

**TOWN OF PARKER COUNCIL
MINUTES
AUGUST 2, 2021**

Mayor Jeff Toborg called the meeting to order at 5:09 p.m. All Councilmembers were present except Councilmember Laura Hefta.

Town Attorney Jim Maloney announced that topics for discussion in Executive Session were four (4) items. Under C.R.S. § 24-6-402(4)(e) there were two (2) items; the first item was concerning My Mainstreet proposed purchase of PACE Lot 2, East Main and Pine Curve parcels; the second item was concerning an Annexation Agreement between the Town and the Parker Water and Sanitation District dated May 4, 2009, concerning the dedication of right-of-way for J. Morgan Boulevard. Under C.R.S. § 24-6-402(4)(b) there were two (2) items; the first item was to hold a conference with the Town's attorney to receive legal advice on specific legal questions concerning H.R. 1319, The American Rescue Plan Act of 2021 (Eligible Projects); and the second item was to hold a conference with the Town's attorney to receive legal advice on specific legal questions concerning Section 2.5 of the Home Rule Charter of the Town of Parker concerning the residency qualifications to run for Town Council.

EXECUTIVE SESSION

Joshua Rivero moved and John Diak seconded to go into Executive Session at 5:10 p.m. to determine positions relative to matters that may be subject to negotiations, develop a strategy for negotiations, and/or instruct negotiators, pursuant to C.R.S. § 24-6-402(4)(e), and to hold a conference with the Town's attorney to receive legal advice on specific legal questions, pursuant to C.R.S. § 24-6-402(4)(b).

The motion was approved unanimously.

Todd Hendreks moved and Joshua Rivero seconded to come out of Executive Session at 6:25 p.m.

The motion was approved unanimously.

Joshua Rivero moved and Cheryl Poage seconded to recess the regular Town Council meeting until 7 p.m.

REGULAR MEETING

Mayor Toborg reconvened the meeting at 7 p.m.

Autumn (inaudible) led the Pledge of Allegiance.

PARKER CHAMBER OF COMMERCE UPDATES

Brian Taylor, Chair of the Chamber Board introduced TJ Sullivan the new Executive Director.

DOWNTOWN BUSINESS ALLIANCE UPDATES

Kris Schnell provided an update on DBA activities for the month.

PUBLIC COMMENTS

There were two written general public comments that will be attached to the approved minutes.

REPORTS, ITEMS AND COMMENTS FROM MAYOR AND COUNCIL

Each Councilmember reported on meetings they attended since the last Council meeting.

CONSENT AGENDA

A. APPROVAL OF MINUTES - July 19, 2021

B. Final Design Contract for North Parker Road

Amount: Felsburg, Holt, and Ullevig

Contractor: \$380,240

Department: Engineering and Public Works, Alex Mestdagh

Cheryl Poage moved to remove item 6B from the Consent Agenda.

The motion died due to a lack of a second.

Joshua Rivero moved to approve Consent Agenda items 6A and 6B.

Todd Hendreks seconded the motion.

The motion was approved by a 4-1 vote. (Poage voted no.)

CONTRACTS OVER \$100,000**Axon Professional Services Agreement**

Amount: \$185,136

Contractor: Axon

Department: Police, Deputy Chief Combs

The Town entered into a multi-year professional services agreement with Axon for the purchase, delivery, use and support of products and services for the police department's body worn cameras, fleet, and interview cameras. This is the third year of the contract.

Cheryl Poage moved to approve the professional services contract with Axon.

Todd Hendreks seconded the motion.

The motion was approved unanimously.

PUBLIC HEARINGS**ANTHOLOGY NORTH - Sketch Plan - Segment 1 and Preliminary Plan - Segment 1A**

Applicant: John Pestwich, PCS Group
Location: Generally located south of Hess Road between Chambers Road and Motsenbocker Road
Department: Community Development, BrieAnna Simon
TRAKiT No.: SUB20-005 and SUB20-006

Mayor Toborg opened the Public Hearing at 7:33 p.m., and began by stating the issue with the firehouse is not a part of this application. The application regarding the firehouse will be heard at a later date.

