior to its execution by the District. Such Town review shall be with reference to whether the intergovernmental agreement is in compliance with this Service Plan, the Intergovernmental Agreement, and the terms of the Approved Development Plan or other instrument related to the Public Improvements. After submission of the proposed intergovernmental agreement in substantially final form to Town staff, the Town will notify the District within twenty (20) calendar days whether the intergovernmental agreement constitutes a material modification of the Service Plan necessitating an amendment in accordance with Section 32-1-207(2)(a), C.R.S..

XI. NON-COMPLIANCE WITH SERVICE PLAN

In the event it is determined that the District has undertaken any act or omission which violates the Service Plan or constitutes a material departure from the Service Plan, the Town may impose any of the sanctions set forth in Section 10.11.220 of the Town Code, including but not limited to affirmative injunctive relief to require the District to act in accordance with the provisions of this Service Plan. To the extent permitted by law, the District hereby waives the provisions of Section 32-1-207(3)(b), C.R.S. and agrees it will not rely on such provisions as a bar to the enforcement by the Town of any provisions of this Service Plan.

XII. CONCLUSION

It is submitted that this Service Plan for the District, as required by Section 32-1-203(2), C.R.S., and Section 10.11.180 of the Town Code, establishes that:

1. There is sufficient existing and projected need for organized service in the area to be serviced by the District;
2. The existing service in the area to be served by the District is inadequate for present and projected needs;
3. The District is capable of providing economical and sufficient service to the area within its proposed boundaries;
4. The area to be included in the District does have, and will have, the financial ability to discharge the proposed indebtedness on a reasonable basis;
5. Adequate service is not, and will not be, available to the area through the Town or County or other existing municipal or quasi-municipal corporations, including existing special districts, within a reasonable time and on a comparable basis;
6. The facility and service standards of the District are compatible with the facility and service standards of the Town;
7. The proposal is in substantial compliance the Town's Master Plan;

8. The proposal is in compliance with any duly adopted Town, regional or state long-range water quality management plan for the area;

9. The creation of the District is in the best interests of the area proposed to be served;

10. The creation of the District is in the best interests of the residents and future residents of the area proposed to be served;

11. The proposal is in substantial compliance with Chapter 10.11 of the Town Code; and

12. The proposal will not foster urban development that is remote or incapable of being integrated with existing urban areas, and will not place a burden on the Town or adjacent jurisdictions to provide urban services to residents of the District.

THENCE ALONG SAID SOUTHERLY RIGHT-OF-WAY OF HESS ROAD THE FOLLOWING FOUR (4) COURSES:

1. NORTH 66°36'28" EAST, A DISTANCE OF 228.21 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE SOUTHERLY HAVING A RADIUS OF 930.00 FEET;
2. EASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 21°29'36", AN ARC LENGTH OF 348.87 FEET;
3. TANGENT TO SAID CURVE, NORTH 88°06'04" EAST, A DISTANCE OF 270.74 FEET;
4. NORTH 74°02'13" EAST, A DISTANCE OF 31.77 FEET TO THE SOUTHERLY RIGHT-OF-WAY OF HESS ROAD AS DESCRIBED IN SPECIAL WARRANTY DEED RECORDED UNDER RECEPTION NO. 2004088617, IN SAID RECORDS;

THENCE ALONG SAID SOUTHERLY RIGHT-OF-WAY THE FOLLOWING FOUR (4) COURSES:

1. NORTH 88°06'08" EAST, A DISTANCE OF 243.94 FEET;
2. SOUTH 51°12'50" EAST, A DISTANCE OF 75.83 FEET;
3. SOUTH 10°31'48" EAST, A DISTANCE OF 322.84 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE EASTERLY HAVING A RADIUS OF 1,285.00 FEET;
4. SOUTHERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 1°01'02", AN ARC LENGTH OF 22.82 FEET TO THE NORTHWESTERLY CORNER OF THAT PARCEL OF LAND AS DESCRIBED IN SPECIAL WARRANTY DEED RECORDED UNDER RECEPTION NO. 2005036076, IN SAID RECORDS AND THE BEGINNING OF A COMPOUND CURVE CONCAVE EASTERLY HAVING A RADIUS OF 1,285.00 FEET;

THENCE ALONG THE WESTERLY, SOUTHERLY AND EASTERLY BOUNDARIES OF SAID SPECIAL WARRANTY DEED THE FOLLOWING THREE (3) COURSES:

1. SOUTHERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 10°44'35", AN ARC LENGTH OF 240.94 FEET;
2. NON-TANGENT TO SAID CURVE, NORTH 67°42'35" EAST, A DISTANCE OF 170.00 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE EASTERLY HAVING A RADIUS OF 1,115.00 FEET, THE RADIUS POINT OF SAID CURVE BEARS NORTH 67°42'35" EAST;
3. NORTHERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 10°44'35", AN ARC LENGTH OF 209.06 FEET TO SAID SOUTHERLY RIGHT-OF-WAY OF HESS ROAD AS DESCRIBED IN SPECIAL WARRANTY DEED RECORDED UNDER RECEPTION NO. 2004088617 AND THE BEGINNING OF A COMPOUND CURVE CONCAVE EASTERLY HAVING A RADIUS OF 1,115.00 FEET;

THENCE ALONG SAID SOUTHERLY RIGHT-OF-WAY OF HESS ROAD THE FOLLOWING SEVEN (7) COURSES:

1. NORTHERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 1°01'02", AN ARC LENGTH OF 19.80 FEET;
2. TANGENT TO SAID CURVE, NORTH 10°31'48" WEST, A DISTANCE OF 297.03 FEET;
3. NORTH 38°47'10" EAST, A DISTANCE OF 65.19 FEET;
4. NORTH 88°06'08" EAST, A DISTANCE OF 712.96 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE SOUTHERLY HAVING A RADIUS OF 5,661.50 FEET;
5. EASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 04°19'28", AN ARC LENGTH OF 427.30 FEET;
6. TANGENT TO SAID CURVE, SOUTH 87°34'24" EAST, A DISTANCE OF 829.68 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE NORTHERLY HAVING A RADIUS OF 2,360.50 FEET;
7. EASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 01°05'13", AN ARC LENGTH OF 44.78 FEET TO THE **POINT OF BEGINNING**.

CONTAINING AN AREA OF 50.528 ACRES, (2,200,991 SQUARE FEET), MORE OR LESS.

TOGETHER WITH:

PARCEL 2

A PARCEL OF LAND BEING A PORTION OF THAT CORRECTION SPECIAL WARRANTY DEED RECORDED ON DECEMBER 7, 2011 UNDER RECEPTION NO. 2011077256 IN THE RECORDS OF THE DOUGLAS COUNTY CLERK AND RECORDER'S OFFICE, LOCATED IN THE NORTHEAST QUARTER OF SECTION 33, TOWNSHIP 6 SOUTH, RANGE 66 WEST OF THE SIXTH PRINCIPAL MERIDIAN, IN THE COUNTY OF DOUGLAS, STATE OF COLORADO MORE PARTICULARLY DESCRIBED AS FOLLOWS:

BASIS OF BEARINGS

BEARINGS ARE BASED ON THE LINE BETWEEN DOUGLAS COUNTY GIS CONTROL POINT 1.065010, BEING A 3.25" ALUMINUM CAP STAMPED 1.065010 AND DOUGLAS COUNTY GIS CONTROL POINT 1.060020, BEING A 3.25" ALUMINUM CAP STAMPED 1.060020, AND ASSUMED TO BEAR SOUTH 63°52'00" EAST.

COMMENCING AT THE NORTHEAST CORNER OF SAID SECTION 33;

THENCE SOUTH 22°34'36" WEST, A DISTANCE OF 165.55 TO THE WESTERLY RIGHT-OF-WAY OF MOTSENBOCKER ROAD AS SHOWN ON THE PLAT OF STROH RANCH FILING NO. 11, RECORDED UNDER RECEPTION NO. 99012788, IN SAID RECORDS AND THE **POINT OF BEGINNING**;

THENCE ALONG SAID WESTERLY RIGHT-OF-WAY OF MOTSENBOCKER ROAD THE FOLLOWING THREE (3) COURSES:

1. SOUTH 03°33'30" EAST, A DISTANCE OF 173.66 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE WESTERLY HAVING A RADIUS OF 760.00 FEET;
2. SOUTHERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 3°46'16", AN ARC LENGTH OF 50.02 FEET;
3. TANGENT TO SAID CURVE, SOUTH 00°12'46" WEST, A DISTANCE OF 218.19 FEET TO THE NORTHERLY BOUNDARY OF THAT PARCEL OF LAND DESCRIBED IN SPECIAL WARRANTY DEED RECORDED UNDER RECEPTION NO. 2015020238, IN SAID RECORDS;

THENCE ALONG SAID SPECIAL WARRANTY DEED THE FOLLOWING NINE (9) COURSES:

1. DEPARTING SAID WESTERLY RIGHT-OF-WAY OF MOTSENBOCKER ROAD, NORTH 89°47'14" WEST, A DISTANCE OF 35.00 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE NORTHEASTERLY HAVING A RADIUS OF 175.00 FEET;

2. NORTHWESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 53°08'20", AN ARC LENGTH OF 162.30 FEET;
3. NON-TANGENT TO SAID CURVE, SOUTH 65°32'00" WEST, A DISTANCE OF 90.91 FEET;
4. SOUTH 77°51'49" WEST, A DISTANCE OF 101.33 FEET;
5. SOUTH 86°15'55" WEST, A DISTANCE OF 130.98 FEET;
6. SOUTH 79°36'20" WEST, A DISTANCE OF 114.37 FEET;
7. SOUTH 67°16'44" WEST, A DISTANCE OF 92.37 FEET;
8. SOUTH 65°03'57" WEST, A DISTANCE OF 146.84 FEET;
9. NORTH 59°52'53" WEST, A DISTANCE OF 311.08 FEET

THENCE DEPARTING SAID SPECIAL WARRANTY DEED, NORTH 49°46'37" WEST, A DISTANCE OF 624.28 FEET;

THENCE NORTH 02°28'05" WEST, A DISTANCE OF 68.41 FEET TO THE SOUTHERLY RIGHT-OF-WAY OF HESS ROAD AS DESCRIBED IN SPECIAL WARRANTY DEED RECORDED UNDER RECEPTION NO. 2004088619, IN SAID RECORDS;

THENCE ALONG SAID SOUTHERLY RIGHT-OF-WAY LINE, NORTH 89°34'55" EAST, A DISTANCE OF 1134.83 FEET TO THE SOUTHERLY RIGHT-OF-WAY OF HESS ROAD AS DESCRIBED IN SPECIAL WARRANTY DEED RECORDED UNDER RECEPTION NO. 2012010974, IN SAID RECORDS;

THENCE ALONG SAID SOUTHERLY RIGHT-OF-WAY THE FOLLOWING THREE (3) COURSES:

1. SOUTH 00°25'05" EAST, A DISTANCE OF 12.50 FEET;
2. NORTH 89°34'55" EAST, A DISTANCE OF 346.17 FEET;
3. SOUTH 46°59'18" EAST, A DISTANCE OF 101.67 FEET TO THE **POINT OF BEGINNING.**

CONTAINING AN AREA OF 16.063 ACRES, (699,705 SQUARE FEET), MORE OR LESS.

Capital Plan and Engineer's Opinion of Probable Cost

Cherry Creek Service Plan Engineer's Estimate Summary

In order to put together the Engineer's Estimate of Probable Costs for the Cherry Creek Service Plan Amendment, two civil engineering firms and a landscape architecture firm were engaged to perform this task. Redlands Engineering focused on the major public spine improvements. Examples of these include regional drainage improvements, regional utilities, Chambers Road etc. CVL Consultants was engaged to determine the cost of the public improvements within each of the planning areas. After consultation with Staff it was determined that the public improvement costs for Segment 1A (PAs 13, 34-28) could be used to determine the remaining planning area costs. PCS put together the combined public landscape costs of both the public spine infrastructure and within the planning areas.

The total lot count for this project is 3,082 lots along with 77 acres of commercial. Only a small portion of the site has been designed through preliminary plat. The portion that has been designed consists of 502 lots within Segment 1A. The total cost of the public improvements within the Segment 1A planning areas is \$15,729,970.00 or \$31,334.60 per lot. Based on a discussion with Staff it was agreed that this per lot cost should be applied to all 3,082 lots. Applying this per lot cost to all 3,082 lots totals \$96,573,237.00 for all the public improvements within each planning area.

Redlands Engineering did an analysis of all the costs associated with public improvements outside of the residential planning areas, as well as for regional improvements. This included spine streets (Chambers, Great Plan Way, as well as regional drainage improvements and all utilities needs to serve the project. The total cost of these public improvements is estimated to be \$75,804,145.00. PCS put together an estimate of the cost of public landscaping which totaled \$69,933,128. The total cost of the regional improvements is \$7,724,063.00.

The total cost of all public improvements within the Cherry Creek Metropolitan District is estimated to be \$250,034,573.20. The unit costs that were used in this analysis are current unit costs from other projects in the Denver Metropolitan Area to include Trails at Crowfoot Filings 9-13.

	\$7,724,063

TOTAL COMBINED COSTS FOR CHERRY CREEK SOUTH METROPOLITAN DISTRICT	\$153,461,335
--	----------------------

**Cherry Creek South Metropolitan District
District Infrastructure
Engineer's Preliminary Opinion of Probable Costs**

Notes:

Grading quantities for Roadways are based on an assumed 5-ft (vertical) of earthwork over the right-of-way. Areas of cut and fill are assumed to be equal. Final quantities may vary significantly due to site constraints and detailed designs.

Channel Stabilization and Regional Detention Pond costs were obtained from the Town of Parker/UDFCD Oak Gulch Pilot Implementation Study, Analysis of Oak Gulch Stream Stabilization Construction Costs.

Channel Stabilization improvements within Oak Gulch Reach #1, from Jordon Road to Chambers Road, have been equally allocated between Districts 7 & 10 (collective).

Erosion Control Maintenance Estimated at 25% of Initial Installation Cost.

Sanitary Sewer Manhole Spacing assumed every 300-ft.

Water valve spacing assumed every 500-ft. Fire Hydrant spacing along Arterials/Collectors assumed every 750-ft.

Storm drainage improvements for Arterial/Collector roadways are anticipated to consist of a 24-in RCP (on average) storm sewer system for 75% of the length of each one-half of roadway, 2- 10-ft Type 'R' Curb Inlets for every 500-ft of storm sewer, and a 5-ft diameter manhole for every 300-ft of storm sewer.

Street Light spacing assumed every 200-ft.

Assumed street sections in this Preliminary Opinion of Probable Costs are as follows: Chambers Road - Principal Arterial; Stroh Road and Hess Road - Arterial; Great Plains Way, Jordan Road, Tammy Lane, Bramwell Drive, Spirit Trail Boulevard, Red Elder Street, Roads A, B, and D - Residential Collector.

One-half of the **Residential Collector Road** Improvement costs are allocated to adjacent districts based on the length of roadway adjacent to each district. Refer to the Public Improvements Plan for reference to the location of roads and districts.

One-half (1/2) of **Chambers Road** Improvements, from Hess Road to Stroh Road, are included in this Preliminary Opinion of Probable Costs. The remaining one-half (1/2) of Chambers Road improvements, from Hess Road to Stroh Road, are not the responsibility of the property owner/development are not included in this Preliminary Opinion of Probable Costs. One-half (1/2) of Chambers Road Improvements between Hess Road to Bramwell Drive are allocated to District No. 4. One-half (1/2) of Chambers Road Improvements between Bramwell Drive and Stroh Road are allocated to District No. 6. Proposed Traffic signals along Chambers Road (as shown on the Public Improvements Plan) have been allocated as follows: Road 'A' – full cost to District No. 6; Bramwell Drive – one-half (1/2) cost to District No. 4 and one-half (1/2) cost to District No. 6; Great Plain Way – full cost to District No. 4.

**Cherry Creek South Metropolitan District
District Infrastructure
Engineer's Preliminary Opinion of Probable Costs**

One-half (1/2) of **Stroh Road** Improvements with the Shared Stroh Obligation Area, from Motsenbocker Road to approximately 800-ft west of Spirit Trail Boulevard, are included in this Preliminary Opinion of Probable Costs. The one-half (1/2) roadway improvements are allocated to adjacent districts (Districts No. 5 & 6) based on the length of roadway adjacent to each district. One-half (1/2) of the proposed Traffic Signals along Stroh Road (as shown on the Public Improvements Plan) and within the Shared Stroh Obligation Area are allocated as follows: Spirit Trail Boulevard – one quarter (1/4) cost to District No. 5 and one-quarter (1/4) cost to District No. 6; Red Elder Street – one-half (1/2) cost to District No. 5.

The south one-half (1/2) of **Hess Road** Improvements, from Great Plain Way to the Western development boundary, are included in this Preliminary Opinion of Probable Costs and are allocated to District No. 9. The remaining obligated Hess Road Improvement costs are included herein as “Hess Road Reimbursement” under the Regional Improvements section of this Preliminary Opinion of Probable Costs. One-half (1/2) of the proposed Traffic Signals along Hess Road (as shown on the Public Improvements Plan) are allocated as follows: Tammy Lane – one-half (1/2) cost to District No. 4; South Fire Fly Lane – one-half (1/2) cost to District No. 10; Great Plain Way – one-quarter (1/4) cost to District No. 9 and one-quarter (1/4) cost to District No. 10.

Landscape and Irrigation Estimates, including Irrigation Tap Fees, were provided by PCS Group, Inc., dated 2/11/20

EXHIBIT G
Indemnification Letters

1. Owner's Letter

June 15, 2020

Town of Parker
20120 E. Main Street
Parker, CO 80138-7334

RE: Cherry Creek South Metropolitan District No. 10

To the Town Council:

This Indemnification Letter (the "Letter") is delivered by the undersigned (the "Owner") in connection with the review by the Town of Parker (the "Town") of the Amended and Restated Service Plan approved by the Town on June 15, 2020, including all amendments heretofore or hereafter made thereto (the "Service Plan") for the Cherry Creek South Metropolitan District No. 10 (the "District"). Owner, for and on behalf of itself and its transferees, successors and assigns, represents, warrants, covenants and agrees to and for the benefit of the Town as follows:

1. Owner hereby waives and releases any present or future claims it might have against the Town or the Town's elected or appointed officers, employees, agents, contractors or insurers (the "Released Persons") in any manner related to or connected with the Service Plan or any action or omission with respect thereto. Owner further hereby agrees to indemnify and hold harmless the Released Persons from and against any and all liabilities resulting from any and all claims, demands, suits, actions or other proceedings of whatsoever kind or nature made or brought by any third party, including attorneys' fees and expenses and court costs, which directly or indirectly or purportedly arise out of or are in any manner related to or connected with any of the following: (a) the Service Plan or any document or instrument contained or referred to therein; or (b) the formation of the District; or (c) any actions or omissions of the Owner or the District, or their agents, in connection with the District, including, without limitation, any actions or omissions of the Owner or District, or their agents, in relation to any bonds or other financial obligations of the District or any offering documents or other disclosures made in connection therewith. Owner further agrees to investigate, handle, respond to and to provide defense for and defend against, or at the Town's option to pay the attorneys' fees and expenses for counsel of the Town's choice for any such liabilities, claims, demands, suits, actions or other proceedings.

2. Owner hereby consents to the Debt Instrument Disclosure Requirements as set forth Section VI.F of the Service Plan, acknowledges the Town's right to modify the required disclosures, and waives and releases the Town from any claims Owner might have based on or relating to the use of or any statements made or to be made in such disclosures (including any modifications thereto).

3. This Letter has been duly authorized and executed on behalf of Owner.

Very truly yours,

2. District's Letter

{date – date of meeting}

Town of Parker
20120 E. Main Street
Parker, CO 80138-7334

RE: Cherry Creek South Metropolitan District No. 10

To the Town Council:

This Indemnification Letter (the "Letter") is delivered by the Cherry Creek South Metropolitan District No. 10 (the "District") in order to comply with the Amended and Restated Service Plan approved by the Town on June 15, 2020, including all amendments heretofore or hereafter made thereto (the "Service Plan") for the District. The District, for and on behalf of itself and its transferees, successors and assigns, represents, warrants, covenants and agrees to and for the benefit of the Town as follows:

1. The District hereby waives and releases any present or future claims it might have against the Town or the Town's elected or appointed officers, employees, agents, contractors or insurers (the "Released Persons") in any manner related to or connected with the Service Plan or any action or omission with respect thereto. To the fullest extent permitted by law, the District hereby agrees to indemnify and hold harmless the Released Persons from and against any and all liabilities resulting from any and all claims, demands, suits, actions or other proceedings of whatsoever kind or nature made or brought by any third party, including attorneys' fees and expenses and court costs, which directly or indirectly or purportedly arise out of or are in any manner related to or connected with any of the following: (a) the Service Plan or any document or instrument contained or referred to therein; or (b) the formation of the District; or (c) any actions or omissions of the District, North Parker Investments, LLC (the "Owner"), or their agents, in connection with the District, including, without limitation, any actions or omissions of the District or Owner, or their agents, in relation to any bonds or other financial obligations of the District or any offering documents or other disclosures made in connection therewith. The District further agrees to investigate, handle, respond to and to provide defense for and defend against, or at the Town's option to pay the attorneys' fees and expenses for counsel of the Town's choice for any such liabilities, claims, demands, suits, actions or other proceedings.

2. It is understood and agreed that neither the District nor the Town waives or intends to waive the monetary limits (presently \$387,000 per person and \$1,093,000 per occurrence) or any other rights, immunities and protections provided by the Colorado Governmental Immunity Act, § 24-10-101, *et seq.*, C.R.S., as from time to time amended, or otherwise available to the Town, the District, its officers, or its employees.

3. The District hereby consents to the Debt Instrument Disclosure Requirements as set forth Section VI.F of the Service Plan, acknowledges the Town's right to modify the required disclosures, and waives and releases the Town from any claims the District might have based on

or relating to the use of or any statements made or to be made in such disclosures (including any modifications thereto).

4. This Letter has been duly authorized and executed on behalf of the District.

Very truly yours,

Cherry Creek South Metropolitan District No.

EXHIBIT H

Intergovernmental Agreement

**AMENDED AND RESTATED INTERGOVERNMENTAL AGREEMENT
BETWEEN THE TOWN OF PARKER, COLORADO AND
CHERRY CREEK SOUTH METROPOLITAN DISTRICT NO. 10**

THIS AGREEMENT (the “Agreement”) is made and entered into as of this 18th day of May, 2020, by and between the TOWN OF PARKER, a home rule municipal corporation of the State of Colorado (the “Town”), and the CHERRY CREEK SOUTH METROPOLITAN DISTRICT NO. 10, a quasi-municipal corporation and political subdivision of the State of Colorado (the “District”). The Town and the District are collectively referred to as the Parties.

WITNESSETH:

WHEREAS, C.R.S. § 29-1-203 authorizes the Parties to cooperate and contract with one another regarding functions, services and facilities each is authorized to provide; and

WHEREAS, the District was organized to provide those services and to exercise powers as are more specifically set forth in the District’s Amended and Restated Service Plan approved by the Town on May 18, 2020 (the “Service Plan”); and

WHEREAS, the Service Plan makes reference to the execution of an intergovernmental agreement between the Town and the District, as required by Chapter 10.11 of the Town Code; and

WHEREAS, the Town entered into that certain Amended and Restated Stroh/Hess Annexation Agreement (Northern Property) on May 5, 2014, and recorded at Reception No. 20150011482 of the Douglas County Clerk and Recorder’s Office (the “DDCRO”), which agreement was amended on November 26, 2014, recorded at Reception No. 2015004838, and again on September 21, 2015, recorded at Reception No. 2015089147 (as amended, the “Annexation Agreement”) with North Parker Investments, LLC (the Owner”), which provides in part for certain public improvements that are necessary and desirable for the development contemplated by the Annexation Agreement; and

WHEREAS, specific regional improvements were identified in the Service Plan and Annexation Agreement, and as more particularly set forth on Exhibit A (the “Regional Infrastructure”), which Regional Infrastructure the Town has determined is necessary or desirable in connection with the impacts of the development of the Property; and

WHEREAS, pursuant to the Annexation Agreement, the Town is responsible for constructing and owning the Regional Infrastructure, and the Owner is responsible for providing funding for the construction of the Regional Infrastructure; and

WHEREAS, in accordance with the provisions of the Service Plan, the District has agreed to levy a property tax of 5 mills that will be used for the planning, design and construction of the Regional Infrastructure (the “Infrastructure Capital Mill Levy”), and the District has conducted, or will conduct, an election under Article X, Section 20 of the Colorado Constitution (“TABOR”) to enable it to impose the Infrastructure Capital Mill Levy and to issue debt repayable, in whole or in part, from the Infrastructure Capital Mill Levy; and

WHEREAS, the parties to this Agreement acknowledge the need for the Regional Infrastructure in order to accomplish the comprehensive development of the property located within the District's service area (the "Property"); and

WHEREAS, the parties further acknowledge that the Town will also have certain infrastructure capital and maintenance needs resulting from the development of the Property (the "Town Infrastructure"); and

WHEREAS, in accordance with the provisions of the Service Plan, the District has agreed to levy a property tax of 5 mills that will be used for the planning, design, construction and maintenance of the Town Infrastructure (the "Town Capital and Maintenance Mill Levy"), and the District has conducted, or will conduct, an election under TABOR to enable it to impose the Town Capital and Maintenance Mill Levy; and

WHEREAS, the parties further acknowledge that the District will have certain ongoing administrative and operating obligations, as well as regional maintenance obligations with regard to the Regional Infrastructure, and in accordance with the provisions of the Service Plan, the District has agreed to levy a property tax of up to 10 mills (the "Operation and Maintenance Mill Levy") for such purposes; and

WHEREAS, the Town has approved the final plat for the Property; and

WHEREAS, the Parties have determined it to be in the best interests of their respective taxpayers, residents and property owners to enter into this Agreement ("Agreement") in order to address the utilization of the various mill levies as well as certain other matters related to the organization, powers and authorities of the District; and

WHEREAS, any capitalized term not specifically defined in this Agreement shall have that meaning as set forth in the Service Plan; and

NOW, THEREFORE, in consideration of the covenants and mutual agreements herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree as follows:

1. Infrastructure Capital Mill Levy. The District agrees to impose a property tax of 5 mills that shall be used for the planning, design and construction of the Regional Infrastructure. The utilization of the Infrastructure Capital Mill Levy is set forth on Exhibit A to this Agreement.

2. Town Capital and Maintenance Mill Levy. The District agrees to impose a property tax of 5 mills that shall be used for the planning, design, construction and/or maintenance of the Town Infrastructure. The utilization of the Infrastructure Capital Mill Levy is set forth on Exhibit B to this Agreement.

3. Operation and Maintenance Mill Levy. The District agrees to impose a property tax of up to 10 mills which shall be retained and used by the District for the ongoing administrative and operating expenses of the District and for the maintenance of certain of the Regional Infrastructure, as set forth on Exhibit C to this Agreement.

4. General Provisions Applicable to the Mill Levies. The Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy shall be imposed by the District beginning the first year the District certifies a Maximum Debt Mill Levy and shall be subject to the Mill Levy Adjustment. The Operation and Maintenance Mill Levy shall be imposed by the District at the District's discretion but in a manner that will enable the District to perform its administrative and operating obligations and its maintenance obligations in connection with the Regional Infrastructure in a timely and adequate manner. The District acknowledges and agrees that requirement to levy the Infrastructure Capital Mill Levy, the Town Capital and Maintenance Mill Levy and the Operation and Maintenance Mill Levy (together, the "Mill Levies") is a material consideration in, and a condition of, the Town's approval of the District's Service Plan, and that the Town has relied thereon in approving the District's Service Plan. The District specifically agrees that the requirement that the District impose the Mill Levies and to utilize the funds as set forth in this Agreement shall be enforceable by the Town by all remedies available at law or in equity, including without limitation affirmative injunctive relief. The District represents and warrants that it has obtained, or will obtain, all voter authorizations to enable it to impose the Mill Levies, and to pledge the revenues from the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy to the repayment of debt issued by either the District or the Town, if and as applicable.

The District shall remit any revenues from the Infrastructure Capital Mill Levy or Town Capital and Maintenance Mill Levy that are due to the Town no later than 30 days after receipt of the same, and the Town shall deposit and maintain any revenues in a separate fund earmarked specifically for use only as set forth in this Agreement (the "Cherry Creek South Metropolitan District No. 10 Fund"). The monies in the Cherry Creek Metropolitan District No. 10 Fund shall be applied to any design, planning, engineering, surveying, construction management, labor, materials, operations and administrative costs related to construction of the Regional Infrastructure or the Town Infrastructure, as applicable, as further detailed in this Agreement and the Exhibits attached hereto. On June 30 and December 31 of each year, the Town shall provide to the District an accounting of revenues received from the District attributable to the Infrastructure Capital Mill Levy or Town Capital and Maintenance Mill Levy, along with an itemization of expenditures made in major categories.

5. Operation and Maintenance of the Public Improvements. The District shall dedicate the Public Improvements to the Town or other appropriate jurisdiction or owners association in a manner consistent with the final approved plat, other rules and regulations of the Town, and applicable provisions of the Town Code. The District shall not be authorized to own, operate or maintain any part or all of the Public Improvements, or any other improvements, public or private, unless specifically provided for in this Agreement or separate agreement with the Town.

6. Fire Protection. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless specifically provided for in this Agreement or separate agreement with the Town. This provision shall limit the District's authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system.

7. Television Relay and Translation; Mosquito Control and Other Limitations. Unless specifically provided for in this Agreement or separate agreement with the Town, the District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate, maintain or provide: (a) any television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project; (b) any mosquito control facilities and services; (c) any solid waste disposal, collection and transportation facilities and services; and (d) any security, covenant enforcement and design review services.

8. Construction Standards. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the Town and of federal and state governmental entities having proper jurisdiction. The District will obtain the Town's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

9. Issuance of Privately Placed Debt. Prior to the issuance of any privately placed bonds or other obligations, the payment of which the District has promised to impose an *ad valorem* property tax mill levy ("Debt"), the District shall obtain the certification of an External Financial Advisor substantially as follows:

We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by the District for the [insert the designation of the Debt] does not exceed a market [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

10. Inclusion and Exclusion. The District shall not include within its boundaries any property outside the Service Area (as defined in the Service Plan) without the prior written consent of the Town Council. The District shall not exclude any property from the District if such exclusion will result, or is reasonably anticipated to result, in detriment to the remaining residents and taxpayers within the District, or to the District's bondholders.

11. Total Debt Issuance. The District shall not issue Debt in excess of \$118,718,750 in total aggregate principal amount, provided that such limitation shall not be applicable to refunding Bonds issued by the District to refund outstanding Debt. Such limitation shall not apply to the District's pledge of its property tax or specific ownership tax revenues derived from its mill levies to one of the other Districts (as defined in the Service Plan).

12. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from

or through governmental or non-profit entities that the Town is eligible to apply for, except as may be specifically provided for herein. This Section shall not apply to specific ownership taxes which shall be distributed to and constitute a revenue source for the District without any limitation.

13. Consolidation; Dissolution. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the Town, unless such consolidation is with one of the other Districts, as defined in the Service Plan. The District agrees that it shall take all action necessary to dissolve the District in accordance with the provisions of the Service Plan and applicable state statutes.

14. Service Plan Amendment Requirement. Any action of the District which violates the limitations set forth in Sections V.A.1-13 or VI.B-H of the Service Plan, or which constitutes a material modification under Parker Municipal Code section 10.11.060, shall be deemed to be a material modification to the Service Plan and the Town shall be entitled to all remedies available under State and local law to enjoin any such action(s) of the District. The Town may also seek damages for breach of this Agreement arising from violations by the District of any provision of the Service Plan.

15. Applicable Laws. The District acknowledges that the property within its boundaries shall be subject to all ordinances, rules and regulations of the Town, including without limitation, ordinances, rules and regulations relating to zoning, subdividing, building and land use, and to all related Town land use policies, master plans and related plans.

16. Annual Report. The District shall submit an annual report (“Annual Report”) to the Town no later than September 1st of each year following the year in which the Order and Decree creating the District has been issued by the District Court for and in Douglas County, Colorado, pursuant to Parker Municipal Code section 10.11.040 and containing the information set forth in Section VII of the Service Plan. The District shall be not be required to file an annual report if the District has declared inactive status pursuant to Section 32-1-104, C.R.S. The District may file a consolidated Annual Report with one or more of the other Districts.

17. Notices. All notices, demands, requests or other communications to be sent by one party to the other hereunder or required by law, including the Annual Report, shall be in writing and shall be deemed to have been validly given or served by delivery of same in person to the address or by courier delivery, via Federal Express or other nationally recognized overnight air courier service, or by depositing same in the United States mail, postage prepaid, addressed as follows:

To the District:	WHITE BEAR ANKELE TANAKA & WALDRON
	Attn: Kristin B. Tompkins, Esq.
	2154 E. Commons Ave., Suite 2000
	Centennial, CO 80122
	Phone: (303) 858-1800
	E-mail: Ktompkins@wbapc.com

To the Town: Town of Parker
 20120 E. Mainstreet
 Parker, CO 80138-7334
 Attn: Kristin Schledorn, Town Attorney
 cc: Mary Lou Brown, Finance Director
 Phone: (303) 841-0353
 Fax: (303) 840-9792

All notices, demands, requests or other communications shall be effective upon such personal delivery or one (1) business day after being deposited with Federal Express or other nationally recognized overnight air courier service or three (3) business days after deposit in the United States mail. By giving the other party hereto at least ten (10) days written notice thereof in accordance with the provisions hereof, each of the Parties shall have the right from time to time to change its address.

18. Miscellaneous.

A. **Effective Date.** This Agreement shall be in full force and effect and be legally binding upon final approval of the governing bodies of the Parties. No Debt shall be issued by the District until after the effective date of this Agreement.

B. **Nonassignability.** No party to this Agreement may assign any interest therein to any person without the consent of the other party hereto at that time, and the terms of this Agreement shall inure to the benefit of and be binding upon the respective representatives and successors of each party hereto. The pledge by the District of its revenues to one of the other Districts shall not be deemed an assignment hereunder.

C. **Amendments.** This Agreement may be amended from time to time by written amendment, duly authorized and signed by representatives of the parties hereto.

D. **Severability.** If any section, subsection, paragraph, clause, phrase, or other provision of this Agreement shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, subsection, paragraph, clause, phase, or other provision shall not affect any of the remaining provisions of this Agreement.

E. **Execution of Documents.** This Agreement shall be executed in two (2) counterparts, either of which shall be regarded for all purposes as one original. Each party agrees that it will execute any and all deeds, instruments, documents, and resolutions or ordinances necessary to give effect to the terms of this Agreement.

F. **Waiver.** No waiver by either party of any term or condition of this Agreement shall be deemed or construed as a waiver of any other term or condition, nor shall a waiver of any breach be deemed to constitute a waiver of any subsequent breach, whether of the same or of a different provision of this Agreement.

G. Default/Remedies. In the event of a breach or default of this Agreement by any party, the non-defaulting party shall be entitled to exercise all remedies available at law or in equity, specifically including suits for specific performance and/or monetary damages. In the event of any proceeding to enforce the terms, covenants or conditions hereof, the prevailing party in such proceeding shall be entitled to obtain as part of its judgment or award its reasonable attorneys' fees.

H. Governing Law and Venue. This Agreement shall be governed and construed under the laws of the State of Colorado. Venue for all actions brought hereunder shall be in the District Court in and for Douglas County.

I. Inurement. Each of the terms, covenants and conditions hereof shall be binding upon and inure to the benefit of the Parties hereto and their respective successors and assigns.

J. Paragraph Headings. Paragraph headings are inserted for convenience of reference only.

K. No Third Party Beneficiaries. No person or entity who or which is not a party to this Agreement will have any right of action under this Agreement.

L. Entirety. This Agreement (including all exhibits) merges and supersedes all prior negotiations, representations, and agreements, including the Original IGA, between the parties hereto relating to the subject matter hereof and this Agreement, together with the Service Plan provisions that serve to supplement or complement this Agreement, constitutes the entire agreement between the Parties concerning the subject matter hereof.

IN WITNESS WHEREOF, this Agreement is executed by the Town and the District as of the date first above written.

ATTEST:

_____, Secretary

EXHIBIT A

Utilization of Infrastructure Capital Mill Levy

The District shall be required to impose the Infrastructure Capital Mill Levy for as long as the District is in existence. The District shall be authorized to impose the Infrastructure Capital Mill Levy and retain the revenues therefrom for the planning, design, financing, acquisition, or construction of all or a portion of the Regional Infrastructure. The District shall provide the Town notice of any obligation repayable in whole or in part from the Infrastructure Capital Mill Levy no later than 30 days following issuance of such obligation, or for any obligation that pre-dates the date of this Agreement, no later than 30 days following approval of this Agreement.

The District shall be permitted to retain revenues from the Infrastructure Capital Mill Levy received by the District to the extent needed to pay debt service on such obligation in the then-current calendar year. The Town agrees that for economic efficiency in financing the Regional Infrastructure, the District may pledge the Infrastructure Capital Mill Levy along with the District's debt service mill levy for the purposes of financing bonds, notes or other obligations, provided that the proceeds generated from the pledge of the Infrastructure Capital Mill Levy are used only to pay the costs of the Regional Infrastructure. Any revenues from the Infrastructure Capital Mill Levy that are not needed to pay debt service on such obligation in the then-current calendar year shall be remitted to the Town within 30 days of receipt by the District of such revenues.

So long as no obligation of the District is outstanding whereby the revenues derived from the Infrastructure Capital Mill Levy are pledged to the repayment of such obligations, in the event the Town determines that the costs related to the Regional Infrastructure are less than the revenues generated from the Infrastructure Capital Mill Levy, the Town may provide notice to the District no later than October 1 that the District may reduce the Infrastructure Capital Mill Levy as provided in such notice from the Town. Any reduction of either the Infrastructure Capital Mill Levy as a result of such notice from the Town shall not constitute a modification of this Agreement or a material modification of the Service Plan.

Until and unless the District has issued an obligation repayable, in whole or in part, from the Infrastructure Capital Mill Levy, any revenues from the Infrastructure Capital Mill Levy received by the District shall be remitted to the Town within 30 days of receipt by the District of such revenues. Upon maturity of any District obligation repayable in part or in whole from revenues generated by the Infrastructure Capital Mill Levy, such revenues shall be remitted to the Town within 30 days of their receipt by the District.

The Town agrees that the revenues received by the Town from the District from the Infrastructure Capital Mill Levy shall only be used for costs associated with the impacts to the Town of the development within the District pursuant to the terms of this Agreement.

The District is authorized to utilize the revenues from the Infrastructure Capital Mill Levy for the planning, design, financing, acquisition, or construction of the following Regional Infrastructure:

- Regional Stormwater, drainage improvements associated with Oak Gulch and regional drainage ways
- Regional Open Space, Parks and Trails as expressly identified in Paragraphs 6, 7, and 8 of the Annexation Agreement
- Construction and maintenance of the following roadways, including associated landscape improvements and traffic signals:
 - o Hess Road
 - o Stroh Road
 - o Chambers Road
 - o Great Plains Way
 - o Jordan Road
 - o Tammy Lane
 - o Bramwell Drive, between Chambers Road and the eastern boundary of the District
 - o The collector road connected Great Plain Way and Bramwell Drive located between Annexation Agreement Planning Areas 36 and 37
 - o Spirit Trail Boulevard from Bramwell Drive to Stroh Road
 - o Red Elder Street, between Annexation Agreement Planning Areas 47 and 48 from Stroh Road to its terminus at the edge of Cherry Creek South Metropolitan District No. 5

EXHIBIT B

Utilization of Town Capital and Maintenance Mill Levy

The District shall be required to impose the Town Capital and Maintenance Mill Levy for as long as the District is in existence. Any revenues from the Town Capital and Maintenance Mill Levy received by the District shall be remitted to the Town within 30 days of receipt by the District of such revenues.

The Town agrees that the revenues received from the Town Capital and Maintenance Mill Levy shall only be used for costs associated with the impacts to the Town of the development within the District pursuant to the terms of this Agreement.

In the event the Town determines that the costs related to the Town Infrastructure are less than the revenues generated from the Town Capital and Maintenance Mill Levy, the Town may provide notice to the District no later than October 1 that the District may reduce the Town Capital and Maintenance Mill Levy as provided in such notice from the Town. Any reduction of the Town Capital and Maintenance Mill Levy as a result of such notice from the Town shall not constitute a modification of this Agreement or a material modification of the Service Plan.

The Town is authorized to utilize the revenues from the Town Capital and Maintenance Mill Levy for the planning, design, financing, acquisition, construction, operation, and maintenance of the following Town Infrastructure:

- The Park Tract and all associated improvements to Planning Area 43
- All roadways, storm sewer and associated items constructed within Town right-of-way
- Regional roadways serving the District
- All storm sewer, detention ponds, stream improvements and other Stormwater conveyance infrastructure located on Town, HOA or District-owned property that is eligible for maintenance assistance through the Town's Stormwater Utility.
- Widening of Chambers Road to a full arterial roadway section through the District boundaries, including additional lanes, sidewalk, curb and gutter, medians and all other associated items.

The parties agree the Town may modify the list of Town Infrastructure provided in this Exhibit B without amending this Agreement upon advance written notice to the District. The District shall have 30 days to object to such modification. In the event the District fails to object within 30 days of receipt of such notice, the Town may proceed to utilize the revenues from the Town Capital and Maintenance Mill Levy as set forth in such written notice which notice shall become a part of this Agreement by Addendum.

EXHIBIT C

Utilization of Operation and Maintenance Mill Levy

The District shall dedicate the Public Improvements (as defined in the Service Plan) to the Town or other appropriate jurisdiction or owners association in a manner consistent with the Approved Development Plan, Annexation Agreement and other rules and regulations of the Town and applicable provisions of the Town Code. The District shall be authorized to own, operate and maintain the Public Improvements not otherwise required to be dedicated to the Town or other public entity. If the Public Improvements are owned by an entity other than the District, the Town or other public entity, such entity shall be responsible for the operation and maintenance unless the District agrees to provide for the operation and maintenance of the Public Improvements pursuant to an agreement with such entity.

The District is authorized to impose up to 10 mills for District administrative and operating expenses as well as maintenance of Regional Infrastructure as set forth below. The Operation and Maintenance Mill Levy shall be imposed by the District at the District's discretion but in a manner that will enable the District to perform its administrative and operating obligations and its maintenance obligations in connection with the Regional Infrastructure in a timely and adequate manner.

- Drainage Improvements (including detention and storm improvements)
- Street Improvements (including roads, curbs, gutters, culverts, sidewalks, bridges, parking facilities, paving, lighting, grading, landscaping, and other street improvements)
- Traffic and Safety Controls
- Open Space and Trails
- Landscaping
- Parks and Recreation Improvements and Facilities, including club houses, recreation centers, and swimming pools
- Retaining Walls
- Irrigation Systems
- Streetscape associated with the improvement of Chambers Road

**NOTICE OF PUBLIC HEARING FOR AMENDED AND RESTATED
SERVICE PLANS OF SPECIAL DISTRICTS**

IN RE THE AMENDED AND RESTATED SERVICE PLANS FOR CHERRY
CREEK SOUTH METROPOLITAN DISTRICT NOS. 4-11, TOWN OF
PARKER, DOUGLAS COUNTY, STATE OF COLORADO

NOTICE IS HEREBY GIVEN that, pursuant to § 32-1-204(1), C.R.S.,
eight separate Amended and Restated Service Plans (collective-
ly, the "Service Plans") for the Cherry Creek South Metropolitan
District Nos. 4-11 (collectively, the "Districts") have been filed
and are available for public inspection in the office of the Town
Clerk of the Town of Parker, Colorado.

A public hearing on the Service Plans will be held by the Town
Council on Monday, May 18, 2020, at 7:00 p.m., at Council Cham-
bers 20120 East Mainstreet Parker, CO 80138 Colorado, or as soon
thereafter as the Town Council may hear such matter. On March
13, 2020, the Parker Town Administrator did issue an Order De-
claring a Local Disaster Emergency (the "Order") and pursuant to
that Order has issued subsequent emergency orders, including
but not limited to Emergency Order No. 4-2020, concerning Town
Council Meetings, which may impact how public hearings in the
Town of Parker are conducted. Information concerning these or-
ders, and how to participate in public hearings, may be found on
the Town website (<http://www.parkeronline.org>) and/or by con-
tacting the Town Clerk's Office. These orders may, or may not,
still be in effect at the time of the public hearing on the Service
Plans.