The subject property is undeveloped and generally located on the south side of Hess Road between Chambers Road and Motsenbocker Road. The site is located to the north of Looking Glass (currently under development), to the south of Douglas 234 residential and commercial development and to the west of the existing Anthology residential development.

The applicant, PCS Group, is requesting the approval of the Sketch Plan for Segment 1 and a Preliminary Plan for Segment 1A of the Anthology North development.

The Sketch Plan application for all of Segment 1 is for 1,532 residential lots, 109.33 acres of open space and 44.19 acres of park space.

The Preliminary Plan application for all of Segment 1A is for 441 single family residential lots, 53 townhome residential lots, 47.92 acres of open space and 37.19 acres of park space.

The future preliminary plan for Segment 1B and 1C will accommodate the remaining units and acreage outlined in the Segment 1 Sketch Plan. The request for the approval of the Sketch and Preliminary Plans is consistent with the approved Anthology North PD zoning and the Waiver Resolution approved by Town Council in May of 2019, that allows the applicant to process the subdivision of the property in segments.

The approval of the sketch and preliminary plans does not formally create the lots or allow for construction of the associated improvements. Instead, the approval of the applications will allow for the applicant to prepare final plats consistent with the Sketch and Preliminary Plans. The Final Plats will create the lots, create tracts for open space, parks and other uses, as well as finalize the necessary improvements associated with the development. Under the Waiver Resolution Amendment approved by Town Council on May 23, 2021, no final plat approvals may be granted until the Preliminary Plan for Segments 1B and 1C has been approved by Town Council.

The Planning Commission heard these items on July 8, 2021, and unanimously recommended approval.

Applicant:

John Pestwich, PCS Group, 200 Kalamath St, Denver, Colorado 80223 presented. He noted they are renaming Anthology to Tanterra. He reviewed the Sketch Plan 1 and Preliminary Plan 1A for Council. The fire station issue will be addressed under a separate application on August 12, 2021, with the Planning Commission and September 7, 2021, with Town Council.

Public Comment:

The following individuals had concerns about the Sketch Plan and Preliminary Plan and how the development will impact the surrounding neighborhoods:

- Alan Meshberg, 1598 Indian Brook Circle, also wanted dates for the firehouse discussion (August 12 Planning Commission and September 7 Town Council)
- David Arndt, 12875 Billingsley Trail, commented that there are water problems in the area. He asked if there has been a study to show that a bigger water problem is not being created
- Tejendra Dhakal, 12723 Buffington Trail, presented a petition signed by 94 subdivision residents regarding SUB20-005 and SUB20-006 and read the petition into the record
- Andrew Kuhlmann, 12677 Buffington Trail, wants the area to be less dense
- Glenda Wilson, 17726 Emilia Drive, spoke about water issues in the area and drainage problems, would like help with the wildlife when it becomes a problem in the near future
- James Barstad, 12845 Billingsley Trail, there are huge water issues in the area and there seems to be a groundwater issue, trees are dead and the sump pump runs every four minutes
- Helen Park, 12677 Buffington Trail, the area will look like Highlands Ranch
- Gene Kozlowski, 17071 E. Emilia Drive, has drainage problems
- George Vareldez, 12705 Buffington Trail, water problems, open space encroachment
- Ian Elfner, 15750 E Indian Rose Circle, the fire station needs to be moved
- Andrea Poole, 12693 Buffington Trail, stated the open space issue was misled by their developer, there are water issues in their neighborhood, and asked if any environmental impact studies are being done on the area
- Rich Sanders, 15786 East Indian Brook Circle, asked that the fire station be moved and asked that the noise on Hess Road be addressed with the development
- Nicholas Robinson, 12711 Buffington Trail, concerned about water and concrete issues
- Nicole Barton, 15774 East Indian Rose Circle, concerned about the fire station, as well as the water and wildlife issues in the area
- Jaqueline Carter, 15792 East Indian Brook Circle, concerned about the fire station

Applicant John Pestwich responded to the neighbors' concerns regarding the development:

- They will look into the groundwater issue to make sure it doesn't happen in this area. Drainage will not go onto the adjacent properties.
- He noted that keeping the open areas natural will aid in wildlife management.
- He reported that all required studies have been done, such as environmental studies. Any study results have been uploaded to the Town's Trakit system and are viewable.

The Public Hearing was closed at 8:54 p.m.

1. Sketch Plan - Segment 1

Joshua Rivero moved to approve the Anthology North Sketch Plan for Segment 1A, 1B, and 1C.

Todd Hendreks seconded the motion.

The motion passed 4-1. (Poage voted no.)

2. Preliminary Plan - Segment 1A

Joshua Rivero moved to approve the Anthology North Preliminary Plan for Segment 1A, subject to the condition that the preliminary plans for Segment 1B and 1C must be approved by Town Council prior to the recordation of the first final plat for Segment 1A, as outlined in the Partial Waiver Resolution Amendment contained in Resolution 21-022.

Anne Barrington seconded the motion.

The motion passed 4-1. (Poage voted no.)

ORDINANCES

A. North Parker Road Operational Improvements

Department: Engineering and Public Works, Alex Mestdagh

The Town is currently in the design phase for the North Parker Road Operational Improvements between Lincoln Avenue and E-470. The main goal of this project is to increase the travel lanes on Parker Road and improve vehicular mobility, which currently experiences heavy congestion during rush hour. Proposed improvements include widening and/or connecting current acceleration/deceleration lanes on Parker Road in both the northbound and southbound directions between Lincoln Avenue and E-470. The project also proposes to repurpose existing dedicated turning lanes to shared thru-turning lanes, providing additional capacity for thru traffic during peak hours. Improvements to pedestrian facilities in the corridor are also proposed, including a multi-use trail/sidewalk on the east side of Parker Road to connect the Baldwin Gulch Trail and the Pine Lane intersection, and expand sidewalk north of Pine Lane adjacent to the Bowie property to connect to the existing sidewalk to the north. Later phases of improvements will be needed to implement additional operational improvements on this stretch of Parker Road.

Staff is proposing to leverage outside funds from several entities in order to fund this project. This project was selected for funding through the Douglas County Subregion of the Denver Regional Council of Governments (DRCOG). The proposed funding is \$1.4M of Federal Congestion Mitigation and Air Quality Improvements (CMAQ) dollars and \$1.1M of state

dollars for a total of \$2.5M. The Federal CMAQ funds are part of a national program available to local governments to address congestion issues and improve air quality in accordance with the Clean Air Act. The state funds are from the FASTER program, which is focused on addressing roadway safety issues, and from the Multi-modal Options Fund (MMOF), which focuses on multi-modal transportation improvements such as the pedestrian improvements proposed by this project. Douglas County has also pledged an additional \$500,000 toward the construction cost, for a grand total of \$3M in outside funding for this project. The construction cost is currently estimated at approximately \$4M.

The IGAs with CDOT and Douglas County are necessary in order to codify these outside funding contributions. The Douglas County IGA is a straightforward document that is in line with previous IGAs agreed to between the Town and County. The CDOT IGA encompasses both state and federal funding, and thus is much more complicated due to the requirements for a project receiving federal funding. Most of these requirements involve documentation of project elements and contractor policies and practices, some of which can be placed upon the contractor as a condition of the construction contract. Staff plans to utilize the consultant that will perform the construction administration to assist in compiling and tracking the remainder of the information.

This project is proposed to move into the final design phase later this summer. The Town anticipates that construction will begin in the summer or fall of 2022, with project completion in 2023.

Public Comment: None.

1. ORDINANCE NO. 9.336 Second Reading

A Bill for an Ordinance to Approve the Intergovernmental Agreement By and Between the Town of Parker and the Board of County Commissioners of the County of Douglas Regarding Cost Sharing for Parker Road Operational Improvements Project (Lincoln Avenue to Pine Lane)

Todd Hendreks moved to approve Ordinance No. 9.336 on second reading.