The Districts are existing metropolitan districts organized under
the provisions of Title 32, Colorado Revised Statutes. The pur-
pose of the Districts is to finance, construct, acquire, own, oper-
ate and maintain public improvements such as water, streets,
traffic and safety control, sanitation, storm sewers and drainage,
parks and recreation, transportation, television relay and trans-
mission, mosquito and pest control, security services, covenant en-
forcement, design review, and other improvements and services
within the Districts' boundaries authorized by Title 32, Colorado
Revised Statutes, subject to the limitations of the Service Plans.
The Maximum Debt Mill Levy will be 57 mills, the Infrastructure
Capital Mill Levy is 5 mills, the Town Capital and Maintenance
Mill Levy will be 5 mills, and the Operations and Maintenance Mill
Levy is anticipated to be 10 mills and will be set forth in an inter-
governmental agreement between the Districts and the Town, all
subject to the limitations set forth in the Service Plans.

A description of the land contained within the boundaries of the
Districts is as follows: approximately 1044 acres located to the
south of Hess Road between the Rueter-Hess Reservoir and
Motsenbocker Road, Town of Parker, Douglas County, State of
Colorado.

All protests and objections must be submitted in writing to the
Town Clerk at or prior to the public hearing or any continuance
or postponement thereof in order to be considered. All protests
and objections to the Service Plans shall be deemed to be waived
unless presented at the time and in the manner specified in Sec-
tion 32-1-203(3.5), C.R.S.

ORDINANCE NO. 9.315, Series of 2020

TITLE: A BILL FOR AN ORDINANCE TO APPROVE THE INTERGOVERNMENTAL AGREEMENT BY AND BETWEEN THE TOWN OF PARKER AND CHERRY CREEK SOUTH METROPOLITAN DISTRICT NO. 10

NOW, THEREFORE, THE TOWN COUNCIL OF THE TOWN OF PARKER, COLORADO, ORDAINS:

Section 1. The Town Council of the Town of Parker hereby approves the Intergovernmental Agreement by and between the Town of Parker and Cherry Creek South Metropolitan District No. 10, which is attached hereto as **Exhibit 1** and incorporated herein by this reference, and authorizes the Mayor of the Town to enter into the Agreement on behalf of the Town.

Section 2. Safety Clause. The Town Council hereby finds, determines and declares that this Ordinance is promulgated under the general police power of the Town of Parker, that it is promulgated for the health, safety and welfare of the public, and that this Ordinance is necessary for the preservation of health and safety and for the protection of public convenience and welfare. The Town Council further determines that the Ordinance bears a rational relation to the proper legislative object sought to be obtained. The Town Council further finds that the title to this Ordinance was posted in two public places two days before the Town Council meeting, as provided by Section 7.5e. of the Town of Parker Home Rule Charter.

Section 3. Severability. If any clause, sentence, paragraph or part of this Ordinance or the application thereof to any person or circumstances shall for any reason be adjudged by a court of competent jurisdiction invalid, such judgment shall not affect application to other persons or circumstances.

Section 4. This Ordinance shall become effective ten (10) days after final publication.

INTRODUCED AND PASSED ON FIRST READING this ____ day of _____, 2020.

Mike Waid, Mayor

ATTEST:

Carol Baumgartner, Town Clerk

ADOPTED ON SECOND AND FINAL READING this ____ day of _____, 2020.

EXHIBIT 1

AMENDED AND RESTATED INTERGOVERNMENTAL AGREEMENT BETWEEN THE TOWN OF PARKER, COLORADO AND CHERRY CREEK SOUTH METROPOLITAN DISTRICT NO. 10

THIS AGREEMENT (the “Agreement”) is made and entered into as of this 18th day of May, 2020, by and between the TOWN OF PARKER, a home rule municipal corporation of the State of Colorado (the “Town”), and the CHERRY CREEK SOUTH METROPOLITAN DISTRICT NO. 10, a quasi-municipal corporation and political subdivision of the State of Colorado (the “District”). The Town and the District are collectively referred to as the Parties.

WITNESSETH:

WHEREAS, C.R.S. § 29-1-203 authorizes the Parties to cooperate and contract with one another regarding functions, services and facilities each is authorized to provide; and

WHEREAS, the District was organized to provide those services and to exercise powers as are more specifically set forth in the District’s Amended and Restated Service Plan approved by the Town on May 18, 2020 (the “Service Plan”); and

WHEREAS, the Service Plan makes reference to the execution of an intergovernmental agreement between the Town and the District, as required by Chapter 10.11 of the Town Code; and

WHEREAS, the Town entered into that certain Amended and Restated Stroh/Hess Annexation Agreement (Northern Property) on May 5, 2014, and recorded at Reception No. 20150011482 of the Douglas County Clerk and Recorder’s Office (the “DDCRO”), which agreement was amended on November 26, 2014, recorded at Reception No. 2015004838, and again on September 21, 2015, recorded at Reception No. 2015089147 (as amended, the “Annexation Agreement”) with North Parker Investments, LLC (the Owner”), which provides in part for certain public improvements that are necessary and desirable for the development contemplated by the Annexation Agreement; and

WHEREAS, specific regional improvements were identified in the Service Plan and Annexation Agreement, and as more particularly set forth on Exhibit A (the “Regional Infrastructure”), which Regional Infrastructure the Town has determined is necessary or desirable in connection with the impacts of the development of the Property; and

WHEREAS, pursuant to the Annexation Agreement, the Town is responsible for constructing and owning the Regional Infrastructure, and the Owner is responsible for providing funding for the construction of the Regional Infrastructure; and

WHEREAS, in accordance with the provisions of the Service Plan, the District has agreed to levy a property tax of 5 mills that will be used for the planning, design and construction of the Regional Infrastructure (the “Infrastructure Capital Mill Levy”), and the District has conducted, or will conduct, an election under Article X, Section 20 of the Colorado Constitution (“TABOR”) to enable it to impose the Infrastructure Capital Mill Levy and to issue debt repayable, in whole or in part, from the Infrastructure Capital Mill Levy; and

WHEREAS, the parties to this Agreement acknowledge the need for the Regional Infrastructure in order to accomplish the comprehensive development of the property located within the District's service area (the "Property"); and

WHEREAS, the parties further acknowledge that the Town will also have certain infrastructure capital and maintenance needs resulting from the development of the Property (the "Town Infrastructure"); and

WHEREAS, in accordance with the provisions of the Service Plan, the District has agreed to levy a property tax of 5 mills that will be used for the planning, design, construction and maintenance of the Town Infrastructure (the "Town Capital and Maintenance Mill Levy"), and the District has conducted, or will conduct, an election under TABOR to enable it to impose the Town Capital and Maintenance Mill Levy; and

WHEREAS, the parties further acknowledge that the District will have certain ongoing administrative and operating obligations, as well as regional maintenance obligations with regard to the Regional Infrastructure, and in accordance with the provisions of the Service Plan, the District has agreed to levy a property tax of up to 10 mills (the "Operation and Maintenance Mill Levy") for such purposes; and

WHEREAS, the Town has approved the final plat for the Property; and

WHEREAS, the Parties have determined it to be in the best interests of their respective taxpayers, residents and property owners to enter into this Agreement ("Agreement") in order to address the utilization of the various mill levies as well as certain other matters related to the organization, powers and authorities of the District; and

WHEREAS, any capitalized term not specifically defined in this Agreement shall have that meaning as set forth in the Service Plan; and

NOW, THEREFORE, in consideration of the covenants and mutual agreements herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree as follows:

1. Infrastructure Capital Mill Levy. The District agrees to impose a property tax of 5 mills that shall be used for the planning, design and construction of the Regional Infrastructure. The utilization of the Infrastructure Capital Mill Levy is set forth on Exhibit A to this Agreement.

2. Town Capital and Maintenance Mill Levy. The District agrees to impose a property tax of 5 mills that shall be used for the planning, design, construction and/or maintenance of the Town Infrastructure. The utilization of the Infrastructure Capital Mill Levy is set forth on Exhibit B to this Agreement.

3. Operation and Maintenance Mill Levy. The District agrees to impose a property tax of up to 10 mills which shall be retained and used by the District for the ongoing administrative and operating expenses of the District and for the maintenance of certain of the Regional Infrastructure, as set forth on Exhibit C to this Agreement.

4. General Provisions Applicable to the Mill Levies. The Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy shall be imposed by the District beginning the first year the District certifies a Maximum Debt Mill Levy and shall be subject to the Mill Levy Adjustment. The Operation and Maintenance Mill Levy shall be imposed by the District at the District's discretion but in a manner that will enable the District to perform its administrative and operating obligations and its maintenance obligations in connection with the Regional Infrastructure in a timely and adequate manner. The District acknowledges and agrees that requirement to levy the Infrastructure Capital Mill Levy, the Town Capital and Maintenance Mill Levy and the Operation and Maintenance Mill Levy (together, the "Mill Levies") is a material consideration in, and a condition of, the Town's approval of the District's Service Plan, and that the Town has relied thereon in approving the District's Service Plan. The District specifically agrees that the requirement that the District impose the Mill Levies and to utilize the funds as set forth in this Agreement shall be enforceable by the Town by all remedies available at law or in equity, including without limitation affirmative injunctive relief. The District represents and warrants that it has obtained, or will obtain, all voter authorizations to enable it to impose the Mill Levies, and to pledge the revenues from the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy to the repayment of debt issued by either the District or the Town, if and as applicable.

The District shall remit any revenues from the Infrastructure Capital Mill Levy or Town Capital and Maintenance Mill Levy that are due to the Town no later than 30 days after receipt of the same, and the Town shall deposit and maintain any revenues in a separate fund earmarked specifically for use only as set forth in this Agreement (the "Cherry Creek South Metropolitan District Nos. 4-11 Fund"). The monies in the Cherry Creek Metropolitan District Nos. 4-11 Fund shall be applied to any design, planning, engineering, surveying, construction management, labor, materials, operations and administrative costs related to construction of the Regional Infrastructure or the Town Infrastructure, as applicable, as further detailed in this Agreement and the Exhibits attached hereto. On June 30 and December 31 of each year, the Town shall provide to the District an accounting of revenues received from the District attributable to the Infrastructure Capital Mill Levy or Town Capital and Maintenance Mill Levy, along with an itemization of expenditures made in major categories.

5. Operation and Maintenance of the Public Improvements. The District shall dedicate the Public Improvements to the Town or other appropriate jurisdiction or owners association in a manner consistent with the final approved plat, other rules and regulations of the Town, and applicable provisions of the Town Code. The District shall not be authorized to own, operate or maintain any part or all of the Public Improvements, or any other improvements, public or private, unless specifically provided for in this Agreement or separate agreement with the Town.

6. Fire Protection. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless specifically provided for in this Agreement or separate agreement with the Town. This provision shall limit the District's authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system.

7. Television Relay and Translation; Mosquito Control and Other Limitations. Unless specifically provided for in this Agreement or separate agreement with the Town, the District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate, maintain or provide: (a) any television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project; (b) any mosquito control facilities and services; (c) any solid waste disposal, collection and transportation facilities and services; and (d) any security, covenant enforcement and design review services.

8. Construction Standards. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the Town and of federal and state governmental entities having proper jurisdiction. The District will obtain the Town's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

9. Issuance of Privately Placed Debt. Prior to the issuance of any privately placed bonds or other obligations, the payment of which the District has promised to impose an *ad valorem* property tax mill levy ("Debt"), the District shall obtain the certification of an External Financial Advisor substantially as follows:

We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by the District for the [insert the designation of the Debt] does not exceed a market [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

10. Inclusion and Exclusion. The District shall not include within its boundaries any property outside the Service Area (as defined in the Service Plan) without the prior written consent of the Town Council. The District shall not exclude any property from the District if such exclusion will result, or is reasonably anticipated to result, in detriment to the remaining residents and taxpayers within the District, or to the District's bondholders.

11. Total Debt Issuance. The District shall not issue Debt in excess of \$118,718,750 in total aggregate principal amount, provided that such limitation shall not be applicable to refunding Bonds issued by the District to refund outstanding Debt. Such limitation shall not apply to the District's pledge of its property tax or specific ownership tax revenues derived from its mill levies to one of the other Districts (as defined in the Service Plan).

12. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from

or through governmental or non-profit entities that the Town is eligible to apply for, except as may be specifically provided for herein. This Section shall not apply to specific ownership taxes which shall be distributed to and constitute a revenue source for the District without any limitation.

13. Consolidation; Dissolution. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the Town, unless such consolidation is with one of the other Districts, as defined in the Service Plan. The District agrees that it shall take all action necessary to dissolve the District in accordance with the provisions of the Service Plan and applicable state statutes.

14. Service Plan Amendment Requirement. Any action of the District which violates the limitations set forth in Sections V.A.1-13 or VI.B-H of the Service Plan, or which constitutes a material modification under Parker Municipal Code section 10.11.060, shall be deemed to be a material modification to the Service Plan and the Town shall be entitled to all remedies available under State and local law to enjoin any such action(s) of the District. The Town may also seek damages for breach of this Agreement arising from violations by the District of any provision of the Service Plan.

15. Applicable Laws. The District acknowledges that the property within its boundaries shall be subject to all ordinances, rules and regulations of the Town, including without limitation, ordinances, rules and regulations relating to zoning, subdividing, building and land use, and to all related Town land use policies, master plans and related plans.

16. Annual Report. The District shall submit an annual report (“Annual Report”) to the Town no later than September 1st of each year following the year in which the Order and Decree creating the District has been issued by the District Court for and in Douglas County, Colorado, pursuant to Parker Municipal Code section 10.11.040 and containing the information set forth in Section VII of the Service Plan. The District shall be not be required to file an annual report if the District has declared inactive status pursuant to Section 32-1-104, C.R.S. The District may file a consolidated Annual Report with one or more of the other Districts.

17. Notices. All notices, demands, requests or other communications to be sent by one party to the other hereunder or required by law, including the Annual Report, shall be in writing and shall be deemed to have been validly given or served by delivery of same in person to the address or by courier delivery, via Federal Express or other nationally recognized overnight air courier service, or by depositing same in the United States mail, postage prepaid, addressed as follows:

To the District:	WHITE BEAR ANKELE TANAKA & WALDRON
	Attn: Kristin B. Tompkins, Esq.
	2154 E. Commons Ave., Suite 2000
	Centennial, CO 80122
	Phone: (303) 858-1800
	E-mail: Ktompkins@wbapc.com

To the Town: Town of Parker
 20120 E. Mainstreet
 Parker, CO 80138-7334
 Attn: Kristin Schledorn, Deputy Town Attorney
 cc: Mary Lou Brown, Finance Director
 Phone: (303) 841-0353
 Fax: (303) 840-9792

All notices, demands, requests or other communications shall be effective upon such personal delivery or one (1) business day after being deposited with Federal Express or other nationally recognized overnight air courier service or three (3) business days after deposit in the United States mail. By giving the other party hereto at least ten (10) days written notice thereof in accordance with the provisions hereof, each of the Parties shall have the right from time to time to change its address.

18. Miscellaneous.

A. Effective Date. This Agreement shall be in full force and effect and be legally binding upon final approval of the governing bodies of the Parties. No Debt shall be issued by the District until after the effective date of this Agreement.

B. Nonassignability. No party to this Agreement may assign any interest therein to any person without the consent of the other party hereto at that time, and the terms of this Agreement shall inure to the benefit of and be binding upon the respective representatives and successors of each party hereto. The pledge by the District of its revenues to one of the other Districts shall not be deemed an assignment hereunder.

C. Amendments. This Agreement may be amended from time to time by written amendment, duly authorized and signed by representatives of the parties hereto.

D. Severability. If any section, subsection, paragraph, clause, phrase, or other provision of this Agreement shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, subsection, paragraph, clause, phase, or other provision shall not affect any of the remaining provisions of this Agreement.

E. Execution of Documents. This Agreement shall be executed in two (2) counterparts, either of which shall be regarded for all purposes as one original. Each party agrees that it will execute any and all deeds, instruments, documents, and resolutions or ordinances necessary to give effect to the terms of this Agreement.

F. Waiver. No waiver by either party of any term or condition of this Agreement shall be deemed or construed as a waiver of any other term or condition, nor shall a waiver of any breach be deemed to constitute a waiver of any subsequent breach, whether of the same or of a different provision of this Agreement.

G. Default/Remedies. In the event of a breach or default of this Agreement by any party, the non-defaulting party shall be entitled to exercise all remedies available at law or in equity, specifically including suits for specific performance and/or monetary damages. In the event of any proceeding to enforce the terms, covenants or conditions hereof, the prevailing party in such proceeding shall be entitled to obtain as part of its judgment or award its reasonable attorneys' fees.

H. Governing Law and Venue. This Agreement shall be governed and construed under the laws of the State of Colorado. Venue for all actions brought hereunder shall be in the District Court in and for Douglas County.

I. Inurement. Each of the terms, covenants and conditions hereof shall be binding upon and inure to the benefit of the Parties hereto and their respective successors and assigns.

J. Paragraph Headings. Paragraph headings are inserted for convenience of reference only.

K. No Third Party Beneficiaries. No person or entity who or which is not a party to this Agreement will have any right of action under this Agreement.

L. Entirety. This Agreement (including all exhibits) merges and supersedes all prior negotiations, representations, and agreements, including the Original IGA, between the parties hereto relating to the subject matter hereof and this Agreement, together with the Service Plan provisions that serve to supplement or complement this Agreement, constitutes the entire agreement between the Parties concerning the subject matter hereof.

IN WITNESS WHEREOF, this Agreement is executed by the Town and the District as of the date first above written.

EXHIBIT A

Utilization of Infrastructure Capital Mill Levy

The District shall be required to impose the Infrastructure Capital Mill Levy for as long as the District is in existence. The District shall be authorized to impose the Infrastructure Capital Mill Levy and retain the revenues therefrom for the planning, design, financing, acquisition, or construction of all or a portion of the Regional Infrastructure. The District shall provide the Town notice of any obligation repayable in whole or in part from the Infrastructure Capital Mill Levy no later than 30 days following issuance of such obligation, or for any obligation that pre-dates the date of this Agreement, no later than 30 days following approval of this Agreement.

The District shall be permitted to retain revenues from the Infrastructure Capital Mill Levy received by the District to the extent needed to pay debt service on such obligation in the then-current calendar year. The Town agrees that for economic efficiency in financing the Regional Infrastructure, the District may pledge the Infrastructure Capital Mill Levy along with the District's debt service mill levy for the purposes of financing bonds, notes or other obligations, provided that the proceeds generated from the pledge of the Infrastructure Capital Mill Levy are used only to pay the costs of the Regional Infrastructure. Any revenues from the Infrastructure Capital Mill Levy that are not needed to pay debt service on such obligation in the then-current calendar year shall be remitted to the Town within 30 days of receipt by the District of such revenues.

So long as no obligation of the District is outstanding whereby the revenues derived from the Infrastructure Capital Mill Levy are pledged to the repayment of such obligations, in the event the Town determines that the costs related to the Regional Infrastructure are less than the revenues generated from the Infrastructure Capital Mill Levy, the Town may provide notice to the District no later than October 1 that the District may reduce the Infrastructure Capital Mill Levy as provided in such notice from the Town. Any reduction of either the Infrastructure Capital Mill Levy as a result of such notice from the Town shall not constitute a modification of this Agreement or a material modification of the Service Plan.

Until and unless the District has issued an obligation repayable, in whole or in part, from the Infrastructure Capital Mill Levy, any revenues from the Infrastructure Capital Mill Levy received by the District shall be remitted to the Town within 30 days of receipt by the District of such revenues. Upon maturity of any District obligation repayable in part or in whole from revenues generated by the Infrastructure Capital Mill Levy, such revenues shall be remitted to the Town within 30 days of their receipt by the District.

The Town agrees that the revenues received by the Town from the District from the Infrastructure Capital Mill Levy shall only be used for costs associated with the impacts to the Town of the development within the District pursuant to the terms of this Agreement.

The District is authorized to utilize the revenues from the Infrastructure Capital Mill Levy for the planning, design, financing, acquisition, or construction of the following Regional Infrastructure:

- Regional Stormwater, drainage improvements associated with Oak Gulch and regional drainage ways
- Regional Open Space, Parks and Trails as expressly identified in Paragraphs 6, 7, and 8 of the Annexation Agreement
- Construction and maintenance of the following roadways, including associated landscape improvements and traffic signals:
 - o Hess Road
 - o Stroh Road
 - o Chambers Road
 - o Great Plains Way
 - o Jordan Road
 - o Tammy Lane
 - o Bramwell Drive, between Chambers Road and the eastern boundary of the District
 - o The collector road connected Great Plain Way and Bramwell Drive located between Annexation Agreement Planning Areas 36 and 37
 - o Spirit Trail Boulevard from Bramwell Drive to Stroh Road
 - o Red Elder Street, between Annexation Agreement Planning Areas 47 and 48 from Stroh Road to its terminus at the edge of Cherry Creek South Metropolitan District No. 5

EXHIBIT B

Utilization of Town Capital and Maintenance Mill Levy

The District shall be required to impose the Town Capital and Maintenance Mill Levy for as long as the District is in existence. Any revenues from the Town Capital and Maintenance Mill Levy received by the District shall be remitted to the Town within 30 days of receipt by the District of such revenues.

The Town agrees that the revenues received from the Town Capital and Maintenance Mill Levy shall only be used for costs associated with the impacts to the Town of the development within the District pursuant to the terms of this Agreement.

In the event the Town determines that the costs related to the Town Infrastructure are less than the revenues generated from the Town Capital and Maintenance Mill Levy, the Town may provide notice to the District no later than October 1 that the District may reduce the Town Capital and Maintenance Mill Levy as provided in such notice from the Town. Any reduction of the Town Capital and Maintenance Mill Levy as a result of such notice from the Town shall not constitute a modification of this Agreement or a material modification of the Service Plan.

The Town is authorized to utilize the revenues from the Town Capital and Maintenance Mill Levy for the planning, design, financing, acquisition, construction, operation, and maintenance of the following Town Infrastructure:

- The Park Tract and all associated improvements to Planning Area 43
- All roadways, storm sewer and associated items constructed within Town right-of-way
- Regional roadways serving the District
- All storm sewer, detention ponds, stream improvements and other Stormwater conveyance infrastructure located on Town, HOA or District-owned property that is eligible for maintenance assistance through the Town's Stormwater Utility.
- Widening of Chambers Road to a full arterial roadway section through the District boundaries, including additional lanes, sidewalk, curb and gutter, medians and all other associated items.

The parties agree the Town may modify the list of Town Infrastructure provided in this Exhibit B without amending this Agreement upon advance written notice to the District. The District shall have 30 days to object to such modification. In the event the District fails to object within 30 days of receipt of such notice, the Town may proceed to utilize the revenues from the Town Capital and Maintenance Mill Levy as set forth in such written notice which notice shall become a part of this Agreement by Addendum.

EXHIBIT C

Utilization of Operation and Maintenance Mill Levy

The District shall dedicate the Public Improvements (as defined in the Service Plan) to the Town or other appropriate jurisdiction or owners association in a manner consistent with the Approved Development Plan, Annexation Agreement and other rules and regulations of the Town and applicable provisions of the Town Code. The District shall be authorized to own, operate and maintain the Public Improvements not otherwise required to be dedicated to the Town or other public entity. If the Public Improvements are owned by an entity other than the District, the Town or other public entity, such entity shall be responsible for the operation and maintenance unless the District agrees to provide for the operation and maintenance of the Public Improvements pursuant to an agreement with such entity.

The District is authorized to impose up to 10 mills for District administrative and operating expenses as well as maintenance of Regional Infrastructure as set forth below. The Operation and Maintenance Mill Levy shall be imposed by the District at the District's discretion but in a manner that will enable the District to perform its administrative and operating obligations and its maintenance obligations in connection with the Regional Infrastructure in a timely and adequate manner.

- Drainage Improvements (including detention and storm improvements)
- Street Improvements (including roads, curbs, gutters, culverts, sidewalks, bridges, parking facilities, paving, lighting, grading, landscaping, and other street improvements)
- Traffic and Safety Controls
- Open Space and Trails
- Landscaping
- Parks and Recreation Improvements and Facilities, including club houses, recreation centers, and swimming pools
- Retaining Walls
- Irrigation Systems
- Streetscape associated with the improvement of Chambers Road

NOS. 4-9 and 11
(Continued from 5/18/20 and continued from 6/4/20)**

Department: Town Attorney, Kristin Hoffmann

EXECUTIVE SUMMARY

These resolutions approve the service plans for Cherry Creek South Metropolitan District Nos. 4-9 and 11. The ordinances approve the intergovernmental agreements with the Districts.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

In October 2004, the Town Council approved the Consolidated Service Plan (the “Original Service Plan”) for Cherry Creek South Metropolitan District Nos. 2 – 11 (the “Cherry Creek Districts”). At the time of Town approval of the Original Service Plan it was anticipated that the Cherry Creek Districts would collectively undertake the financing and construction of the public improvements. However, as a result of the sale of the property to differing interests with differing development plans, it is no longer feasible or practicable for the Cherry Creek Districts to operate under the Original Service Plan.

In 2016, the Town Council approved the amended and restated consolidated service plan for District Nos. 2 and 3, and they operate independently from District Nos. 4-11. District Nos. 4-9 and 11 have submitted an application to amend and restate their service plans (one for District Nos. 4-6 and one for District Nos. 7-9 and 11; and one for District No. 10). These plans are submitted and processed under the recently approved metropolitan district policies.

FINANCIAL IMPACT

Under the terms of the intergovernmental agreements, the Districts agree to impose a property tax of 5 mills, which will be remitted to the Town for the planning, design, financing,

acquisition, construction, operation and maintenance of the Town infrastructure identified in Exhibit B of the intergovernmental agreements.

TITLE: A RESOLUTION TO APPROVE THE AMENDED AND RESTATED SERVICE PLAN FOR CHERRY CREEK SOUTH METROPOLITAN DISTRICT NO. 4

WHEREAS, by Resolution No. 04-078.1, the Town Council of the Town of Parker (the “Town”) on October 4, 2004, approved the Consolidated Service Plan for the organization of the Cherry Creek South Metropolitan District Nos. 2-11; and

WHEREAS, Cherry Creek South Metropolitan District No. 4 (the “District”) has filed an Amended and Restated Service Plan (the “Service Plan”) in the office of the Town Clerk of the Town of Parker; and

WHEREAS, the Town, pursuant to C.R.S. § 32-1-101, *et seq.*, (the “Special District Act”) and Chapter 10.11 of the Town of Parker Municipal Code (the “Code”), has the authority to approve service plans for metropolitan districts that are organized within the Town’s boundaries; and

WHEREAS, the Town Council has reviewed the Service Plan, the evidence and related exhibits, and has determined that the same meets the municipal approval criteria under the Special District Act and the Code, and therefore, has determined to adopt a resolution of approval of the Service Plan for the District; and

WHEREAS, a copy of the Service Plan is attached hereto as **Exhibit 1** and incorporated herein by reference; and

WHEREAS, notice of the public hearing before the Town Council for its consideration of the Service Plan was duly published in the *Denver Post* on April 27, 2020, in accordance with the Special District Act, as evidenced by the Affidavit of Publication attached hereto as **Exhibit 2** and incorporated herein by reference; and

WHEREAS, in accordance with the Special District Act, notice of the hearing before the Town Council was also duly mailed by first class mail on April 27, 2020, to all property owners within the boundaries of the District and to interested persons, defined as follows: (1) the Colorado Division of Local Government; and (2) the governing body of any municipality or special district which has levied an ad valorem tax within the next preceding tax year, and which has boundaries within a radius of three miles of the District’s boundaries, as evidenced by the Certificate of Mailing of Notice of Hearing to Three Mile Radius Entities attached hereto as **Exhibit 3** and incorporated herein by reference; and

WHEREAS, the boundaries of the District are wholly contained within the boundaries of the Town; and

WHEREAS, pursuant to the provisions of the Special District Act and the Code, the Town Council held a public hearing on the Service Plan for the District on June 15, 2020; and

WHEREAS, the Town Council considered the Service Plan, and all other testimony and evidence presented at said hearing.

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF PARKER, COLORADO, AS FOLLOWS:

Section 1. The Town Council hereby determines that the hearing before the Town Council was open to the public; all interested parties were heard or had the opportunity to be heard; and all relevant testimony and evidence submitted to the Town Council was considered.

Section 2. The Town Council hereby determines that the requirements of the Special District Act and the Code, relating to the filing of the Service Plan for the District, and the requirements of C.R.S. § 32-1-204 relating to notice of the hearing by the Town Council, and the requirements of the Special District Act and the Code, relating to the approval by the Town Council, have been fulfilled.

Section 3. Upon consideration of the Service Plan for the District, and evidence at the public hearing on the Service Plan, the Town Council does find, determine and declare, as required by C.R.S. § 32-1-203 and the Code, as follows:

1. There continues to be sufficient existing and projected need for organized service in the area to be serviced by the District;

2. That the existing service in the area to be served by the District continues to be inadequate for present and projected needs;

3. That the District is capable of providing economical and sufficient service to the area within its boundaries;

4. That the area included in the District has, or will have, the financial ability to discharge the proposed indebtedness on a reasonable basis;

5. That adequate service is not or will not be available to the area through the Town or other existing quasi-municipal corporations, including existing districts, within a reasonable time and on a comparable basis;

6. That the facility and service standards of the District are compatible with the facility and service standards of the Town;

7. That the Service Plan is in substantial compliance with the Town's master plan;

8. That the Service Plan is in substantial compliance with the county, regional or state long-range water quality management plan for the area;

9. That approval of the Service Plan for the District will be in the best interests of the area to be served;

10. That approval of the Service Plan for the District will be in the best interests of the residents or future residents of the area proposed to be served;

11. That the Service Plan is in substantial compliance with Sections 10.11.010, *et seq.*, of the Code; and

12. That the approval of the Service Plan for the District will not foster urban development that is remote from or incapable of being integrated with existing urban areas, or place a burden on the Town or adjacent jurisdictions to provide urban services to residents of the District.

Section 4. The Town Council hereby finds that approval of the Service Plan is in the best interests of the property to be served, the Town and the District.

Section 5. The Town Council hereby approves the Service Plan for the District as submitted.

Section 6. A certified copy of this Resolution shall be filed in the records of the Town and the Douglas County Clerk and Recorder.

RESOLVED AND PASSED this _____ day of May, 2020.

I. INTRODUCTION

A. Background

On October 4, 2004, by Resolution No. 04-078.1, Series of 2004, the Town approved the Consolidated Service Plan (the “**Original Service Plan**”) for the Cherry Creek South Metropolitan District Nos. 2-11 (collectively, the “**Cherry Creek Districts**”).

At the time of Town approval of the Original Service Plan it was anticipated that the Cherry Creek Districts would collectively undertake the financing and construction of the Public Improvements (as defined in the Original Service Plan). As a result of slowing economic conditions, subsequent to the approval of the Original Service Plan the original developer of the project sold various parcels to different owners and developers, resulting in a diversity of property ownership within the Cherry Creek Districts. As a result of the sale of property to differing interests with differing development plans, it is no longer feasible or practicable for the Cherry Creek Districts to operate together under the Original Service Plan.

In 2016, Cherry Creek South Metropolitan District Nos. 2 and 3 (“**District Nos. 2 and 3**”) obtained approval of an Amended and Restated Consolidated Service Plan applicable to District Nos. 2 and 3 only. District Nos. 2 and 3 now operate independently from Cherry Creek South Metropolitan District Nos. 4-11 (“**District Nos. 4-11**”). District Nos. 4-11 currently operate under the Original Service Plan, however, the current owner of the property within District Nos. 4-11 anticipates selling additional parcels to differing groups in the future, resulting in an even more diverse property ownership and diverse development plans. As a result, District Nos. 4-11 have determined that development of the project and financing and construction of the Public Improvements may occur at different times. District Nos. 4-11 have determined that Cherry Creek South Metropolitan District Nos. 4-6 (the “**Districts**”) will serve the property subject to this Service Plan, Cherry Creek South Metropolitan District Nos. 7, 8, 9, and 11 (“**District Nos. 7, 8, 9, and 11**”) will serve the property currently planned in the future for residential and mixed use development, and Cherry Creek South Metropolitan District No. 10 (“**District No. 10**”) will serve the property currently planned for commercial development.

As a result of the diversity of property ownership and differing plans and timing for development, District Nos. 4-11 desire to operate independently from one another under different service plans. This Amended and Restated Service Plan for Cherry Creek South Metropolitan District No. 4 (the “**Service Plan**”) is in compliance with the Special District Act and Chapter 10.11 of the Town Code. The District is requesting approval of this Service Plan to conform with the new Town model Service Plan, update the Financial Plan and Capital Plan to reflect current development plans and to remove references to the remainder of the Cherry Creek Districts. District Nos. 5-11 consent to this Service Plan. Simultaneous with the processing of this Service Plan, District Nos. 5-11 are each processing Amended and Restated Service Plans. Upon approval of this Service Plan by the Town, District Nos. 4-6 shall operate independently from the other Cherry Creek Districts. This Service Plan entirely replaces and supersedes the Original Service Plan as it applies to District Nos. 4-11.

B. Purpose and Intent

The District is an independent unit of local government, separate and distinct from the Town, and, except as may otherwise be provided for by State or local law, or this Service Plan, its activities are subject to review by the Town only insofar as they may deviate in a material matter from the requirements of the Service Plan, Chapter 10.11 of the Town Code or the Intergovernmental Agreement. It is intended that the Districts will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the Districts. The primary purpose of the Districts will be to finance the construction of these Public Improvements.

This multiple-district Service Plan is intended to accommodate the phasing of the Project and the infrastructure needs of each phase. It is contemplated, although not required, that the Districts will cooperate with each other on certain infrastructure that benefits the taxpayers and inhabitants of the Service Area, and that each District will additionally have its own particular infrastructure needs.

The District is not being created to provide ongoing operations and maintenance services other than as specifically set forth in this Service Plan and the Intergovernmental Agreement.

C. Need for the Districts

The Districts were previously organized to provide the Public Improvements needed for the Project. There are still no other governmental entities, including the Town, located in the immediate vicinity of the Districts that consider it desirable, feasible or practical to undertake the planning, design, acquisition, construction, installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. The Districts are therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

D. Objective of the Town Regarding Districts' Service Plan

The Town's objective in approving the Service Plan for the District is to authorize the District to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment and financing of the Public Improvements from the proceeds of Debt to be issued by the Districts. All Debt is expected to be repaid by limited taxes and Development Fees imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term for residential properties and at a tax mill levy no higher than the Maximum Debt Mill Levy, for commercial and residential properties, and the Districts shall be authorized to finance the Public Improvements that can be funded from these sources of repayment. The Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy may also be pledged to the repayment of Debt, as set forth in the Intergovernmental Agreement. Debt which is issued within these parameters (as further described in the Financial Plan) will insulate property owners from excessive tax burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This Service Plan is intended to establish a limited purpose for the District and explicit financial constraints that are not to be violated under any circumstances. The primary purpose of the District is to provide for the Public Improvements associated with the Project, including those regional improvements necessitated by the Project. Ongoing operational and maintenance activities may be allowed, but only as specifically provided for in the Intergovernmental Agreement.

It is the intent of this Service Plan to assure to the extent possible that no commercial or residential property bear an economic burden that is greater in amount than that associated with the Maximum Debt Mill Levy and that no property developed for a residential use bear an economic burden in the form of the Maximum Debt Mill Levy that is longer in duration than that associated with the Maximum Debt Mill Levy Imposition Term, even under bankruptcy or other unusual situations. Generally, the cost of Public Improvements that cannot be funded within these parameters and the financing capacity of the Districts are not costs to be paid by the Districts. Costs of required Public Improvements that cannot be financed by the Districts are expected to be financed by the property owner or developer of the Project.

II. DEFINITIONS

In this Service Plan, the following terms shall have the meanings indicated below, unless the context hereof clearly requires otherwise:

Approved Development Plan: means a development plan or other process established by the Town (including, but not limited to, approval of a final plat, minor development plat or site plan by the Town planning commission or by the Town Council) for identifying, among other things, Public Improvements necessary for facilitating development for property within the Service Area as approved by the Town pursuant to the Town Code and as amended pursuant to the Town Code from time to time. An Approved Development Plan does not include any plan, process or approval denoted as preliminary under the Town Code. The Planned Development Guide approved by the Town on September 21, 2015, and any amendments thereto, is an Approved Development Plan for purposes of this Service Plan.

Board: means the board of directors of the District.

Bond, Bonds or Debt: means bonds or other obligations for the payment of which the Districts have promised to impose an *ad valorem* property tax mill levy.

Capital Plan: means the Capital Plan described in Section V.B. which includes: (a) a comprehensive list of the Public Improvements to be developed by the District; (b) an engineer's estimate of the cost of the Public Improvements; and (c) a pro forma capital expenditure plan correlating expenditures with development.

Development Fee: means the one-time development or system development fee imposed by the District on a per-unit (*residential*) or per square-foot (*non-residential*) basis at or prior to the issuance of a certificate of occupancy for the unit or structure to assist with the

planning and development of the Public Improvements, subject to the limitations set forth in Section VI.E. of the Service Plan. The Development Fee may be used to finance, plan, acquire, and construct the Public Improvements, and pay debt service.

District or District No. 4: means Cherry Creek South Metropolitan District No. 4.

District Boundaries: means the boundaries of the area described in the District Boundary Map.

District Boundary Map: means the map attached hereto as **Exhibit C**, depicting the Boundaries of the Districts.

Districts: means Cherry Creek South Metropolitan District Nos. 4-6.

External Financial Advisor: means a consultant that: (1) advises Colorado governmental entities on matters relating to the issuance of securities by Colorado governmental entities, including matters such as the pricing, sales and marketing of such securities and the procuring of bond ratings, credit enhancement and insurance in respect of such securities; (2) shall be an underwriter, investment banker, or individual listed as a public finance advisor in the Bond Buyer's Municipal Market Place; and (3) is not an officer or employee of any of the Districts and has not been otherwise engaged to provide services in connection with the transaction related to the applicable Debt.

Financial Plan: means the Financial Plan described in Section VI which describes (a) how the Public Improvements are to be financed; (b) how the Debt is expected to be incurred; (c) the estimated operating revenue derived from property taxes for the first budget year; (d) the total amount of Debt planned for at least the five-year period commencing with the approval of this Service Plan; (e) all proposed sources of revenue and projected District expenses, as well as the assumptions upon which they are based, for at least a ten-year period from the date of approval of this Service Plan; (f) the dollar amount of any anticipated financing, including capitalized interest, costs of issuance, estimated maximum rates and discounts, and any expenses related to the organization and initial operation of the Districts; (g) a detailed repayment plan covering the life of any financing, including the frequency and amounts to be collected from all sources; (h) the amount of any reserve fund and the expected level of annual Debt service coverage which will be maintained for any financing; (i) the total authorized Debt for the Districts; (j) the provisions regarding any credit enhancement, if any, for the proposed financing, including, but not limited to, letters of credit and insurance; and (k) a list and written explanation of potential risks of the financing.

Infrastructure Capital Mill Levy: means 5 mills that shall be levied by the District and either retained by the District or remitted to the Town (or a combination thereof) and used for the planning, design and construction of infrastructure that the Town determines is necessary or desirable in connection with the impacts of development in the District. The utilization of the Infrastructure Capital Mill Levy shall be determined in the Intergovernmental Agreement. The Infrastructure Capital Mill Levy shall be imposed by

the District beginning the first year the District certifies a debt service mill levy and shall be subject to the Mill Levy Adjustment.

Intergovernmental Agreement: means the intergovernmental agreement required by Town Code Section 10.11.140(a), and attached hereto as **Exhibit H**.

Map Depicting Public Improvements: means the map attached hereto as **Exhibit E**, showing the location(s) of the Public Improvements listed in the Capital Plan.

Maximum Debt Mill Levy: means the maximum mill levy the District is permitted to impose for payment of Debt as set forth in Section VI.C below. The Maximum Debt Mill Levy shall be subject to the Mill Levy Adjustment.

Maximum Debt Mill Levy Imposition Term: means the maximum term for imposition of a mill levy on a particular property developed for residential uses as set forth in Section VI.D below.

Mill Levy Adjustment: means, if, on or after January 1, 2019, there are changes in the method of calculating assessed valuation or any constitutionally mandated tax credit, cut or abatement, the mill levy to which the Mill Levy Adjustment applies may be increased or decreased to reflect such changes, such increases and decreases to be determined by the Board in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenues generated by the applicable mill levy, as adjusted for changes occurring after January 1, 2019, are neither diminished nor enhanced as a result of such changes. For purposes of the foregoing, a change in the ratio of actual valuation shall be deemed to be a change in the method of calculating assessed valuation.

Operation and Maintenance Mill Levy: means the maximum number of mills (not to exceed 10 mills) the District may levy, as set forth in the Intergovernmental Agreement, to pay for the costs of ongoing administrative, accounting and legal services of the Districts, and, if applicable, the costs of maintaining certain regional Public Improvements, as the same are identified in the Intergovernmental Agreement.

Project: means the development or property commonly referred to as Anthology.

Public Improvements: means a part or all of the improvements authorized to be planned, designed, acquired, constructed, installed, relocated, redeveloped as part of an Approved Development Plan and financed as generally described in the Special District Act, except as specifically limited in Section V below to serve the future taxpayers and inhabitants of the Service Area as determined by the Board of each District.

Service Area: means the property within the boundaries of all of the Districts.

Service Plan: means this service plan for the District approved by Town Council.

Service Plan Amendment: means an amendment to the Service Plan approved by Town Council in accordance with Chapter 10.11 of the Town Code and the applicable state law.

Special District Act: means Section 32-1-101, *et seq.*, of the Colorado Revised Statutes, as amended from time to time.

State: means the State of Colorado.

Town: means the Town of Parker, Colorado.

Town Capital and Maintenance Mill Levy: means 5 mills that shall be levied by the District and either retained by the District or remitted to the Town and used for the construction and maintenance of infrastructure that the Town determines is necessary or desirable in connection with the impacts of development in the District. The utilization of the Town Capital and Maintenance Mill Levy shall be determined in the Intergovernmental Agreement. The Town Capital Maintenance Mill Levy shall be imposed by the District beginning the first year the District certifies a debt service mill levy and shall be subject to the Mill Levy Adjustment.

Town Code: means the Town of Parker Municipal Code, as may be amended and in effect from time to time.

Town Council: means the Town Council of the Town of Parker, Colorado.

III. BOUNDARIES

Following various inclusions and exclusions, the area of the District Boundaries includes approximately 203.874 acres. A legal description of the District Boundaries is attached hereto as **Exhibit A**. A map of the District Boundaries is attached hereto as **Exhibit C**. A vicinity map is attached hereto as **Exhibit B**. It is anticipated that the Districts' Boundaries may change from time to time as it undergoes inclusions and exclusions pursuant to Section 32-1-401, *et seq.*, C.R.S., and Section 32-1-501, *et seq.*, C.R.S., subject to the limitations set forth in Article V below.

IV. PROPOSED LAND USE/POPULATION PROJECTIONS/ASSESSED VALUATION

The Service Area consists of approximately 515.765 acres of land. The current assessed valuation of the Service Area is assumed to be \$0.00 for purposes of this Service Plan and, at build out, is expected to be sufficient to reasonably discharge the Debt under the Financial Plan.

Approval of this Service Plan by the Town does not imply approval of the development of a specific area within the Districts, nor does it imply approval of the number of residential units or the total site/floor area of commercial or industrial buildings which may be identified in this Service Plan or any of the exhibits attached thereto. The permitted level of the development within the Project is as contained within an Approved Development Plan.

Approval of this Service Plan by the Town in no way releases or relieves the developer of the Project, or the landowner or any subdivider of the Project property, or any of their respective successors or assigns, of obligations to construct public improvements for the Project or of obligations to provide to the Town such financial guarantees as may be required by the Town to

ensure the completion of the Public Improvements, or of any other obligations to the Town under the Town Code or any applicable annexation agreement, subdivision agreement, or other agreements affecting the Project property or development thereof.

V. DESCRIPTION OF PROPOSED POWERS, IMPROVEMENTS AND SERVICES

A. Powers of the District and Service Plan Amendment

The District shall have the power and authority to provide the Public Improvements within and without the boundaries of the District as such power and authority is described in the Special District Act, and other applicable statutes, common law and the Constitution, subject to the limitations set forth in this Service Plan and the Intergovernmental Agreement.

1. Operations and Maintenance Limitation. The purpose of the District is to plan for, design, acquire, construct, install, relocate, redevelop and finance the Public Improvements. The District shall dedicate the Public Improvements to the Town or other appropriate jurisdiction or owners association in a manner consistent with the Approved Development Plan, other rules and regulations of the Town, and applicable provisions of the Town Code, all as directed by the Town. The District shall not be authorized to operate and maintain any part or all of the Public Improvements, or any other improvements, public or private, unless specifically provided for in the Intergovernmental Agreement.

2. Fire Protection Limitation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless such facilities and services are provided pursuant to an intergovernmental agreement with the Town. The authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system shall not be limited by this provision.

3. Television Relay and Translation; Mosquito Control, and Other Limitations. Unless such facilities and services are provided pursuant to the Intergovernmental Agreement, the District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate, maintain or provide: (a) any television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project; (b) any mosquito control facilities and services; (c) any solid waste disposal, collection and transportation facilities and services; and (d) any security, covenant enforcement and design review services.

4. Construction Standards Limitation. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the Town and of federal and state governmental entities having proper jurisdiction, and of those special districts that qualify as “interested persons” under Section 32-1-204(1), C.R.S., as applicable. The District will obtain the Town’s approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

5. Property Acquisition Limitation; Transfer Requirement. The District shall not exercise any power of dominant eminent domain against the Town without the prior written consent of the Town. The District shall at no expense to the Town transfer to the Town all rights-of-way, fee interests and easements that the Town determines are necessary for access to and operation and maintenance of the Public Improvements, consistent with the Approved Development Plan and to the extent such interests have not been acquired by the Town through such Development Plan process.

6. Privately Placed Debt Limitation. Prior to the issuance of any privately placed Debt, the District shall obtain the certification of an External Financial Advisor substantially as follows:

We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by the District for the [insert the designation of the Debt] does not exceed a market [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

7. Inclusion and Exclusion Limitations. The District shall not include within any of its boundaries any property outside the Service Area without the prior written consent of the Town Council. The District shall not exclude any property from the District if such exclusion will result, or is reasonably anticipated to result, in detriment to the remaining residents and taxpayers within the District or any of the other Districts, or to any of the Districts' bondholders. No District shall impose a mill levy and then exclude the property from its boundaries, unless the property is being included in one of the other Districts.

8. Total Debt Issuance Limitation. The Districts shall not issue Debt in excess of \$170,343,750 total aggregate principal amount, provided that such limitation shall not be applicable to refunding Bonds issued by the Districts to refund outstanding Debt. The foregoing figure is the product of: (a) the bonding capacity of the Districts, which was derived using the following assumptions: (i) the interest rate is not less than 150 basis points more than the 30 Year AAA MMD Index (as of the date of the submission of the Service Plan); (ii) inflation on completed structures does not exceed a 4% biennial growth rate; (iii) the bonds amortize over a period of 40 years; and (iv) debt service coverage is no less than 100%; and (v) the levying by each of the Districts of 57 mills for the Maximum Debt Mill Levy, 5 mills for the Infrastructure Capital Mill Levy, and 5 mills for the Town Capital and Maintenance Mill Levy; and (b) 125%. The Districts shall allocate the Debt among themselves in an intergovernmental agreement and shall provide a copy of such intergovernmental agreement and any subsequent amendments thereto to the Town. The Debt limitation shall not apply to the District's pledge of its property tax or specific ownership

tax revenues derived from its mill levies to one of the other Districts (as defined in the Service Plan).

9. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities for which the Town is eligible to apply for, except as may be specifically authorized in an intergovernmental agreement with the Town. This Section shall not apply to specific ownership taxes which shall be distributed to and be a revenue source for the District without any limitation.

10. Consolidation Limitation. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the Town, unless such consolidation is with one of the other Districts.

11. Bankruptcy Limitation. All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy, the total debt issuance limitation, and the Maximum Debt Mill Levy Imposition Term have been established under the authority of the Town to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S. It is expressly intended that such limitations:

(a) shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Service Plan Amendment; and

(b) are, together with all other requirements of Colorado law, included in the “political or governmental powers” reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the “regulatory or electoral approval necessary under applicable nonbankruptcy law” as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy or the Maximum Debt Mill Levy Imposition Term, shall be deemed a material modification of this Service Plan pursuant to Section 32-1-207, C.R.S. and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the Town as part of a Service Plan Amendment.

12. Revenue Bond Limitation. The District shall not issue revenue bonds where the revenue pledged to such bonds consists of fees, except as set forth in this Section. Prior to issuing any revenue bonds, the District shall submit all relevant details of such issuance to the Town Council, which may elect to treat the issuance of the revenue bonds as a material modification of the Service Plan. If the Town Council determines that the issuance of revenue bonds constitutes a material modification of the Service Plan, the District shall proceed to amend the Service Plan in accordance with Section 32-1-207, C.R.S. prior to issuing any revenue bonds. Bonds issued by one of the Districts to which one of the other Districts has pledged toward the repayment of such bonds its property taxes and/or specific ownership taxes derived from a mill levy or other source of revenue shall not be considered revenue bonds under this Section.

13. Service Plan Amendment Requirement. This Service Plan is general in nature and does not include specific detail in some instances because development plans have not been finalized. The Service Plan has been designed with sufficient flexibility to enable the Districts to provide required Public Improvements under evolving circumstances without the need for numerous amendments. Modification of the general types of services and facilities making up the Public Improvements, and changes in proposed configurations, locations or dimensions of the Public Improvements shall be permitted to accommodate development needs consistent with the then-current Approved Development Plan(s) for the Project, subject to the limitations of this Service Plan and the Intergovernmental Agreement.

The District is an independent unit of local government, separate and distinct from the Town, and its activities are subject to review by the Town only insofar as they may deviate in a material manner from the requirements of the Service Plan, Chapter 10.11 of the Town Code, or the Intergovernmental Agreement. As such, any action of the District which: (1) violates the limitations set forth in Sections V.A.1-14 above; (2) violates the limitations set forth in Section VI.B-H; (3) constitutes a material modification under Town Code Section 10.11.060; or (4) constitutes a failure to comply with the Intergovernmental Agreement or other agreement with the Town, which non-compliance has not been waived in writing by the Town, shall be deemed to be a material modification to this Service Plan and the Town shall be entitled to all remedies available under State and local law to enjoin such action(s) of the District.

Any Town approval requirements contained in this Service Plan (including, without limitation, any provisions requiring that a change, request, occurrence, act or omission be treated as a Service Plan Amendment or be deemed a “material modification” of the Service Plan) shall remain in full force and effect, and, unless otherwise provided by resolution of the Town Council, such Town approval shall continue to be required, notwithstanding any future change in law modifying or repealing any statutory provision concerning service plans, amendments thereof or modifications thereto.

B. Capital Plan

The Districts shall have authority to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, and financing of the Public Improvements within the Service Area of the Districts and, to the extent necessary to improve adjacent streets and connect Public Improvements to existing infrastructure, without the boundaries of the Districts, all to be more specifically defined in an Approved Development Plan. A Capital Plan, including: (1) a comprehensive list of the Public Improvements to be developed by the Districts; (2) an estimate of the cost of the Public Improvements, together with a letter from a Colorado professional registered engineer certifying that such costs are reasonable in the engineer’s opinion and that such estimates were prepared based upon Town construction standards; and (3) a pro forma capital expenditure plan correlating expenditures with development is attached hereto as **Exhibit D**. Maps Depicting Public Improvements are attached hereto as **Exhibit E**. As shown in the Capital Plan, the estimated cost of the Public Improvements which may be planned for, designed, acquired, constructed, installed, relocated, redeveloped, or financed by the Districts is approximately \$142,873,244.20. Costs of required Public Improvements that cannot be financed

by the Districts within the parameters of this Service Plan and the financial capability of the Districts are expected to be financed by the property owner or developer of the Project.

The Districts shall be permitted to allocate costs between such categories of the Public Improvements as deemed necessary in its discretion.

All of the Public Improvements described herein will be designed in such a way as to assure that the Public Improvements standards will be compatible with those of the Town and shall be in accordance with the requirements of the Approved Development Plan. All descriptions of the Public Improvements to be constructed, and their related costs, are estimates only and are subject to modification as engineering, development plans, economics, the Town's requirements, and construction scheduling may require. Upon approval of this Service Plan, the Districts will continue to develop and refine the Capital Plan and the Map Depicting Public Improvements, as necessary, and prepare for issuance of Debt. All cost estimates will be inflated to then-current dollars at the time of the issuance of Debt and construction. All construction cost estimates contained in **Exhibit D** assume construction to applicable standards and specifications of the Town and state and federal requirements.

C. Multiple District Structure

It is anticipated that the Districts, collectively, will undertake the financing and construction of certain of the Public Improvements contemplated herein. Specifically, the Districts shall enter into one or more intergovernmental agreements with each other (subject to Section X herein), which intergovernmental agreement(s) shall govern the relationships between and among the Districts with respect to the financing, construction and operation of the Public Improvements. The Districts will establish a mechanism whereby any one or more of the Districts may separately or collectively fund, construct, install and operate the Public Improvements.

VI. **FINANCIAL PLAN**

A. General

The Districts shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment of the Public Improvements from its revenues and by and through the proceeds of Debt to be issued by the Districts. The Financial Plan for the Districts shall be to issue such Debt as the District can reasonably pay within the Maximum Debt Mill Levy Imposition Term from revenues derived from the Maximum Debt Mill Levy and other legally available revenues. All bonds and other Debt issued by the Districts may be payable from any and all legally available revenues of the Districts, including general ad valorem taxes to be imposed upon all taxable property within the Districts. The Districts will also rely upon various other revenue sources authorized by law, such as interest, specific ownership taxes, advances from the Project owner or developer, and grants. The District is also authorized to assess and collect a Development Fee as set forth in Section VI.E, below. Unless specifically authorized in the Intergovernmental Agreement, the District shall not impose or assess any fees, rates, tolls, penalties, or charges other than the Development Fee without first obtaining Town

approval of an amendment to this Service Plan, which amendment shall be deemed to be a material modification hereof.

The total combined Debt that the Districts shall be permitted to issue shall not exceed \$170,343,750 in aggregate principal amount. Debt is permitted to be issued on a schedule and in such year or years as the Districts determine shall meet the needs of the Capital Plan referenced above and the progression of the development, subject to compliance with this Service Plan. The \$170,343,750 that the Districts shall be permitted to issue is supported by the Financial Plan prepared by D.A. Davidson & Co., attached hereto as **Exhibit F**. D.A. Davidson & Co., shall attach a certification to the Financial Plan, certifying that based upon the assumptions contained therein and their professional opinion, the Districts are expected to retire all Debt referenced in the Financial Plan within the restrictions set forth in the Service Plan, including but not limited to the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term.

B. Maximum Voted Interest Rate and Maximum Underwriting Discount

The interest rate on any Debt is limited to the market rate at the time the Debt is issued. In the event of a default, the proposed maximum interest rate on any Debt shall not exceed twelve percent (12%). The proposed maximum underwriting discount will be four percent (4%). Debt, when issued, will comply with all relevant requirements of this Service Plan, State law and Federal law as then applicable to the issuance of public securities.

C. Maximum Debt Mill Levy

The “Maximum Debt Mill Levy” shall be the maximum mill levy the District is permitted to impose upon the taxable property within the District, and shall be determined as follows:

1. For the portion of any aggregate District Debt which exceeds 50% of the District’s assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be fifty-seven (57) mills less the number of mills necessary to pay unlimited mill levy Debt described in Section VI.C.2 below, subject to the Mill Levy Adjustment. As of the date of this Service Plan, the Mill Levy Adjustment allows for a Maximum Debt Mill Levy of fifty-seven (57) mills. Except for permitted Mill Levy Adjustments, the District’s mill levy shall not exceed the Maximum Debt Mill Levy. If the District otherwise proposes to adjust its mill levy above the Maximum Debt Mill Levy for the purpose of offsetting any constitutionally or legislatively mandated credit, cut, abatement or change in the method of calculating assessed valuation, the District shall first submit all relevant details of such proposed adjustment to the Town Administrator, who may approve such proposed adjustment in writing or refer the proposal to the Town Council, which may elect to treat the proposed mill levy adjustment as a material modification of the Service Plan. If the Town Council determines that such adjustment constitutes a material modification of the Service Plan, the District shall proceed to amend the Service Plan in accordance with Section 32-1-207, C.R.S. The District shall obtain written approval of the Town Administrator or of a Service Plan amendment prior to any such mill levy adjustment.

2. For the portion of any aggregate District Debt which is equal to or less than 50% of the District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

3. For purposes of the foregoing, once Debt has been determined to be within Section VI.C.2 above, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the District's Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

D. Maximum Debt Mill Levy Imposition Term

The District shall not impose the Maximum Debt Mill Levy for repayment of any and all Debt (or use the proceeds of the Maximum Debt Mill Levy for repayment of Debt) on any single property developed for residential uses which exceeds forty (40) years after the year of the initial imposition of such Maximum Debt Mill Levy unless a majority of the Board of the District are residents of the District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S. *et seq.*

E. Operation and Maintenance Mill Levy

The District shall be permitted to levy up to 10 mills, subject to the Mill Levy Adjustment, for the purpose of paying for the costs of ongoing administrative, accounting and legal services of the District, and, if applicable, the costs of maintaining certain regional Public Improvements, as the same are identified in the Intergovernmental Agreement.

The estimated cost of engineering services, legal services and administrative services, together with the estimated costs of the Districts' organization and initial operations, are anticipated to be \$100,000, which will be eligible for reimbursement from Debt proceeds. The 2019 operating budget for the District is approximately \$50,000, which is anticipated to be derived from property taxes and other revenues, including owner or developer advances. The District shall maintain, from revenues derived from the Operation and Maintenance Mill Levy and other legally available revenues authorized under this Service Plan, sufficient funds to pay the District's operating costs.

F. Infrastructure Capital Mill Levy and Town Capital and Maintenance Mill Levy

The District shall levy the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy the first year the District certifies a debt service mill levy and the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy shall both be subject to the Mill Levy Adjustment.

The Infrastructure Capital Mill Levy shall be levied by the District and either retained by the District or remitted to the Town (or a combination thereof) and used for the planning, design and construction of infrastructure that the Town determines is necessary or desirable in connection with the impacts of development in the District, as set forth in the Intergovernmental Agreement. Likewise, the Town Capital and Maintenance Mill Levy shall be levied by the District and remitted to the Town and used for capital costs or for the maintenance of infrastructure that the Town determines is necessary or desirable in connection with the impacts of development in the District, also as set forth in the Intergovernmental Agreement.

The requirement that the District impose the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy shall exist for the duration of the life of the District.

G. Debt Repayment Sources

The District may impose the Maximum Debt Mill Levy on taxable property within its boundaries as a primary source of revenue for repayment of debt service. In no event shall the debt service mill levy in the District exceed the Maximum Debt Mill Levy or, for residential property within the District, the Maximum Debt Mill Levy Imposition Term.

Subject to the terms of the Intergovernmental Agreement, the District may also utilize the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy for the repayment of debt service.

The District may also collect a Development Fee, as allowed and limited by Colorado law, provided that such Development Fee does not exceed the following limits:

1. For each single-family detached residential unit, the Development Fee shall not exceed Two Thousand Dollars (\$2,000).
2. For each single-family attached or multi-family residential unit, the Development Fee shall not exceed One Thousand Five Hundred Dollars (\$1,500).
3. For a structure other than a single-family or multi-family residential structure, the Development Fee shall not exceed Twenty-Five Cents (\$0.25) per square foot of the structure.

The Development Fee set forth in this Service Plan may increase by up to the Consumer Price Index for Denver-Boulder, all items, all urban consumers (or its successor index for any years for which Consumer Price Index is not available) each year thereafter (as an inflation adjustment) commencing on January 1, 2019. In addition, should the Town's Model Service Plan be amended to allow for an increase in such Development Fees, such increase in Development Fees shall apply to the District. The Development Fee shall be collected prior to issuance of a certificate of occupancy. Unless specifically authorized in the Intergovernmental Agreement, the District shall not impose or assess any fees, rates, tolls, penalties, or charges other than the Development Fee, as limited above, without first obtaining Town approval of an amendment to this Service Plan, which amendment shall be deemed to be a material modification hereof.

H. Debt Instrument Disclosure Requirement

In the text of each Bond and any other instrument representing and constituting Debt, the issuing District shall set forth a statement in substantially the following form:

By acceptance of this instrument, the owner of this Bond agrees and consents to all of the limitations in respect of the payment of the principal of and interest on this Bond contained herein, in the resolution of the District authorizing the issuance of this Bond, and in the Service Plan of the District.

A substantially similar statement describing the limitations in respect of the payment of the principal of and interest on Debt set forth in this Service Plan shall be included in any document used for the offering of the Debt for sale to persons, including, but not limited to, an owner or developer of property within the boundaries of the District. If no offering documents are used, then the District shall deliver the statement to any prospective purchaser of such Debt. The Town may by written notice to the District require modifications to the form of disclosures statement.

I. Security for Debt

The District shall not pledge any revenue, property or other assets of the Town as security for any District indebtedness. Approval of this Service Plan shall not be construed as a guarantee by the Town of payment of the District's obligations; nor shall anything in the Service Plan be construed so as to create any responsibility or liability on the part of the Town in the event of default by the District in the payment of any such obligation.

J. TABOR Compliance

The District will comply with the provisions of TABOR. In the discretion of the Board, the District may set up enterprises or nonprofit entities to manage, fund, construct and operate facilities, services, and programs. To the extent allowed by law, any entity created by a District will remain under the control of the District's Board. The activities of such enterprises and entities shall comply with the provisions of this Service Plan.

K. Subdistricts

A District may organize subdistricts or areas as allowed by Section 32-1-1101(1)(f), C.R.S., provided, however, that without the approval of the Town, any such subdistrict(s) or area(s) shall be subject to all limitations on debt and other provisions of the Service Plan. In accordance with Section 32-1-1101(1)(f)(I), C.R.S., the District shall notify the Town prior to establishing any such subdistrict(s) or area(s), and shall provide the Town with details regarding the purpose, location, and relationship of the subdistrict(s) or area(s). The Town Council may elect to treat the organization of any such subdistrict(s) or area(s) as a material modification of the Service Plan.

VII. ANNUAL REPORT

A. General

In accordance with Town Code Section 10.11.040, the District shall file an annual report with the Town Clerk not later than September 1st of each calendar year following approval of this Service Plan, which annual report shall reflect activity and financial events of the District through the preceding December 31 (the “report year”). The Districts may file a combined report. The Town Council reserves the right, pursuant to Section 32-1-207(3)(c), C.R.S., to request an annual report from the District beyond five (5) years after the District’s organization. The District shall be not be required to file an annual report if the District has declared inactive status pursuant to Section 32-1-104, C.R.S.

B. Reporting of Significant Events

The annual report shall include the following:

1. A list of public infrastructure the District constructed or installed during the report year, and a schedule for the construction or installation of future public infrastructure, as well as any maintenance operations or activities the District has undertaken during the report year and maintenance operations or activities the District plans to undertake in the upcoming year;
2. Except when exemption from audit has been granted for the report year under the Local Government Audit Law, the audited financial statements of the District for the report year including a statement of financial condition (i.e., balance sheet) as of December 31 of the report year and the statement of operations (i.e., revenues and expenditures) for the report year;
3. Unless disclosed within a separate schedule to the financial statements, a summary of the capital expenditures incurred by the District in development of Public Improvements in the report year, as well as any Public Improvements proposed to be undertaken in the five (5) years following the report year;
4. Unless disclosed within a separate schedule to the financial statements, a summary of the financial obligations of the District at the end of the report year, including the amount of outstanding Debt, the amount and terms of any new Debt issued in the report year, the amount of payment or retirement of existing Debt of the District in the report year, the total assessed valuation of all taxable properties within the District as of January 1 of the report year and the current mill levy of the District pledged to Debt retirement in the report year;
5. The District’s budget for the calendar year in which the annual report is submitted;
6. A summary of the residential and commercial development in the District for the report year;
7. A summary of all fees, charges and assessments imposed by the District as of January 1 of the report year;

8. Certification of the Board that no action, event or condition enumerated in Town Code Section 10.11.060 has occurred in the report year, or certification that such event has occurred but that an amendment to the Service Plan that allows such event has been approved by Town Council;

9. The name, business address and telephone number of each member of the Board and its chief administrative officer and general counsel, together with the date, place and time of the regular meetings of the Board; and

10. Certification from the Board of the District that the District is in compliance with all provisions of the Service Plan.

11. A copy of the most recent notice issued by the District, pursuant to Section 32-1-809, C.R.S.

12. A copy of any intergovernmental agreements entered into by the District since the filing of the last annual report.

VIII. DISSOLUTION

Upon an independent determination of the Town Council that the purposes for which the District was created have been accomplished, the District agrees to file a petition in the District Court for and in Douglas County, Colorado, for dissolution, pursuant to the applicable State statutes. In no event shall a dissolution occur until the District has provided for the payment or discharge of all of its outstanding indebtedness and other financial obligations as required pursuant to State statutes.

IX. DISCLOSURE TO PURCHASERS

The Town wants residential buyers to be aware of the additional tax burden to be imposed. The Town mandates early written and recorded notice of the total (overlapping) tax burden, including the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term, if applicable, as well as the Operation and Maintenance Mill Levy, the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy. The Town will review the type and timing of the disclosure, which the proponents of the District are proposing. The notice shall be recorded against all property within the District within thirty (30) days of approval of this Service Plan by the Town.

There is attached hereto as Exhibit **G** the Project Owner's Indemnification Letter, which is submitted to the Town by the Owner as part of this Service Plan. There is also attached hereto as Exhibit **G** the form of a District Indemnification Letter. The District shall approve and execute the Indemnification Letter at its first Board meeting after approval of this Service Plan by the Town, in the same form as the Indemnification Letter set forth in Exhibit **G** and shall promptly deliver an executed original to the Town.

X. INTERGOVERNMENTAL AGREEMENTS

The form of the intergovernmental agreement required by Town Code Section 10.11.140(a), relating to the limitations imposed on the District's activities, is attached hereto as **Exhibit H**. The District shall approve and execute the Intergovernmental Agreement within 60 days after approval of this Service Plan by the Town, in the same form as the Intergovernmental Agreement approved by Town Council, and shall promptly deliver an executed original to the Town. Failure of the District to execute the Intergovernmental Agreement as required herein shall constitute a material modification and shall require a Service Plan Amendment. The Town Council may approve the Intergovernmental Agreement at the public hearing approving the Service Plan.

Other than the Intergovernmental Agreement referenced in this Section and the intergovernmental agreement referenced in Section V(C) above, no intergovernmental agreements between the Districts and any other government are currently anticipated. Any intergovernmental agreement proposed regarding the subject matter of this Service Plan shall be subject to review by the Town prior to its execution by the District. Such Town review shall be with reference to whether the intergovernmental agreement is in compliance with this Service Plan, the Intergovernmental Agreement, and the terms of the Approved Development Plan or other instrument related to the Public Improvements. After submission of the proposed intergovernmental agreement in substantially final form to Town staff, the Town will notify the Districts within twenty (20) calendar days whether the intergovernmental agreement constitutes a material modification of the Service Plan necessitating an amendment in accordance with Section 32-1-207(2)(a), C.R.S..

XI. NON-COMPLIANCE WITH SERVICE PLAN

In the event it is determined that the District has undertaken any act or omission which violates the Service Plan or constitutes a material departure from the Service Plan, the Town may impose any of the sanctions set forth in Section 10.11.220 of the Town Code, including but not limited to affirmative injunctive relief to require the District to act in accordance with the provisions of this Service Plan. To the extent permitted by law, the District hereby waives the provisions of Section 32-1-207(3)(b), C.R.S. and agrees it will not rely on such provisions as a bar to the enforcement by the Town of any provisions of this Service Plan.

XII. CONCLUSION

It is submitted that this Service Plan for the District, as required by Section 32-1-203(2), C.R.S., and Section 10.11.180 of the Town Code, establishes that:

1. There is sufficient existing and projected need for organized service in the area to be serviced by the District;
2. The existing service in the area to be served by the District is inadequate for present and projected needs;
3. The District is capable of providing economical and sufficient service to the area within its proposed boundaries;

4. The area to be included in the District does have, and will have, the financial ability to discharge the proposed indebtedness on a reasonable basis;
5. Adequate service is not, and will not be, available to the area through the Town or County or other existing municipal or quasi-municipal corporations, including existing special districts, within a reasonable time and on a comparable basis;
6. The facility and service standards of the District are compatible with the facility and service standards of the Town;
7. The proposal is in substantial compliance the Town's Master Plan;
8. The proposal is in compliance with any duly adopted Town, regional or state long-range water quality management plan for the area;
9. The creation of the District is in the best interests of the area proposed to be served;
10. The creation of the District is in the best interests of the residents and future residents of the area proposed to be served;
11. The proposal is in substantial compliance with Chapter 10.11 of the Town Code;
and
12. The proposal will not foster urban development that is remote or incapable of being integrated with existing urban areas, and will not place a burden on the Town or adjacent jurisdictions to provide urban services to residents of the District.

EXHIBIT A
DISTRICT BOUNDARY LEGAL DESCRIPTION
CHERRY CREEK SOUTH METROPOLITAN DISTRICT NO. 4

PARCEL 1

A PARCEL OF LAND BEING A PORTION OF THAT CORRECTION SPECIAL WARRANTY DEED RECORDED ON DECEMBER 7, 2011 UNDER RECEPTION NO. 2011077256 IN THE RECORDS OF THE DOUGLAS COUNTY CLERK AND RECORDER'S OFFICE, LOCATED IN SECTIONS 32 AND 33, TOWNSHIP 6 SOUTH, RANGE 66 WEST OF THE SIXTH PRINCIPAL MERIDIAN, IN THE COUNTY OF DOUGLAS, STATE OF COLORADO MORE PARTICULARLY DESCRIBED AS FOLLOWS:

BASIS OF BEARINGS

BEARINGS ARE BASED ON THE LINE BETWEEN DOUGLAS COUNTY GIS CONTROL POINT 1.065010, BEING A 3.25" ALUMINUM CAP STAMPED 1.065010 AND DOUGLAS COUNTY GIS CONTROL POINT 1.060020, BEING A 3.25" ALUMINUM CAP STAMPED 1.060020, AND ASSUMED TO BEAR SOUTH 63°52'00" EAST.

COMMENCING AT THE NORTHEAST CORNER OF SAID SECTION 32;

THENCE SOUTH 36°46'42" WEST, A DISTANCE OF 133.96 FEET TO THE SOUTHERLY RIGHT-OF-WAY OF HESS ROAD AS DESCRIBED IN SPECIAL WARRANTY DEED RECORDED UNDER RECEPTION NO. 2004088617, IN SAID RECORDS AND THE BEGINNING OF A NON-TANGENT CURVE CONCAVE NORTHERLY HAVING A RADIUS OF 2,360.50 FEET, THE RADIUS POINT OF SAID CURVE BEARS NORTH 01°20'23" EAST AND THE **POINT OF BEGINNING**;

THENCE ALONG SAID SOUTHERLY RIGHT-OF-WAY AND EASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 01°56'08", AN ARC LENGTH OF 79.74 FEET TO EASTERLY LINE OF THE NORTHEAST QUARTER OF SAID SECTION 32 AND THE SOUTHERLY RIGHT-OF-WAY OF HESS ROAD AS DESCRIBED IN SPECIAL WARRANTY DEED RECORDED UNDER RECEPTION NO. 2004088619, IN SAID RECORDS;

THENCE ALONG SAID SOUTHERLY RIGHT-OF-WAY OF HESS ROAD THE FOLLOWING SEVEN (7) COURSES:

1. CONTINUING ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 02°08'41", AN ARC LENGTH OF 88.35 FEET;
2. NORTH 87°15'35" EAST, A DISTANCE OF 352.50 FEET;
3. NORTH 02°44'25" WEST, A DISTANCE OF 7.50 FEET;
4. NORTH 87°15'35" EAST, A DISTANCE OF 290.18 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE SOUTHERLY HAVING A RADIUS OF 2,945.00 FEET;
5. EASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 02°19'01", AN ARC LENGTH OF 119.10 FEET TO A POINT ON A LINE PARALLEL WITH AND 70.00 FEET SOUTHERLY, MEASURED AT RIGHT ANGLES FROM THE NORTH LINE OF THE NORTHWEST QUARTER OF SAID SECTION 33;
6. ALONG SAID PARALLEL LINE, TANGENT TO SAID CURVE, NORTH 89°34'36" EAST, A DISTANCE OF 1,800.34 FEET TO A POINT ON A LINE PARALLEL WITH AND 70.00 FEET SOUTHERLY, MEASURED AT RIGHT ANGLES FROM THE NORTH LINE OF THE NORTHEAST QUARTER OF SAID SECTION 33;
7. ALONG SAID PARALLEL LINE, NORTH 89°34'55" EAST, A DISTANCE OF 1,029.04 FEET;

THENCE DEPARTING SAID SOUTHERLY RIGHT-OF-WAY OF HESS ROAD, SOUTH 02°28'05" EAST, A DISTANCE OF 68.41 FEET;

THENCE SOUTH 49°46'37" EAST, A DISTANCE OF 624.28 FEET TO THE NORTHERLY BOUNDARY OF THAT PARCEL OF LAND DESCRIBED IN SPECIAL WARRANTY DEED RECORDED UNDER RECEPTION NO. 2015020238, IN SAID RECORDS;

THENCE ALONG SAID SPECIAL WARRANTY DEED THE FOLLOWING ELEVEN (11) COURSES:

1. SOUTH 63°53'55" WEST, A DISTANCE OF 712.05 FEET;
2. NORTH 86°38'38" WEST, A DISTANCE OF 480.66 FEET;
3. SOUTH 43°43'39" WEST, A DISTANCE OF 865.32 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE NORTHERLY HAVING A RADIUS OF 175.00 FEET, THE RADIUS POINT OF SAID CURVE BEARS NORTH 50°41'25" WEST;
4. WESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 67°55'20", AN ARC LENGTH OF 207.46 FEET;
5. NON-TANGENT TO SAID CURVE, SOUTH 34°33'03" WEST, A DISTANCE OF 242.55 FEET;
6. SOUTH 22°45'33" WEST, A DISTANCE OF 70.00 FEET;
7. SOUTH 67°14'27" EAST, A DISTANCE OF 22.61 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE SOUTHWESTERLY HAVING A RADIUS OF 465.00 FEET;
8. SOUTHEASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 20°57'39", AN ARC LENGTH OF 170.11 FEET;
9. TANGENT TO SAID CURVE, SOUTH 46°16'48" EAST, A DISTANCE OF 125.78 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE NORTHEASTERLY HAVING A RADIUS OF 335.00 FEET;
10. SOUTHEASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 03°45'35", AN ARC LENGTH OF 21.98 FEET;
11. NON-TANGENT TO SAID CURVE, SOUTH 46°01'59" EAST, A DISTANCE OF 25.04 FEET TO THE WESTERLY BOUNDARY OF STROH RANCH FILING NO. 18A AS RECORDED UNDER RECEPTION NO. 2003022326, IN SAID RECORDS;

THENCE ALONG SAID WESTERLY BOUNDARY OF STROH RANCH FILING NO. 18A, SOUTH 27°34'49" WEST, A DISTANCE OF 203.52 FEET TO THE WESTERLY BOUNDARY OF STROH RANCH FILING NO. 18B AS RECORDED UNDER RECEPTION NO. 2003092248, IN SAID RECORDS;

THENCE ALONG SAID WESTERLY BOUNDARY OF STROH RANCH FILING NO. 18B THE FOLLOWING FOUR (4) COURSES:

1. SOUTH 27°34'49" WEST, A DISTANCE OF 405.99 FEET;
2. SOUTH 42°57'30" WEST, A DISTANCE OF 600.52 FEET;
3. SOUTH 37°28'51" WEST, A DISTANCE OF 217.29 FEET;
4. SOUTH 14°16'53" WEST, A DISTANCE OF 150.80 FEET;

THENCE DEPARTING SAID WESTERLY BOUNDARY, NORTH 75°43'07" WEST, A DISTANCE OF 50.00 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE NORTHEASTERLY HAVING A RADIUS OF 450.00 FEET;

THENCE NORTHWESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 31°22'23", AN ARC LENGTH OF 246.40 FEET;

THENCE TANGENT TO SAID CURVE, NORTH 44°20'44" WEST, A DISTANCE OF 257.95 FEET;

THENCE SOUTH 45°39'16" WEST, A DISTANCE OF 40.00 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE SOUTHEASTERLY HAVING A RADIUS OF 326.85 FEET, THE RADIUS POINT OF SAID CURVE BEARS SOUTH 46°43'46" EAST;

THENCE SOUTHWESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 25°58'26", AN ARC LENGTH OF 148.17 FEET TO THE BEGINNING OF A REVERSE CURVE CONCAVE NORTHWESTERLY HAVING A RADIUS OF 299.35 FEET;

THENCE SOUTHWESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 55°26'37", AN ARC LENGTH OF 289.67 FEET TO THE BEGINNING OF A COMPOUND CURVE CONCAVE NORTHERLY HAVING A RADIUS OF 743.86 FEET;

THENCE WESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 21°38'41", AN ARC LENGTH OF 281.01 FEET TO THE BEGINNING OF A REVERSE CURVE CONCAVE SOUTHERLY HAVING A RADIUS OF 1,176.74 FEET;

THENCE WESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 22°18'45", AN ARC LENGTH OF 458.25 FEET TO THE BEGINNING OF A REVERSE CURVE CONCAVE NORTHERLY HAVING A RADIUS OF 602.02 FEET;

THENCE WESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 22°54'43", AN ARC LENGTH OF 240.74 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE SOUTHERLY HAVING A RADIUS OF 1,246.07 FEET, THE RADIUS POINT OF SAID CURVE BEARS SOUTH 00°00'20" EAST;

THENCE WESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 12°21'42", AN ARC LENGTH OF 268.84 FEET TO THE BEGINNING OF A REVERSE CURVE CONCAVE NORTHERLY HAVING A RADIUS OF 377.30 FEET;

THENCE WESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 37°42'02", AN ARC LENGTH OF 248.26 FEET;

THENCE NON-TANGENT TO SAID CURVE, NORTH 64°32'25" WEST, A DISTANCE OF 41.66 FEET;

THENCE SOUTH 25°27'35" WEST, A DISTANCE OF 488.02 FEET;

THENCE SOUTH 64°32'25" EAST, A DISTANCE OF 40.00 FEET;

THENCE SOUTH 25°27'35" WEST, A DISTANCE OF 43.55 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE NORTHWESTERLY HAVING A RADIUS OF 550.00 FEET;

THENCE SOUTHWESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 53°51'16", AN ARC LENGTH OF 516.97 FEET;

THENCE NON-TANGENT TO SAID CURVE, NORTH 10°41'09" WEST, A DISTANCE OF 40.00 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE NORTHERLY HAVING A RADIUS OF 510.00 FEET, THE RADIUS POINT OF SAID CURVE BEARS NORTH 10°41'09" WEST;
THENCE WESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 27°23'10", AN ARC LENGTH OF 243.77 FEET;

THENCE TANGENT TO SAID CURVE, NORTH 73°17'59" WEST, A DISTANCE OF 311.69 FEET;

THENCE NORTH 16°42'01" EAST, A DISTANCE OF 732.81 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE WESTERLY HAVING A RADIUS OF 3,000.00 FEET;

THENCE NORTHERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 30°42'00", AN ARC LENGTH OF 1,607.44 FEET;

THENCE NON-TANGENT TO SAID CURVE, NORTH 76°00'01" EAST, A DISTANCE OF 370.24 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE SOUTHERLY HAVING A RADIUS OF 510.00 FEET;

THENCE EASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 25°03'18", AN ARC LENGTH OF 223.02 FEET;

THENCE TANGENT TO SAID CURVE, SOUTH 78°56'40" EAST, A DISTANCE OF 92.67 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE NORTHERLY HAVING A RADIUS OF 510.00 FEET;

THENCE EASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 21°08'07", AN ARC LENGTH OF 188.13 FEET;

THENCE TANGENT TO SAID CURVE, NORTH 79°55'13" EAST, A DISTANCE OF 426.42 FEET;

THENCE NORTH 79°55'13" EAST, A DISTANCE OF 40.16 FEET;

THENCE NORTH 04°54'08" WEST, A DISTANCE OF 40.16 FEET;

THENCE NORTH 79°55'13" EAST, A DISTANCE OF 17.18 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE SOUTHERLY HAVING A RADIUS OF 550.00 FEET;

THENCE EASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 18°44'00", AN ARC LENGTH OF 179.83 FEET;

THENCE TANGENT TO SAID CURVE, SOUTH 81°20'47" EAST, A DISTANCE OF 278.61 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE SOUTHERLY HAVING A RADIUS OF 550.00 FEET;

THENCE EASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 21°40'17", AN ARC LENGTH OF 208.03 FEET;

THENCE TANGENT TO SAID CURVE, SOUTH 59°40'29" EAST, A DISTANCE OF 524.79 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE NORTHERLY HAVING A RADIUS OF 470.00 FEET;

THENCE EASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 49°10'58", AN ARC LENGTH OF 403.45 FEET;

THENCE TANGENT TO SAID CURVE, NORTH 71°08'32" EAST, A DISTANCE OF 142.29 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE NORTHWESTERLY HAVING A RADIUS OF 600.00 FEET;

THENCE NORTHEASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 12°24'11", AN ARC LENGTH OF 129.88 FEET;

THENCE TANGENT TO SAID CURVE, NORTH 58°44'21" EAST, A DISTANCE OF 248.41 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE SOUTHERLY HAVING A RADIUS OF 550.00 FEET;

THENCE EASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 28°19'54", AN ARC LENGTH OF 271.96 FEET TO THE BEGINNING OF A REVERSE CURVE CONCAVE NORTHWESTERLY HAVING A RADIUS OF 17.00 FEET;

THENCE NORTHEASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 84°13'49", AN ARC LENGTH OF 24.99 FEET;

THENCE TANGENT TO SAID CURVE, NORTH 02°50'26" EAST, A DISTANCE OF 85.87 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE EASTERLY HAVING A RADIUS OF 550.00 FEET;

THENCE NORTHERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 30°48'45", AN ARC LENGTH OF 295.78 FEET;

THENCE TANGENT TO SAID CURVE, NORTH 33°39'11" EAST, A DISTANCE OF 190.78 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE WESTERLY HAVING A RADIUS OF 410.00 FEET;

THENCE NORTHERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 69°44'20", AN ARC LENGTH OF 499.04 FEET;

THENCE TANGENT TO SAID CURVE, NORTH 36°05'08" WEST, A DISTANCE OF 49.96 FEET;

THENCE SOUTH 60°20'48" WEST, A DISTANCE OF 22.80 FEET;

THENCE SOUTH 64°20'42" WEST, A DISTANCE OF 74.80 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE NORTHWESTERLY HAVING A RADIUS OF 352.28 FEET, THE RADIUS POINT OF SAID CURVE BEARS NORTH 45°28'32" WEST;

THENCE SOUTHWESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 17°22'58", AN ARC LENGTH OF 106.88 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE NORTHWESTERLY HAVING A RADIUS OF 135.16 FEET, THE RADIUS POINT OF SAID CURVE BEARS NORTH 60°38'46" WEST;

THENCE SOUTHWESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 25°23'46", AN ARC LENGTH OF 59.91 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE NORTHERLY HAVING A RADIUS OF 347.85 FEET, THE RADIUS POINT OF SAID CURVE BEARS NORTH 26°55'07" WEST;

THENCE WESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 37°10'31", AN ARC LENGTH OF 225.70 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE NORTHEASTERLY HAVING A RADIUS OF 55.25 FEET, THE RADIUS POINT OF SAID CURVE BEARS NORTH 14°08'21" EAST;

THENCE NORTHWESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 39°05'57", AN ARC LENGTH OF 37.70 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE EASTERLY HAVING A RADIUS OF 360.82 FEET, THE RADIUS POINT OF SAID CURVE BEARS NORTH 60°58'28" EAST;

THENCE NORTHERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 69°16'09", AN ARC LENGTH OF 436.22 FEET;

THENCE NON TANGENT TO SAID CURVE, NORTH 24°48'23" EAST, A DISTANCE OF 34.48 FEET;

THENCE NORTH 65°11'37" WEST, A DISTANCE OF 161.91 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE SOUTHERLY HAVING A RADIUS OF 131.00 FEET;

THENCE WESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 11°44'04", AN ARC LENGTH OF 26.83 FEET;

THENCE NON-TANGENT TO SAID CURVE, SOUTH 82°37'06" WEST, A DISTANCE OF 73.05 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE SOUTHERLY HAVING A RADIUS OF 465.41 FEET, THE RADIUS POINT OF SAID CURVE BEARS SOUTH 1°13'42" WEST;

THENCE WESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 1°39'15", AN ARC LENGTH OF 13.44 FEET;

THENCE NON-TANGENT TO SAID CURVE, SOUTH 65°08'56" WEST, A DISTANCE OF 234.68 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE NORTHERLY HAVING A RADIUS OF 119.00 FEET;

THENCE WESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 51°33'55", AN ARC LENGTH OF 107.10 FEET;

THENCE TANGENT TO SAID CURVE, NORTH 63°17'09" WEST, A DISTANCE OF 266.00 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE SOUTHERLY HAVING A RADIUS OF 181.00 FEET;

THENCE WESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 40°06'22", AN ARC LENGTH OF 126.70 FEET;

THENCE TANGENT TO SAID CURVE, SOUTH 76°36'29" WEST, A DISTANCE OF 560.00 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE SOUTHEASTERLY HAVING A RADIUS OF 81.00 FEET;

THENCE SOUTHWESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 34°22'39", AN ARC LENGTH OF 48.60 FEET;

THENCE TANGENT TO SAID CURVE, SOUTH 42°13'50" WEST, A DISTANCE OF 130.00 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE NORTHWESTERLY HAVING A RADIUS OF 119.00 FEET;

THENCE SOUTHWESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 28°39'01", AN ARC LENGTH OF 59.50 FEET;

THENCE TANGENT TO SAID CURVE, SOUTH 70°52'51" WEST, A DISTANCE OF 80.73 FEET;

THENCE NORTH 85°50'03" WEST, A DISTANCE OF 40.00 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE WESTERLY HAVING A RADIUS OF 600.00 FEET, THE RADIUS POINT OF SAID CURVE BEARS NORTH 85°50'03" WEST;

THENCE NORTHERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 03°53'01", AN ARC LENGTH OF 40.67 FEET;

THENCE NORTH 00°16'56" EAST, A DISTANCE OF 396.47 FEET TO THE **POINT OF BEGINNING**.

CONTAINING AN AREA OF 203.874 ACRES, (8,880,765 SQUARE FEET), MORE OR LESS.

Capital Plan and Engineer's Opinion of Probable Cost

Cherry Creek Service Plan Engineer's Estimate Summary

In order to put together the Engineer's Estimate of Probable Costs for the Cherry Creek Service Plan Amendment, two civil engineering firms and a landscape architecture firm were engaged to perform this task. Redlands Engineering focused on the major public spine improvements. Examples of these include regional drainage improvements, regional utilities, Chambers Road etc. CVL Consultants was engaged to determine the cost of the public improvements within each of the planning areas. After consultation with Staff it was determined that the public improvement costs for Segment 1A (PAs 13, 34-28) could be used to determine the remaining planning area costs. PCS put together the combined public landscape costs of both the public spine infrastructure and within the planning areas.

The total lot count for this project is 3,082 lots along with 77 acres of commercial. Only a small portion of the site has been designed through preliminary plat. The portion that has been designed consists of 502 lots within Segment 1A. The total cost of the public improvements within the Segment 1A planning areas is \$15,729,970.00 or \$31,334.60 per lot. Based on a discussion with Staff it was agreed that this per lot cost should be applied to all 3,082 lots. Applying this per lot cost to all 3,082 lots totals \$96,573,237.00 for all the public improvements within each planning area.

Redlands Engineering did an analysis of all the costs associated with public improvements outside of the residential planning areas, as well as for regional improvements. This included spine streets (Chambers, Great Plan Way, as well as regional drainage improvements and all utilities needs to serve the project. The total cost of these public improvements is estimated to be \$75,804,145.00. PCS put together an estimate of the cost of public landscaping which totaled \$69,933,128. The total cost of the regional improvements is \$7,724,063.00.

The total cost of all public improvements within the Cherry Creek Metropolitan District is estimated to be \$250,034,573.20. The unit costs that were used in this analysis are current unit costs from other projects in the Denver Metropolitan Area to include Trails at Crowfoot Filings 9-13.

Redlands Cost Estimate

**Cherry Creek South Metropolitan District
 District Infrastructure
 Engineer's Preliminary Opinion of Probable Costs**

Roadway, Drainage, Utilities, Grading and Erosion Control	Estimated Cost
District No. 4	\$26,744,488
District No. 5	\$11,519,023
District No. 6	\$6,856,665
District No. 7	\$2,707,663
District No. 8	\$15,267,400
District No. 9	\$9,587,293
District No. 10	\$3,121,613
District No. 11	\$0
	\$75,804,144

Landscape, Irrigation, Open Space, Parks, Trails, Median and Streetscape	Estimated Cost
District No. 4	\$12,763,901
District No. 5	\$24,321,637
District No. 6	\$4,938,840
District No. 7	\$2,004,294
District No. 8	\$15,327,164
District No. 9	\$7,502,883
District No. 10	\$1,877,109
District No. 11	\$1,197,300
	\$69,933,129

Regional Improvements	Estimated Cost
Canyons Trunk Sewer Reimbursement	\$877,246
Hess Road Reimbursement	\$6,814,111
Outfall Systems Planning (OSP) Study Update	\$32,706
	\$7,724,063

TOTAL COMBINED COSTS FOR CHERRY CREEK SOUTH METROPOLITAN DISTRICT	\$153,461,335
--	----------------------

**Cherry Creek South Metropolitan District
District Infrastructure
Engineer's Preliminary Opinion of Probable Costs**

Notes:

Grading quantities for Roadways are based on an assumed 5-ft (vertical) of earthwork over the right-of-way. Areas of cut and fill are assumed to be equal. Final quantities may vary significantly due to site constraints and detailed designs.

Channel Stabilization and Regional Detention Pond costs were obtained from the Town of Parker/UDFCD Oak Gulch Pilot Implementation Study, Analysis of Oak Gulch Stream Stabilization Construction Costs.

Channel Stabilization improvements within Oak Gulch Reach #1, from Jordon Road to Chambers Road, have been equally allocated between Districts 7 & 10 (collective).

Erosion Control Maintenance Estimated at 25% of Initial Installation Cost.

Sanitary Sewer Manhole Spacing assumed every 300-ft.

Water valve spacing assumed every 500-ft. Fire Hydrant spacing along Arterials/Collectors assumed every 750-ft.

Storm drainage improvements for Arterial/Collector roadways are anticipated to consist of a 24-in RCP (on average) storm sewer system for 75% of the length of each one-half of roadway, 2- 10-ft Type 'R' Curb Inlets for every 500-ft of storm sewer, and a 5-ft diameter manhole for every 300-ft of storm sewer.

Street Light spacing assumed every 200-ft.

Assumed street sections in this Preliminary Opinion of Probable Costs are as follows: Chambers Road - Principal Arterial; Stroh Road and Hess Road - Arterial; Great Plains Way, Jordan Road, Tammy Lane, Bramwell Drive, Spirit Trail Boulevard, Red Elder Street, Roads A, B, and D - Residential Collector.

One-half of the **Residential Collector Road** Improvement costs are allocated to adjacent districts based on the length of roadway adjacent to each district. Refer to the Public Improvements Plan for reference to the location of roads and districts.

One-half (1/2) of **Chambers Road** Improvements, from Hess Road to Stroh Road, are included in this Preliminary Opinion of Probable Costs. The remaining one-half (1/2) of Chambers Road improvements, from Hess Road to Stroh Road, are not the responsibility of the property owner/development are not included in this Preliminary Opinion of Probable Costs. One-half (1/2) of Chambers Road Improvements between Hess Road to Bramwell Drive are allocated to District No. 4. One-half (1/2) of Chambers Road Improvements between Bramwell Drive and Stroh Road are allocated to District No. 6. Proposed Traffic signals along Chambers Road (as shown on the Public Improvements Plan) have been allocated as follows: Road 'A' – full cost to District No. 6; Bramwell Drive – one-half (1/2) cost to District No. 4 and one-half (1/2) cost to District No. 6; Great Plain Way – full cost to District No. 4.

**Cherry Creek South Metropolitan District
District Infrastructure
Engineer's Preliminary Opinion of Probable Costs**

One-half (1/2) of **Stroh Road** Improvements with the Shared Stroh Obligation Area, from Motsenbocker Road to approximately 800-ft west of Spirit Trail Boulevard, are included in this Preliminary Opinion of Probable Costs. The one-half (1/2) roadway improvements are allocated to adjacent districts (Districts No. 5 & 6) based on the length of roadway adjacent to each district. One-half (1/2) of the proposed Traffic Signals along Stroh Road (as shown on the Public Improvements Plan) and within the Shared Stroh Obligation Area are allocated as follows: Spirit Trail Boulevard – one quarter (1/4) cost to District No. 5 and one-quarter (1/4) cost to District No. 6; Red Elder Street – one-half (1/2) cost to District No. 5.

The south one-half (1/2) of **Hess Road** Improvements, from Great Plain Way to the Western development boundary, are included in this Preliminary Opinion of Probable Costs and are allocated to District No. 9. The remaining obligated Hess Road Improvement costs are included herein as “Hess Road Reimbursement” under the Regional Improvements section of this Preliminary Opinion of Probable Costs. One-half (1/2) of the proposed Traffic Signals along Hess Road (as shown on the Public Improvements Plan) are allocated as follows: Tammy Lane – one-half (1/2) cost to District No. 4; South Fire Fly Lane – one-half (1/2) cost to District No. 10; Great Plain Way – one-quarter (1/4) cost to District No. 9 and one-quarter (1/4) cost to District No. 10.

Landscape and Irrigation Estimates, including Irrigation Tap Fees, were provided by PCS Group, Inc., dated 2/11/20

EXHIBIT G
Indemnification Letters

1. Owner's Letter

June 15, 2020

Town of Parker
20120 E. Main Street
Parker, CO 80138-7334

RE: Cherry Creek South Metropolitan District No. 4

To the Town Council:

This Indemnification Letter (the "Letter") is delivered by the undersigned (the "Owner") in connection with the review by the Town of Parker (the "Town") of the Amended and Restated Service Plan approved by the Town on June 15, 2020, including all amendments heretofore or hereafter made thereto (the "Service Plan") for the Cherry Creek South Metropolitan District No. 4 (the "District"). Owner, for and on behalf of itself and its transferees, successors and assigns, represents, warrants, covenants and agrees to and for the benefit of the Town as follows:

1. Owner hereby waives and releases any present or future claims it might have against the Town or the Town's elected or appointed officers, employees, agents, contractors or insurers (the "Released Persons") in any manner related to or connected with the Service Plan or any action or omission with respect thereto. Owner further hereby agrees to indemnify and hold harmless the Released Persons from and against any and all liabilities resulting from any and all claims, demands, suits, actions or other proceedings of whatsoever kind or nature made or brought by any third party, including attorneys' fees and expenses and court costs, which directly or indirectly or purportedly arise out of or are in any manner related to or connected with any of the following: (a) the Service Plan or any document or instrument contained or referred to therein; or (b) the formation of the District; or (c) any actions or omissions of the Owner or the District, or their agents, in connection with the District, including, without limitation, any actions or omissions of the Owner or District, or their agents, in relation to any bonds or other financial obligations of the District or any offering documents or other disclosures made in connection therewith. Owner further agrees to investigate, handle, respond to and to provide defense for and defend against, or at the Town's option to pay the attorneys' fees and expenses for counsel of the Town's choice for any such liabilities, claims, demands, suits, actions or other proceedings.

2. Owner hereby consents to the Debt Instrument Disclosure Requirements as set forth Section VI.F of the Service Plan, acknowledges the Town's right to modify the required disclosures, and waives and releases the Town from any claims Owner might have based on or relating to the use of or any statements made or to be made in such disclosures (including any modifications thereto).

3. This Letter has been duly authorized and executed on behalf of Owner.

Very truly yours,

2. District's Letter

{date – date of meeting}

Town of Parker
20120 E. Main Street
Parker, CO 80138-7334

RE: Cherry Creek South Metropolitan District No. 4

To the Town Council:

This Indemnification Letter (the "Letter") is delivered by the Cherry Creek South Metropolitan District No. 4 (the "District") in order to comply with the Amended and Restated Service Plan approved by the Town on June 15, 2020, including all amendments heretofore or hereafter made thereto (the "Service Plan") for the District. The District, for and on behalf of itself and its transferees, successors and assigns, represents, warrants, covenants and agrees to and for the benefit of the Town as follows:

1. The District hereby waives and releases any present or future claims it might have against the Town or the Town's elected or appointed officers, employees, agents, contractors or insurers (the "Released Persons") in any manner related to or connected with the Service Plan or any action or omission with respect thereto. To the fullest extent permitted by law, the District hereby agrees to indemnify and hold harmless the Released Persons from and against any and all liabilities resulting from any and all claims, demands, suits, actions or other proceedings of whatsoever kind or nature made or brought by any third party, including attorneys' fees and expenses and court costs, which directly or indirectly or purportedly arise out of or are in any manner related to or connected with any of the following: (a) the Service Plan or any document or instrument contained or referred to therein; or (b) the formation of the District; or (c) any actions or omissions of the District, North Parker Investments, LLC (the "Owner"), or their agents, in connection with the District, including, without limitation, any actions or omissions of the District or Owner, or their agents, in relation to any bonds or other financial obligations of the District or any offering documents or other disclosures made in connection therewith. The District further agrees to investigate, handle, respond to and to provide defense for and defend against, or at the Town's option to pay the attorneys' fees and expenses for counsel of the Town's choice for any such liabilities, claims, demands, suits, actions or other proceedings.

2. It is understood and agreed that neither the District nor the Town waives or intends to waive the monetary limits (presently \$387,000 per person and \$1,093,000 per occurrence) or any other rights, immunities and protections provided by the Colorado Governmental Immunity Act, § 24-10-101, *et seq.*, C.R.S., as from time to time amended, or otherwise available to the Town, the District, its officers, or its employees.

3. The District hereby consents to the Debt Instrument Disclosure Requirements as set forth Section VI.F of the Service Plan, acknowledges the Town's right to modify the required disclosures, and waives and releases the Town from any claims the District might have based on

or relating to the use of or any statements made or to be made in such disclosures (including any modifications thereto).

4. This Letter has been duly authorized and executed on behalf of the District.

Very truly yours,

Cherry Creek South Metropolitan District No. 4

Intergovernmental Agreement

**AMENDED AND RESTATED INTERGOVERNMENTAL AGREEMENT
BETWEEN THE TOWN OF PARKER, COLORADO AND
CHERRY CREEK SOUTH METROPOLITAN DISTRICT NO. 4**

THIS AGREEMENT (the “Agreement”) is made and entered into as of this 18th day of May, 2020, by and between the TOWN OF PARKER, a home rule municipal corporation of the State of Colorado (the “Town”), and the CHERRY CREEK SOUTH METROPOLITAN DISTRICT NO. 4, a quasi-municipal corporation and political subdivision of the State of Colorado (the “District”). The Town and the District are collectively referred to as the Parties.

WITNESSETH:

WHEREAS, C.R.S. § 29-1-203 authorizes the Parties to cooperate and contract with one another regarding functions, services and facilities each is authorized to provide; and

WHEREAS, the District was organized to provide those services and to exercise powers as are more specifically set forth in the District’s Amended and Restated Service Plan approved by the Town on May 18, 2020 (the “Service Plan”); and

WHEREAS, the Service Plan makes reference to the execution of an intergovernmental agreement between the Town and the District, as required by Chapter 10.11 of the Town Code; and

WHEREAS, the Town entered into that certain Amended and Restated Stroh/Hess Annexation Agreement (Northern Property) on May 5, 2014, and recorded at Reception No. 20150011482 of the Douglas County Clerk and Recorder’s Office (the “DDCRO”), which agreement was amended on November 26, 2014, recorded at Reception No. 2015004838, and again on September 21, 2015, recorded at Reception No. 2015089147 (as amended, the “Annexation Agreement”) with North Parker Investments, LLC (the Owner”), which provides in part for certain public improvements that are necessary and desirable for the development contemplated by the Annexation Agreement; and

WHEREAS, specific regional improvements were identified in the Service Plan and Annexation Agreement, and as more particularly set forth on Exhibit A (the “Regional Infrastructure”), which Regional Infrastructure the Town has determined is necessary or desirable in connection with the impacts of the development of the Property; and

WHEREAS, pursuant to the Annexation Agreement, the Town is responsible for constructing and owning the Regional Infrastructure, and the Owner is responsible for providing funding for the construction of the Regional Infrastructure; and

WHEREAS, in accordance with the provisions of the Service Plan, the District has agreed to levy a property tax of 5 mills that will be used for the planning, design and construction of the Regional Infrastructure (the “Infrastructure Capital Mill Levy”), and the District has conducted, or will conduct, an election under Article X, Section 20 of the Colorado Constitution (“TABOR”) to enable it to impose the Infrastructure Capital Mill Levy and to issue debt repayable, in whole or in part, from the Infrastructure Capital Mill Levy; and

WHEREAS, the parties to this Agreement acknowledge the need for the Regional Infrastructure in order to accomplish the comprehensive development of the property located within the District's service area (the "Property"); and

WHEREAS, the parties further acknowledge that the Town will also have certain infrastructure capital and maintenance needs resulting from the development of the Property (the "Town Infrastructure"); and

WHEREAS, in accordance with the provisions of the Service Plan, the District has agreed to levy a property tax of 5 mills that will be used for the planning, design, construction and maintenance of the Town Infrastructure (the "Town Capital and Maintenance Mill Levy"), and the District has conducted, or will conduct, an election under TABOR to enable it to impose the Town Capital and Maintenance Mill Levy; and

WHEREAS, the parties further acknowledge that the District will have certain ongoing administrative and operating obligations, as well as regional maintenance obligations with regard to the Regional Infrastructure, and in accordance with the provisions of the Service Plan, the District has agreed to levy a property tax of up to 10 mills (the "Operation and Maintenance Mill Levy") for such purposes; and

WHEREAS, the Town has approved the final plat for the Property; and

WHEREAS, the Parties have determined it to be in the best interests of their respective taxpayers, residents and property owners to enter into this Agreement ("Agreement") in order to address the utilization of the various mill levies as well as certain other matters related to the organization, powers and authorities of the District; and

WHEREAS, any capitalized term not specifically defined in this Agreement shall have that meaning as set forth in the Service Plan; and

NOW, THEREFORE, in consideration of the covenants and mutual agreements herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree as follows:

1. Infrastructure Capital Mill Levy. The District agrees to impose a property tax of 5 mills that shall be used for the planning, design and construction of the Regional Infrastructure. The utilization of the Infrastructure Capital Mill Levy is set forth on Exhibit A to this Agreement.

2. Town Capital and Maintenance Mill Levy. The District agrees to impose a property tax of 5 mills that shall be used for the planning, design, construction and/or maintenance of the Town Infrastructure. The utilization of the Infrastructure Capital Mill Levy is set forth on Exhibit B to this Agreement.

3. Operation and Maintenance Mill Levy. The District agrees to impose a property tax of up to 10 mills which shall be retained and used by the District for the ongoing administrative and operating expenses of the District and for the maintenance of certain of the Regional Infrastructure, as set forth on Exhibit C to this Agreement.

4. General Provisions Applicable to the Mill Levies. The Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy shall be imposed by the District beginning the first year the District certifies a Maximum Debt Mill Levy and shall be subject to the Mill Levy Adjustment. The Operation and Maintenance Mill Levy shall be imposed by the District at the District's discretion but in a manner that will enable the District to perform its administrative and operating obligations and its maintenance obligations in connection with the Regional Infrastructure in a timely and adequate manner. The District acknowledges and agrees that requirement to levy the Infrastructure Capital Mill Levy, the Town Capital and Maintenance Mill Levy and the Operation and Maintenance Mill Levy (together, the "Mill Levies") is a material consideration in, and a condition of, the Town's approval of the District's Service Plan, and that the Town has relied thereon in approving the District's Service Plan. The District specifically agrees that the requirement that the District impose the Mill Levies and to utilize the funds as set forth in this Agreement shall be enforceable by the Town by all remedies available at law or in equity, including without limitation affirmative injunctive relief. The District represents and warrants that it has obtained, or will obtain, all voter authorizations to enable it to impose the Mill Levies, and to pledge the revenues from the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy to the repayment of debt issued by either the District or the Town, if and as applicable.

The District shall remit any revenues from the Infrastructure Capital Mill Levy or Town Capital and Maintenance Mill Levy that are due to the Town no later than 30 days after receipt of the same, and the Town shall deposit and maintain any revenues in a separate fund earmarked specifically for use only as set forth in this Agreement (the "Cherry Creek South Metropolitan District No. 4 Fund"). The monies in the Cherry Creek Metropolitan District No. 4 Fund shall be applied to any design, planning, engineering, surveying, construction management, labor, materials, operations and administrative costs related to construction of the Regional Infrastructure or the Town Infrastructure, as applicable, as further detailed in this Agreement and the Exhibits attached hereto. On June 30 and December 31 of each year, the Town shall provide to the District an accounting of revenues received from the District attributable to the Infrastructure Capital Mill Levy or Town Capital and Maintenance Mill Levy, along with an itemization of expenditures made in major categories.

5. Operation and Maintenance of the Public Improvements. The District shall dedicate the Public Improvements to the Town or other appropriate jurisdiction or owners association in a manner consistent with the final approved plat, other rules and regulations of the Town, and applicable provisions of the Town Code. The District shall not be authorized to own, operate or maintain any part or all of the Public Improvements, or any other improvements, public or private, unless specifically provided for in this Agreement or separate agreement with the Town.

6. Fire Protection. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless specifically provided for in this Agreement or separate agreement with the Town. This provision shall limit the District's authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system.

7. Television Relay and Translation; Mosquito Control and Other Limitations. Unless specifically provided for in this Agreement or separate agreement with the Town, the District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate, maintain or provide: (a) any television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project; (b) any mosquito control facilities and services; (c) any solid waste disposal, collection and transportation facilities and services; and (d) any security, covenant enforcement and design review services.

8. Construction Standards. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the Town and of federal and state governmental entities having proper jurisdiction. The District will obtain the Town's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

9. Issuance of Privately Placed Debt. Prior to the issuance of any privately placed bonds or other obligations, the payment of which the District has promised to impose an *ad valorem* property tax mill levy ("Debt"), the District shall obtain the certification of an External Financial Advisor substantially as follows:

We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by the District for the [insert the designation of the Debt] does not exceed a market [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

10. Inclusion and Exclusion. The District shall not include within its boundaries any property outside the Service Area (as defined in the Service Plan) without the prior written consent of the Town Council. The District shall not exclude any property from the District if such exclusion will result, or is reasonably anticipated to result, in detriment to the remaining residents and taxpayers within the District, or to the District's bondholders.

11. Total Debt Issuance. The District, together with Cherry Creek South Metropolitan District Nos. 5 and 6, shall not issue Debt in excess of \$170,343,750 in total aggregate principal amount, provided that such limitation shall not be applicable to refunding Bonds issued by the District to refund outstanding Debt. Such limitation shall not apply to the District's pledge of its property tax or specific ownership tax revenues derived from its mill levies to one of the other Districts (as defined in the Service Plan).

12. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities that the Town is eligible to apply for, except as may be specifically provided for herein. This Section shall not apply to specific ownership taxes which shall be distributed to and constitute a revenue source for the District without any limitation.

13. Consolidation; Dissolution. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the Town, unless such consolidation is with one of the other Districts, as defined in the Service Plan. The District agrees that it shall take all action necessary to dissolve the District in accordance with the provisions of the Service Plan and applicable state statutes.

14. Service Plan Amendment Requirement. Any action of the District which violates the limitations set forth in Sections V.A.1-13 or VI.B-H of the Service Plan, or which constitutes a material modification under Parker Municipal Code section 10.11.060, shall be deemed to be a material modification to the Service Plan and the Town shall be entitled to all remedies available under State and local law to enjoin any such action(s) of the District. The Town may also seek damages for breach of this Agreement arising from violations by the District of any provision of the Service Plan.

15. Applicable Laws. The District acknowledges that the property within its boundaries shall be subject to all ordinances, rules and regulations of the Town, including without limitation, ordinances, rules and regulations relating to zoning, subdividing, building and land use, and to all related Town land use policies, master plans and related plans.

16. Annual Report. The District shall submit an annual report ("Annual Report") to the Town no later than September 1st of each year following the year in which the Order and Decree creating the District has been issued by the District Court for and in Douglas County, Colorado, pursuant to Parker Municipal Code section 10.11.040 and containing the information set forth in Section VII of the Service Plan. The District shall be not be required to file an annual report if the District has declared inactive status pursuant to Section 32-1-104, C.R.S. The District may file a consolidated Annual Report with one or more of the other Districts.

17. Notices. All notices, demands, requests or other communications to be sent by one party to the other hereunder or required by law, including the Annual Report, shall be in writing and shall be deemed to have been validly given or served by delivery of same in person to the address or by courier delivery, via Federal Express or other nationally recognized overnight air courier service, or by depositing same in the United States mail, postage prepaid, addressed as follows:

To the District:	WHITE BEAR ANKELE TANAKA & WALDRON
	Attn: Kristin B. Tompkins, Esq.
	2154 E. Commons Ave., Suite 2000
	Centennial, CO 80122
	Phone: (303) 858-1800
	E-mail: Ktompkins@wbapc.com

To the Town: Town of Parker
 20120 E. Mainstreet
 Parker, CO 80138-7334
 Attn: Kristin Schledorn, Town Attorney
 cc: Mary Lou Brown, Finance Director
 Phone: (303) 841-0353
 Fax: (303) 840-9792

All notices, demands, requests or other communications shall be effective upon such personal delivery or one (1) business day after being deposited with Federal Express or other nationally recognized overnight air courier service or three (3) business days after deposit in the United States mail. By giving the other party hereto at least ten (10) days written notice thereof in accordance with the provisions hereof, each of the Parties shall have the right from time to time to change its address.

18. Miscellaneous.

A. **Effective Date.** This Agreement shall be in full force and effect and be legally binding upon final approval of the governing bodies of the Parties. No Debt shall be issued by the District until after the effective date of this Agreement.

B. **Nonassignability.** No party to this Agreement may assign any interest therein to any person without the consent of the other party hereto at that time, and the terms of this Agreement shall inure to the benefit of and be binding upon the respective representatives and successors of each party hereto. The pledge by the District of its revenues to one of the other Districts shall not be deemed an assignment hereunder.

C. **Amendments.** This Agreement may be amended from time to time by written amendment, duly authorized and signed by representatives of the parties hereto.

D. **Severability.** If any section, subsection, paragraph, clause, phrase, or other provision of this Agreement shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, subsection, paragraph, clause, phase, or other provision shall not affect any of the remaining provisions of this Agreement.

E. **Execution of Documents.** This Agreement shall be executed in two (2) counterparts, either of which shall be regarded for all purposes as one original. Each party agrees that it will execute any and all deeds, instruments, documents, and resolutions or ordinances necessary to give effect to the terms of this Agreement.

F. **Waiver.** No waiver by either party of any term or condition of this Agreement shall be deemed or construed as a waiver of any other term or condition, nor shall a waiver of any breach be deemed to constitute a waiver of any subsequent breach, whether of the same or of a different provision of this Agreement.

G. Default/Remedies. In the event of a breach or default of this Agreement by any party, the non-defaulting party shall be entitled to exercise all remedies available at law or in equity, specifically including suits for specific performance and/or monetary damages. In the event of any proceeding to enforce the terms, covenants or conditions hereof, the prevailing party in such proceeding shall be entitled to obtain as part of its judgment or award its reasonable attorneys' fees.

H. Governing Law and Venue. This Agreement shall be governed and construed under the laws of the State of Colorado. Venue for all actions brought hereunder shall be in the District Court in and for Douglas County.

I. Inurement. Each of the terms, covenants and conditions hereof shall be binding upon and inure to the benefit of the Parties hereto and their respective successors and assigns.

J. Paragraph Headings. Paragraph headings are inserted for convenience of reference only.

K. No Third Party Beneficiaries. No person or entity who or which is not a party to this Agreement will have any right of action under this Agreement.

L. Entirety. This Agreement (including all exhibits) merges and supersedes all prior negotiations, representations, and agreements, including the Original IGA, between the parties hereto relating to the subject matter hereof and this Agreement, together with the Service Plan provisions that serve to supplement or complement this Agreement, constitutes the entire agreement between the Parties concerning the subject matter hereof.

19. Cooperation with Cherry Creek South Metropolitan District Nos. 5 and 6. Pursuant to the Service Plan, the Town acknowledges and agrees that the District may cooperate with Cherry Creek South Metropolitan District Nos. 5 and 6 for the planning, design, financing, construction, acquisition, operation, or maintenance of the Public Improvements serving the Property, including the Regional Infrastructure, as may be set forth in an intergovernmental agreement among the Districts.

IN WITNESS WHEREOF, this Agreement is executed by the Town and the District as of the date first above written.

EXHIBIT A

Utilization of Infrastructure Capital Mill Levy

The District shall be required to impose the Infrastructure Capital Mill Levy for as long as the District is in existence. The District shall be authorized to impose the Infrastructure Capital Mill Levy and retain the revenues therefrom for the planning, design, financing, acquisition, or construction of all or a portion of the Regional Infrastructure. The District shall provide the Town notice of any obligation repayable in whole or in part from the Infrastructure Capital Mill Levy no later than 30 days following issuance of such obligation, or for any obligation that pre-dates the date of this Agreement, no later than 30 days following approval of this Agreement.

The District shall be permitted to retain revenues from the Infrastructure Capital Mill Levy received by the District to the extent needed to pay debt service on such obligation in the then-current calendar year. The Town agrees that for economic efficiency in financing the Regional Infrastructure, the District may pledge the Infrastructure Capital Mill Levy along with the District's debt service mill levy for the purposes of financing bonds, notes or other obligations, provided that the proceeds generated from the pledge of the Infrastructure Capital Mill Levy are used only to pay the costs of the Regional Infrastructure. Any revenues from the Infrastructure Capital Mill Levy that are not needed to pay debt service on such obligation in the then-current calendar year shall be remitted to the Town within 30 days of receipt by the District of such revenues.

So long as no obligation of the District is outstanding whereby the revenues derived from the Infrastructure Capital Mill Levy are pledged to the repayment of such obligations, in the event the Town determines that the costs related to the Regional Infrastructure are less than the revenues generated from the Infrastructure Capital Mill Levy, the Town may provide notice to the District no later than October 1 that the District may reduce the Infrastructure Capital Mill Levy as provided in such notice from the Town. Any reduction of either the Infrastructure Capital Mill Levy as a result of such notice from the Town shall not constitute a modification of this Agreement or a material modification of the Service Plan.

Until and unless the District has issued an obligation repayable, in whole or in part, from the Infrastructure Capital Mill Levy, any revenues from the Infrastructure Capital Mill Levy received by the District shall be remitted to the Town within 30 days of receipt by the District of such revenues. Upon maturity of any District obligation repayable in part or in whole from revenues generated by the Infrastructure Capital Mill Levy, such revenues shall be remitted to the Town within 30 days of their receipt by the District.

The Town agrees that the revenues received by the Town from the District from the Infrastructure Capital Mill Levy shall only be used for costs associated with the impacts to the Town of the development within the District pursuant to the terms of this Agreement.

The District is authorized to utilize the revenues from the Infrastructure Capital Mill Levy for the planning, design, financing, acquisition, or construction of the following Regional Infrastructure:

- Regional Stormwater, drainage improvements associated with Oak Gulch and regional drainage ways
- Regional Open Space, Parks and Trails as expressly identified in Paragraphs 6, 7, and 8 of the Annexation Agreement
- Construction and maintenance of the following roadways, including associated landscape improvements and traffic signals:
 - o Hess Road
 - o Stroh Road
 - o Chambers Road
 - o Great Plains Way
 - o Jordan Road
 - o Tammy Lane
 - o Bramwell Drive, between Chambers Road and the eastern boundary of the District
 - o The collector road connected Great Plain Way and Bramwell Drive located between Annexation Agreement Planning Areas 36 and 37
 - o Spirit Trail Boulevard from Bramwell Drive to Stroh Road
 - o Red Elder Street, between Annexation Agreement Planning Areas 47 and 48 from Stroh Road to its terminus at the edge of Cherry Creek South Metropolitan District No. 5

EXHIBIT B

Utilization of Town Capital and Maintenance Mill Levy

The District shall be required to impose the Town Capital and Maintenance Mill Levy for as long as the District is in existence. Any revenues from the Town Capital and Maintenance Mill Levy received by the District shall be remitted to the Town within 30 days of receipt by the District of such revenues.

The Town agrees that the revenues received from the Town Capital and Maintenance Mill Levy shall only be used for costs associated with the impacts to the Town of the development within the District pursuant to the terms of this Agreement.

In the event the Town determines that the costs related to the Town Infrastructure are less than the revenues generated from the Town Capital and Maintenance Mill Levy, the Town may provide notice to the District no later than October 1 that the District may reduce the Town Capital and Maintenance Mill Levy as provided in such notice from the Town. Any reduction of the Town Capital and Maintenance Mill Levy as a result of such notice from the Town shall not constitute a modification of this Agreement or a material modification of the Service Plan.

The Town is authorized to utilize the revenues from the Town Capital and Maintenance Mill Levy for the planning, design, financing, acquisition, construction, operation, and maintenance of the following Town Infrastructure:

- The Park Tract and all associated improvements to Planning Area 43
- All roadways, storm sewer and associated items constructed within Town right-of-way
- Regional roadways serving the District
- All storm sewer, detention ponds, stream improvements and other Stormwater conveyance infrastructure located on Town, HOA or District-owned property that is eligible for maintenance assistance through the Town's Stormwater Utility.
- Widening of Chambers Road to a full arterial roadway section through the District boundaries, including additional lanes, sidewalk, curb and gutter, medians and all other associated items.

The parties agree the Town may modify the list of Town Infrastructure provided in this Exhibit B without amending this Agreement upon advance written notice to the District. The District shall have 30 days to object to such modification. In the event the District fails to object within 30 days of receipt of such notice, the Town may proceed to utilize the revenues from the Town Capital and Maintenance Mill Levy as set forth in such written notice which notice shall become a part of this Agreement by Addendum.

EXHIBIT C

Utilization of Operation and Maintenance Mill Levy

The District shall dedicate the Public Improvements (as defined in the Service Plan) to the Town or other appropriate jurisdiction or owners association in a manner consistent with the Approved Development Plan, Annexation Agreement and other rules and regulations of the Town and applicable provisions of the Town Code. The District shall be authorized to own, operate and maintain the Public Improvements not otherwise required to be dedicated to the Town or other public entity. If the Public Improvements are owned by an entity other than the District, the Town or other public entity, such entity shall be responsible for the operation and maintenance unless the District agrees to provide for the operation and maintenance of the Public Improvements pursuant to an agreement with such entity.

The District is authorized to impose up to 10 mills for District administrative and operating expenses as well as maintenance of Regional Infrastructure as set forth below. The Operation and Maintenance Mill Levy shall be imposed by the District at the District's discretion but in a manner that will enable the District to perform its administrative and operating obligations and its maintenance obligations in connection with the Regional Infrastructure in a timely and adequate manner.

- Drainage Improvements (including detention and storm improvements)
- Street Improvements (including roads, curbs, gutters, culverts, sidewalks, bridges, parking facilities, paving, lighting, grading, landscaping, and other street improvements)
- Traffic and Safety Controls
- Open Space and Trails
- Landscaping
- Parks and Recreation Improvements and Facilities, including club houses, recreation centers, and swimming pools
- Retaining Walls
- Irrigation Systems
- Streetscape associated with the improvement of Chambers Road

**NOTICE OF PUBLIC HEARING FOR AMENDED AND RESTATED
SERVICE PLANS OF SPECIAL DISTRICTS**

IN RE THE AMENDED AND RESTATED SERVICE PLANS FOR CHERRY
CREEK SOUTH METROPOLITAN DISTRICT NOS. 4-11, TOWN OF
PARKER, DOUGLAS COUNTY, STATE OF COLORADO

NOTICE IS HEREBY GIVEN that, pursuant to § 32-1-204(1), C.R.S.,
eight separate Amended and Restated Service Plans (collective-
ly, the "Service Plans") for the Cherry Creek South Metropolitan
District Nos. 4-11 (collectively, the "Districts") have been filed
and are available for public inspection in the office of the Town
Clerk of the Town of Parker, Colorado.

A public hearing on the Service Plans will be held by the Town
Council on Monday, May 18, 2020, at 7:00 p.m., at Council Cham-
bers 20120 East Mainstreet Parker, CO 80138 Colorado, or as soon
thereafter as the Town Council may hear such matter. On March
13, 2020, the Parker Town Administrator did issue an Order De-
claring a Local Disaster Emergency (the "Order") and pursuant to
that Order has issued subsequent emergency orders, including
but not limited to Emergency Order No. 4-2020, concerning Town
Council Meetings, which may impact how public hearings in the
Town of Parker are conducted. Information concerning these or-
ders, and how to participate in public hearings, may be found on
the Town website (<http://www.parkeronline.org>) and/or by con-
tacting the Town Clerk's Office. These orders may, or may not,
still be in effect at the time of the public hearing on the Service
Plans.

The Districts are existing metropolitan districts organized under
the provisions of Title 32, Colorado Revised Statutes. The pur-
pose of the Districts is to finance, construct, acquire, own, oper-
ate and maintain public improvements such as water, streets,
traffic and safety control, sanitation, storm sewers and drainage,
parks and recreation, transportation, television relay and trans-
mission, mosquito and pest control, security services, covenant en-
forcement, design review, and other improvements and services
within the Districts' boundaries authorized by Title 32, Colorado
Revised Statutes, subject to the limitations of the Service Plans.
The Maximum Debt Mill Levy will be 57 mills, the Infrastructure
Capital Mill Levy is 5 mills, the Town Capital and Maintenance
Mill Levy will be 5 mills, and the Operations and Maintenance Mill
Levy is anticipated to be 10 mills and will be set forth in an inter-
governmental agreement between the Districts and the Town, all
subject to the limitations set forth in the Service Plans.

A description of the land contained within the boundaries of the
Districts is as follows: approximately 1044 acres located to the
south of Hess Road between the Rueter-Hess Reservoir and
Motsenbocker Road, Town of Parker, Douglas County, State of
Colorado.

All protests and objections must be submitted in writing to the
Town Clerk at or prior to the public hearing or any continuance
or postponement thereof in order to be considered. All protests
and objections to the Service Plans shall be deemed to be waived
unless presented at the time and in the manner specified in Sec-
tion 32-1-203(3.5), C.R.S.

BY ORDER OF THE TOWN COUNCIL OF THE TOWN OF PARKER

ORDINANCE NO. 9.309, Series of 2020

TITLE: A BILL FOR AN ORDINANCE TO APPROVE THE INTERGOVERNMENTAL AGREEMENT BY AND BETWEEN THE TOWN OF PARKER AND CHERRY CREEK SOUTH METROPOLITAN DISTRICT NO. 4

NOW, THEREFORE, THE TOWN COUNCIL OF THE TOWN OF PARKER, COLORADO, ORDAINS:

Section 1. The Town Council of the Town of Parker hereby approves the Intergovernmental Agreement by and between the Town of Parker and Cherry Creek South Metropolitan District No. 4, which is attached hereto as **Exhibit 1** and incorporated herein by this reference, and authorizes the Mayor of the Town to enter into the Agreement on behalf of the Town.

Section 2. Safety Clause. The Town Council hereby finds, determines and declares that this Ordinance is promulgated under the general police power of the Town of Parker, that it is promulgated for the health, safety and welfare of the public, and that this Ordinance is necessary for the preservation of health and safety and for the protection of public convenience and welfare. The Town Council further determines that the Ordinance bears a rational relation to the proper legislative object sought to be obtained. The Town Council further finds that the title to this Ordinance was posted in two public places two days before the Town Council meeting, as provided by Section 7.5e. of the Town of Parker Home Rule Charter.

Section 3. Severability. If any clause, sentence, paragraph or part of this Ordinance or the application thereof to any person or circumstances shall for any reason be adjudged by a court of competent jurisdiction invalid, such judgment shall not affect application to other persons or circumstances.

Section 4. This Ordinance shall become effective ten (10) days after final publication.

INTRODUCED AND PASSED ON FIRST READING this ____ day of _____, 2020.

Mike Waid, Mayor

EXHIBIT 1

AMENDED AND RESTATED INTERGOVERNMENTAL AGREEMENT BETWEEN THE TOWN OF PARKER, COLORADO AND CHERRY CREEK SOUTH METROPOLITAN DISTRICT NO. 4

THIS AGREEMENT (the “Agreement”) is made and entered into as of this 18th day of May, 2020, by and between the TOWN OF PARKER, a home rule municipal corporation of the State of Colorado (the “Town”), and the CHERRY CREEK SOUTH METROPOLITAN DISTRICT NO. 4, a quasi-municipal corporation and political subdivision of the State of Colorado (the “District”). The Town and the District are collectively referred to as the Parties.

WITNESSETH:

WHEREAS, C.R.S. § 29-1-203 authorizes the Parties to cooperate and contract with one another regarding functions, services and facilities each is authorized to provide; and

WHEREAS, the District was organized to provide those services and to exercise powers as are more specifically set forth in the District’s Amended and Restated Service Plan approved by the Town on May 18, 2020 (the “Service Plan”); and

WHEREAS, the Service Plan makes reference to the execution of an intergovernmental agreement between the Town and the District, as required by Chapter 10.11 of the Town Code; and

WHEREAS, the Town entered into that certain Amended and Restated Stroh/Hess Annexation Agreement (Northern Property) on May 5, 2014, and recorded at Reception No. 20150011482 of the Douglas County Clerk and Recorder’s Office (the “DDCRO”), which agreement was amended on November 26, 2014, recorded at Reception No. 2015004838, and again on September 21, 2015, recorded at Reception No. 2015089147 (as amended, the “Annexation Agreement”) with North Parker Investments, LLC (the Owner”), which provides in part for certain public improvements that are necessary and desirable for the development contemplated by the Annexation Agreement; and

WHEREAS, specific regional improvements were identified in the Service Plan and Annexation Agreement, and as more particularly set forth on Exhibit A (the “Regional Infrastructure”), which Regional Infrastructure the Town has determined is necessary or desirable in connection with the impacts of the development of the Property; and

WHEREAS, pursuant to the Annexation Agreement, the Town is responsible for constructing and owning the Regional Infrastructure, and the Owner is responsible for providing funding for the construction of the Regional Infrastructure; and

WHEREAS, in accordance with the provisions of the Service Plan, the District has agreed to levy a property tax of 5 mills that will be used for the planning, design and construction of the Regional Infrastructure (the “Infrastructure Capital Mill Levy”), and the District has conducted, or will conduct, an election under Article X, Section 20 of the Colorado Constitution (“TABOR”) to enable it to impose the Infrastructure Capital Mill Levy and to issue debt repayable, in whole or in part, from the Infrastructure Capital Mill Levy; and

WHEREAS, the parties to this Agreement acknowledge the need for the Regional Infrastructure in order to accomplish the comprehensive development of the property located within the District's service area (the "Property"); and

WHEREAS, the parties further acknowledge that the Town will also have certain infrastructure capital and maintenance needs resulting from the development of the Property (the "Town Infrastructure"); and

WHEREAS, in accordance with the provisions of the Service Plan, the District has agreed to levy a property tax of 5 mills that will be used for the planning, design, construction and maintenance of the Town Infrastructure (the "Town Capital and Maintenance Mill Levy"), and the District has conducted, or will conduct, an election under TABOR to enable it to impose the Town Capital and Maintenance Mill Levy; and

WHEREAS, the parties further acknowledge that the District will have certain ongoing administrative and operating obligations, as well as regional maintenance obligations with regard to the Regional Infrastructure, and in accordance with the provisions of the Service Plan, the District has agreed to levy a property tax of up to 10 mills (the "Operation and Maintenance Mill Levy") for such purposes; and

WHEREAS, the Town has approved the final plat for the Property; and

WHEREAS, the Parties have determined it to be in the best interests of their respective taxpayers, residents and property owners to enter into this Agreement ("Agreement") in order to address the utilization of the various mill levies as well as certain other matters related to the organization, powers and authorities of the District; and

WHEREAS, any capitalized term not specifically defined in this Agreement shall have that meaning as set forth in the Service Plan; and

NOW, THEREFORE, in consideration of the covenants and mutual agreements herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree as follows:

1. Infrastructure Capital Mill Levy. The District agrees to impose a property tax of 5 mills that shall be used for the planning, design and construction of the Regional Infrastructure. The utilization of the Infrastructure Capital Mill Levy is set forth on Exhibit A to this Agreement.

2. Town Capital and Maintenance Mill Levy. The District agrees to impose a property tax of 5 mills that shall be used for the planning, design, construction and/or maintenance of the Town Infrastructure. The utilization of the Infrastructure Capital Mill Levy is set forth on Exhibit B to this Agreement.

3. Operation and Maintenance Mill Levy. The District agrees to impose a property tax of up to 10 mills which shall be retained and used by the District for the ongoing administrative and operating expenses of the District and for the maintenance of certain of the Regional Infrastructure, as set forth on Exhibit C to this Agreement.

4. General Provisions Applicable to the Mill Levies. The Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy shall be imposed by the District beginning the first year the District certifies a Maximum Debt Mill Levy and shall be subject to the Mill Levy Adjustment. The Operation and Maintenance Mill Levy shall be imposed by the District at the District's discretion but in a manner that will enable the District to perform its administrative and operating obligations and its maintenance obligations in connection with the Regional Infrastructure in a timely and adequate manner. The District acknowledges and agrees that requirement to levy the Infrastructure Capital Mill Levy, the Town Capital and Maintenance Mill Levy and the Operation and Maintenance Mill Levy (together, the "Mill Levies") is a material consideration in, and a condition of, the Town's approval of the District's Service Plan, and that the Town has relied thereon in approving the District's Service Plan. The District specifically agrees that the requirement that the District impose the Mill Levies and to utilize the funds as set forth in this Agreement shall be enforceable by the Town by all remedies available at law or in equity, including without limitation affirmative injunctive relief. The District represents and warrants that it has obtained, or will obtain, all voter authorizations to enable it to impose the Mill Levies, and to pledge the revenues from the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy to the repayment of debt issued by either the District or the Town, if and as applicable.

The District shall remit any revenues from the Infrastructure Capital Mill Levy or Town Capital and Maintenance Mill Levy that are due to the Town no later than 30 days after receipt of the same, and the Town shall deposit and maintain any revenues in a separate fund earmarked specifically for use only as set forth in this Agreement (the "Cherry Creek South Metropolitan District Nos. 4-11 Fund"). The monies in the Cherry Creek Metropolitan District Nos. 4-11 Fund shall be applied to any design, planning, engineering, surveying, construction management, labor, materials, operations and administrative costs related to construction of the Regional Infrastructure or the Town Infrastructure, as applicable, as further detailed in this Agreement and the Exhibits attached hereto. On June 30 and December 31 of each year, the Town shall provide to the District an accounting of revenues received from the District attributable to the Infrastructure Capital Mill Levy or Town Capital and Maintenance Mill Levy, along with an itemization of expenditures made in major categories.

5. Operation and Maintenance of the Public Improvements. The District shall dedicate the Public Improvements to the Town or other appropriate jurisdiction or owners association in a manner consistent with the final approved plat, other rules and regulations of the Town, and applicable provisions of the Town Code. The District shall not be authorized to own, operate or maintain any part or all of the Public Improvements, or any other improvements, public or private, unless specifically provided for in this Agreement or separate agreement with the Town.

6. Fire Protection. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless specifically provided for in this Agreement or separate agreement with the Town. This provision shall limit the District's authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system.

7. Television Relay and Translation; Mosquito Control and Other Limitations. Unless specifically provided for in this Agreement or separate agreement with the Town, the District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate, maintain or provide: (a) any television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project; (b) any mosquito control facilities and services; (c) any solid waste disposal, collection and transportation facilities and services; and (d) any security, covenant enforcement and design review services.

8. Construction Standards. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the Town and of federal and state governmental entities having proper jurisdiction. The District will obtain the Town's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

9. Issuance of Privately Placed Debt. Prior to the issuance of any privately placed bonds or other obligations, the payment of which the District has promised to impose an *ad valorem* property tax mill levy ("Debt"), the District shall obtain the certification of an External Financial Advisor substantially as follows:

We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by the District for the [insert the designation of the Debt] does not exceed a market [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

10. Inclusion and Exclusion. The District shall not include within its boundaries any property outside the Service Area (as defined in the Service Plan) without the prior written consent of the Town Council. The District shall not exclude any property from the District if such exclusion will result, or is reasonably anticipated to result, in detriment to the remaining residents and taxpayers within the District, or to the District's bondholders.

11. Total Debt Issuance. The District, together with Cherry Creek South Metropolitan District Nos. 5 and 6, shall not issue Debt in excess of \$170,343,750 in total aggregate principal amount, provided that such limitation shall not be applicable to refunding Bonds issued by the District to refund outstanding Debt. Such limitation shall not apply to the District's pledge of its property tax or specific ownership tax revenues derived from its mill levies to one of the other Districts (as defined in the Service Plan).

12. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities that the Town is eligible to apply for, except as may be specifically provided for herein. This Section shall not apply to specific ownership taxes which shall be distributed to and constitute a revenue source for the District without any limitation.

13. Consolidation; Dissolution. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the Town, unless such consolidation is with one of the other Districts, as defined in the Service Plan. The District agrees that it shall take all action necessary to dissolve the District in accordance with the provisions of the Service Plan and applicable state statutes.

14. Service Plan Amendment Requirement. Any action of the District which violates the limitations set forth in Sections V.A.1-13 or VI.B-H of the Service Plan, or which constitutes a material modification under Parker Municipal Code section 10.11.060, shall be deemed to be a material modification to the Service Plan and the Town shall be entitled to all remedies available under State and local law to enjoin any such action(s) of the District. The Town may also seek damages for breach of this Agreement arising from violations by the District of any provision of the Service Plan.

15. Applicable Laws. The District acknowledges that the property within its boundaries shall be subject to all ordinances, rules and regulations of the Town, including without limitation, ordinances, rules and regulations relating to zoning, subdividing, building and land use, and to all related Town land use policies, master plans and related plans.

16. Annual Report. The District shall submit an annual report ("Annual Report") to the Town no later than September 1st of each year following the year in which the Order and Decree creating the District has been issued by the District Court for and in Douglas County, Colorado, pursuant to Parker Municipal Code section 10.11.040 and containing the information set forth in Section VII of the Service Plan. The District shall be not be required to file an annual report if the District has declared inactive status pursuant to Section 32-1-104, C.R.S. The District may file a consolidated Annual Report with one or more of the other Districts.

17. Notices. All notices, demands, requests or other communications to be sent by one party to the other hereunder or required by law, including the Annual Report, shall be in writing and shall be deemed to have been validly given or served by delivery of same in person to the address or by courier delivery, via Federal Express or other nationally recognized overnight air courier service, or by depositing same in the United States mail, postage prepaid, addressed as follows:

To the District:	WHITE BEAR ANKELE TANAKA & WALDRON
	Attn: Kristin B. Tompkins, Esq.
	2154 E. Commons Ave., Suite 2000
	Centennial, CO 80122
	Phone: (303) 858-1800
	E-mail: Ktompkins@wbapc.com

To the Town: Town of Parker
 20120 E. Mainstreet
 Parker, CO 80138-7334
 Attn: Kristin Schledorn, Deputy Town Attorney
 cc: Mary Lou Brown, Finance Director
 Phone: (303) 841-0353
 Fax: (303) 840-9792

All notices, demands, requests or other communications shall be effective upon such personal delivery or one (1) business day after being deposited with Federal Express or other nationally recognized overnight air courier service or three (3) business days after deposit in the United States mail. By giving the other party hereto at least ten (10) days written notice thereof in accordance with the provisions hereof, each of the Parties shall have the right from time to time to change its address.

18. Miscellaneous.

A. **Effective Date.** This Agreement shall be in full force and effect and be legally binding upon final approval of the governing bodies of the Parties. No Debt shall be issued by the District until after the effective date of this Agreement.

B. **Nonassignability.** No party to this Agreement may assign any interest therein to any person without the consent of the other party hereto at that time, and the terms of this Agreement shall inure to the benefit of and be binding upon the respective representatives and successors of each party hereto. The pledge by the District of its revenues to one of the other Districts shall not be deemed an assignment hereunder.

C. **Amendments.** This Agreement may be amended from time to time by written amendment, duly authorized and signed by representatives of the parties hereto.

D. **Severability.** If any section, subsection, paragraph, clause, phrase, or other provision of this Agreement shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, subsection, paragraph, clause, phase, or other provision shall not affect any of the remaining provisions of this Agreement.

E. **Execution of Documents.** This Agreement shall be executed in two (2) counterparts, either of which shall be regarded for all purposes as one original. Each party agrees that it will execute any and all deeds, instruments, documents, and resolutions or ordinances necessary to give effect to the terms of this Agreement.

F. **Waiver.** No waiver by either party of any term or condition of this Agreement shall be deemed or construed as a waiver of any other term or condition, nor shall a waiver of any breach be deemed to constitute a waiver of any subsequent breach, whether of the same or of a different provision of this Agreement.

G. Default/Remedies. In the event of a breach or default of this Agreement by any party, the non-defaulting party shall be entitled to exercise all remedies available at law or in equity, specifically including suits for specific performance and/or monetary damages. In the event of any proceeding to enforce the terms, covenants or conditions hereof, the prevailing party in such proceeding shall be entitled to obtain as part of its judgment or award its reasonable attorneys' fees.

H. Governing Law and Venue. This Agreement shall be governed and construed under the laws of the State of Colorado. Venue for all actions brought hereunder shall be in the District Court in and for Douglas County.

I. Inurement. Each of the terms, covenants and conditions hereof shall be binding upon and inure to the benefit of the Parties hereto and their respective successors and assigns.

J. Paragraph Headings. Paragraph headings are inserted for convenience of reference only.

K. No Third Party Beneficiaries. No person or entity who or which is not a party to this Agreement will have any right of action under this Agreement.

L. Entirety. This Agreement (including all exhibits) merges and supersedes all prior negotiations, representations, and agreements, including the Original IGA, between the parties hereto relating to the subject matter hereof and this Agreement, together with the Service Plan provisions that serve to supplement or complement this Agreement, constitutes the entire agreement between the Parties concerning the subject matter hereof.

19. Cooperation with Cherry Creek South Metropolitan District Nos. 5 and 6. Pursuant to the Service Plan, the Town acknowledges and agrees that the District may cooperate with Cherry Creek South Metropolitan District Nos. 5 and 6 for the planning, design, financing, construction, acquisition, operation, or maintenance of the Public Improvements serving the Property, including the Regional Infrastructure, as may be set forth in an intergovernmental agreement among the Districts.

IN WITNESS WHEREOF, this Agreement is executed by the Town and the District as of the date first above written.

ATTEST:

_____, Secretary

EXHIBIT A

Utilization of Infrastructure Capital Mill Levy

The District shall be required to impose the Infrastructure Capital Mill Levy for as long as the District is in existence. The District shall be authorized to impose the Infrastructure Capital Mill Levy and retain the revenues therefrom for the planning, design, financing, acquisition, or construction of all or a portion of the Regional Infrastructure. The District shall provide the Town notice of any obligation repayable in whole or in part from the Infrastructure Capital Mill Levy no later than 30 days following issuance of such obligation, or for any obligation that pre-dates the date of this Agreement, no later than 30 days following approval of this Agreement.

The District shall be permitted to retain revenues from the Infrastructure Capital Mill Levy received by the District to the extent needed to pay debt service on such obligation in the then-current calendar year. The Town agrees that for economic efficiency in financing the Regional Infrastructure, the District may pledge the Infrastructure Capital Mill Levy along with the District's debt service mill levy for the purposes of financing bonds, notes or other obligations, provided that the proceeds generated from the pledge of the Infrastructure Capital Mill Levy are used only to pay the costs of the Regional Infrastructure. Any revenues from the Infrastructure Capital Mill Levy that are not needed to pay debt service on such obligation in the then-current calendar year shall be remitted to the Town within 30 days of receipt by the District of such revenues.

So long as no obligation of the District is outstanding whereby the revenues derived from the Infrastructure Capital Mill Levy are pledged to the repayment of such obligations, in the event the Town determines that the costs related to the Regional Infrastructure are less than the revenues generated from the Infrastructure Capital Mill Levy, the Town may provide notice to the District no later than October 1 that the District may reduce the Infrastructure Capital Mill Levy as provided in such notice from the Town. Any reduction of either the Infrastructure Capital Mill Levy as a result of such notice from the Town shall not constitute a modification of this Agreement or a material modification of the Service Plan.

Until and unless the District has issued an obligation repayable, in whole or in part, from the Infrastructure Capital Mill Levy, any revenues from the Infrastructure Capital Mill Levy received by the District shall be remitted to the Town within 30 days of receipt by the District of such revenues. Upon maturity of any District obligation repayable in part or in whole from revenues generated by the Infrastructure Capital Mill Levy, such revenues shall be remitted to the Town within 30 days of their receipt by the District.

The Town agrees that the revenues received by the Town from the District from the Infrastructure Capital Mill Levy shall only be used for costs associated with the impacts to the Town of the development within the District pursuant to the terms of this Agreement.

The District is authorized to utilize the revenues from the Infrastructure Capital Mill Levy for the planning, design, financing, acquisition, or construction of the following Regional Infrastructure:

- Regional Stormwater, drainage improvements associated with Oak Gulch and regional drainage ways
- Regional Open Space, Parks and Trails as expressly identified in Paragraphs 6, 7, and 8 of the Annexation Agreement
- Construction and maintenance of the following roadways, including associated landscape improvements and traffic signals:
 - o Hess Road
 - o Stroh Road
 - o Chambers Road
 - o Great Plains Way
 - o Jordan Road
 - o Tammy Lane
 - o Bramwell Drive, between Chambers Road and the eastern boundary of the District
 - o The collector road connected Great Plain Way and Bramwell Drive located between Annexation Agreement Planning Areas 36 and 37
 - o Spirit Trail Boulevard from Bramwell Drive to Stroh Road
 - o Red Elder Street, between Annexation Agreement Planning Areas 47 and 48 from Stroh Road to its terminus at the edge of Cherry Creek South Metropolitan District No. 5

EXHIBIT B

Utilization of Town Capital and Maintenance Mill Levy

The District shall be required to impose the Town Capital and Maintenance Mill Levy for as long as the District is in existence. Any revenues from the Town Capital and Maintenance Mill Levy received by the District shall be remitted to the Town within 30 days of receipt by the District of such revenues.

The Town agrees that the revenues received from the Town Capital and Maintenance Mill Levy shall only be used for costs associated with the impacts to the Town of the development within the District pursuant to the terms of this Agreement.

In the event the Town determines that the costs related to the Town Infrastructure are less than the revenues generated from the Town Capital and Maintenance Mill Levy, the Town may provide notice to the District no later than October 1 that the District may reduce the Town Capital and Maintenance Mill Levy as provided in such notice from the Town. Any reduction of the Town Capital and Maintenance Mill Levy as a result of such notice from the Town shall not constitute a modification of this Agreement or a material modification of the Service Plan.

The Town is authorized to utilize the revenues from the Town Capital and Maintenance Mill Levy for the planning, design, financing, acquisition, construction, operation, and maintenance of the following Town Infrastructure:

- The Park Tract and all associated improvements to Planning Area 43
- All roadways, storm sewer and associated items constructed within Town right-of-way
- Regional roadways serving the District
- All storm sewer, detention ponds, stream improvements and other Stormwater conveyance infrastructure located on Town, HOA or District-owned property that is eligible for maintenance assistance through the Town's Stormwater Utility.
- Widening of Chambers Road to a full arterial roadway section through the District boundaries, including additional lanes, sidewalk, curb and gutter, medians and all other associated items.

The parties agree the Town may modify the list of Town Infrastructure provided in this Exhibit B without amending this Agreement upon advance written notice to the District. The District shall have 30 days to object to such modification. In the event the District fails to object within 30 days of receipt of such notice, the Town may proceed to utilize the revenues from the Town Capital and Maintenance Mill Levy as set forth in such written notice which notice shall become a part of this Agreement by Addendum.

EXHIBIT C

Utilization of Operation and Maintenance Mill Levy

The District shall dedicate the Public Improvements (as defined in the Service Plan) to the Town or other appropriate jurisdiction or owners association in a manner consistent with the Approved Development Plan, Annexation Agreement and other rules and regulations of the Town and applicable provisions of the Town Code. The District shall be authorized to own, operate and maintain the Public Improvements not otherwise required to be dedicated to the Town or other public entity. If the Public Improvements are owned by an entity other than the District, the Town or other public entity, such entity shall be responsible for the operation and maintenance unless the District agrees to provide for the operation and maintenance of the Public Improvements pursuant to an agreement with such entity.

The District is authorized to impose up to 10 mills for District administrative and operating expenses as well as maintenance of Regional Infrastructure as set forth below. The Operation and Maintenance Mill Levy shall be imposed by the District at the District's discretion but in a manner that will enable the District to perform its administrative and operating obligations and its maintenance obligations in connection with the Regional Infrastructure in a timely and adequate manner.

- Drainage Improvements (including detention and storm improvements)
- Street Improvements (including roads, curbs, gutters, culverts, sidewalks, bridges, parking facilities, paving, lighting, grading, landscaping, and other street improvements)
- Traffic and Safety Controls
- Open Space and Trails
- Landscaping
- Parks and Recreation Improvements and Facilities, including club houses, recreation centers, and swimming pools
- Retaining Walls
- Irrigation Systems
- Streetscape associated with the improvement of Chambers Road

RESOLUTION NO. 20-022, Series of 2020

TITLE: A RESOLUTION TO APPROVE THE AMENDED AND RESTATED SERVICE PLAN FOR CHERRY CREEK SOUTH METROPOLITAN DISTRICT NO. 5

WHEREAS, by Resolution No. 04-078.1, the Town Council of the Town of Parker (the “Town”) on October 4, 2004, approved the Consolidated Service Plan for the organization of the Cherry Creek South Metropolitan District Nos. 2-11; and

WHEREAS, Cherry Creek South Metropolitan District No. 5 (the “District”) has filed an Amended and Restated Service Plan (the “Service Plan”) in the office of the Town Clerk of the Town of Parker; and

WHEREAS, the Town, pursuant to C.R.S. § 32-1-101, *et seq.*, (the “Special District Act”) and Chapter 10.11 of the Town of Parker Municipal Code (the “Code”), has the authority to approve service plans for metropolitan districts that are organized within the Town’s boundaries; and

WHEREAS, the Town Council has reviewed the Service Plan, the evidence and related exhibits, and has determined that the same meets the municipal approval criteria under the Special District Act and the Code, and therefore, has determined to adopt a resolution of approval of the Service Plan for the District; and

WHEREAS, a copy of the Service Plan is attached hereto as **Exhibit 1** and incorporated herein by reference; and

WHEREAS, notice of the public hearing before the Town Council for its consideration of the Service Plan was duly published in the *Denver Post* on April 27, 2020, in accordance with the Special District Act, as evidenced by the Affidavit of Publication attached hereto as **Exhibit 2** and incorporated herein by reference; and

WHEREAS, in accordance with the Special District Act, notice of the hearing before the Town Council was also duly mailed by first class mail on April 27, 2020, to all property owners within the boundaries of the District and to interested persons, defined as follows: (1) the Colorado Division of Local Government; and (2) the governing body of any municipality or special district which has levied an ad valorem tax within the next preceding tax year, and which has boundaries within a radius of three miles of the District’s boundaries, as evidenced by the Certificate of Mailing of Notice of Hearing to Three Mile Radius Entities attached hereto as **Exhibit 3** and incorporated herein by reference; and

WHEREAS, the boundaries of the District are wholly contained within the boundaries of the Town; and

WHEREAS, pursuant to the provisions of the Special District Act and the Code, the Town Council held a public hearing on the Service Plan for the District on June 15, 2020; and

WHEREAS, the Town Council considered the Service Plan, and all other testimony and evidence presented at said hearing.

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF PARKER, COLORADO, AS FOLLOWS:

Section 1. The Town Council hereby determines that the hearing before the Town Council was open to the public; all interested parties were heard or had the opportunity to be heard; and all relevant testimony and evidence submitted to the Town Council was considered.

Section 2. The Town Council hereby determines that the requirements of the Special District Act and the Code, relating to the filing of the Service Plan for the District, and the requirements of C.R.S. § 32-1-204 relating to notice of the hearing by the Town Council, and the requirements of the Special District Act and the Code, relating to the approval by the Town Council, have been fulfilled.

Section 3. Upon consideration of the Service Plan for the District, and evidence at the public hearing on the Service Plan, the Town Council does find, determine and declare, as required by C.R.S. § 32-1-203 and the Code, as follows:

1. There continues to be sufficient existing and projected need for organized service in the area to be serviced by the District;

2. That the existing service in the area to be served by the District continues to be inadequate for present and projected needs;

3. That the District is capable of providing economical and sufficient service to the area within its boundaries;

4. That the area included in the District has, or will have, the financial ability to discharge the proposed indebtedness on a reasonable basis;

5. That adequate service is not or will not be available to the area through the Town or other existing quasi-municipal corporations, including existing districts, within a reasonable time and on a comparable basis;

6. That the facility and service standards of the District are compatible with the facility and service standards of the Town;

7. That the Service Plan is in substantial compliance with the Town's master plan;

8. That the Service Plan is in substantial compliance with the county, regional or state long-range water quality management plan for the area;

9. That approval of the Service Plan for the District will be in the best interests of the area to be served;

10. That approval of the Service Plan for the District will be in the best interests of the residents or future residents of the area proposed to be served;

11. That the Service Plan is in substantial compliance with Sections 10.11.010, *et seq.*, of the Code; and

12. That the approval of the Service Plan for the District will not foster urban development that is remote from or incapable of being integrated with existing urban areas, or place a burden on the Town or adjacent jurisdictions to provide urban services to residents of the District.

Section 4. The Town Council hereby finds that approval of the Service Plan is in the best interests of the property to be served, the Town and the District.

Section 5. The Town Council hereby approves the Service Plan for the District as submitted.

Section 6. A certified copy of this Resolution shall be filed in the records of the Town and the Douglas County Clerk and Recorder.

RESOLVED AND PASSED this _____ day of May, 2020.

I. INTRODUCTION

A. Background

On October 4, 2004, by Resolution No. 04-078.1, Series of 2004, the Town approved the Consolidated Service Plan (the “**Original Service Plan**”) for the Cherry Creek South Metropolitan District Nos. 2-11 (collectively, the “**Cherry Creek Districts**”).

At the time of Town approval of the Original Service Plan it was anticipated that the Cherry Creek Districts would collectively undertake the financing and construction of the Public Improvements (as defined in the Original Service Plan). As a result of slowing economic conditions, subsequent to the approval of the Original Service Plan the original developer of the project sold various parcels to different owners and developers, resulting in a diversity of property ownership within the Cherry Creek Districts. As a result of the sale of property to differing interests with differing development plans, it is no longer feasible or practicable for the Cherry Creek Districts to operate together under the Original Service Plan.

In 2016, Cherry Creek South Metropolitan District Nos. 2 and 3 (“**District Nos. 2 and 3**”) obtained approval of an Amended and Restated Consolidated Service Plan applicable to District Nos. 2 and 3 only. District Nos. 2 and 3 now operate independently from Cherry Creek South Metropolitan District Nos. 4-11 (“**District Nos. 4-11**”). District Nos. 4-11 currently operate under the Original Service Plan, however, the current owner of the property within District Nos. 4-11 anticipates selling additional parcels to differing groups in the future, resulting in an even more diverse property ownership and diverse development plans. As a result, District Nos. 4-11 have determined that development of the project and financing and construction of the Public Improvements may occur at different times. District Nos. 4-11 have determined that Cherry Creek South Metropolitan District Nos. 4-6 (the “**Districts**”) will serve the property subject to this Service Plan, Cherry Creek South Metropolitan District Nos. 7, 8, 9, and 11 (“**District Nos. 7, 8, 9, and 11**”) will serve the property currently planned in the future for residential and mixed use development, and Cherry Creek South Metropolitan District No. 10 (“**District No. 10**”) will serve the property currently planned for commercial development.

As a result of the diversity of property ownership and differing plans and timing for development, District Nos. 4-11 desire to operate independently from one another under different service plans. This Amended and Restated Service Plan for Cherry Creek South Metropolitan District No. 5 (the “**Service Plan**”) is in compliance with the Special District Act and Chapter 10.11 of the Town Code. The District is requesting approval of this Service Plan to conform with the new Town model Service Plan, update the Financial Plan and Capital Plan to reflect current development plans and to remove references to the remainder of the Cherry Creek Districts. District Nos. 4 and 6-11 consent to this Service Plan. Simultaneous with the processing of this Service Plan, District Nos. 4 and 6-11 are each processing Amended and Restated Service Plans. Upon approval of this Service Plan by the Town, District Nos. 4-6 shall operate independently from the other Cherry Creek Districts. This Service Plan entirely replaces and supersedes the Original Service Plan as it applies to District Nos. 4-11.

B. Purpose and Intent

The District is an independent unit of local government, separate and distinct from the Town, and, except as may otherwise be provided for by State or local law, or this Service Plan, its activities are subject to review by the Town only insofar as they may deviate in a material matter from the requirements of the Service Plan, Chapter 10.11 of the Town Code or the Intergovernmental Agreement. It is intended that the Districts will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the Districts. The primary purpose of the Districts will be to finance the construction of these Public Improvements.

This multiple-district Service Plan is intended to accommodate the phasing of the Project and the infrastructure needs of each phase. It is contemplated, although not required, that the Districts will cooperate with each other on certain infrastructure that benefits the taxpayers and inhabitants of the Service Area, and that each District will additionally have its own particular infrastructure needs.

The District is not being created to provide ongoing operations and maintenance services other than as specifically set forth in this Service Plan and the Intergovernmental Agreement.

C. Need for the Districts

The Districts were previously organized to provide the Public Improvements needed for the Project. There are still no other governmental entities, including the Town, located in the immediate vicinity of the Districts that consider it desirable, feasible or practical to undertake the planning, design, acquisition, construction, installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. The Districts are therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

D. Objective of the Town Regarding Districts' Service Plan

The Town's objective in approving the Service Plan for the District is to authorize the District to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment and financing of the Public Improvements from the proceeds of Debt to be issued by the Districts. All Debt is expected to be repaid by limited taxes and Development Fees imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term for residential properties and at a tax mill levy no higher than the Maximum Debt Mill Levy, for commercial and residential properties, and the Districts shall be authorized to finance the Public Improvements that can be funded from these sources of repayment. The Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy may also be pledged to the repayment of Debt, as set forth in the Intergovernmental Agreement. Debt which is issued within these parameters (as further described in the Financial Plan) will insulate property owners from excessive tax burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This Service Plan is intended to establish a limited purpose for the District and explicit financial constraints that are not to be violated under any circumstances. The primary purpose of the District is to provide for the Public Improvements associated with the Project, including those regional improvements necessitated by the Project. Ongoing operational and maintenance activities may be allowed, but only as specifically provided for in the Intergovernmental Agreement.

It is the intent of this Service Plan to assure to the extent possible that no commercial or residential property bear an economic burden that is greater in amount than that associated with the Maximum Debt Mill Levy and that no property developed for a residential use bear an economic burden in the form of the Maximum Debt Mill Levy that is longer in duration than that associated with the Maximum Debt Mill Levy Imposition Term, even under bankruptcy or other unusual situations. Generally, the cost of Public Improvements that cannot be funded within these parameters and the financing capacity of the Districts are not costs to be paid by the Districts. Costs of required Public Improvements that cannot be financed by the Districts are expected to be financed by the property owner or developer of the Project.

II. DEFINITIONS

In this Service Plan, the following terms shall have the meanings indicated below, unless the context hereof clearly requires otherwise:

Approved Development Plan: means a development plan or other process established by the Town (including, but not limited to, approval of a final plat, minor development plat or site plan by the Town planning commission or by the Town Council) for identifying, among other things, Public Improvements necessary for facilitating development for property within the Service Area as approved by the Town pursuant to the Town Code and as amended pursuant to the Town Code from time to time. An Approved Development Plan does not include any plan, process or approval denoted as preliminary under the Town Code. The Planned Development Guide approved by the Town on September 21, 2015, and any amendments thereto, is an Approved Development Plan for purposes of this Service Plan.

Board: means the board of directors of the District.

Bond, Bonds or Debt: means bonds or other obligations for the payment of which the Districts have promised to impose an *ad valorem* property tax mill levy.

Capital Plan: means the Capital Plan described in Section V.B. which includes: (a) a comprehensive list of the Public Improvements to be developed by the District; (b) an engineer's estimate of the cost of the Public Improvements; and (c) a pro forma capital expenditure plan correlating expenditures with development.

Development Fee: means the one-time development or system development fee imposed by the District on a per-unit (*residential*) or per square-foot (*non-residential*) basis at or prior to the issuance of a certificate of occupancy for the unit or structure to assist with the planning and development of the Public Improvements, subject to the limitations set forth

in Section VI.E. of the Service Plan. The Development Fee may be used to finance, plan, acquire, and construct the Public Improvements, and pay debt service.

District or District No. 5: means Cherry Creek South Metropolitan District No. 5.

District Boundaries: means the boundaries of the area described in the District Boundary Map.

District Boundary Map: means the map attached hereto as **Exhibit C**, depicting the Boundaries of the Districts.

Districts: means Cherry Creek South Metropolitan District Nos. 4-6.

External Financial Advisor: means a consultant that: (1) advises Colorado governmental entities on matters relating to the issuance of securities by Colorado governmental entities, including matters such as the pricing, sales and marketing of such securities and the procuring of bond ratings, credit enhancement and insurance in respect of such securities; (2) shall be an underwriter, investment banker, or individual listed as a public finance advisor in the Bond Buyer's Municipal Market Place; and (3) is not an officer or employee of any of the Districts and has not been otherwise engaged to provide services in connection with the transaction related to the applicable Debt.

Financial Plan: means the Financial Plan described in Section VI which describes (a) how the Public Improvements are to be financed; (b) how the Debt is expected to be incurred; (c) the estimated operating revenue derived from property taxes for the first budget year; (d) the total amount of Debt planned for at least the five-year period commencing with the approval of this Service Plan; (e) all proposed sources of revenue and projected District expenses, as well as the assumptions upon which they are based, for at least a ten-year period from the date of approval of this Service Plan; (f) the dollar amount of any anticipated financing, including capitalized interest, costs of issuance, estimated maximum rates and discounts, and any expenses related to the organization and initial operation of the Districts; (g) a detailed repayment plan covering the life of any financing, including the frequency and amounts to be collected from all sources; (h) the amount of any reserve fund and the expected level of annual Debt service coverage which will be maintained for any financing; (i) the total authorized Debt for the Districts; (j) the provisions regarding any credit enhancement, if any, for the proposed financing, including, but not limited to, letters of credit and insurance; and (k) a list and written explanation of potential risks of the financing.

Infrastructure Capital Mill Levy: means 5 mills that shall be levied by the District and either retained by the District or remitted to the Town (or a combination thereof) and used for the planning, design and construction of infrastructure that the Town determines is necessary or desirable in connection with the impacts of development in the District. The utilization of the Infrastructure Capital Mill Levy shall be determined in the Intergovernmental Agreement. The Infrastructure Capital Mill Levy shall be imposed by the District beginning the first year the District certifies a debt service mill levy and shall be subject to the Mill Levy Adjustment.

Intergovernmental Agreement: means the intergovernmental agreement required by Town Code Section 10.11.140(a), and attached hereto as **Exhibit H**.

Map Depicting Public Improvements: means the map attached hereto as **Exhibit E**, showing the location(s) of the Public Improvements listed in the Capital Plan.

Maximum Debt Mill Levy: means the maximum mill levy the District is permitted to impose for payment of Debt as set forth in Section VI.C below. The Maximum Debt Mill Levy shall be subject to the Mill Levy Adjustment.

Maximum Debt Mill Levy Imposition Term: means the maximum term for imposition of a mill levy on a particular property developed for residential uses as set forth in Section VI.D below.

Mill Levy Adjustment: means, if, on or after January 1, 2019, there are changes in the method of calculating assessed valuation or any constitutionally mandated tax credit, cut or abatement, the mill levy to which the Mill Levy Adjustment applies may be increased or decreased to reflect such changes, such increases and decreases to be determined by the Board in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenues generated by the applicable mill levy, as adjusted for changes occurring after January 1, 2019, are neither diminished nor enhanced as a result of such changes. For purposes of the foregoing, a change in the ratio of actual valuation shall be deemed to be a change in the method of calculating assessed valuation.

Operation and Maintenance Mill Levy: means the maximum number of mills (not to exceed 10 mills) the District may levy, as set forth in the Intergovernmental Agreement, to pay for the costs of ongoing administrative, accounting and legal services of the Districts, and, if applicable, the costs of maintaining certain regional Public Improvements, as the same are identified in the Intergovernmental Agreement.

Project: means the development or property commonly referred to as Anthology.

Public Improvements: means a part or all of the improvements authorized to be planned, designed, acquired, constructed, installed, relocated, redeveloped as part of an Approved Development Plan and financed as generally described in the Special District Act, except as specifically limited in Section V below to serve the future taxpayers and inhabitants of the Service Area as determined by the Board of each District.

Service Area: means the property within the boundaries of all of the Districts.

Service Plan: means this service plan for the District approved by Town Council.

Service Plan Amendment: means an amendment to the Service Plan approved by Town Council in accordance with Chapter 10.11 of the Town Code and the applicable state law.

Special District Act: means Section 32-1-101, *et seq.*, of the Colorado Revised Statutes, as amended from time to time.

State: means the State of Colorado.

Town: means the Town of Parker, Colorado.

Town Capital and Maintenance Mill Levy: means 5 mills that shall be levied by the District and either retained by the District or remitted to the Town and used for the construction and maintenance of infrastructure that the Town determines is necessary or desirable in connection with the impacts of development in the District. The utilization of the Town Capital and Maintenance Mill Levy shall be determined in the Intergovernmental Agreement. The Town Capital Maintenance Mill Levy shall be imposed by the District beginning the first year the District certifies a debt service mill levy and shall be subject to the Mill Levy Adjustment.

Town Code: means the Town of Parker Municipal Code, as may be amended and in effect from time to time.

Town Council: means the Town Council of the Town of Parker, Colorado.

III. BOUNDARIES

Following various inclusions and exclusions, the area of the District Boundaries includes approximately 187.080 acres. A legal description of the District Boundaries is attached hereto as **Exhibit A**. A map of the District Boundaries is attached hereto as **Exhibit C**. A vicinity map is attached hereto as **Exhibit B**. It is anticipated that the Districts' Boundaries may change from time to time as it undergoes inclusions and exclusions pursuant to Section 32-1-401, *et seq.*, C.R.S., and Section 32-1-501, *et seq.*, C.R.S., subject to the limitations set forth in Article V below.

IV. PROPOSED LAND USE/POPULATION PROJECTIONS/ASSESSED VALUATION

The Service Area consists of approximately 515.765 acres of land. The current assessed valuation of the Service Area is assumed to be \$0.00 for purposes of this Service Plan and, at build out, is expected to be sufficient to reasonably discharge the Debt under the Financial Plan.

Approval of this Service Plan by the Town does not imply approval of the development of a specific area within the Districts, nor does it imply approval of the number of residential units or the total site/floor area of commercial or industrial buildings which may be identified in this Service Plan or any of the exhibits attached thereto. The permitted level of the development within the Project is as contained within an Approved Development Plan.

Approval of this Service Plan by the Town in no way releases or relieves the developer of the Project, or the landowner or any subdivider of the Project property, or any of their respective successors or assigns, of obligations to construct public improvements for the Project or of obligations to provide to the Town such financial guarantees as may be required by the Town to ensure the completion of the Public Improvements, or of any other obligations to the Town under the Town Code or any applicable annexation agreement, subdivision agreement, or other agreements affecting the Project property or development thereof.

V. DESCRIPTION OF PROPOSED POWERS, IMPROVEMENTS AND SERVICES

A. Powers of the District and Service Plan Amendment

The District shall have the power and authority to provide the Public Improvements within and without the boundaries of the District as such power and authority is described in the Special District Act, and other applicable statutes, common law and the Constitution, subject to the limitations set forth in this Service Plan and the Intergovernmental Agreement.

1. Operations and Maintenance Limitation. The purpose of the District is to plan for, design, acquire, construct, install, relocate, redevelop and finance the Public Improvements. The District shall dedicate the Public Improvements to the Town or other appropriate jurisdiction or owners association in a manner consistent with the Approved Development Plan, other rules and regulations of the Town, and applicable provisions of the Town Code, all as directed by the Town. The District shall not be authorized to operate and maintain any part or all of the Public Improvements, or any other improvements, public or private, unless specifically provided for in the Intergovernmental Agreement.

2. Fire Protection Limitation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless such facilities and services are provided pursuant to an intergovernmental agreement with the Town. The authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system shall not be limited by this provision.

3. Television Relay and Translation; Mosquito Control, and Other Limitations. Unless such facilities and services are provided pursuant to the Intergovernmental Agreement, the District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate, maintain or provide: (a) any television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project; (b) any mosquito control facilities and services; (c) any solid waste disposal, collection and transportation facilities and services; and (d) any security, covenant enforcement and design review services.

4. Construction Standards Limitation. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the Town and of federal and state governmental entities having proper jurisdiction, and of those special districts that qualify as “interested persons” under Section 32-1-204(1), C.R.S., as applicable. The District will obtain the Town’s approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

5. Property Acquisition Limitation; Transfer Requirement. The District shall not exercise any power of dominant eminent domain against the Town without the prior written consent of the Town. The District shall at no expense to the Town transfer to the Town all rights-of-way, fee interests and easements that the Town determines are necessary for access to and operation and maintenance of the Public Improvements, consistent with the Approved

Development Plan and to the extent such interests have not been acquired by the Town through such Development Plan process.

6. Privately Placed Debt Limitation. Prior to the issuance of any privately placed Debt, the District shall obtain the certification of an External Financial Advisor substantially as follows:

We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by the District for the [insert the designation of the Debt] does not exceed a market [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

7. Inclusion and Exclusion Limitations. The District shall not include within any of its boundaries any property outside the Service Area without the prior written consent of the Town Council. The District shall not exclude any property from the District if such exclusion will result, or is reasonably anticipated to result, in detriment to the remaining residents and taxpayers within the District or any of the other Districts, or to any of the Districts' bondholders. No District shall impose a mill levy and then exclude the property from its boundaries, unless the property is being included in one of the other Districts.

8. Total Debt Issuance Limitation. The Districts shall not issue Debt in excess of \$170,343,750 total aggregate principal amount, provided that such limitation shall not be applicable to refunding Bonds issued by the Districts to refund outstanding Debt. The foregoing figure is the product of: (a) the bonding capacity of the Districts, which was derived using the following assumptions: (i) the interest rate is not less than 150 basis points more than the 30 Year AAA MMD Index (as of the date of the submission of the Service Plan); (ii) inflation on completed structures does not exceed a 4% biennial growth rate; (iii) the bonds amortize over a period of 40 years; and (iv) debt service coverage is no less than 100%; and (v) the levying by each of the Districts of 57 mills for the Maximum Debt Mill Levy, 5 mills for the Infrastructure Capital Mill Levy, and 5 mills for the Town Capital and Maintenance Mill Levy; and (b) 125%. The Districts shall allocate the Debt among themselves in an intergovernmental agreement and shall provide a copy of such intergovernmental agreement and any subsequent amendments thereto to the Town. The Debt limitation shall not apply to the District's pledge of its property tax or specific ownership tax revenues derived from its mill levies to one of the other Districts (as defined in the Service Plan).

9. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities for which the Town is eligible to apply for,

except as may be specifically authorized in an intergovernmental agreement with the Town. This Section shall not apply to specific ownership taxes which shall be distributed to and be a revenue source for the District without any limitation.

10. Consolidation Limitation. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the Town, unless such consolidation is with one of the other Districts.

11. Bankruptcy Limitation. All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy, the total debt issuance limitation, and the Maximum Debt Mill Levy Imposition Term have been established under the authority of the Town to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S. It is expressly intended that such limitations:

(a) shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Service Plan Amendment; and

(b) are, together with all other requirements of Colorado law, included in the “political or governmental powers” reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the “regulatory or electoral approval necessary under applicable nonbankruptcy law” as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy or the Maximum Debt Mill Levy Imposition Term, shall be deemed a material modification of this Service Plan pursuant to Section 32-1-207, C.R.S. and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the Town as part of a Service Plan Amendment.

12. Revenue Bond Limitation. The District shall not issue revenue bonds where the revenue pledged to such bonds consists of fees, except as set forth in this Section. Prior to issuing any revenue bonds, the District shall submit all relevant details of such issuance to the Town Council, which may elect to treat the issuance of the revenue bonds as a material modification of the Service Plan. If the Town Council determines that the issuance of revenue bonds constitutes a material modification of the Service Plan, the District shall proceed to amend the Service Plan in accordance with Section 32-1-207, C.R.S. prior to issuing any revenue bonds. Bonds issued by one of the Districts to which one of the other Districts has pledged toward the repayment of such bonds its property taxes and/or specific ownership taxes derived from a mill levy or other source of revenue shall not be considered revenue bonds under this Section.

13. Service Plan Amendment Requirement. This Service Plan is general in nature and does not include specific detail in some instances because development plans have not been finalized. The Service Plan has been designed with sufficient flexibility to enable the Districts to provide required Public Improvements under evolving circumstances without the need for numerous amendments. Modification of the general types of services and facilities making up the Public Improvements, and changes in proposed configurations, locations or dimensions of the Public Improvements shall be permitted to accommodate development needs consistent with the

then-current Approved Development Plan(s) for the Project, subject to the limitations of this Service Plan and the Intergovernmental Agreement.

The District is an independent unit of local government, separate and distinct from the Town, and its activities are subject to review by the Town only insofar as they may deviate in a material manner from the requirements of the Service Plan, Chapter 10.11 of the Town Code, or the Intergovernmental Agreement. As such, any action of the District which: (1) violates the limitations set forth in Sections V.A.1-14 above; (2) violates the limitations set forth in Section VI.B-H; (3) constitutes a material modification under Town Code Section 10.11.060; or (4) constitutes a failure to comply with the Intergovernmental Agreement or other agreement with the Town, which non-compliance has not been waived in writing by the Town, shall be deemed to be a material modification to this Service Plan and the Town shall be entitled to all remedies available under State and local law to enjoin such action(s) of the District.

Any Town approval requirements contained in this Service Plan (including, without limitation, any provisions requiring that a change, request, occurrence, act or omission be treated as a Service Plan Amendment or be deemed a “material modification” of the Service Plan) shall remain in full force and effect, and, unless otherwise provided by resolution of the Town Council, such Town approval shall continue to be required, notwithstanding any future change in law modifying or repealing any statutory provision concerning service plans, amendments thereof or modifications thereto.

B. Capital Plan

The Districts shall have authority to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, and financing of the Public Improvements within the Service Area of the Districts and, to the extent necessary to improve adjacent streets and connect Public Improvements to existing infrastructure, without the boundaries of the Districts, all to be more specifically defined in an Approved Development Plan. A Capital Plan, including: (1) a comprehensive list of the Public Improvements to be developed by the Districts; (2) an estimate of the cost of the Public Improvements, together with a letter from a Colorado professional registered engineer certifying that such costs are reasonable in the engineer’s opinion and that such estimates were prepared based upon Town construction standards; and (3) a pro forma capital expenditure plan correlating expenditures with development is attached hereto as **Exhibit D**. Maps Depicting Public Improvements are attached hereto as **Exhibit E**. As shown in the Capital Plan, the estimated cost of the Public Improvements which may be planned for, designed, acquired, constructed, installed, relocated, redeveloped, or financed by the Districts is approximately \$142,873,224.20. Costs of required Public Improvements that cannot be financed by the Districts within the parameters of this Service Plan and the financial capability of the Districts are expected to be financed by the property owner or developer of the Project.

The Districts shall be permitted to allocate costs between such categories of the Public Improvements as deemed necessary in its discretion.

All of the Public Improvements described herein will be designed in such a way as to assure that the Public Improvements standards will be compatible with those of the Town and shall be in accordance with the requirements of the Approved Development Plan. All descriptions

of the Public Improvements to be constructed, and their related costs, are estimates only and are subject to modification as engineering, development plans, economics, the Town's requirements, and construction scheduling may require. Upon approval of this Service Plan, the Districts will continue to develop and refine the Capital Plan and the Map Depicting Public Improvements, as necessary, and prepare for issuance of Debt. All cost estimates will be inflated to then-current dollars at the time of the issuance of Debt and construction. All construction cost estimates contained in **Exhibit D** assume construction to applicable standards and specifications of the Town and state and federal requirements.

C. Multiple District Structure

It is anticipated that the Districts, collectively, will undertake the financing and construction of certain of the Public Improvements contemplated herein. Specifically, the Districts shall enter into one or more intergovernmental agreements with each other (subject to Section X herein), which intergovernmental agreement(s) shall govern the relationships between and among the Districts with respect to the financing, construction and operation of the Public Improvements. The Districts will establish a mechanism whereby any one or more of the Districts may separately or collectively fund, construct, install and operate the Public Improvements.

VI. FINANCIAL PLAN

A. General

The Districts shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment of the Public Improvements from its revenues and by and through the proceeds of Debt to be issued by the Districts. The Financial Plan for the Districts shall be to issue such Debt as the District can reasonably pay within the Maximum Debt Mill Levy Imposition Term from revenues derived from the Maximum Debt Mill Levy and other legally available revenues. All bonds and other Debt issued by the Districts may be payable from any and all legally available revenues of the Districts, including general ad valorem taxes to be imposed upon all taxable property within the Districts. The Districts will also rely upon various other revenue sources authorized by law, such as interest, specific ownership taxes, advances from the Project owner or developer, and grants. The District is also authorized to assess and collect a Development Fee as set forth in Section VI.E, below. Unless specifically authorized in the Intergovernmental Agreement, the District shall not impose or assess any fees, rates, tolls, penalties, or charges other than the Development Fee without first obtaining Town approval of an amendment to this Service Plan, which amendment shall be deemed to be a material modification hereof.

The total combined Debt that the Districts shall be permitted to issue shall not exceed \$170,343,750 in aggregate principal amount. Debt is permitted to be issued on a schedule and in such year or years as the Districts determine shall meet the needs of the Capital Plan referenced above and the progression of the development, subject to compliance with this Service Plan. The \$170,343,750 that the Districts shall be permitted to issue is supported by the Financial Plan prepared by D.A. Davidson & Co., attached hereto as **Exhibit F**. D.A. Davidson & Co., shall attach a certification to the Financial Plan, certifying that based upon the assumptions contained therein and their professional opinion, the Districts are expected to retire all Debt referenced in the

Financial Plan within the restrictions set forth in the Service Plan, including but not limited to the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term.

B. Maximum Voted Interest Rate and Maximum Underwriting Discount

The interest rate on any Debt is limited to the market rate at the time the Debt is issued. In the event of a default, the proposed maximum interest rate on any Debt shall not exceed twelve percent (12%). The proposed maximum underwriting discount will be four percent (4%). Debt, when issued, will comply with all relevant requirements of this Service Plan, State law and Federal law as then applicable to the issuance of public securities.

C. Maximum Debt Mill Levy

The “Maximum Debt Mill Levy” shall be the maximum mill levy the District is permitted to impose upon the taxable property within the District, and shall be determined as follows:

1. For the portion of any aggregate District Debt which exceeds 50% of the District’s assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be fifty-seven (57) mills less the number of mills necessary to pay unlimited mill levy Debt described in Section VI.C.2 below, subject to the Mill Levy Adjustment. As of the date of this Service Plan, the Mill Levy Adjustment allows for a Maximum Debt Mill Levy of fifty-seven (57) mills. Except for permitted Mill Levy Adjustments, the District’s mill levy shall not exceed the Maximum Debt Mill Levy. If the District otherwise proposes to adjust its mill levy above the Maximum Debt Mill Levy for the purpose of offsetting any constitutionally or legislatively mandated credit, cut, abatement or change in the method of calculating assessed valuation, the District shall first submit all relevant details of such proposed adjustment to the Town Administrator, who may approve such proposed adjustment in writing or refer the proposal to the Town Council, which may elect to treat the proposed mill levy adjustment as a material modification of the Service Plan. If the Town Council determines that such adjustment constitutes a material modification of the Service Plan, the District shall proceed to amend the Service Plan in accordance with Section 32-1-207, C.R.S. The District shall obtain written approval of the Town Administrator or of a Service Plan amendment prior to any such mill levy adjustment.

2. For the portion of any aggregate District Debt which is equal to or less than 50% of the District’s assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

3. For purposes of the foregoing, once Debt has been determined to be within Section VI.C.2 above, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the District’s Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

D. Maximum Debt Mill Levy Imposition Term

The District shall not impose the Maximum Debt Mill Levy for repayment of any and all Debt (or use the proceeds of the Maximum Debt Mill Levy for repayment of Debt) on any single property developed for residential uses which exceeds forty (40) years after the year of the initial imposition of such Maximum Debt Mill Levy unless a majority of the Board of the District are residents of the District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S. *et seq.*

E. Operation and Maintenance Mill Levy

The District shall be permitted to levy up to 10 mills, subject to the Mill Levy Adjustment, for the purpose of paying for the costs of ongoing administrative, accounting and legal services of the District, and, if applicable, the costs of maintaining certain regional Public Improvements, as the same are identified in the Intergovernmental Agreement.

The estimated cost of engineering services, legal services and administrative services, together with the estimated costs of the Districts' organization and initial operations, are anticipated to be \$100,000, which will be eligible for reimbursement from Debt proceeds. The 2019 operating budget for the District is approximately \$50,000, which is anticipated to be derived from property taxes and other revenues, including owner or developer advances. The District shall maintain, from revenues derived from the Operation and Maintenance Mill Levy and other legally available revenues authorized under this Service Plan, sufficient funds to pay the District's operating costs.

F. Infrastructure Capital Mill Levy and Town Capital and Maintenance Mill Levy

The District shall levy the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy the first year the District certifies a debt service mill levy and the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy shall both be subject to the Mill Levy Adjustment.

The Infrastructure Capital Mill Levy shall be levied by the District and either retained by the District or remitted to the Town (or a combination thereof) and used for the planning, design and construction of infrastructure that the Town determines is necessary or desirable in connection with the impacts of development in the District, as set forth in the Intergovernmental Agreement. Likewise, the Town Capital and Maintenance Mill Levy shall be levied by the District and remitted to the Town and used for capital costs or for the maintenance of infrastructure that the Town determines is necessary or desirable in connection with the impacts of development in the District, also as set forth in the Intergovernmental Agreement.

The requirement that the District impose the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy shall exist for the duration of the life of the District.

G. Debt Repayment Sources

The District may impose the Maximum Debt Mill Levy on taxable property within its boundaries as a primary source of revenue for repayment of debt service. In no event shall the debt service mill levy in the District exceed the Maximum Debt Mill Levy or, for residential property within the District, the Maximum Debt Mill Levy Imposition Term.

Subject to the terms of the Intergovernmental Agreement, the District may also utilize the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy for the repayment of debt service.

The District may also collect a Development Fee, as allowed and limited by Colorado law, provided that such Development Fee does not exceed the following limits:

1. For each single-family detached residential unit, the Development Fee shall not exceed Two Thousand Dollars (\$2,000).
2. For each single-family attached or multi-family residential unit, the Development Fee shall not exceed One Thousand Five Hundred Dollars (\$1,500).
3. For a structure other than a single-family or multi-family residential structure, the Development Fee shall not exceed Twenty-Five Cents (\$0.25) per square foot of the structure.

The Development Fee set forth in this Service Plan may increase by up to the Consumer Price Index for Denver-Boulder, all items, all urban consumers (or its successor index for any years for which Consumer Price Index is not available) each year thereafter (as an inflation adjustment) commencing on January 1, 2019. In addition, should the Town's Model Service Plan be amended to allow for an increase in such Development Fees, such increase in Development Fees shall apply to the District. The Development Fee shall be collected prior to issuance of a certificate of occupancy. Unless specifically authorized in the Intergovernmental Agreement, the District shall not impose or assess any fees, rates, tolls, penalties, or charges other than the Development Fee, as limited above, without first obtaining Town approval of an amendment to this Service Plan, which amendment shall be deemed to be a material modification hereof.

H. Debt Instrument Disclosure Requirement

In the text of each Bond and any other instrument representing and constituting Debt, the issuing District shall set forth a statement in substantially the following form:

By acceptance of this instrument, the owner of this Bond agrees and consents to all of the limitations in respect of the payment of the principal of and interest on this Bond contained herein, in the resolution of the District authorizing the issuance of this Bond, and in the Service Plan of the District.

A substantially similar statement describing the limitations in respect of the payment of the principal of and interest on Debt set forth in this Service Plan shall be included in

any document used for the offering of the Debt for sale to persons, including, but not limited to, an owner or developer of property within the boundaries of the District. If no offering documents are used, then the District shall deliver the statement to any prospective purchaser of such Debt. The Town may by written notice to the District require modifications to the form of disclosures statement.

I. Security for Debt

The District shall not pledge any revenue, property or other assets of the Town as security for any District indebtedness. Approval of this Service Plan shall not be construed as a guarantee by the Town of payment of the District's obligations; nor shall anything in the Service Plan be construed so as to create any responsibility or liability on the part of the Town in the event of default by the District in the payment of any such obligation.

J. TABOR Compliance

The District will comply with the provisions of TABOR. In the discretion of the Board, the District may set up enterprises or nonprofit entities to manage, fund, construct and operate facilities, services, and programs. To the extent allowed by law, any entity created by a District will remain under the control of the District's Board. The activities of such enterprises and entities shall comply with the provisions of this Service Plan.

K. Subdistricts

A District may organize subdistricts or areas as allowed by Section 32-1-1101(1)(f), C.R.S., provided, however, that without the approval of the Town, any such subdistrict(s) or area(s) shall be subject to all limitations on debt and other provisions of the Service Plan. In accordance with Section 32-1-1101(1)(f)(I), C.R.S., the District shall notify the Town prior to establishing any such subdistrict(s) or area(s), and shall provide the Town with details regarding the purpose, location, and relationship of the subdistrict(s) or area(s). The Town Council may elect to treat the organization of any such subdistrict(s) or area(s) as a material modification of the Service Plan.

VII. ANNUAL REPORT

A. General

In accordance with Town Code Section 10.11.040, the District shall file an annual report with the Town Clerk not later than September 1st of each calendar year following approval of this Service Plan, which annual report shall reflect activity and financial events of the District through the preceding December 31 (the "report year"). The Districts may file a combined report. The Town Council reserves the right, pursuant to Section 32-1-207(3)(c), C.R.S., to request an annual report from the District beyond five (5) years after the District's organization. The District

shall be not be required to file an annual report if the District has declared inactive status pursuant to Section 32-1-104, C.R.S.

B. Reporting of Significant Events

The annual report shall include the following:

1. A list of public infrastructure the District constructed or installed during the report year, and a schedule for the construction or installation of future public infrastructure, as well as any maintenance operations or activities the District has undertaken during the report year and maintenance operations or activities the District plans to undertake in the upcoming year;
2. Except when exemption from audit has been granted for the report year under the Local Government Audit Law, the audited financial statements of the District for the report year including a statement of financial condition (i.e., balance sheet) as of December 31 of the report year and the statement of operations (i.e., revenues and expenditures) for the report year;
3. Unless disclosed within a separate schedule to the financial statements, a summary of the capital expenditures incurred by the District in development of Public Improvements in the report year, as well as any Public Improvements proposed to be undertaken in the five (5) years following the report year;
4. Unless disclosed within a separate schedule to the financial statements, a summary of the financial obligations of the District at the end of the report year, including the amount of outstanding Debt, the amount and terms of any new Debt issued in the report year, the amount of payment or retirement of existing Debt of the District in the report year, the total assessed valuation of all taxable properties within the District as of January 1 of the report year and the current mill levy of the District pledged to Debt retirement in the report year;
5. The District's budget for the calendar year in which the annual report is submitted;
6. A summary of the residential and commercial development in the District for the report year;
7. A summary of all fees, charges and assessments imposed by the District as of January 1 of the report year;
8. Certification of the Board that no action, event or condition enumerated in Town Code Section 10.11.060 has occurred in the report year, or certification that such event has occurred but that an amendment to the Service Plan that allows such event has been approved by Town Council;
9. The name, business address and telephone number of each member of the Board and its chief administrative officer and general counsel, together with the date, place and time of the regular meetings of the Board; and

10. Certification from the Board of the District that the District is in compliance with all provisions of the Service Plan.

11. A copy of the most recent notice issued by the District, pursuant to Section 32-1-809, C.R.S.

12. A copy of any intergovernmental agreements entered into by the District since the filing of the last annual report.

VIII. DISSOLUTION

Upon an independent determination of the Town Council that the purposes for which the District was created have been accomplished, the District agrees to file a petition in the District Court for and in Douglas County, Colorado, for dissolution, pursuant to the applicable State statutes. In no event shall a dissolution occur until the District has provided for the payment or discharge of all of its outstanding indebtedness and other financial obligations as required pursuant to State statutes.

IX. DISCLOSURE TO PURCHASERS

The Town wants residential buyers to be aware of the additional tax burden to be imposed. The Town mandates early written and recorded notice of the total (overlapping) tax burden, including the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term, if applicable, as well as the Operation and Maintenance Mill Levy, the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy. The Town will review the type and timing of the disclosure, which the proponents of the District are proposing. The notice shall be recorded against all property within the District within thirty (30) days of approval of this Service Plan by the Town.

There is attached hereto as Exhibit **G** the Project Owner's Indemnification Letter, which is submitted to the Town by the Owner as part of this Service Plan. There is also attached hereto as Exhibit **G** the form of a District Indemnification Letter. The District shall approve and execute the Indemnification Letter at its first Board meeting after approval of this Service Plan by the Town, in the same form as the Indemnification Letter set forth in Exhibit **G** and shall promptly deliver an executed original to the Town.

X. INTERGOVERNMENTAL AGREEMENTS

The form of the intergovernmental agreement required by Town Code Section 10.11.140(a), relating to the limitations imposed on the District's activities, is attached hereto as **Exhibit H**. The District shall approve and execute the Intergovernmental Agreement within 60 days after approval of this Service Plan by the Town, in the same form as the Intergovernmental Agreement approved by Town Council, and shall promptly deliver an executed original to the Town. Failure of the District to execute the Intergovernmental Agreement as required herein shall constitute a material modification and shall require a Service Plan Amendment. The Town Council may approve the Intergovernmental Agreement at the public hearing approving the Service Plan.

Other than the Intergovernmental Agreement referenced in this Section and the intergovernmental agreement referenced in Section V(C) above, no intergovernmental agreements between the Districts and any other government are currently anticipated. Any intergovernmental agreement proposed regarding the subject matter of this Service Plan shall be subject to review by the Town prior to its execution by the District. Such Town review shall be with reference to whether the intergovernmental agreement is in compliance with this Service Plan, the Intergovernmental Agreement, and the terms of the Approved Development Plan or other instrument related to the Public Improvements. After submission of the proposed intergovernmental agreement in substantially final form to Town staff, the Town will notify the Districts within twenty (20) calendar days whether the intergovernmental agreement constitutes a material modification of the Service Plan necessitating an amendment in accordance with Section 32-1-207(2)(a), C.R.S..

XI. NON-COMPLIANCE WITH SERVICE PLAN

In the event it is determined that the District has undertaken any act or omission which violates the Service Plan or constitutes a material departure from the Service Plan, the Town may impose any of the sanctions set forth in Section 10.11.220 of the Town Code, including but not limited to affirmative injunctive relief to require the District to act in accordance with the provisions of this Service Plan. To the extent permitted by law, the District hereby waives the provisions of Section 32-1-207(3)(b), C.R.S. and agrees it will not rely on such provisions as a bar to the enforcement by the Town of any provisions of this Service Plan.

XII. CONCLUSION

It is submitted that this Service Plan for the District, as required by Section 32-1-203(2), C.R.S., and Section 10.11.180 of the Town Code, establishes that:

1. There is sufficient existing and projected need for organized service in the area to be serviced by the District;
2. The existing service in the area to be served by the District is inadequate for present and projected needs;
3. The District is capable of providing economical and sufficient service to the area within its proposed boundaries;
4. The area to be included in the District does have, and will have, the financial ability to discharge the proposed indebtedness on a reasonable basis;
5. Adequate service is not, and will not be, available to the area through the Town or County or other existing municipal or quasi-municipal corporations, including existing special districts, within a reasonable time and on a comparable basis;
6. The facility and service standards of the District are compatible with the facility and service standards of the Town;
7. The proposal is in substantial compliance the Town's Master Plan;

8. The proposal is in compliance with any duly adopted Town, regional or state long-range water quality management plan for the area;

9. The creation of the District is in the best interests of the area proposed to be served;

10. The creation of the District is in the best interests of the residents and future residents of the area proposed to be served;

11. The proposal is in substantial compliance with Chapter 10.11 of the Town Code; and

12. The proposal will not foster urban development that is remote or incapable of being integrated with existing urban areas, and will not place a burden on the Town or adjacent jurisdictions to provide urban services to residents of the District.

PARCEL 1

A PARCEL OF LAND BEING A PORTION OF THAT CORRECTION SPECIAL WARRANTY DEED RECORDED ON DECEMBER 7, 2011 UNDER RECEPTION NO. 2011077256 IN THE RECORDS OF THE DOUGLAS COUNTY CLERK AND RECORDER'S OFFICE, LOCATED IN SECTIONS 32 AND 33, TOWNSHIP 6 SOUTH, RANGE 66 WEST OF THE SIXTH PRINCIPAL MERIDIAN, THE NORTH HALF OF SECTIONS 4 AND 5 AND THE NORTHEAST QUARTER OF SECTION 6, TOWNSHIP 7 SOUTH, RANGE 66 WEST OF THE SIXTH PRINCIPAL MERIDIAN, IN THE COUNTY OF DOUGLAS, STATE OF COLORADO MORE PARTICULARLY DESCRIBED AS FOLLOWS:

BASIS OF BEARINGS

BEARINGS ARE BASED ON THE LINE BETWEEN DOUGLAS COUNTY GIS CONTROL POINT 1.065010, BEING A 3.25" ALUMINUM CAP STAMPED 1.065010 AND DOUGLAS COUNTY GIS CONTROL POINT 1.060020, BEING A 3.25" ALUMINUM CAP STAMPED 1.060020, AND ASSUMED TO BEAR SOUTH 63°52'00" EAST.

COMMENCING AT THE NORTHEAST CORNER OF SAID SECTION 4;

THENCE NORTH 74°08'10" WEST, A DISTANCE OF 75.47 FEET TO THE WESTERLY RIGHT-OF-WAY OF MOTSENBOCKER ROAD AS SHOWN ON THE PLAT OF STROH RANCH FILING NO. 11, RECORDED UNDER RECEPTION NO. 99012788, IN SAID RECORDS AND TO THE SOUTHERLY BOUNDARY OF SAID CORRECTION SPECIAL WARRANTY DEED ALSO BEING THE **POINT OF BEGINNING**;

THENCE ALONG SAID SOUTHERLY BOUNDARY THE FOLLOWING TEN (10) COURSES:

1. DEPARTING SAID WESTERLY RIGHT-OF-WAY OF MOTSENBOCKER ROAD, NORTH 89°30'54" WEST, A DISTANCE OF 314.70 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE SOUTHERLY HAVING A RADIUS OF 1,070.97 FEET;
2. WESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 32°01'27", AN ARC LENGTH OF 598.59 FEET;
3. NON-TANGENT TO SAID CURVE, SOUTH 54°06'08" WEST, A DISTANCE OF 556.22 FEET;
4. SOUTH 52°19'22" WEST, A DISTANCE OF 242.53 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE NORTHWESTERLY HAVING A RADIUS OF 2,197.49 FEET, THE RADIUS POINT OF SAID CURVE BEARS NORTH 35°13'51" WEST;
5. SOUTHWESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 24°24'53", AN ARC LENGTH OF 936.39 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE NORTHERLY HAVING A RADIUS OF 11,639.30 FEET, THE RADIUS POINT OF SAID CURVE BEARS NORTH 05°40'48" WEST;
6. WESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 02°43'59", AN ARC LENGTH OF 555.20 FEET;
7. NON-TANGENT TO SAID CURVE, NORTH 89°40'01" WEST, A DISTANCE OF 307.11 FEET;
8. SOUTH 89°32'44" WEST, A DISTANCE OF 543.29 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE SOUTHERLY HAVING A RADIUS OF 1,374.23 FEET, THE RADIUS POINT OF SAID CURVE BEARS SOUTH 00°06'08" EAST;

9. WESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 20°01'18", AN ARC LENGTH OF 480.22 FEET;

10. NON-TANGENT TO SAID CURVE, SOUTH 74°13'58" WEST, A DISTANCE 416.75 FEET;

THENCE DEPARTING SAID SOUTHERLY BOUNDARY, NORTH 15°10'59" WEST, A DISTANCE OF 199.02 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE EASTERLY HAVING A RADIUS OF 510.00 FEET;

THENCE NORTHERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 19°38'40", AN ARC LENGTH OF 174.86 FEET;

THENCE TANGENT TO SAID CURVE, NORTH 04°27'41" EAST, A DISTANCE OF 100.00 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE EASTERLY HAVING A RADIUS OF 510.00 FEET;

THENCE NORTHEASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 37°01'50", AN ARC LENGTH OF 329.62 FEET;

THENCE TANGENT TO SAID CURVE, NORTH 41°29'31" EAST, A DISTANCE OF 100.00 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE WESTERLY HAVING A RADIUS OF 510.00 FEET;

THENCE NORTHERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 90°11'23", AN ARC LENGTH OF 802.79 FEET;

THENCE TANGENT TO SAID CURVE, NORTH 48°41'52" WEST, A DISTANCE OF 563.84 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE SOUTHWESTERLY HAVING A RADIUS OF 510.00 FEET;

THENCE NORTHWESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 22°40'56", AN ARC LENGTH OF 201.90 FEET;

THENCE TANGENT TO SAID CURVE, NORTH 71°22'48" WEST, A DISTANCE OF 204.66 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE NORTHEASTERLY HAVING A RADIUS OF 600.00 FEET;

THENCE NORTHWESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 17°59'03", AN ARC LENGTH OF 188.33 FEET;

THENCE SOUTH 36°36'15" WEST, A DISTANCE OF 40.00 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE NORTHEASTERLY HAVING A RADIUS OF 640.00 FEET, THE RADIUS POINT OF SAID CURVE BEARS NORTH 36°36'15" EAST;

THENCE NORTHWESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 11°12'36", AN ARC LENGTH OF 125.22 FEET;

THENCE TANGENT TO SAID CURVE, NORTH 42°11'09" WEST, A DISTANCE OF 326.18 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE SOUTHWESTERLY HAVING A RADIUS OF 470.00 FEET;

THENCE NORTHWESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 22°21'16", AN ARC LENGTH OF 183.38 FEET;

THENCE NORTH 64°32'25" WEST, A DISTANCE OF 157.08 FEET;

THENCE NORTH 25°27'35" EAST, A DISTANCE OF 488.02 FEET;

THENCE SOUTH 64°32'25" EAST, A DISTANCE OF 41.66 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE NORTHERLY HAVING A RADIUS OF 377.30 FEET, THE RADIUS POINT OF SAID CURVE BEARS NORTH 25°20'01" EAST;

THENCE EASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 37°42'02", AN ARC LENGTH OF 248.26 FEET TO THE BEGINNING OF A REVERSE CURVE CONCAVE SOUTHERLY HAVING A RADIUS OF 1,246.07 FEET;

THENCE EASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 12°21'42", AN ARC LENGTH OF 268.84 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE NORTHERLY HAVING A RADIUS OF 602.02 FEET, THE RADIUS POINT OF SAID CURVE BEARS NORTH 04°59'04" EAST;

THENCE EASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 22°54'43", AN ARC LENGTH OF 240.74 FEET TO THE BEGINNING OF A REVERSE CURVE CONCAVE SOUTHERLY HAVING A RADIUS OF 1,176.74 FEET;

THENCE EASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 22°18'45", AN ARC LENGTH OF 458.25 FEET TO THE BEGINNING OF A REVERSE CURVE CONCAVE NORTHERLY HAVING A RADIUS OF 743.86 FEET;

THENCE EASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 21°38'41", AN ARC LENGTH OF 281.01 FEET TO THE BEGINNING OF A COMPOUND CURVE CONCAVE NORTHWESTERLY HAVING A RADIUS OF 299.35 FEET;

THENCE NORTHEASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 55°26'37", AN ARC LENGTH OF 289.67 FEET TO THE BEGINNING OF A REVERSE CURVE CONCAVE SOUTHEASTERLY HAVING A RADIUS OF 326.85 FEET;

THENCE NORTHEASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 25°58'26", AN ARC LENGTH OF 148.17 FEET;

THENCE TANGENT TO SAID CURVE, NORTH 45°39'16" EAST, A DISTANCE OF 40.00 FEET;

THENCE SOUTH 44°20'44" EAST, A DISTANCE OF 257.95 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE NORTHEASTERLY HAVING A RADIUS OF 450.00 FEET;

THENCE SOUTHEASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 31°22'23", AN ARC LENGTH OF 246.40 FEET;

THENCE TANGENT TO SAID CURVE, SOUTH 75°43'07" EAST, A DISTANCE OF 50.00 FEET TO THE WESTERLY BOUNDARY OF STROH RANCH FILING NO. 18B AS RECORDED UNDER RECEPTION NO. 2003092248, IN SAID RECORDS;

THENCE ALONG SAID WESTERLY BOUNDARY OF STROH RANCH FILING NO. 18B THE FOLLOWING THREE (3) COURSES:

1. SOUTH 14°16'53" WEST, A DISTANCE OF 168.18 FEET;
2. SOUTH 40°44'41" EAST, A DISTANCE OF 298.72 FEET;
3. SOUTH 27°11'54" EAST, A DISTANCE OF 875.11 FEET TO THE SOUTHWESTERLY BOUNDARY OF STROH RANCH FILING NO. 17C AS RECORDED UNDER RECEPTION NO. 2003092246, IN SAID RECORDS;

THENCE ALONG SAID SOUTHWESTERLY BOUNDARY OF STROH RANCH FILING NO. 17C THE FOLLOWING SEVEN (7) COURSES:

1. SOUTH 27°11'54" EAST, A DISTANCE OF 154.51 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE SOUTHERLY HAVING A RADIUS OF 175.00 FEET, THE RADIUS POINT OF SAID CURVE BEARS SOUTH 53°27'34" EAST;

2. EASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 91°10'03", AN ARC LENGTH OF 278.46 FEET;
3. NON-TANGENT TO SAID CURVE, SOUTH 00°53'54" WEST, A DISTANCE OF 23.45 FEET;
4. SOUTH 34°07'59" EAST, A DISTANCE OF 67.94 FEET;
5. SOUTH 52°25'22" EAST, A DISTANCE OF 120.48 FEET;
6. SOUTH 43°41'47" EAST, A DISTANCE OF 468.56 FEET;
7. SOUTH 50°01'36" EAST, A DISTANCE OF 74.07 FEET TO THE SOUTHWESTERLY BOUNDARY OF STROH RANCH FILING NO. 17B AS RECORDED UNDER RECEPTION NO. 2003092244, IN SAID RECORDS;

THENCE ALONG SAID SOUTHWESTERLY BOUNDARY OF STROH RANCH FILING NO. 17B THE FOLLOWING SEVEN (7) COURSES:

1. SOUTH 50°01'36" EAST, A DISTANCE OF 202.61 FEET;
2. NORTH 88°12'52" EAST, A DISTANCE OF 600.55 FEET;
3. NORTH 68°31'42" EAST, A DISTANCE OF 738.42 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE SOUTHWESTERLY HAVING A RADIUS OF 100.00 FEET;
4. SOUTHEASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 140°27'39", AN ARC LENGTH OF 245.15 FEET;
5. NON-TANGENT TO SAID CURVE, SOUTH 17°29'20" EAST, A DISTANCE OF 149.94 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE SOUTHERLY HAVING A RADIUS OF 1,100.00 FEET, THE RADIUS POINT OF SAID CURVE BEARS SOUTH 17°29'20" EAST;
6. EASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 17°22'04", AN ARC LENGTH OF 333.43 FEET;
7. TANGENT TO SAID CURVE, NORTH 89°52'44" EAST, A DISTANCE OF 363.34 FEET TO SAID WESTERLY RIGHT-OF-WAY OF MOTSENBOCKER ROAD AS SHOWN ON SAID PLAT OF STROH RANCH FILING NO. 11, AS RECORDED UNDER RECEPTION NO. 99012788;

THENCE ALONG SAID WESTERLY RIGHT-OF-WAY OF MOTSENBOCKER ROAD, SOUTH 00°12'58" WEST, A DISTANCE OF 103.80 FEET TO THE **POINT OF BEGINNING**.

CONTAINING AN AREA OF 187.080 ACRES, (8,149,212 SQUARE FEET), MORE OR LESS.

Capital Plan and Engineer's Opinion of Probable Cost

Cherry Creek Service Plan Engineer's Estimate Summary

In order to put together the Engineer's Estimate of Probable Costs for the Cherry Creek Service Plan Amendment, two civil engineering firms and a landscape architecture firm were engaged to perform this task. Redlands Engineering focused on the major public spine improvements. Examples of these include regional drainage improvements, regional utilities, Chambers Road etc. CVL Consultants was engaged to determine the cost of the public improvements within each of the planning areas. After consultation with Staff it was determined that the public improvement costs for Segment 1A (PAs 13, 34-28) could be used to determine the remaining planning area costs. PCS put together the combined public landscape costs of both the public spine infrastructure and within the planning areas.

The total lot count for this project is 3,082 lots along with 77 acres of commercial. Only a small portion of the site has been designed through preliminary plat. The portion that has been designed consists of 502 lots within Segment 1A. The total cost of the public improvements within the Segment 1A planning areas is \$15,729,970.00 or \$31,334.60 per lot. Based on a discussion with Staff it was agreed that this per lot cost should be applied to all 3,082 lots. Applying this per lot cost to all 3,082 lots totals \$96,573,237.00 for all the public improvements within each planning area.

Redlands Engineering did an analysis of all the costs associated with public improvements outside of the residential planning areas, as well as for regional improvements. This included spine streets (Chambers, Great Plan Way, as well as regional drainage improvements and all utilities needs to serve the project. The total cost of these public improvements is estimated to be \$75,804,145.00. PCS put together an estimate of the cost of public landscaping which totaled \$69,933,128. The total cost of the regional improvements is \$7,724,063.00.

The total cost of all public improvements within the Cherry Creek Metropolitan District is estimated to be \$250,034,573.20. The unit costs that were used in this analysis are current unit costs from other projects in the Denver Metropolitan Area to include Trails at Crowfoot Filings 9-13.

Cherry Creek Metropolitan District Cost Analysis

Total Lot Count	3082
Total Public Improvement Costs	
Redlands/PCS/CVL (3082 lots and the commercial planning areas)	\$ 242,310,510.20
Regional Improvement Costs (Canyons Trunk Sewer Reimbursement, Hess Road Reimbursement, Outfall Systems Planning)	\$ 7,724,063.00
Total Public Improvement Cost	\$ 250,034,573.20
Cost Per Lot	\$ 81,127.38

TOTAL COMBINED COSTS FOR CHERRY CREEK SOUTH METROPOLITAN DISTRICT	\$153,461,335
--	----------------------

**Cherry Creek South Metropolitan District
District Infrastructure
Engineer's Preliminary Opinion of Probable Costs**

Notes:

Grading quantities for Roadways are based on an assumed 5-ft (vertical) of earthwork over the right-of-way. Areas of cut and fill are assumed to be equal. Final quantities may vary significantly due to site constraints and detailed designs.

Channel Stabilization and Regional Detention Pond costs were obtained from the Town of Parker/UDFCD Oak Gulch Pilot Implementation Study, Analysis of Oak Gulch Stream Stabilization Construction Costs.

Channel Stabilization improvements within Oak Gulch Reach #1, from Jordon Road to Chambers Road, have been equally allocated between Districts 7 & 10 (collective).

Erosion Control Maintenance Estimated at 25% of Initial Installation Cost.

Sanitary Sewer Manhole Spacing assumed every 300-ft.

Water valve spacing assumed every 500-ft. Fire Hydrant spacing along Arterials/Collectors assumed every 750-ft.

Storm drainage improvements for Arterial/Collector roadways are anticipated to consist of a 24-in RCP (on average) storm sewer system for 75% of the length of each one-half of roadway, 2- 10-ft Type 'R' Curb Inlets for every 500-ft of storm sewer, and a 5-ft diameter manhole for every 300-ft of storm sewer.

Street Light spacing assumed every 200-ft.

Assumed street sections in this Preliminary Opinion of Probable Costs are as follows: Chambers Road - Principal Arterial; Stroh Road and Hess Road - Arterial; Great Plains Way, Jordan Road, Tammy Lane, Bramwell Drive, Spirit Trail Boulevard, Red Elder Street, Roads A, B, and D - Residential Collector.

One-half of the **Residential Collector Road** Improvement costs are allocated to adjacent districts based on the length of roadway adjacent to each district. Refer to the Public Improvements Plan for reference to the location of roads and districts.

One-half (1/2) of **Chambers Road** Improvements, from Hess Road to Stroh Road, are included in this Preliminary Opinion of Probable Costs. The remaining one-half (1/2) of Chambers Road improvements, from Hess Road to Stroh Road, are not the responsibility of the property owner/development are not included in this Preliminary Opinion of Probable Costs. One-half (1/2) of Chambers Road Improvements between Hess Road to Bramwell Drive are allocated to District No. 4. One-half (1/2) of Chambers Road Improvements between Bramwell Drive and Stroh Road are allocated to District No. 6. Proposed Traffic signals along Chambers Road (as shown on the Public Improvements Plan) have been allocated as follows: Road 'A' – full cost to District No. 6; Bramwell Drive – one-half (1/2) cost to District No. 4 and one-half (1/2) cost to District No. 6; Great Plain Way – full cost to District No. 4.

**Cherry Creek South Metropolitan District
District Infrastructure
Engineer's Preliminary Opinion of Probable Costs**

One-half (1/2) of **Stroh Road** Improvements with the Shared Stroh Obligation Area, from Motsenbocker Road to approximately 800-ft west of Spirit Trail Boulevard, are included in this Preliminary Opinion of Probable Costs. The one-half (1/2) roadway improvements are allocated to adjacent districts (Districts No. 5 & 6) based on the length of roadway adjacent to each district. One-half (1/2) of the proposed Traffic Signals along Stroh Road (as shown on the Public Improvements Plan) and within the Shared Stroh Obligation Area are allocated as follows: Spirit Trail Boulevard – one quarter (1/4) cost to District No. 5 and one-quarter (1/4) cost to District No. 6; Red Elder Street – one-half (1/2) cost to District No. 5.

The south one-half (1/2) of **Hess Road** Improvements, from Great Plain Way to the Western development boundary, are included in this Preliminary Opinion of Probable Costs and are allocated to District No. 9. The remaining obligated Hess Road Improvement costs are included herein as “Hess Road Reimbursement” under the Regional Improvements section of this Preliminary Opinion of Probable Costs. One-half (1/2) of the proposed Traffic Signals along Hess Road (as shown on the Public Improvements Plan) are allocated as follows: Tammy Lane – one-half (1/2) cost to District No. 4; South Fire Fly Lane – one-half (1/2) cost to District No. 10; Great Plain Way – one-quarter (1/4) cost to District No. 9 and one-quarter (1/4) cost to District No. 10.

Landscape and Irrigation Estimates, including Irrigation Tap Fees, were provided by PCS Group, Inc., dated 2/11/20

Indemnification Letters

1. Owner's Letter

June 15, 2020

Town of Parker
20120 E. Main Street
Parker, CO 80138-7334

RE: Cherry Creek South Metropolitan District No. 5

To the Town Council:

This Indemnification Letter (the "Letter") is delivered by the undersigned (the "Owner") in connection with the review by the Town of Parker (the "Town") of the Amended and Restated Service Plan approved by the Town on June 15, 2020, including all amendments heretofore or hereafter made thereto (the "Service Plan") for the Cherry Creek South Metropolitan District No. 5 (the "District"). Owner, for and on behalf of itself and its transferees, successors and assigns, represents, warrants, covenants and agrees to and for the benefit of the Town as follows:

1. Owner hereby waives and releases any present or future claims it might have against the Town or the Town's elected or appointed officers, employees, agents, contractors or insurers (the "Released Persons") in any manner related to or connected with the Service Plan or any action or omission with respect thereto. Owner further hereby agrees to indemnify and hold harmless the Released Persons from and against any and all liabilities resulting from any and all claims, demands, suits, actions or other proceedings of whatsoever kind or nature made or brought by any third party, including attorneys' fees and expenses and court costs, which directly or indirectly or purportedly arise out of or are in any manner related to or connected with any of the following: (a) the Service Plan or any document or instrument contained or referred to therein; or (b) the formation of the District; or (c) any actions or omissions of the Owner or the District, or their agents, in connection with the District, including, without limitation, any actions or omissions of the Owner or District, or their agents, in relation to any bonds or other financial obligations of the District or any offering documents or other disclosures made in connection therewith. Owner further agrees to investigate, handle, respond to and to provide defense for and defend against, or at the Town's option to pay the attorneys' fees and expenses for counsel of the Town's choice for any such liabilities, claims, demands, suits, actions or other proceedings.

2. Owner hereby consents to the Debt Instrument Disclosure Requirements as set forth Section VI.F of the Service Plan, acknowledges the Town's right to modify the required disclosures, and waives and releases the Town from any claims Owner might have based on or relating to the use of or any statements made or to be made in such disclosures (including any modifications thereto).

3. This Letter has been duly authorized and executed on behalf of Owner.

Very truly yours,

2. District's Letter

{date – date of meeting}

Town of Parker
20120 E. Main Street
Parker, CO 80138-7334

RE: Cherry Creek South Metropolitan District No. 5

To the Town Council:

This Indemnification Letter (the “Letter”) is delivered by the Cherry Creek South Metropolitan District No. 5 (the “District”) in order to comply with the Amended and Restated Service Plan approved by the Town on June 15, 2020, including all amendments heretofore or hereafter made thereto (the “Service Plan”) for the District. The District, for and on behalf of itself and its transferees, successors and assigns, represents, warrants, covenants and agrees to and for the benefit of the Town as follows:

1. The District hereby waives and releases any present or future claims it might have against the Town or the Town's elected or appointed officers, employees, agents, contractors or insurers (the “Released Persons”) in any manner related to or connected with the Service Plan or any action or omission with respect thereto. To the fullest extent permitted by law, the District hereby agrees to indemnify and hold harmless the Released Persons from and against any and all liabilities resulting from any and all claims, demands, suits, actions or other proceedings of whatsoever kind or nature made or brought by any third party, including attorneys' fees and expenses and court costs, which directly or indirectly or purportedly arise out of or are in any manner related to or connected with any of the following: (a) the Service Plan or any document or instrument contained or referred to therein; or (b) the formation of the District; or (c) any actions or omissions of the District, North Parker Investments, LLC (the “Owner”), or their agents, in connection with the District, including, without limitation, any actions or omissions of the District or Owner, or their agents, in relation to any bonds or other financial obligations of the District or any offering documents or other disclosures made in connection therewith. The District further agrees to investigate, handle, respond to and to provide defense for and defend against, or at the Town's option to pay the attorneys' fees and expenses for counsel of the Town's choice for any such liabilities, claims, demands, suits, actions or other proceedings.

2. It is understood and agreed that neither the District nor the Town waives or intends to waive the monetary limits (presently \$387,000 per person and \$1,093,000 per occurrence) or any other rights, immunities and protections provided by the Colorado Governmental Immunity Act, § 24-10-101, *et seq.*, C.R.S., as from time to time amended, or otherwise available to the Town, the District, its officers, or its employees.

3. The District hereby consents to the Debt Instrument Disclosure Requirements as set forth Section VI.F of the Service Plan, acknowledges the Town's right to modify the required

disclosures, and waives and releases the Town from any claims the District might have based on or relating to the use of or any statements made or to be made in such disclosures (including any modifications thereto).

4. This Letter has been duly authorized and executed on behalf of the District.

Very truly yours,

Cherry Creek South Metropolitan District No. 5

Intergovernmental Agreement

**AMENDED AND RESTATED INTERGOVERNMENTAL AGREEMENT
BETWEEN THE TOWN OF PARKER, COLORADO AND
CHERRY CREEK SOUTH METROPOLITAN DISTRICT NO. 5**

THIS AGREEMENT (the “Agreement”) is made and entered into as of this 18th day of May, 2020, by and between the TOWN OF PARKER, a home rule municipal corporation of the State of Colorado (the “Town”), and the CHERRY CREEK SOUTH METROPOLITAN DISTRICT NO. 5, a quasi-municipal corporation and political subdivision of the State of Colorado (the “District”). The Town and the District are collectively referred to as the Parties.

WITNESSETH:

WHEREAS, C.R.S. § 29-1-203 authorizes the Parties to cooperate and contract with one another regarding functions, services and facilities each is authorized to provide; and

WHEREAS, the District was organized to provide those services and to exercise powers as are more specifically set forth in the District’s Amended and Restated Service Plan approved by the Town on May 18, 2020 (the “Service Plan”); and

WHEREAS, the Service Plan makes reference to the execution of an intergovernmental agreement between the Town and the District, as required by Chapter 10.11 of the Town Code; and

WHEREAS, the Town entered into that certain Amended and Restated Stroh/Hess Annexation Agreement (Northern Property) on May 5, 2014, and recorded at Reception No. 20150011482 of the Douglas County Clerk and Recorder’s Office (the “DDCRO”), which agreement was amended on November 26, 2014, recorded at Reception No. 2015004838, and again on September 21, 2015, recorded at Reception No. 2015089147 (as amended, the “Annexation Agreement”) with North Parker Investments, LLC (the Owner”), which provides in part for certain public improvements that are necessary and desirable for the development contemplated by the Annexation Agreement; and

WHEREAS, specific regional improvements were identified in the Service Plan and Annexation Agreement, and as more particularly set forth on Exhibit A (the “Regional Infrastructure”), which Regional Infrastructure the Town has determined is necessary or desirable in connection with the impacts of the development of the Property; and

WHEREAS, pursuant to the Annexation Agreement, the Town is responsible for constructing and owning the Regional Infrastructure, and the Owner is responsible for providing funding for the construction of the Regional Infrastructure; and

WHEREAS, in accordance with the provisions of the Service Plan, the District has agreed to levy a property tax of 5 mills that will be used for the planning, design and construction of the Regional Infrastructure (the “Infrastructure Capital Mill Levy”), and the District has conducted, or will conduct, an election under Article X, Section 20 of the Colorado Constitution (“TABOR”) to enable it to impose the Infrastructure Capital Mill Levy and to issue debt repayable, in whole or in part, from the Infrastructure Capital Mill Levy; and

WHEREAS, the parties to this Agreement acknowledge the need for the Regional Infrastructure in order to accomplish the comprehensive development of the property located within the District's service area (the "Property"); and

WHEREAS, the parties further acknowledge that the Town will also have certain infrastructure capital and maintenance needs resulting from the development of the Property (the "Town Infrastructure"); and

WHEREAS, in accordance with the provisions of the Service Plan, the District has agreed to levy a property tax of 5 mills that will be used for the planning, design, construction and maintenance of the Town Infrastructure (the "Town Capital and Maintenance Mill Levy"), and the District has conducted, or will conduct, an election under TABOR to enable it to impose the Town Capital and Maintenance Mill Levy; and

WHEREAS, the parties further acknowledge that the District will have certain ongoing administrative and operating obligations, as well as regional maintenance obligations with regard to the Regional Infrastructure, and in accordance with the provisions of the Service Plan, the District has agreed to levy a property tax of up to 10 mills (the "Operation and Maintenance Mill Levy") for such purposes; and

WHEREAS, the Town has approved the final plat for the Property; and

WHEREAS, the Parties have determined it to be in the best interests of their respective taxpayers, residents and property owners to enter into this Agreement ("Agreement") in order to address the utilization of the various mill levies as well as certain other matters related to the organization, powers and authorities of the District; and

WHEREAS, any capitalized term not specifically defined in this Agreement shall have that meaning as set forth in the Service Plan; and

NOW, THEREFORE, in consideration of the covenants and mutual agreements herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree as follows:

1. Infrastructure Capital Mill Levy. The District agrees to impose a property tax of 5 mills that shall be used for the planning, design and construction of the Regional Infrastructure. The utilization of the Infrastructure Capital Mill Levy is set forth on Exhibit A to this Agreement.

2. Town Capital and Maintenance Mill Levy. The District agrees to impose a property tax of 5 mills that shall be used for the planning, design, construction and/or maintenance of the Town Infrastructure. The utilization of the Infrastructure Capital Mill Levy is set forth on Exhibit B to this Agreement.

3. Operation and Maintenance Mill Levy. The District agrees to impose a property tax of up to 10 mills which shall be retained and used by the District for the ongoing administrative and operating expenses of the District and for the maintenance of certain of the Regional Infrastructure, as set forth on Exhibit C to this Agreement.

4. General Provisions Applicable to the Mill Levies. The Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy shall be imposed by the District beginning the first year the District certifies a Maximum Debt Mill Levy and shall be subject to the Mill Levy Adjustment. The Operation and Maintenance Mill Levy shall be imposed by the District at the District's discretion but in a manner that will enable the District to perform its administrative and operating obligations and its maintenance obligations in connection with the Regional Infrastructure in a timely and adequate manner. The District acknowledges and agrees that requirement to levy the Infrastructure Capital Mill Levy, the Town Capital and Maintenance Mill Levy and the Operation and Maintenance Mill Levy (together, the "Mill Levies") is a material consideration in, and a condition of, the Town's approval of the District's Service Plan, and that the Town has relied thereon in approving the District's Service Plan. The District specifically agrees that the requirement that the District impose the Mill Levies and to utilize the funds as set forth in this Agreement shall be enforceable by the Town by all remedies available at law or in equity, including without limitation affirmative injunctive relief. The District represents and warrants that it has obtained, or will obtain, all voter authorizations to enable it to impose the Mill Levies, and to pledge the revenues from the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy to the repayment of debt issued by either the District or the Town, if and as applicable.

The District shall remit any revenues from the Infrastructure Capital Mill Levy or Town Capital and Maintenance Mill Levy that are due to the Town no later than 30 days after receipt of the same, and the Town shall deposit and maintain any revenues in a separate fund earmarked specifically for use only as set forth in this Agreement (the "Cherry Creek South Metropolitan District No. 5 Fund"). The monies in the Cherry Creek Metropolitan District No. 5 Fund shall be applied to any design, planning, engineering, surveying, construction management, labor, materials, operations and administrative costs related to construction of the Regional Infrastructure or the Town Infrastructure, as applicable, as further detailed in this Agreement and the Exhibits attached hereto. On June 30 and December 31 of each year, the Town shall provide to the District an accounting of revenues received from the District attributable to the Infrastructure Capital Mill Levy or Town Capital and Maintenance Mill Levy, along with an itemization of expenditures made in major categories.

5. Operation and Maintenance of the Public Improvements. The District shall dedicate the Public Improvements to the Town or other appropriate jurisdiction or owners association in a manner consistent with the final approved plat, other rules and regulations of the Town, and applicable provisions of the Town Code. The District shall not be authorized to own, operate or maintain any part or all of the Public Improvements, or any other improvements, public or private, unless specifically provided for in this Agreement or separate agreement with the Town.

6. Fire Protection. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless specifically provided for in this Agreement or separate agreement with the Town. This provision shall limit the District's authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system.

7. Television Relay and Translation; Mosquito Control and Other Limitations. Unless specifically provided for in this Agreement or separate agreement with the Town, the District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate, maintain or provide: (a) any television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project; (b) any mosquito control facilities and services; (c) any solid waste disposal, collection and transportation facilities and services; and (d) any security, covenant enforcement and design review services.

8. Construction Standards. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the Town and of federal and state governmental entities having proper jurisdiction. The District will obtain the Town's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

9. Issuance of Privately Placed Debt. Prior to the issuance of any privately placed bonds or other obligations, the payment of which the District has promised to impose an *ad valorem* property tax mill levy ("Debt"), the District shall obtain the certification of an External Financial Advisor substantially as follows:

We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by the District for the [insert the designation of the Debt] does not exceed a market [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

10. Inclusion and Exclusion. The District shall not include within its boundaries any property outside the Service Area (as defined in the Service Plan) without the prior written consent of the Town Council. The District shall not exclude any property from the District if such exclusion will result, or is reasonably anticipated to result, in detriment to the remaining residents and taxpayers within the District, or to the District's bondholders.

11. Total Debt Issuance. The District, together with Cherry Creek South Metropolitan District Nos. 4 and 6, shall not issue Debt in excess of \$170,343,750 in total aggregate principal amount, provided that such limitation shall not be applicable to refunding Bonds issued by the District to refund outstanding Debt. Such limitation shall not apply to the District's pledge of its property tax or specific ownership tax revenues derived from its mill levies to one of the other Districts (as defined in the Service Plan).

12. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities that the Town is eligible to apply for, except as may be specifically provided for herein. This Section shall not apply to specific ownership taxes which shall be distributed to and constitute a revenue source for the District without any limitation.

13. Consolidation; Dissolution. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the Town, unless such consolidation is with one of the other Districts, as defined in the Service Plan. The District agrees that it shall take all action necessary to dissolve the District in accordance with the provisions of the Service Plan and applicable state statutes.

14. Service Plan Amendment Requirement. Any action of the District which violates the limitations set forth in Sections V.A.1-13 or VI.B-H of the Service Plan, or which constitutes a material modification under Parker Municipal Code section 10.11.060, shall be deemed to be a material modification to the Service Plan and the Town shall be entitled to all remedies available under State and local law to enjoin any such action(s) of the District. The Town may also seek damages for breach of this Agreement arising from violations by the District of any provision of the Service Plan.

15. Applicable Laws. The District acknowledges that the property within its boundaries shall be subject to all ordinances, rules and regulations of the Town, including without limitation, ordinances, rules and regulations relating to zoning, subdividing, building and land use, and to all related Town land use policies, master plans and related plans.

16. Annual Report. The District shall submit an annual report ("Annual Report") to the Town no later than September 1st of each year following the year in which the Order and Decree creating the District has been issued by the District Court for and in Douglas County, Colorado, pursuant to Parker Municipal Code section 10.11.040 and containing the information set forth in Section VII of the Service Plan. The District shall be not be required to file an annual report if the District has declared inactive status pursuant to Section 32-1-104, C.R.S. The District may file a consolidated Annual Report with one or more of the other Districts.

17. Notices. All notices, demands, requests or other communications to be sent by one party to the other hereunder or required by law, including the Annual Report, shall be in writing and shall be deemed to have been validly given or served by delivery of same in person to the address or by courier delivery, via Federal Express or other nationally recognized overnight air courier service, or by depositing same in the United States mail, postage prepaid, addressed as follows:

To the District:	WHITE BEAR ANKELE TANAKA & WALDRON
	Attn: Kristin B. Tompkins, Esq.
	2154 E. Commons Ave., Suite 2000
	Centennial, CO 80122
	Phone: (303) 858-1800
	E-mail: Ktompkins@wbapc.com

To the Town: Town of Parker
 20120 E. Mainstreet
 Parker, CO 80138-7334
 Attn: Kristin Schledorn, Town Attorney
 cc: Mary Lou Brown, Finance Director
 Phone: (303) 841-0353
 Fax: (303) 840-9792

All notices, demands, requests or other communications shall be effective upon such personal delivery or one (1) business day after being deposited with Federal Express or other nationally recognized overnight air courier service or three (3) business days after deposit in the United States mail. By giving the other party hereto at least ten (10) days written notice thereof in accordance with the provisions hereof, each of the Parties shall have the right from time to time to change its address.

18. Miscellaneous.

A. **Effective Date.** This Agreement shall be in full force and effect and be legally binding upon final approval of the governing bodies of the Parties. No Debt shall be issued by the District until after the effective date of this Agreement.

B. **Nonassignability.** No party to this Agreement may assign any interest therein to any person without the consent of the other party hereto at that time, and the terms of this Agreement shall inure to the benefit of and be binding upon the respective representatives and successors of each party hereto. The pledge by the District of its revenues to one of the other Districts shall not be deemed an assignment hereunder.

C. **Amendments.** This Agreement may be amended from time to time by written amendment, duly authorized and signed by representatives of the parties hereto.

D. **Severability.** If any section, subsection, paragraph, clause, phrase, or other provision of this Agreement shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, subsection, paragraph, clause, phase, or other provision shall not affect any of the remaining provisions of this Agreement.

E. **Execution of Documents.** This Agreement shall be executed in two (2) counterparts, either of which shall be regarded for all purposes as one original. Each party agrees that it will execute any and all deeds, instruments, documents, and resolutions or ordinances necessary to give effect to the terms of this Agreement.

F. **Waiver.** No waiver by either party of any term or condition of this Agreement shall be deemed or construed as a waiver of any other term or condition, nor shall a waiver of any breach be deemed to constitute a waiver of any subsequent breach, whether of the same or of a different provision of this Agreement.

G. Default/Remedies. In the event of a breach or default of this Agreement by any party, the non-defaulting party shall be entitled to exercise all remedies available at law or in equity, specifically including suits for specific performance and/or monetary damages. In the event of any proceeding to enforce the terms, covenants or conditions hereof, the prevailing party in such proceeding shall be entitled to obtain as part of its judgment or award its reasonable attorneys' fees.

H. Governing Law and Venue. This Agreement shall be governed and construed under the laws of the State of Colorado. Venue for all actions brought hereunder shall be in the District Court in and for Douglas County.

I. Inurement. Each of the terms, covenants and conditions hereof shall be binding upon and inure to the benefit of the Parties hereto and their respective successors and assigns.

J. Paragraph Headings. Paragraph headings are inserted for convenience of reference only.

K. No Third Party Beneficiaries. No person or entity who or which is not a party to this Agreement will have any right of action under this Agreement.

L. Entirety. This Agreement (including all exhibits) merges and supersedes all prior negotiations, representations, and agreements, including the Original IGA, between the parties hereto relating to the subject matter hereof and this Agreement, together with the Service Plan provisions that serve to supplement or complement this Agreement, constitutes the entire agreement between the Parties concerning the subject matter hereof.

19. Cooperation with Cherry Creek South Metropolitan District Nos. 4 and 6. Pursuant to the Service Plan, the Town acknowledges and agrees that the District may cooperate with Cherry Creek South Metropolitan District Nos. 4 and 6 for the planning, design, financing, construction, acquisition, operation, or maintenance of the Public Improvements serving the Property, including the Regional Infrastructure, as may be set forth in an intergovernmental agreement among the Districts.

IN WITNESS WHEREOF, this Agreement is executed by the Town and the District as of the date first above written.

EXHIBIT A

Utilization of Infrastructure Capital Mill Levy

The District shall be required to impose the Infrastructure Capital Mill Levy for as long as the District is in existence. The District shall be authorized to impose the Infrastructure Capital Mill Levy and retain the revenues therefrom for the planning, design, financing, acquisition, or construction of all or a portion of the Regional Infrastructure. The District shall provide the Town notice of any obligation repayable in whole or in part from the Infrastructure Capital Mill Levy no later than 30 days following issuance of such obligation, or for any obligation that pre-dates the date of this Agreement, no later than 30 days following approval of this Agreement.

The District shall be permitted to retain revenues from the Infrastructure Capital Mill Levy received by the District to the extent needed to pay debt service on such obligation in the then-current calendar year. The Town agrees that for economic efficiency in financing the Regional Infrastructure, the District may pledge the Infrastructure Capital Mill Levy along with the District's debt service mill levy for the purposes of financing bonds, notes or other obligations, provided that the proceeds generated from the pledge of the Infrastructure Capital Mill Levy are used only to pay the costs of the Regional Infrastructure. Any revenues from the Infrastructure Capital Mill Levy that are not needed to pay debt service on such obligation in the then-current calendar year shall be remitted to the Town within 30 days of receipt by the District of such revenues.

So long as no obligation of the District is outstanding whereby the revenues derived from the Infrastructure Capital Mill Levy are pledged to the repayment of such obligations, in the event the Town determines that the costs related to the Regional Infrastructure are less than the revenues generated from the Infrastructure Capital Mill Levy, the Town may provide notice to the District no later than October 1 that the District may reduce the Infrastructure Capital Mill Levy as provided in such notice from the Town. Any reduction of either the Infrastructure Capital Mill Levy as a result of such notice from the Town shall not constitute a modification of this Agreement or a material modification of the Service Plan.

Until and unless the District has issued an obligation repayable, in whole or in part, from the Infrastructure Capital Mill Levy, any revenues from the Infrastructure Capital Mill Levy received by the District shall be remitted to the Town within 30 days of receipt by the District of such revenues. Upon maturity of any District obligation repayable in part or in whole from revenues generated by the Infrastructure Capital Mill Levy, such revenues shall be remitted to the Town within 30 days of their receipt by the District.

The Town agrees that the revenues received by the Town from the District from the Infrastructure Capital Mill Levy shall only be used for costs associated with the impacts to the Town of the development within the District pursuant to the terms of this Agreement.

The District is authorized to utilize the revenues from the Infrastructure Capital Mill Levy for the planning, design, financing, acquisition, or construction of the following Regional Infrastructure:

- Regional Stormwater, drainage improvements associated with Oak Gulch and regional drainage ways
- Regional Open Space, Parks and Trails as expressly identified in Paragraphs 6, 7, and 8 of the Annexation Agreement
- Construction and maintenance of the following roadways, including associated landscape improvements and traffic signals:
 - o Hess Road
 - o Stroh Road
 - o Chambers Road
 - o Great Plains Way
 - o Jordan Road
 - o Tammy Lane
 - o Bramwell Drive, between Chambers Road and the eastern boundary of the District
 - o The collector road connected Great Plain Way and Bramwell Drive located between Annexation Agreement Planning Areas 36 and 37
 - o Spirit Trail Boulevard from Bramwell Drive to Stroh Road
 - o Red Elder Street, between Annexation Agreement Planning Areas 47 and 48 from Stroh Road to its terminus at the edge of Cherry Creek South Metropolitan District No. 5

EXHIBIT B

Utilization of Town Capital and Maintenance Mill Levy

The District shall be required to impose the Town Capital and Maintenance Mill Levy for as long as the District is in existence. Any revenues from the Town Capital and Maintenance Mill Levy received by the District shall be remitted to the Town within 30 days of receipt by the District of such revenues.

The Town agrees that the revenues received from the Town Capital and Maintenance Mill Levy shall only be used for costs associated with the impacts to the Town of the development within the District pursuant to the terms of this Agreement.

In the event the Town determines that the costs related to the Town Infrastructure are less than the revenues generated from the Town Capital and Maintenance Mill Levy, the Town may provide notice to the District no later than October 1 that the District may reduce the Town Capital and Maintenance Mill Levy as provided in such notice from the Town. Any reduction of the Town Capital and Maintenance Mill Levy as a result of such notice from the Town shall not constitute a modification of this Agreement or a material modification of the Service Plan.

The Town is authorized to utilize the revenues from the Town Capital and Maintenance Mill Levy for the planning, design, financing, acquisition, construction, operation, and maintenance of the following Town Infrastructure:

- The Park Tract and all associated improvements to Planning Area 43
- All roadways, storm sewer and associated items constructed within Town right-of-way
- Regional roadways serving the District
- All storm sewer, detention ponds, stream improvements and other Stormwater conveyance infrastructure located on Town, HOA or District-owned property that is eligible for maintenance assistance through the Town's Stormwater Utility.
- Widening of Chambers Road to a full arterial roadway section through the District boundaries, including additional lanes, sidewalk, curb and gutter, medians and all other associated items.

The parties agree the Town may modify the list of Town Infrastructure provided in this Exhibit B without amending this Agreement upon advance written notice to the District. The District shall have 30 days to object to such modification. In the event the District fails to object within 30 days of receipt of such notice, the Town may proceed to utilize the revenues from the Town Capital and Maintenance Mill Levy as set forth in such written notice which notice shall become a part of this Agreement by Addendum.

EXHIBIT C

Utilization of Operation and Maintenance Mill Levy

The District shall dedicate the Public Improvements (as defined in the Service Plan) to the Town or other appropriate jurisdiction or owners association in a manner consistent with the Approved Development Plan, Annexation Agreement and other rules and regulations of the Town and applicable provisions of the Town Code. The District shall be authorized to own, operate and maintain the Public Improvements not otherwise required to be dedicated to the Town or other public entity. If the Public Improvements are owned by an entity other than the District, the Town or other public entity, such entity shall be responsible for the operation and maintenance unless the District agrees to provide for the operation and maintenance of the Public Improvements pursuant to an agreement with such entity.

The District is authorized to impose up to 10 mills for District administrative and operating expenses as well as maintenance of Regional Infrastructure as set forth below. The Operation and Maintenance Mill Levy shall be imposed by the District at the District's discretion but in a manner that will enable the District to perform its administrative and operating obligations and its maintenance obligations in connection with the Regional Infrastructure in a timely and adequate manner.

- Drainage Improvements (including detention and storm improvements)
- Street Improvements (including roads, curbs, gutters, culverts, sidewalks, bridges, parking facilities, paving, lighting, grading, landscaping, and other street improvements)
- Traffic and Safety Controls
- Open Space and Trails
- Landscaping
- Parks and Recreation Improvements and Facilities, including club houses, recreation centers, and swimming pools
- Retaining Walls
- Irrigation Systems
- Streetscape associated with the improvement of Chambers Road

**NOTICE OF PUBLIC HEARING FOR AMENDED AND RESTATED
SERVICE PLANS OF SPECIAL DISTRICTS**

IN RE THE AMENDED AND RESTATED SERVICE PLANS FOR CHERRY
CREEK SOUTH METROPOLITAN DISTRICT NOS. 4-11, TOWN OF
PARKER, DOUGLAS COUNTY, STATE OF COLORADO

NOTICE IS HEREBY GIVEN that, pursuant to § 32-1-204(1), C.R.S.,
eight separate Amended and Restated Service Plans (collective-
ly, the "Service Plans") for the Cherry Creek South Metropolitan
District Nos. 4-11 (collectively, the "Districts") have been filed
and are available for public inspection in the office of the Town
Clerk of the Town of Parker, Colorado.

A public hearing on the Service Plans will be held by the Town
Council on Monday, May 18, 2020, at 7:00 p.m., at Council Cham-
bers 20120 East Mainstreet Parker, CO 80138 Colorado, or as soon
thereafter as the Town Council may hear such matter. On March
13, 2020, the Parker Town Administrator did issue an Order De-
claring a Local Disaster Emergency (the "Order") and pursuant to
that Order has issued subsequent emergency orders, including
but not limited to Emergency Order No. 4-2020, concerning Town
Council Meetings, which may impact how public hearings in the
Town of Parker are conducted. Information concerning these or-
ders, and how to participate in public hearings, may be found on
the Town website (<http://www.parkeronline.org>) and/or by con-
tacting the Town Clerk's Office. These orders may, or may not,
still be in effect at the time of the public hearing on the Service
Plans.

The Districts are existing metropolitan districts organized under
the provisions of Title 32, Colorado Revised Statutes. The pur-
pose of the Districts is to finance, construct, acquire, own, oper-
ate and maintain public improvements such as water, streets,
traffic and safety control, sanitation, storm sewers and drainage,
parks and recreation, transportation, television relay and trans-
mission, mosquito and pest control, security services, covenant en-
forcement, design review, and other improvements and services
within the Districts' boundaries authorized by Title 32, Colorado
Revised Statutes, subject to the limitations of the Service Plans.
The Maximum Debt Mill Levy will be 57 mills, the Infrastructure
Capital Mill Levy is 5 mills, the Town Capital and Maintenance
Mill Levy will be 5 mills, and the Operations and Maintenance Mill
Levy is anticipated to be 10 mills and will be set forth in an inter-
governmental agreement between the Districts and the Town, all
subject to the limitations set forth in the Service Plans.

A description of the land contained within the boundaries of the
Districts is as follows: approximately 1044 acres located to the
south of Hess Road between the Rueter-Hess Reservoir and
Motsenbocker Road, Town of Parker, Douglas County, State of
Colorado.

All protests and objections must be submitted in writing to the
Town Clerk at or prior to the public hearing or any continuance
or postponement thereof in order to be considered. All protests
and objections to the Service Plans shall be deemed to be waived
unless presented at the time and in the manner specified in Sec-
tion 32-1-203(3.5), C.R.S.

BY ORDER OF THE TOWN COUNCIL OF THE TOWN OF PARKER

ORDINANCE NO. 9.310, Series of 2020

TITLE: A BILL FOR AN ORDINANCE TO APPROVE THE INTERGOVERNMENTAL AGREEMENT BY AND BETWEEN THE TOWN OF PARKER AND CHERRY CREEK SOUTH METROPOLITAN DISTRICT NO. 5

NOW, THEREFORE, THE TOWN COUNCIL OF THE TOWN OF PARKER, COLORADO, ORDAINS:

Section 1. The Town Council of the Town of Parker hereby approves the Intergovernmental Agreement by and between the Town of Parker and Cherry Creek South Metropolitan District No. 5, which is attached hereto as **Exhibit 1** and incorporated herein by this reference, and authorizes the Mayor of the Town to enter into the Agreement on behalf of the Town.

Section 2. Safety Clause. The Town Council hereby finds, determines and declares that this Ordinance is promulgated under the general police power of the Town of Parker, that it is promulgated for the health, safety and welfare of the public, and that this Ordinance is necessary for the preservation of health and safety and for the protection of public convenience and welfare. The Town Council further determines that the Ordinance bears a rational relation to the proper legislative object sought to be obtained. The Town Council further finds that the title to this Ordinance was posted in two public places two days before the Town Council meeting, as provided by Section 7.5e. of the Town of Parker Home Rule Charter.

Section 3. Severability. If any clause, sentence, paragraph or part of this Ordinance or the application thereof to any person or circumstances shall for any reason be adjudged by a court of competent jurisdiction invalid, such judgment shall not affect application to other persons or circumstances.

Section 4. This Ordinance shall become effective ten (10) days after final publication.

INTRODUCED AND PASSED ON FIRST READING this ____ day of _____, 2020.

Mike Waid, Mayor

ATTEST:

Carol Baumgartner, Town Clerk

ADOPTED ON SECOND AND FINAL READING this ____ day of _____, 2020.

APPROVED AS TO FORM:

James S. Maloney, Town Attorney

EXHIBIT 1

AMENDED AND RESTATED INTERGOVERNMENTAL AGREEMENT BETWEEN THE TOWN OF PARKER, COLORADO AND CHERRY CREEK SOUTH METROPOLITAN DISTRICT NO. 5

THIS AGREEMENT (the “Agreement”) is made and entered into as of this 18th day of May, 2020, by and between the TOWN OF PARKER, a home rule municipal corporation of the State of Colorado (the “Town”), and the CHERRY CREEK SOUTH METROPOLITAN DISTRICT NO. 5, a quasi-municipal corporation and political subdivision of the State of Colorado (the “District”). The Town and the District are collectively referred to as the Parties.

WITNESSETH:

WHEREAS, C.R.S. § 29-1-203 authorizes the Parties to cooperate and contract with one another regarding functions, services and facilities each is authorized to provide; and

WHEREAS, the District was organized to provide those services and to exercise powers as are more specifically set forth in the District’s Amended and Restated Service Plan approved by the Town on May 18, 2020 (the “Service Plan”); and

WHEREAS, the Service Plan makes reference to the execution of an intergovernmental agreement between the Town and the District, as required by Chapter 10.11 of the Town Code; and

WHEREAS, the Town entered into that certain Amended and Restated Stroh/Hess Annexation Agreement (Northern Property) on May 5, 2014, and recorded at Reception No. 20150011482 of the Douglas County Clerk and Recorder’s Office (the “DDCRO”), which agreement was amended on November 26, 2014, recorded at Reception No. 2015004838, and again on September 21, 2015, recorded at Reception No. 2015089147 (as amended, the “Annexation Agreement”) with North Parker Investments, LLC (the Owner”), which provides in part for certain public improvements that are necessary and desirable for the development contemplated by the Annexation Agreement; and

WHEREAS, specific regional improvements were identified in the Service Plan and Annexation Agreement, and as more particularly set forth on Exhibit A (the “Regional Infrastructure”), which Regional Infrastructure the Town has determined is necessary or desirable in connection with the impacts of the development of the Property; and

WHEREAS, pursuant to the Annexation Agreement, the Town is responsible for constructing and owning the Regional Infrastructure, and the Owner is responsible for providing funding for the construction of the Regional Infrastructure; and

WHEREAS, in accordance with the provisions of the Service Plan, the District has agreed to levy a property tax of 5 mills that will be used for the planning, design and construction of the Regional Infrastructure (the “Infrastructure Capital Mill Levy”), and the District has conducted, or will conduct, an election under Article X, Section 20 of the Colorado Constitution (“TABOR”) to enable it to impose the Infrastructure Capital Mill Levy and to issue debt repayable, in whole or in part, from the Infrastructure Capital Mill Levy; and

WHEREAS, the parties to this Agreement acknowledge the need for the Regional Infrastructure in order to accomplish the comprehensive development of the property located within the District's service area (the "Property"); and

WHEREAS, the parties further acknowledge that the Town will also have certain infrastructure capital and maintenance needs resulting from the development of the Property (the "Town Infrastructure"); and

WHEREAS, in accordance with the provisions of the Service Plan, the District has agreed to levy a property tax of 5 mills that will be used for the planning, design, construction and maintenance of the Town Infrastructure (the "Town Capital and Maintenance Mill Levy"), and the District has conducted, or will conduct, an election under TABOR to enable it to impose the Town Capital and Maintenance Mill Levy; and

WHEREAS, the parties further acknowledge that the District will have certain ongoing administrative and operating obligations, as well as regional maintenance obligations with regard to the Regional Infrastructure, and in accordance with the provisions of the Service Plan, the District has agreed to levy a property tax of up to 10 mills (the "Operation and Maintenance Mill Levy") for such purposes; and

WHEREAS, the Town has approved the final plat for the Property; and

WHEREAS, the Parties have determined it to be in the best interests of their respective taxpayers, residents and property owners to enter into this Agreement ("Agreement") in order to address the utilization of the various mill levies as well as certain other matters related to the organization, powers and authorities of the District; and

WHEREAS, any capitalized term not specifically defined in this Agreement shall have that meaning as set forth in the Service Plan; and

NOW, THEREFORE, in consideration of the covenants and mutual agreements herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree as follows:

1. Infrastructure Capital Mill Levy. The District agrees to impose a property tax of 5 mills that shall be used for the planning, design and construction of the Regional Infrastructure. The utilization of the Infrastructure Capital Mill Levy is set forth on Exhibit A to this Agreement.

2. Town Capital and Maintenance Mill Levy. The District agrees to impose a property tax of 5 mills that shall be used for the planning, design, construction and/or maintenance of the Town Infrastructure. The utilization of the Infrastructure Capital Mill Levy is set forth on Exhibit B to this Agreement.

3. Operation and Maintenance Mill Levy. The District agrees to impose a property tax of up to 10 mills which shall be retained and used by the District for the ongoing administrative and operating expenses of the District and for the maintenance of certain of the Regional Infrastructure, as set forth on Exhibit C to this Agreement.

4. General Provisions Applicable to the Mill Levies. The Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy shall be imposed by the District beginning the first year the District certifies a Maximum Debt Mill Levy and shall be subject to the Mill Levy Adjustment. The Operation and Maintenance Mill Levy shall be imposed by the District at the District's discretion but in a manner that will enable the District to perform its administrative and operating obligations and its maintenance obligations in connection with the Regional Infrastructure in a timely and adequate manner. The District acknowledges and agrees that requirement to levy the Infrastructure Capital Mill Levy, the Town Capital and Maintenance Mill Levy and the Operation and Maintenance Mill Levy (together, the "Mill Levies") is a material consideration in, and a condition of, the Town's approval of the District's Service Plan, and that the Town has relied thereon in approving the District's Service Plan. The District specifically agrees that the requirement that the District impose the Mill Levies and to utilize the funds as set forth in this Agreement shall be enforceable by the Town by all remedies available at law or in equity, including without limitation affirmative injunctive relief. The District represents and warrants that it has obtained, or will obtain, all voter authorizations to enable it to impose the Mill Levies, and to pledge the revenues from the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy to the repayment of debt issued by either the District or the Town, if and as applicable.

The District shall remit any revenues from the Infrastructure Capital Mill Levy or Town Capital and Maintenance Mill Levy that are due to the Town no later than 30 days after receipt of the same, and the Town shall deposit and maintain any revenues in a separate fund earmarked specifically for use only as set forth in this Agreement (the "Cherry Creek South Metropolitan District Nos. 4-11 Fund"). The monies in the Cherry Creek Metropolitan District Nos. 4-11 Fund shall be applied to any design, planning, engineering, surveying, construction management, labor, materials, operations and administrative costs related to construction of the Regional Infrastructure or the Town Infrastructure, as applicable, as further detailed in this Agreement and the Exhibits attached hereto. On June 30 and December 31 of each year, the Town shall provide to the District an accounting of revenues received from the District attributable to the Infrastructure Capital Mill Levy or Town Capital and Maintenance Mill Levy, along with an itemization of expenditures made in major categories.

5. Operation and Maintenance of the Public Improvements. The District shall dedicate the Public Improvements to the Town or other appropriate jurisdiction or owners association in a manner consistent with the final approved plat, other rules and regulations of the Town, and applicable provisions of the Town Code. The District shall not be authorized to own, operate or maintain any part or all of the Public Improvements, or any other improvements, public or private, unless specifically provided for in this Agreement or separate agreement with the Town.

6. Fire Protection. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless specifically provided for in this Agreement or separate agreement with the Town. This provision shall limit the District's authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system.

7. Television Relay and Translation; Mosquito Control and Other Limitations. Unless specifically provided for in this Agreement or separate agreement with the Town, the District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate, maintain or provide: (a) any television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project; (b) any mosquito control facilities and services; (c) any solid waste disposal, collection and transportation facilities and services; and (d) any security, covenant enforcement and design review services.

8. Construction Standards. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the Town and of federal and state governmental entities having proper jurisdiction. The District will obtain the Town's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

9. Issuance of Privately Placed Debt. Prior to the issuance of any privately placed bonds or other obligations, the payment of which the District has promised to impose an *ad valorem* property tax mill levy ("Debt"), the District shall obtain the certification of an External Financial Advisor substantially as follows:

We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by the District for the [insert the designation of the Debt] does not exceed a market [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

10. Inclusion and Exclusion. The District shall not include within its boundaries any property outside the Service Area (as defined in the Service Plan) without the prior written consent of the Town Council. The District shall not exclude any property from the District if such exclusion will result, or is reasonably anticipated to result, in detriment to the remaining residents and taxpayers within the District, or to the District's bondholders.

11. Total Debt Issuance. The District, together with Cherry Creek South Metropolitan District Nos. 4 and 6, shall not issue Debt in excess of \$170,343,750 in total aggregate principal amount, provided that such limitation shall not be applicable to refunding Bonds issued by the District to refund outstanding Debt. Such limitation shall not apply to the District's pledge of its property tax or specific ownership tax revenues derived from its mill levies to one of the other Districts (as defined in the Service Plan).

12. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities that the Town is eligible to apply for, except as may be specifically provided for herein. This Section shall not apply to specific ownership taxes which shall be distributed to and constitute a revenue source for the District without any limitation.

13. Consolidation; Dissolution. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the Town, unless such consolidation is with one of the other Districts, as defined in the Service Plan. The District agrees that it shall take all action necessary to dissolve the District in accordance with the provisions of the Service Plan and applicable state statutes.

14. Service Plan Amendment Requirement. Any action of the District which violates the limitations set forth in Sections V.A.1-13 or VI.B-H of the Service Plan, or which constitutes a material modification under Parker Municipal Code section 10.11.060, shall be deemed to be a material modification to the Service Plan and the Town shall be entitled to all remedies available under State and local law to enjoin any such action(s) of the District. The Town may also seek damages for breach of this Agreement arising from violations by the District of any provision of the Service Plan.

15. Applicable Laws. The District acknowledges that the property within its boundaries shall be subject to all ordinances, rules and regulations of the Town, including without limitation, ordinances, rules and regulations relating to zoning, subdividing, building and land use, and to all related Town land use policies, master plans and related plans.

16. Annual Report. The District shall submit an annual report ("Annual Report") to the Town no later than September 1st of each year following the year in which the Order and Decree creating the District has been issued by the District Court for and in Douglas County, Colorado, pursuant to Parker Municipal Code section 10.11.040 and containing the information set forth in Section VII of the Service Plan. The District shall be not be required to file an annual report if the District has declared inactive status pursuant to Section 32-1-104, C.R.S. The District may file a consolidated Annual Report with one or more of the other Districts.

17. Notices. All notices, demands, requests or other communications to be sent by one party to the other hereunder or required by law, including the Annual Report, shall be in writing and shall be deemed to have been validly given or served by delivery of same in person to the address or by courier delivery, via Federal Express or other nationally recognized overnight air courier service, or by depositing same in the United States mail, postage prepaid, addressed as follows:

To the District:	WHITE BEAR ANKELE TANAKA & WALDRON
	Attn: Kristin B. Tompkins, Esq.
	2154 E. Commons Ave., Suite 2000
	Centennial, CO 80122
	Phone: (303) 858-1800
	E-mail: Ktompkins@wbapc.com

To the Town: Town of Parker
 20120 E. Mainstreet
 Parker, CO 80138-7334
 Attn: Kristin Schledorn, Deputy Town Attorney
 cc: Mary Lou Brown, Finance Director
 Phone: (303) 841-0353
 Fax: (303) 840-9792

All notices, demands, requests or other communications shall be effective upon such personal delivery or one (1) business day after being deposited with Federal Express or other nationally recognized overnight air courier service or three (3) business days after deposit in the United States mail. By giving the other party hereto at least ten (10) days written notice thereof in accordance with the provisions hereof, each of the Parties shall have the right from time to time to change its address.

18. Miscellaneous.

A. Effective Date. This Agreement shall be in full force and effect and be legally binding upon final approval of the governing bodies of the Parties. No Debt shall be issued by the District until after the effective date of this Agreement.

B. Nonassignability. No party to this Agreement may assign any interest therein to any person without the consent of the other party hereto at that time, and the terms of this Agreement shall inure to the benefit of and be binding upon the respective representatives and successors of each party hereto. The pledge by the District of its revenues to one of the other Districts shall not be deemed an assignment hereunder.

C. Amendments. This Agreement may be amended from time to time by written amendment, duly authorized and signed by representatives of the parties hereto.

D. Severability. If any section, subsection, paragraph, clause, phrase, or other provision of this Agreement shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, subsection, paragraph, clause, phase, or other provision shall not affect any of the remaining provisions of this Agreement.

E. Execution of Documents. This Agreement shall be executed in two (2) counterparts, either of which shall be regarded for all purposes as one original. Each party agrees that it will execute any and all deeds, instruments, documents, and resolutions or ordinances necessary to give effect to the terms of this Agreement.

F. Waiver. No waiver by either party of any term or condition of this Agreement shall be deemed or construed as a waiver of any other term or condition, nor shall a waiver of any breach be deemed to constitute a waiver of any subsequent breach, whether of the same or of a different provision of this Agreement.

G. Default/Remedies. In the event of a breach or default of this Agreement by any party, the non-defaulting party shall be entitled to exercise all remedies available at law or in equity, specifically including suits for specific performance and/or monetary damages. In the event of any proceeding to enforce the terms, covenants or conditions hereof, the prevailing party in such proceeding shall be entitled to obtain as part of its judgment or award its reasonable attorneys' fees.

H. Governing Law and Venue. This Agreement shall be governed and construed under the laws of the State of Colorado. Venue for all actions brought hereunder shall be in the District Court in and for Douglas County.

I. Inurement. Each of the terms, covenants and conditions hereof shall be binding upon and inure to the benefit of the Parties hereto and their respective successors and assigns.

J. Paragraph Headings. Paragraph headings are inserted for convenience of reference only.

K. No Third Party Beneficiaries. No person or entity who or which is not a party to this Agreement will have any right of action under this Agreement.

L. Entirety. This Agreement (including all exhibits) merges and supersedes all prior negotiations, representations, and agreements, including the Original IGA, between the parties hereto relating to the subject matter hereof and this Agreement, together with the Service Plan provisions that serve to supplement or complement this Agreement, constitutes the entire agreement between the Parties concerning the subject matter hereof.

19. Cooperation with Cherry Creek South Metropolitan District Nos. 4 and 6. Pursuant to the Service Plan, the Town acknowledges and agrees that the District may cooperate with Cherry Creek South Metropolitan District Nos. 4 and 6 for the planning, design, financing, construction, acquisition, operation, or maintenance of the Public Improvements serving the Property, including the Regional Infrastructure, as may be set forth in an intergovernmental agreement among the Districts.

IN WITNESS WHEREOF, this Agreement is executed by the Town and the District as of the date first above written.

_____, Secretary

EXHIBIT A

Utilization of Infrastructure Capital Mill Levy

The District shall be required to impose the Infrastructure Capital Mill Levy for as long as the District is in existence. The District shall be authorized to impose the Infrastructure Capital Mill Levy and retain the revenues therefrom for the planning, design, financing, acquisition, or construction of all or a portion of the Regional Infrastructure. The District shall provide the Town notice of any obligation repayable in whole or in part from the Infrastructure Capital Mill Levy no later than 30 days following issuance of such obligation, or for any obligation that pre-dates the date of this Agreement, no later than 30 days following approval of this Agreement.

The District shall be permitted to retain revenues from the Infrastructure Capital Mill Levy received by the District to the extent needed to pay debt service on such obligation in the then-current calendar year. The Town agrees that for economic efficiency in financing the Regional Infrastructure, the District may pledge the Infrastructure Capital Mill Levy along with the District's debt service mill levy for the purposes of financing bonds, notes or other obligations, provided that the proceeds generated from the pledge of the Infrastructure Capital Mill Levy are used only to pay the costs of the Regional Infrastructure. Any revenues from the Infrastructure Capital Mill Levy that are not needed to pay debt service on such obligation in the then-current calendar year shall be remitted to the Town within 30 days of receipt by the District of such revenues.

So long as no obligation of the District is outstanding whereby the revenues derived from the Infrastructure Capital Mill Levy are pledged to the repayment of such obligations, in the event the Town determines that the costs related to the Regional Infrastructure are less than the revenues generated from the Infrastructure Capital Mill Levy, the Town may provide notice to the District no later than October 1 that the District may reduce the Infrastructure Capital Mill Levy as provided in such notice from the Town. Any reduction of either the Infrastructure Capital Mill Levy as a result of such notice from the Town shall not constitute a modification of this Agreement or a material modification of the Service Plan.

Until and unless the District has issued an obligation repayable, in whole or in part, from the Infrastructure Capital Mill Levy, any revenues from the Infrastructure Capital Mill Levy received by the District shall be remitted to the Town within 30 days of receipt by the District of such revenues. Upon maturity of any District obligation repayable in part or in whole from revenues generated by the Infrastructure Capital Mill Levy, such revenues shall be remitted to the Town within 30 days of their receipt by the District.

The Town agrees that the revenues received by the Town from the District from the Infrastructure Capital Mill Levy shall only be used for costs associated with the impacts to the Town of the development within the District pursuant to the terms of this Agreement.

The District is authorized to utilize the revenues from the Infrastructure Capital Mill Levy for the planning, design, financing, acquisition, or construction of the following Regional Infrastructure:

- Regional Stormwater, drainage improvements associated with Oak Gulch and regional drainage ways
- Regional Open Space, Parks and Trails as expressly identified in Paragraphs 6, 7, and 8 of the Annexation Agreement
- Construction and maintenance of the following roadways, including associated landscape improvements and traffic signals:
 - o Hess Road
 - o Stroh Road
 - o Chambers Road
 - o Great Plains Way
 - o Jordan Road
 - o Tammy Lane
 - o Bramwell Drive, between Chambers Road and the eastern boundary of the District
 - o The collector road connected Great Plain Way and Bramwell Drive located between Annexation Agreement Planning Areas 36 and 37
 - o Spirit Trail Boulevard from Bramwell Drive to Stroh Road
 - o Red Elder Street, between Annexation Agreement Planning Areas 47 and 48 from Stroh Road to its terminus at the edge of Cherry Creek South Metropolitan District No. 5

EXHIBIT B

Utilization of Town Capital and Maintenance Mill Levy

The District shall be required to impose the Town Capital and Maintenance Mill Levy for as long as the District is in existence. Any revenues from the Town Capital and Maintenance Mill Levy received by the District shall be remitted to the Town within 30 days of receipt by the District of such revenues.

The Town agrees that the revenues received from the Town Capital and Maintenance Mill Levy shall only be used for costs associated with the impacts to the Town of the development within the District pursuant to the terms of this Agreement.

In the event the Town determines that the costs related to the Town Infrastructure are less than the revenues generated from the Town Capital and Maintenance Mill Levy, the Town may provide notice to the District no later than October 1 that the District may reduce the Town Capital and Maintenance Mill Levy as provided in such notice from the Town. Any reduction of the Town Capital and Maintenance Mill Levy as a result of such notice from the Town shall not constitute a modification of this Agreement or a material modification of the Service Plan.

The Town is authorized to utilize the revenues from the Town Capital and Maintenance Mill Levy for the planning, design, financing, acquisition, construction, operation, and maintenance of the following Town Infrastructure:

- The Park Tract and all associated improvements to Planning Area 43
- All roadways, storm sewer and associated items constructed within Town right-of-way
- Regional roadways serving the District
- All storm sewer, detention ponds, stream improvements and other Stormwater conveyance infrastructure located on Town, HOA or District-owned property that is eligible for maintenance assistance through the Town's Stormwater Utility.
- Widening of Chambers Road to a full arterial roadway section through the District boundaries, including additional lanes, sidewalk, curb and gutter, medians and all other associated items.

The parties agree the Town may modify the list of Town Infrastructure provided in this Exhibit B without amending this Agreement upon advance written notice to the District. The District shall have 30 days to object to such modification. In the event the District fails to object within 30 days of receipt of such notice, the Town may proceed to utilize the revenues from the Town Capital and Maintenance Mill Levy as set forth in such written notice which notice shall become a part of this Agreement by Addendum.

EXHIBIT C

Utilization of Operation and Maintenance Mill Levy

The District shall dedicate the Public Improvements (as defined in the Service Plan) to the Town or other appropriate jurisdiction or owners association in a manner consistent with the Approved Development Plan, Annexation Agreement and other rules and regulations of the Town and applicable provisions of the Town Code. The District shall be authorized to own, operate and maintain the Public Improvements not otherwise required to be dedicated to the Town or other public entity. If the Public Improvements are owned by an entity other than the District, the Town or other public entity, such entity shall be responsible for the operation and maintenance unless the District agrees to provide for the operation and maintenance of the Public Improvements pursuant to an agreement with such entity.

The District is authorized to impose up to 10 mills for District administrative and operating expenses as well as maintenance of Regional Infrastructure as set forth below. The Operation and Maintenance Mill Levy shall be imposed by the District at the District's discretion but in a manner that will enable the District to perform its administrative and operating obligations and its maintenance obligations in connection with the Regional Infrastructure in a timely and adequate manner.

- Drainage Improvements (including detention and storm improvements)
- Street Improvements (including roads, curbs, gutters, culverts, sidewalks, bridges, parking facilities, paving, lighting, grading, landscaping, and other street improvements)
- Traffic and Safety Controls
- Open Space and Trails
- Landscaping
- Parks and Recreation Improvements and Facilities, including club houses, recreation centers, and swimming pools
- Retaining Walls
- Irrigation Systems
- Streetscape associated with the improvement of Chambers Road

RESOLUTION NO. 20-023, Series of 2020

TITLE: A RESOLUTION TO APPROVE THE AMENDED AND RESTATED SERVICE PLAN FOR CHERRY CREEK SOUTH METROPOLITAN DISTRICT NO. 6

WHEREAS, by Resolution No. 04-078.1, the Town Council of the Town of Parker (the “Town”) on October 4, 2004, approved the Consolidated Service Plan for the organization of the Cherry Creek South Metropolitan District Nos. 2-11; and

WHEREAS, Cherry Creek South Metropolitan District No. 6 (the “District”) has filed an Amended and Restated Service Plan (the “Service Plan”) in the office of the Town Clerk of the Town of Parker; and

WHEREAS, the Town, pursuant to C.R.S. § 32-1-101, *et seq.*, (the “Special District Act”) and Chapter 10.11 of the Town of Parker Municipal Code (the “Code”), has the authority to approve service plans for metropolitan districts that are organized within the Town’s boundaries; and

WHEREAS, the Town Council has reviewed the Service Plan, the evidence and related exhibits, and has determined that the same meets the municipal approval criteria under the Special District Act and the Code, and therefore, has determined to adopt a resolution of approval of the Service Plan for the District; and

WHEREAS, a copy of the Service Plan is attached hereto as **Exhibit 1** and incorporated herein by reference; and

WHEREAS, notice of the public hearing before the Town Council for its consideration of the Service Plan was duly published in the *Denver Post* on April 27, 2020, in accordance with the Special District Act, as evidenced by the Affidavit of Publication attached hereto as **Exhibit 2** and incorporated herein by reference; and

WHEREAS, in accordance with the Special District Act, notice of the hearing before the Town Council was also duly mailed by first class mail on April 27, 2020, to all property owners within the boundaries of the District and to interested persons, defined as follows: (1) the Colorado Division of Local Government; and (2) the governing body of any municipality or special district which has levied an ad valorem tax within the next preceding tax year, and which has boundaries within a radius of three miles of the District’s boundaries, as evidenced by the Certificate of Mailing of Notice of Hearing to Three Mile Radius Entities attached hereto as **Exhibit 3** and incorporated herein by reference; and

WHEREAS, the boundaries of the District are wholly contained within the boundaries of the Town; and

WHEREAS, pursuant to the provisions of the Special District Act and the Code, the Town Council held a public hearing on the Service Plan for the District on June 15, 2020; and

WHEREAS, the Town Council considered the Service Plan, and all other testimony and evidence presented at said hearing.

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF PARKER, COLORADO, AS FOLLOWS:

Section 1. The Town Council hereby determines that the hearing before the Town Council was open to the public; all interested parties were heard or had the opportunity to be heard; and all relevant testimony and evidence submitted to the Town Council was considered.

Section 2. The Town Council hereby determines that the requirements of the Special District Act and the Code, relating to the filing of the Service Plan for the District, and the requirements of C.R.S. § 32-1-204 relating to notice of the hearing by the Town Council, and the requirements of the Special District Act and the Code, relating to the approval by the Town Council, have been fulfilled.

Section 3. Upon consideration of the Service Plan for the District, and evidence at the public hearing on the Service Plan, the Town Council does find, determine and declare, as required by C.R.S. § 32-1-203 and the Code, as follows:

1. There continues to be sufficient existing and projected need for organized service in the area to be serviced by the District;

2. That the existing service in the area to be served by the District continues to be inadequate for present and projected needs;

3. That the District is capable of providing economical and sufficient service to the area within its boundaries;

4. That the area included in the District has, or will have, the financial ability to discharge the proposed indebtedness on a reasonable basis;

5. That adequate service is not or will not be available to the area through the Town or other existing quasi-municipal corporations, including existing districts, within a reasonable time and on a comparable basis;

6. That the facility and service standards of the District are compatible with the facility and service standards of the Town;

7. That the Service Plan is in substantial compliance with the Town's master plan;

8. That the Service Plan is in substantial compliance with the county, regional or state long-range water quality management plan for the area;

9. That approval of the Service Plan for the District will be in the best interests of the area to be served;

10. That approval of the Service Plan for the District will be in the best interests of the residents or future residents of the area proposed to be served;

11. That the Service Plan is in substantial compliance with Sections 10.11.010, *et seq.*, of the Code; and

12. That the approval of the Service Plan for the District will not foster urban development that is remote from or incapable of being integrated with existing urban areas, or place a burden on the Town or adjacent jurisdictions to provide urban services to residents of the District.

Section 4. The Town Council hereby finds that approval of the Service Plan is in the best interests of the property to be served, the Town and the District.

Section 5. The Town Council hereby approves the Service Plan for the District as submitted.

Section 6. A certified copy of this Resolution shall be filed in the records of the Town and the Douglas County Clerk and Recorder.

RESOLVED AND PASSED this _____ day of May, 2020.

I. INTRODUCTION

A. Background

On October 4, 2004, by Resolution No. 04-078.1, Series of 2004, the Town approved the Consolidated Service Plan (the “**Original Service Plan**”) for the Cherry Creek South Metropolitan District Nos. 2-11 (collectively, the “**Cherry Creek Districts**”).

At the time of Town approval of the Original Service Plan it was anticipated that the Cherry Creek Districts would collectively undertake the financing and construction of the Public Improvements (as defined in the Original Service Plan). As a result of slowing economic conditions, subsequent to the approval of the Original Service Plan the original developer of the project sold various parcels to different owners and developers, resulting in a diversity of property ownership within the Cherry Creek Districts. As a result of the sale of property to differing interests with differing development plans, it is no longer feasible or practicable for the Cherry Creek Districts to operate together under the Original Service Plan.

In 2016, Cherry Creek South Metropolitan District Nos. 2 and 3 (“**District Nos. 2 and 3**”) obtained approval of an Amended and Restated Consolidated Service Plan applicable to District Nos. 2 and 3 only. District Nos. 2 and 3 now operate independently from Cherry Creek South Metropolitan District Nos. 4-11 (“**District Nos. 4-11**”). District Nos. 4-11 currently operate under the Original Service Plan, however, the current owner of the property within District Nos. 4-11 anticipates selling additional parcels to differing groups in the future, resulting in an even more diverse property ownership and diverse development plans. As a result, District Nos. 4-11 have determined that development of the project and financing and construction of the Public Improvements may occur at different times. District Nos. 4-11 have determined that Cherry Creek South Metropolitan District Nos. 4-6 (the “**Districts**”) will serve the property subject to this Service Plan, Cherry Creek South Metropolitan District Nos. 7, 8, 9, and 11 (“**District Nos. 7, 8, 9, and 11**”) will serve the property currently planned in the future for residential and mixed use development, and Cherry Creek South Metropolitan District No. 10 (“**District No. 10**”) will serve the property currently planned for commercial development.

As a result of the diversity of property ownership and differing plans and timing for development, District Nos. 4-11 desire to operate independently from one another under different service plans. This Amended and Restated Service Plan for Cherry Creek South Metropolitan District No. 6 (the “**Service Plan**”) is in compliance with the Special District Act and Chapter 10.11 of the Town Code. The District is requesting approval of this Service Plan to conform with the new Town model Service Plan, update the Financial Plan and Capital Plan to reflect current development plans and to remove references to the remainder of the Cherry Creek Districts. District Nos. 4-5 and 7-11 consent to this Service Plan. Simultaneous with the processing of this Service Plan, District Nos. 4-5 and 7-11 are each processing Amended and Restated Service Plans. Upon approval of this Service Plan by the Town, District Nos. 4-6 shall operate independently from the other Cherry Creek Districts. This Service Plan entirely replaces and supersedes the Original Service Plan as it applies to District Nos. 4-11.

B. Purpose and Intent

The District is an independent unit of local government, separate and distinct from the Town, and, except as may otherwise be provided for by State or local law, or this Service Plan, its activities are subject to review by the Town only insofar as they may deviate in a material matter from the requirements of the Service Plan, Chapter 10.11 of the Town Code or the Intergovernmental Agreement. It is intended that the Districts will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the Districts. The primary purpose of the Districts will be to finance the construction of these Public Improvements.

This multiple-district Service Plan is intended to accommodate the phasing of the Project and the infrastructure needs of each phase. It is contemplated, although not required, that the Districts will cooperate with each other on certain infrastructure that benefits the taxpayers and inhabitants of the Service Area, and that each District will additionally have its own particular infrastructure needs.

The District is not being created to provide ongoing operations and maintenance services other than as specifically set forth in this Service Plan and the Intergovernmental Agreement.

C. Need for the Districts

The Districts were previously organized to provide the Public Improvements needed for the Project. There are still no other governmental entities, including the Town, located in the immediate vicinity of the Districts that consider it desirable, feasible or practical to undertake the planning, design, acquisition, construction, installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. The Districts are therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

D. Objective of the Town Regarding Districts' Service Plan

The Town's objective in approving the Service Plan for the District is to authorize the District to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment and financing of the Public Improvements from the proceeds of Debt to be issued by the Districts. All Debt is expected to be repaid by limited taxes and Development Fees imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term for residential properties and at a tax mill levy no higher than the Maximum Debt Mill Levy, for commercial and residential properties, and the Districts shall be authorized to finance the Public Improvements that can be funded from these sources of repayment. The Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy may also be pledged to the repayment of Debt, as set forth in the Intergovernmental Agreement. Debt which is issued within these parameters (as further described in the Financial Plan) will insulate property owners from excessive tax burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This Service Plan is intended to establish a limited purpose for the District and explicit financial constraints that are not to be violated under any circumstances. The primary purpose of the District is to provide for the Public Improvements associated with the Project, including those regional improvements necessitated by the Project. Ongoing operational and maintenance activities may be allowed, but only as specifically provided for in the Intergovernmental Agreement.

It is the intent of this Service Plan to assure to the extent possible that no commercial or residential property bear an economic burden that is greater in amount than that associated with the Maximum Debt Mill Levy and that no property developed for a residential use bear an economic burden in the form of the Maximum Debt Mill Levy that is longer in duration than that associated with the Maximum Debt Mill Levy Imposition Term, even under bankruptcy or other unusual situations. Generally, the cost of Public Improvements that cannot be funded within these parameters and the financing capacity of the Districts are not costs to be paid by the Districts. Costs of required Public Improvements that cannot be financed by the Districts are expected to be financed by the property owner or developer of the Project.

II. DEFINITIONS

In this Service Plan, the following terms shall have the meanings indicated below, unless the context hereof clearly requires otherwise:

Approved Development Plan: means a development plan or other process established by the Town (including, but not limited to, approval of a final plat, minor development plat or site plan by the Town planning commission or by the Town Council) for identifying, among other things, Public Improvements necessary for facilitating development for property within the Service Area as approved by the Town pursuant to the Town Code and as amended pursuant to the Town Code from time to time. An Approved Development Plan does not include any plan, process or approval denoted as preliminary under the Town Code. The Planned Development Guide approved by the Town on September 21, 2015, and any amendments thereto, is an Approved Development Plan for purposes of this Service Plan.

Board: means the board of directors of the District.

Bond, Bonds or Debt: means bonds or other obligations for the payment of which the Districts have promised to impose an *ad valorem* property tax mill levy.

Capital Plan: means the Capital Plan described in Section V.B. which includes: (a) a comprehensive list of the Public Improvements to be developed by the District; (b) an engineer's estimate of the cost of the Public Improvements; and (c) a pro forma capital expenditure plan correlating expenditures with development.

Development Fee: means the one-time development or system development fee imposed by the District on a per-unit (*residential*) or per square-foot (*non-residential*) basis at or prior to the issuance of a certificate of occupancy for the unit or structure to assist with the planning and development of the Public Improvements, subject to the limitations set forth

in Section VI.E. of the Service Plan. The Development Fee may be used to finance, plan, acquire, and construct the Public Improvements, and pay debt service.

District or District No. 6: means Cherry Creek South Metropolitan District No. 6.

District Boundaries: means the boundaries of the area described in the District Boundary Map.

District Boundary Map: means the map attached hereto as **Exhibit C**, depicting the Boundaries of the Districts.

Districts: means Cherry Creek South Metropolitan District Nos. 4-6.

External Financial Advisor: means a consultant that: (1) advises Colorado governmental entities on matters relating to the issuance of securities by Colorado governmental entities, including matters such as the pricing, sales and marketing of such securities and the procuring of bond ratings, credit enhancement and insurance in respect of such securities; (2) shall be an underwriter, investment banker, or individual listed as a public finance advisor in the Bond Buyer's Municipal Market Place; and (3) is not an officer or employee of any of the Districts and has not been otherwise engaged to provide services in connection with the transaction related to the applicable Debt.

Financial Plan: means the Financial Plan described in Section VI which describes (a) how the Public Improvements are to be financed; (b) how the Debt is expected to be incurred; (c) the estimated operating revenue derived from property taxes for the first budget year; (d) the total amount of Debt planned for at least the five-year period commencing with the approval of this Service Plan; (e) all proposed sources of revenue and projected District expenses, as well as the assumptions upon which they are based, for at least a ten-year period from the date of approval of this Service Plan; (f) the dollar amount of any anticipated financing, including capitalized interest, costs of issuance, estimated maximum rates and discounts, and any expenses related to the organization and initial operation of the Districts; (g) a detailed repayment plan covering the life of any financing, including the frequency and amounts to be collected from all sources; (h) the amount of any reserve fund and the expected level of annual Debt service coverage which will be maintained for any financing; (i) the total authorized Debt for the Districts; (j) the provisions regarding any credit enhancement, if any, for the proposed financing, including, but not limited to, letters of credit and insurance; and (k) a list and written explanation of potential risks of the financing.

Infrastructure Capital Mill Levy: means 5 mills that shall be levied by the District and either retained by the District or remitted to the Town (or a combination thereof) and used for the planning, design and construction of infrastructure that the Town determines is necessary or desirable in connection with the impacts of development in the District. The utilization of the Infrastructure Capital Mill Levy shall be determined in the Intergovernmental Agreement. The Infrastructure Capital Mill Levy shall be imposed by the District beginning the first year the District certifies a debt service mill levy and shall be subject to the Mill Levy Adjustment.

Intergovernmental Agreement: means the intergovernmental agreement required by Town Code Section 10.11.140(a), and attached hereto as **Exhibit H**.

Map Depicting Public Improvements: means the map attached hereto as **Exhibit E**, showing the location(s) of the Public Improvements listed in the Capital Plan.

Maximum Debt Mill Levy: means the maximum mill levy the District is permitted to impose for payment of Debt as set forth in Section VI.C below. The Maximum Debt Mill Levy shall be subject to the Mill Levy Adjustment.

Maximum Debt Mill Levy Imposition Term: means the maximum term for imposition of a mill levy on a particular property developed for residential uses as set forth in Section VI.D below.

Mill Levy Adjustment: means, if, on or after January 1, 2019, there are changes in the method of calculating assessed valuation or any constitutionally mandated tax credit, cut or abatement, the mill levy to which the Mill Levy Adjustment applies may be increased or decreased to reflect such changes, such increases and decreases to be determined by the Board in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenues generated by the applicable mill levy, as adjusted for changes occurring after January 1, 2019, are neither diminished nor enhanced as a result of such changes. For purposes of the foregoing, a change in the ratio of actual valuation shall be deemed to be a change in the method of calculating assessed valuation.

Operation and Maintenance Mill Levy: means the maximum number of mills (not to exceed 10 mills) the District may levy, as set forth in the Intergovernmental Agreement, to pay for the costs of ongoing administrative, accounting and legal services of the Districts, and, if applicable, the costs of maintaining certain regional Public Improvements, as the same are identified in the Intergovernmental Agreement.

Project: means the development or property commonly referred to as Anthology.

Public Improvements: means a part or all of the improvements authorized to be planned, designed, acquired, constructed, installed, relocated, redeveloped as part of an Approved Development Plan and financed as generally described in the Special District Act, except as specifically limited in Section V below to serve the future taxpayers and inhabitants of the Service Area as determined by the Board of each District.

Service Area: means the property within the boundaries of all of the Districts.

Service Plan: means this service plan for the District approved by Town Council.

Service Plan Amendment: means an amendment to the Service Plan approved by Town Council in accordance with Chapter 10.11 of the Town Code and the applicable state law.

Special District Act: means Section 32-1-101, *et seq.*, of the Colorado Revised Statutes, as amended from time to time.

State: means the State of Colorado.

Town: means the Town of Parker, Colorado.

Town Capital and Maintenance Mill Levy: means 5 mills that shall be levied by the District and either retained by the District or remitted to the Town and used for the construction and maintenance of infrastructure that the Town determines is necessary or desirable in connection with the impacts of development in the District. The utilization of the Town Capital and Maintenance Mill Levy shall be determined in the Intergovernmental Agreement. The Town Capital Maintenance Mill Levy shall be imposed by the District beginning the first year the District certifies a debt service mill levy and shall be subject to the Mill Levy Adjustment.

Town Code: means the Town of Parker Municipal Code, as may be amended and in effect from time to time.

Town Council: means the Town Council of the Town of Parker, Colorado.

III. BOUNDARIES

Following various inclusions and exclusions, the area of the District Boundaries includes approximately 124.811 acres. A legal description of the District Boundaries is attached hereto as **Exhibit A**. A map of the District Boundaries is attached hereto as **Exhibit C**. A vicinity map is attached hereto as **Exhibit B**. It is anticipated that the Districts' Boundaries may change from time to time as it undergoes inclusions and exclusions pursuant to Section 32-1-401, *et seq.*, C.R.S., and Section 32-1-501, *et seq.*, C.R.S., subject to the limitations set forth in Article V below.

IV. PROPOSED LAND USE/POPULATION PROJECTIONS/ASSESSED VALUATION

The Service Area consists of approximately 515.765 acres of land. The current assessed valuation of the Service Area is assumed to be \$0.00 for purposes of this Service Plan and, at build out, is expected to be sufficient to reasonably discharge the Debt under the Financial Plan.

Approval of this Service Plan by the Town does not imply approval of the development of a specific area within the Districts, nor does it imply approval of the number of residential units or the total site/floor area of commercial or industrial buildings which may be identified in this Service Plan or any of the exhibits attached thereto. The permitted level of the development within the Project is as contained within an Approved Development Plan.

Approval of this Service Plan by the Town in no way releases or relieves the developer of the Project, or the landowner or any subdivider of the Project property, or any of their respective successors or assigns, of obligations to construct public improvements for the Project or of obligations to provide to the Town such financial guarantees as may be required by the Town to ensure the completion of the Public Improvements, or of any other obligations to the Town under the Town Code or any applicable annexation agreement, subdivision agreement, or other agreements affecting the Project property or development thereof.

V. DESCRIPTION OF PROPOSED POWERS, IMPROVEMENTS AND SERVICES

A. Powers of the District and Service Plan Amendment

The District shall have the power and authority to provide the Public Improvements within and without the boundaries of the District as such power and authority is described in the Special District Act, and other applicable statutes, common law and the Constitution, subject to the limitations set forth in this Service Plan and the Intergovernmental Agreement.

1. Operations and Maintenance Limitation. The purpose of the District is to plan for, design, acquire, construct, install, relocate, redevelop and finance the Public Improvements. The District shall dedicate the Public Improvements to the Town or other appropriate jurisdiction or owners association in a manner consistent with the Approved Development Plan, other rules and regulations of the Town, and applicable provisions of the Town Code, all as directed by the Town. The District shall not be authorized to operate and maintain any part or all of the Public Improvements, or any other improvements, public or private, unless specifically provided for in the Intergovernmental Agreement.

2. Fire Protection Limitation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless such facilities and services are provided pursuant to an intergovernmental agreement with the Town. The authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system shall not be limited by this provision.

3. Television Relay and Translation; Mosquito Control, and Other Limitations. Unless such facilities and services are provided pursuant to the Intergovernmental Agreement, the District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate, maintain or provide: (a) any television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project; (b) any mosquito control facilities and services; (c) any solid waste disposal, collection and transportation facilities and services; and (d) any security, covenant enforcement and design review services.

4. Construction Standards Limitation. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the Town and of federal and state governmental entities having proper jurisdiction, and of those special districts that qualify as “interested persons” under Section 32-1-204(1), C.R.S., as applicable. The District will obtain the Town’s approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

5. Property Acquisition Limitation; Transfer Requirement. The District shall not exercise any power of dominant eminent domain against the Town without the prior written consent of the Town. The District shall at no expense to the Town transfer to the Town all rights-of-way, fee interests and easements that the Town determines are necessary for access to and operation and maintenance of the Public Improvements, consistent with the Approved

Development Plan and to the extent such interests have not been acquired by the Town through such Development Plan process.

6. Privately Placed Debt Limitation. Prior to the issuance of any privately placed Debt, the District shall obtain the certification of an External Financial Advisor substantially as follows:

We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by the District for the [insert the designation of the Debt] does not exceed a market [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

7. Inclusion and Exclusion Limitations. The District shall not include within any of its boundaries any property outside the Service Area without the prior written consent of the Town Council. The District shall not exclude any property from the District if such exclusion will result, or is reasonably anticipated to result, in detriment to the remaining residents and taxpayers within the District or any of the other Districts, or to any of the Districts' bondholders. No District shall impose a mill levy and then exclude the property from its boundaries, unless the property is being included in one of the other Districts.

8. Total Debt Issuance Limitation. The Districts shall not issue Debt in excess of \$170,343,750 total aggregate principal amount, provided that such limitation shall not be applicable to refunding Bonds issued by the Districts to refund outstanding Debt. The foregoing figure is the product of: (a) the bonding capacity of the Districts, which was derived using the following assumptions: (i) the interest rate is not less than 150 basis points more than the 30 Year AAA MMD Index (as of the date of the submission of the Service Plan); (ii) inflation on completed structures does not exceed a 4% biennial growth rate; (iii) the bonds amortize over a period of 40 years; and (iv) debt service coverage is no less than 100%; and (v) the levying by each of the Districts of 57 mills for the Maximum Debt Mill Levy, 5 mills for the Infrastructure Capital Mill Levy, and 5 mills for the Town Capital and Maintenance Mill Levy; and (b) 125%. The Districts shall allocate the Debt among themselves in an intergovernmental agreement and shall provide a copy of such intergovernmental agreement and any subsequent amendments thereto to the Town. The Debt limitation shall not apply to the District's pledge of its property tax or specific ownership tax revenues derived from its mill levies to one of the other Districts (as defined in the Service Plan).

9. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities for which the Town is eligible to apply for,

except as may be specifically authorized in an intergovernmental agreement with the Town. This Section shall not apply to specific ownership taxes which shall be distributed to and be a revenue source for the District without any limitation.

10. Consolidation Limitation. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the Town, unless such consolidation is with one of the other Districts.

11. Bankruptcy Limitation. All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy, the total debt issuance limitation, and the Maximum Debt Mill Levy Imposition Term have been established under the authority of the Town to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S. It is expressly intended that such limitations:

(a) shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Service Plan Amendment; and

(b) are, together with all other requirements of Colorado law, included in the “political or governmental powers” reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the “regulatory or electoral approval necessary under applicable nonbankruptcy law” as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy or the Maximum Debt Mill Levy Imposition Term, shall be deemed a material modification of this Service Plan pursuant to Section 32-1-207, C.R.S. and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the Town as part of a Service Plan Amendment.

12. Revenue Bond Limitation. The District shall not issue revenue bonds where the revenue pledged to such bonds consists of fees, except as set forth in this Section. Prior to issuing any revenue bonds, the District shall submit all relevant details of such issuance to the Town Council, which may elect to treat the issuance of the revenue bonds as a material modification of the Service Plan. If the Town Council determines that the issuance of revenue bonds constitutes a material modification of the Service Plan, the District shall proceed to amend the Service Plan in accordance with Section 32-1-207, C.R.S. prior to issuing any revenue bonds. Bonds issued by one of the Districts to which one of the other Districts has pledged toward the repayment of such bonds its property taxes and/or specific ownership taxes derived from a mill levy or other source of revenue shall not be considered revenue bonds under this Section.

13. Service Plan Amendment Requirement. This Service Plan is general in nature and does not include specific detail in some instances because development plans have not been finalized. The Service Plan has been designed with sufficient flexibility to enable the Districts to provide required Public Improvements under evolving circumstances without the need for numerous amendments. Modification of the general types of services and facilities making up the Public Improvements, and changes in proposed configurations, locations or dimensions of the Public Improvements shall be permitted to accommodate development needs consistent with the

then-current Approved Development Plan(s) for the Project, subject to the limitations of this Service Plan and the Intergovernmental Agreement.

The District is an independent unit of local government, separate and distinct from the Town, and its activities are subject to review by the Town only insofar as they may deviate in a material manner from the requirements of the Service Plan, Chapter 10.11 of the Town Code, or the Intergovernmental Agreement. As such, any action of the District which: (1) violates the limitations set forth in Sections V.A.1-14 above; (2) violates the limitations set forth in Section VI.B-H; (3) constitutes a material modification under Town Code Section 10.11.060; or (4) constitutes a failure to comply with the Intergovernmental Agreement or other agreement with the Town, which non-compliance has not been waived in writing by the Town, shall be deemed to be a material modification to this Service Plan and the Town shall be entitled to all remedies available under State and local law to enjoin such action(s) of the District.

Any Town approval requirements contained in this Service Plan (including, without limitation, any provisions requiring that a change, request, occurrence, act or omission be treated as a Service Plan Amendment or be deemed a “material modification” of the Service Plan) shall remain in full force and effect, and, unless otherwise provided by resolution of the Town Council, such Town approval shall continue to be required, notwithstanding any future change in law modifying or repealing any statutory provision concerning service plans, amendments thereof or modifications thereto.

B. Capital Plan

The Districts shall have authority to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, and financing of the Public Improvements within the Service Area of the Districts and, to the extent necessary to improve adjacent streets and connect Public Improvements to existing infrastructure, without the boundaries of the Districts, all to be more specifically defined in an Approved Development Plan. A Capital Plan, including: (1) a comprehensive list of the Public Improvements to be developed by the Districts; (2) an estimate of the cost of the Public Improvements, together with a letter from a Colorado professional registered engineer certifying that such costs are reasonable in the engineer’s opinion and that such estimates were prepared based upon Town construction standards; and (3) a pro forma capital expenditure plan correlating expenditures with development is attached hereto as **Exhibit D**. Maps Depicting Public Improvements are attached hereto as **Exhibit E**. As shown in the Capital Plan, the estimated cost of the Public Improvements which may be planned for, designed, acquired, constructed, installed, relocated, redeveloped, or financed by the Districts is approximately \$142,873,224.20. Costs of required Public Improvements that cannot be financed by the Districts within the parameters of this Service Plan and the financial capability of the Districts are expected to be financed by the property owner or developer of the Project.

The Districts shall be permitted to allocate costs between such categories of the Public Improvements as deemed necessary in its discretion.

All of the Public Improvements described herein will be designed in such a way as to assure that the Public Improvements standards will be compatible with those of the Town and shall be in accordance with the requirements of the Approved Development Plan. All descriptions

of the Public Improvements to be constructed, and their related costs, are estimates only and are subject to modification as engineering, development plans, economics, the Town's requirements, and construction scheduling may require. Upon approval of this Service Plan, the Districts will continue to develop and refine the Capital Plan and the Map Depicting Public Improvements, as necessary, and prepare for issuance of Debt. All cost estimates will be inflated to then-current dollars at the time of the issuance of Debt and construction. All construction cost estimates contained in **Exhibit D** assume construction to applicable standards and specifications of the Town and state and federal requirements.

C. Multiple District Structure

It is anticipated that the Districts, collectively, will undertake the financing and construction of certain of the Public Improvements contemplated herein. Specifically, the Districts shall enter into one or more intergovernmental agreements with each other (subject to Section X herein), which intergovernmental agreement(s) shall govern the relationships between and among the Districts with respect to the financing, construction and operation of the Public Improvements. The Districts will establish a mechanism whereby any one or more of the Districts may separately or collectively fund, construct, install and operate the Public Improvements.

VI. FINANCIAL PLAN

A. General

The Districts shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment of the Public Improvements from its revenues and by and through the proceeds of Debt to be issued by the Districts. The Financial Plan for the Districts shall be to issue such Debt as the District can reasonably pay within the Maximum Debt Mill Levy Imposition Term from revenues derived from the Maximum Debt Mill Levy and other legally available revenues. All bonds and other Debt issued by the Districts may be payable from any and all legally available revenues of the Districts, including general ad valorem taxes to be imposed upon all taxable property within the Districts. The Districts will also rely upon various other revenue sources authorized by law, such as interest, specific ownership taxes, advances from the Project owner or developer, and grants. The District is also authorized to assess and collect a Development Fee as set forth in Section VI.E, below. Unless specifically authorized in the Intergovernmental Agreement, the District shall not impose or assess any fees, rates, tolls, penalties, or charges other than the Development Fee without first obtaining Town approval of an amendment to this Service Plan, which amendment shall be deemed to be a material modification hereof.

The total combined Debt that the Districts shall be permitted to issue shall not exceed \$170,343,750 in aggregate principal amount. Debt is permitted to be issued on a schedule and in such year or years as the Districts determine shall meet the needs of the Capital Plan referenced above and the progression of the development, subject to compliance with this Service Plan. The \$170,343,750 that the Districts shall be permitted to issue is supported by the Financial Plan prepared by D.A. Davidson & Co., attached hereto as **Exhibit F**. D.A. Davidson & Co., shall attach a certification to the Financial Plan, certifying that based upon the assumptions contained therein and their professional opinion, the Districts are expected to retire all Debt referenced in the

Financial Plan within the restrictions set forth in the Service Plan, including but not limited to the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term.

B. Maximum Voted Interest Rate and Maximum Underwriting Discount

The interest rate on any Debt is limited to the market rate at the time the Debt is issued. In the event of a default, the proposed maximum interest rate on any Debt shall not exceed twelve percent (12%). The proposed maximum underwriting discount will be four percent (4%). Debt, when issued, will comply with all relevant requirements of this Service Plan, State law and Federal law as then applicable to the issuance of public securities.

C. Maximum Debt Mill Levy

The “Maximum Debt Mill Levy” shall be the maximum mill levy the District is permitted to impose upon the taxable property within the District, and shall be determined as follows:

1. For the portion of any aggregate District Debt which exceeds 50% of the District’s assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be fifty-seven (57) mills less the number of mills necessary to pay unlimited mill levy Debt described in Section VI.C.2 below, subject to the Mill Levy Adjustment. As of the date of this Service Plan, the Mill Levy Adjustment allows for a Maximum Debt Mill Levy of fifty-seven (57) mills. Except for permitted Mill Levy Adjustments, the District’s mill levy shall not exceed the Maximum Debt Mill Levy. If the District otherwise proposes to adjust its mill levy above the Maximum Debt Mill Levy for the purpose of offsetting any constitutionally or legislatively mandated credit, cut, abatement or change in the method of calculating assessed valuation, the District shall first submit all relevant details of such proposed adjustment to the Town Administrator, who may approve such proposed adjustment in writing or refer the proposal to the Town Council, which may elect to treat the proposed mill levy adjustment as a material modification of the Service Plan. If the Town Council determines that such adjustment constitutes a material modification of the Service Plan, the District shall proceed to amend the Service Plan in accordance with Section 32-1-207, C.R.S. The District shall obtain written approval of the Town Administrator or of a Service Plan amendment prior to any such mill levy adjustment.

2. For the portion of any aggregate District Debt which is equal to or less than 50% of the District’s assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

3. For purposes of the foregoing, once Debt has been determined to be within Section VI.C.2 above, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the District’s Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

D. Maximum Debt Mill Levy Imposition Term

The District shall not impose the Maximum Debt Mill Levy for repayment of any and all Debt (or use the proceeds of the Maximum Debt Mill Levy for repayment of Debt) on any single property developed for residential uses which exceeds forty (40) years after the year of the initial imposition of such Maximum Debt Mill Levy unless a majority of the Board of the District are residents of the District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S. *et seq.*

E. Operation and Maintenance Mill Levy

The District shall be permitted to levy up to 10 mills, subject to the Mill Levy Adjustment, for the purpose of paying for the costs of ongoing administrative, accounting and legal services of the District, and, if applicable, the costs of maintaining certain regional Public Improvements, as the same are identified in the Intergovernmental Agreement.

The estimated cost of engineering services, legal services and administrative services, together with the estimated costs of the Districts' organization and initial operations, are anticipated to be \$100,000, which will be eligible for reimbursement from Debt proceeds. The 2019 operating budget for the District is approximately \$50,000, which is anticipated to be derived from property taxes and other revenues, including owner or developer advances. The District shall maintain, from revenues derived from the Operation and Maintenance Mill Levy and other legally available revenues authorized under this Service Plan, sufficient funds to pay the District's operating costs.

F. Infrastructure Capital Mill Levy and Town Capital and Maintenance Mill Levy

The District shall levy the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy the first year the District certifies a debt service mill levy and the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy shall both be subject to the Mill Levy Adjustment.

The Infrastructure Capital Mill Levy shall be levied by the District and either retained by the District or remitted to the Town (or a combination thereof) and used for the planning, design and construction of infrastructure that the Town determines is necessary or desirable in connection with the impacts of development in the District, as set forth in the Intergovernmental Agreement. Likewise, the Town Capital and Maintenance Mill Levy shall be levied by the District and remitted to the Town and used for capital costs or for the maintenance of infrastructure that the Town determines is necessary or desirable in connection with the impacts of development in the District, also as set forth in the Intergovernmental Agreement.

The requirement that the District impose the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy shall exist for the duration of the life of the District.

G. Debt Repayment Sources

The District may impose the Maximum Debt Mill Levy on taxable property within its boundaries as a primary source of revenue for repayment of debt service. In no event shall the debt service mill levy in the District exceed the Maximum Debt Mill Levy or, for residential property within the District, the Maximum Debt Mill Levy Imposition Term.

Subject to the terms of the Intergovernmental Agreement, the District may also utilize the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy for the repayment of debt service.

The District may also collect a Development Fee, as allowed and limited by Colorado law, provided that such Development Fee does not exceed the following limits:

1. For each single-family detached residential unit, the Development Fee shall not exceed Two Thousand Dollars (\$2,000).
2. For each single-family attached or multi-family residential unit, the Development Fee shall not exceed One Thousand Five Hundred Dollars (\$1,500).
3. For a structure other than a single-family or multi-family residential structure, the Development Fee shall not exceed Twenty-Five Cents (\$0.25) per square foot of the structure.

The Development Fee set forth in this Service Plan may increase by up to the Consumer Price Index for Denver-Boulder, all items, all urban consumers (or its successor index for any years for which Consumer Price Index is not available) each year thereafter (as an inflation adjustment) commencing on January 1, 2019. In addition, should the Town's Model Service Plan be amended to allow for an increase in such Development Fees, such increase in Development Fees shall apply to the District. The Development Fee shall be collected prior to issuance of a certificate of occupancy. Unless specifically authorized in the Intergovernmental Agreement, the District shall not impose or assess any fees, rates, tolls, penalties, or charges other than the Development Fee, as limited above, without first obtaining Town approval of an amendment to this Service Plan, which amendment shall be deemed to be a material modification hereof.

H. Debt Instrument Disclosure Requirement

In the text of each Bond and any other instrument representing and constituting Debt, the issuing District shall set forth a statement in substantially the following form:

By acceptance of this instrument, the owner of this Bond agrees and consents to all of the limitations in respect of the payment of the principal of and interest on this Bond contained herein, in the resolution of the District authorizing the issuance of this Bond, and in the Service Plan of the District.

A substantially similar statement describing the limitations in respect of the payment of the principal of and interest on Debt set forth in this Service Plan shall be included in

any document used for the offering of the Debt for sale to persons, including, but not limited to, an owner or developer of property within the boundaries of the District. If no offering documents are used, then the District shall deliver the statement to any prospective purchaser of such Debt. The Town may by written notice to the District require modifications to the form of disclosures statement.

I. Security for Debt

The District shall not pledge any revenue, property or other assets of the Town as security for any District indebtedness. Approval of this Service Plan shall not be construed as a guarantee by the Town of payment of the District's obligations; nor shall anything in the Service Plan be construed so as to create any responsibility or liability on the part of the Town in the event of default by the District in the payment of any such obligation.

J. TABOR Compliance

The District will comply with the provisions of TABOR. In the discretion of the Board, the District may set up enterprises or nonprofit entities to manage, fund, construct and operate facilities, services, and programs. To the extent allowed by law, any entity created by a District will remain under the control of the District's Board. The activities of such enterprises and entities shall comply with the provisions of this Service Plan.

K. Subdistricts

A District may organize subdistricts or areas as allowed by Section 32-1-1101(1)(f), C.R.S., provided, however, that without the approval of the Town, any such subdistrict(s) or area(s) shall be subject to all limitations on debt and other provisions of the Service Plan. In accordance with Section 32-1-1101(1)(f)(I), C.R.S., the District shall notify the Town prior to establishing any such subdistrict(s) or area(s), and shall provide the Town with details regarding the purpose, location, and relationship of the subdistrict(s) or area(s). The Town Council may elect to treat the organization of any such subdistrict(s) or area(s) as a material modification of the Service Plan.

VII. ANNUAL REPORT

A. General

In accordance with Town Code Section 10.11.040, the District shall file an annual report with the Town Clerk not later than September 1st of each calendar year following approval of this Service Plan, which annual report shall reflect activity and financial events of the District through the preceding December 31 (the "report year"). The Districts may file a combined report. The Town Council reserves the right, pursuant to Section 32-1-207(3)(c), C.R.S., to request an annual report from the District beyond five (5) years after the District's organization. The District

shall be not be required to file an annual report if the District has declared inactive status pursuant to Section 32-1-104, C.R.S.

B. Reporting of Significant Events

The annual report shall include the following:

1. A list of public infrastructure the District constructed or installed during the report year, and a schedule for the construction or installation of future public infrastructure, as well as any maintenance operations or activities the District has undertaken during the report year and maintenance operations or activities the District plans to undertake in the upcoming year;
2. Except when exemption from audit has been granted for the report year under the Local Government Audit Law, the audited financial statements of the District for the report year including a statement of financial condition (i.e., balance sheet) as of December 31 of the report year and the statement of operations (i.e., revenues and expenditures) for the report year;
3. Unless disclosed within a separate schedule to the financial statements, a summary of the capital expenditures incurred by the District in development of Public Improvements in the report year, as well as any Public Improvements proposed to be undertaken in the five (5) years following the report year;
4. Unless disclosed within a separate schedule to the financial statements, a summary of the financial obligations of the District at the end of the report year, including the amount of outstanding Debt, the amount and terms of any new Debt issued in the report year, the amount of payment or retirement of existing Debt of the District in the report year, the total assessed valuation of all taxable properties within the District as of January 1 of the report year and the current mill levy of the District pledged to Debt retirement in the report year;
5. The District's budget for the calendar year in which the annual report is submitted;
6. A summary of the residential and commercial development in the District for the report year;
7. A summary of all fees, charges and assessments imposed by the District as of January 1 of the report year;
8. Certification of the Board that no action, event or condition enumerated in Town Code Section 10.11.060 has occurred in the report year, or certification that such event has occurred but that an amendment to the Service Plan that allows such event has been approved by Town Council;
9. The name, business address and telephone number of each member of the Board and its chief administrative officer and general counsel, together with the date, place and time of the regular meetings of the Board; and

10. Certification from the Board of the District that the District is in compliance with all provisions of the Service Plan.

11. A copy of the most recent notice issued by the District, pursuant to Section 32-1-809, C.R.S.

12. A copy of any intergovernmental agreements entered into by the District since the filing of the last annual report.

VIII. DISSOLUTION

Upon an independent determination of the Town Council that the purposes for which the District was created have been accomplished, the District agrees to file a petition in the District Court for and in Douglas County, Colorado, for dissolution, pursuant to the applicable State statutes. In no event shall a dissolution occur until the District has provided for the payment or discharge of all of its outstanding indebtedness and other financial obligations as required pursuant to State statutes.

IX. DISCLOSURE TO PURCHASERS

The Town wants residential buyers to be aware of the additional tax burden to be imposed. The Town mandates early written and recorded notice of the total (overlapping) tax burden, including the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term, if applicable, as well as the Operation and Maintenance Mill Levy, the Infrastructure Capital Mill Levy and the Town Capital and Maintenance Mill Levy. The Town will review the type and timing of the disclosure, which the proponents of the District are proposing. The notice shall be recorded against all property within the District within thirty (30) days of approval of this Service Plan by the Town.

There is attached hereto as Exhibit **G** the Project Owner's Indemnification Letter, which is submitted to the Town by the Owner as part of this Service Plan. There is also attached hereto as Exhibit **G** the form of a District Indemnification Letter. The District shall approve and execute the Indemnification Letter at its first Board meeting after approval of this Service Plan by the Town, in the same form as the Indemnification Letter set forth in Exhibit **G** and shall promptly deliver an executed original to the Town.

X. INTERGOVERNMENTAL AGREEMENTS

The form of the intergovernmental agreement required by Town Code Section 10.11.140(a), relating to the limitations imposed on the District's activities, is attached hereto as **Exhibit H**. The District shall approve and execute the Intergovernmental Agreement within 60 days after approval of this Service Plan by the Town, in the same form as the Intergovernmental Agreement approved by Town Council, and shall promptly deliver an executed original to the Town. Failure of the District to execute the Intergovernmental Agreement as required herein shall constitute a material modification and shall require a Service Plan Amendment. The Town Council may approve the Intergovernmental Agreement at the public hearing approving the Service Plan.

Other than the Intergovernmental Agreement referenced in this Section and the intergovernmental agreement referenced in Section V(C) above, no intergovernmental agreements between the Districts and any other government are currently anticipated. Any intergovernmental agreement proposed regarding the subject matter of this Service Plan shall be subject to review by the Town prior to its execution by the District. Such Town review shall be with reference to whether the intergovernmental agreement is in compliance with this Service Plan, the Intergovernmental Agreement, and the terms of the Approved Development Plan or other instrument related to the Public Improvements. After submission of the proposed intergovernmental agreement in substantially final form to Town staff, the Town will notify the Districts within twenty (20) calendar days whether the intergovernmental agreement constitutes a material modification of the Service Plan necessitating an amendment in accordance with Section 32-1-207(2)(a), C.R.S..

XI. NON-COMPLIANCE WITH SERVICE PLAN

In the event it is determined that the District has undertaken any act or omission which violates the Service Plan or constitutes a material departure from the Service Plan, the Town may impose any of the sanctions set forth in Section 10.11.220 of the Town Code, including but not limited to affirmative injunctive relief to require the District to act in accordance with the provisions of this Service Plan. To the extent permitted by law, the District hereby waives the provisions of Section 32-1-207(3)(b), C.R.S. and agrees it will not rely on such provisions as a bar to the enforcement by the Town of any provisions of this Service Plan.

XII. CONCLUSION

It is submitted that this Service Plan for the District, as required by Section 32-1-203(2), C.R.S., and Section 10.11.180 of the Town Code, establishes that:

1. There is sufficient existing and projected need for organized service in the area to be serviced by the District;
2. The existing service in the area to be served by the District is inadequate for present and projected needs;
3. The District is capable of providing economical and sufficient service to the area within its proposed boundaries;
4. The area to be included in the District does have, and will have, the financial ability to discharge the proposed indebtedness on a reasonable basis;
5. Adequate service is not, and will not be, available to the area through the Town or County or other existing municipal or quasi-municipal corporations, including existing special districts, within a reasonable time and on a comparable basis;
6. The facility and service standards of the District are compatible with the facility and service standards of the Town;
7. The proposal is in substantial compliance the Town's Master Plan;

8. The proposal is in compliance with any duly adopted Town, regional or state long-range water quality management plan for the area;

9. The creation of the District is in the best interests of the area proposed to be served;

10. The creation of the District is in the best interests of the residents and future residents of the area proposed to be served;

11. The proposal is in substantial compliance with Chapter 10.11 of the Town Code; and

12. The proposal will not foster urban development that is remote or incapable of being integrated with existing urban areas, and will not place a burden on the Town or adjacent jurisdictions to provide urban services to residents of the District.

THENCE TANGENT TO SAID CURVE, SOUTH 15°10'59" EAST, A DISTANCE OF 199.02 FEET TO THE SOUTHERLY BOUNDARY OF SAID CORRECTION SPECIAL WARRANTY DEED;

THENCE ALONG SAID SOUTHERLY BOUNDARY THE FOLLOWING FIVE (5) COURSES:

1. SOUTH 74°13'58" WEST, A DISTANCE OF 63.92 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE NORTHERLY HAVING A RADIUS OF 2,408.42 FEET, THE RADIUS POINT OF SAID CURVE BEARS NORTH 11°00'39" WEST;
2. WESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 25°57'29", AN ARC LENGTH OF 1,091.14 FEET;

3. NON-TANGENT TO SAID CURVE, NORTH 71°26'34" WEST, A DISTANCE OF 415.03 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE SOUTHERLY HAVING A RADIUS OF 1,142.75 FEET, THE RADIUS POINT OF SAID CURVE BEARS SOUTH 33°27'26" WEST;
4. THENCE WESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 50°07'52", AN ARC LENGTH OF 999.85 FEET;
5. NON-TANGENT TO SAID CURVE, SOUTH 81°02'05" WEST, A DISTANCE OF 297.78 FEET;

THENCE DEPARTING THE SOUTHERLY BOUNDARY OF SAID CORRECTION SPECIAL WARRANTY DEED, NORTH 11°37'06" WEST, A DISTANCE OF 200.69 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE EASTERLY HAVING A RADIUS OF 1,500.00 FEET;

THENCE NORTHERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 28°19'07", AN ARC LENGTH OF 741.38 FEET;

THENCE TANGENT TO SAID CURVE, NORTH 16°42'01" EAST, A DISTANCE OF 755.59 FEET;

THENCE NORTH 16°42'01" EAST, A DISTANCE OF 557.90 FEET;

THENCE SOUTH 73°17'59" EAST, A DISTANCE OF 311.69 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE NORTHERLY HAVING A RADIUS OF 510.00 FEET; THENCE EASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 27°23'10", AN ARC LENGTH OF 243.77 FEET;

THENCE NON-TANGENT TO SAID CURVE, SOUTH 10°41'09" EAST, A DISTANCE OF 40.00 FEET;

THENCE SOUTH 13°44'26" EAST, A DISTANCE OF 611.10 FEET;

THENCE NORTH 61°28'01" EAST, A DISTANCE OF 946.72 FEET;

THENCE NORTH 36°36'15" EAST, A DISTANCE OF 40.00 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE NORTHEASTERLY HAVING A RADIUS OF 600.00 FEET, THE RADIUS POINT OF SAID CURVE BEARS NORTH 36°36'15" EAST;

THENCE SOUTHEASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 17°59'03", AN ARC LENGTH OF 188.33 FEET;

THENCE TANGENT TO SAID CURVE, SOUTH 71°22'48" EAST, A DISTANCE OF 204.66 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE SOUTHWESTERLY HAVING A RADIUS OF 510.00 FEET;

THENCE SOUTHEASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 22°40'56", AN ARC LENGTH OF 201.90 FEET TO THE **POINT OF BEGINNING**.

CONTAINING AN AREA OF 124.811 ACRES, (5,436,780 SQUARE FEET), MORE OR LESS.

Capital Plan and Engineer's Opinion of Probable Cost

Cherry Creek Service Plan Engineer's Estimate Summary

In order to put together the Engineer's Estimate of Probable Costs for the Cherry Creek Service Plan Amendment, two civil engineering firms and a landscape architecture firm were engaged to perform this task. Redlands Engineering focused on the major public spine improvements. Examples of these include regional drainage improvements, regional utilities, Chambers Road etc. CVL Consultants was engaged to determine the cost of the public improvements within each of the planning areas. After consultation with Staff it was determined that the public improvement costs for Segment 1A (PAs 13, 34-28) could be used to determine the remaining planning area costs. PCS put together the combined public landscape costs of both the public spine infrastructure and within the planning areas.

The total lot count for this project is 3,082 lots along with 77 acres of commercial. Only a small portion of the site has been designed through preliminary plat. The portion that has been designed consists of 502 lots within Segment 1A. The total cost of the public improvements within the Segment 1A planning areas is \$15,729,970.00 or \$31,334.60 per lot. Based on a discussion with Staff it was agreed that this per lot cost should be applied to all 3,082 lots. Applying this per lot cost to all 3,082 lots totals \$96,573,237.00 for all the public improvements within each planning area.

Redlands Engineering did an analysis of all the costs associated with public improvements outside of the residential planning areas, as well as for regional improvements. This included spine streets (Chambers, Great Plan Way, as well as regional drainage improvements and all utilities needs to serve the project. The total cost of these public improvements is estimated to be \$75,804,145.00. PCS put together an estimate of the cost of public landscaping which totaled \$69,933,128. The total cost of the regional improvements is \$7,724,063.00.

The total cost of all public improvements within the Cherry Creek Metropolitan District is estimated to be \$250,034,573.20. The unit costs that were used in this analysis are current unit costs from other projects in the Denver Metropolitan Area to include Trails at Crowfoot Filings 9-13.

Cherry Creek Metropolitan District Cost Analysis

Total Lot Count	3082
Total Public Improvement Costs	
Redlands/PCS/CVL (3082 lots and the commercial planning areas)	\$ 242,310,510.20
Regional Improvement Costs (Canyons Trunk Sewer Reimbursement, Hess Road Reimbursement, Outfall Systems Planning)	\$ 7,724,063.00
Total Public Improvement Cost	\$ 250,034,573.20
Cost Per Lot	\$ 81,127.38