Anne Barrington seconded the motion.

The motion was approved unanimously.

2. ORDINANCE NO. 9. 337 Second Reading

A Bill for an Ordinance to Approve the Intergovernmental Agreement By and Between the Town of Parker and the State of Colorado Acting By and Through the Colorado Department of Transportation Concerning Operational Improvements: Lincoln Avenue to Pine Lane (Project # C M039-007 (24455) & MTF M039-009 (24467))

Todd Hendreks moved to approve Ordinance No. 9.337 on second reading.

Anne Barrington seconded the motion.

The motion was approved unanimously.

B. ORDINANCE NO. 9.338 - Second Reading

A Bill for an Ordinance Approving the Agreement Regarding Design and Construction of Drainage and Flood Control Improvements for Upper Jordan Road Tributary at Bradbury Ranch (Agreement No. 21-05.17, Project No. 108522) by and Between Urban Drainage and Flood Control District d/b/a Mile High Flood District and the Town of Parker

Department: Engineering and Public Works, Michael Grabczyk

The Town of Parker and the Mile High Flood District (MHFD - formerly the Urban Drainage and Flood Control District) have identified the Upper Jordan Road Tributary as a reach of major drainageway requiring rehabilitation to support existing and future Town growth. The Town and MHFD intend to partner in funding and managing the design and construction of the improvements by executing an intergovernmental agreement (IGA).

The Town of Parker and MHFD have partnered previously to design and construct several major drainageway projects within the Town. This reach is located within the Bradbury Ranch development and has been identified as an area of concern for flood conveyance and long-term maintenance. The reach contains two in-line stormwater ponds and has experienced aggradation or sediment accumulation overtime, as well as an immense growth of cattails causing a reduction in flood conveyance. Additionally, the elevation and design of the contributing storm outfalls are not conducive to long-term maintenance. This project is anticipated to propose the installation of channel improvements such as outfall forebays, channel widening for increased flood conveyance, selective relocation and dredging of cattail areas, and retrofitting of existing concrete storm structures. This IGA will fund the final design in 2021 and contribute partially towards construction funding in 2022.

Public Comment: None.

Joshua Rivero moved to approve Ordinance No. 9.336 on second reading.

Todd Hendreks seconded the motion.

The motion was approved unanimously.

C. ORDINANCE NO. 9.339 - Second Reading

A Bill for an Ordinance Approving the Agreement Regarding Design and Construction of Drainage and Flood Control Improvements for Newlin Gulch at Recreation Drive (Agreement No. 21-05.23, Project No. 108504) by and between Urban Drainage and Flood Control District d/b/a Mile High Flood District and the Town of Parker

Department: Engineering and Public Works, Michael Grabczyk

Joshua Rivero moved to continue Ordinance 9.339 to September 20, 2021, for second reading.

Cheryl Poage seconded the motion.

The motion was approved unanimously.

ADJOURNMENT

Joshua Rivero moved and Cheryl Poage seconded to adjourn the meeting at 9:21 p.m.

The motion was approved unanimously.

Town Council Meetings - General Public Comment

Regular Town Council meetings are held on the first and third Monday of each month, unless announced otherwise. The general public comment period held during these meetings is an opportunity for the public to provide comments on items that are not on that meeting's agenda. Public comments can be made in writing via the online form below, live during the meeting via the Zoom application, or in person at the public meeting.

Written general public comments via the form below can be submitted from noon on the Friday prior to the next meeting until 5 p.m. Monday (the day of the meeting). To learn how to submit a live public comment during a meeting via the Zoom application, visit www.ParkerOnline.org/Calendar and go to the specific meeting date for details.

This online form will also be used for other virtual meetings held by the Town of Parker's Special Licensing Authority. Public comments that are provided by 5 p.m. on the day of the Special Licensing Authority meeting will be provided to the Authority and will be included with the approved meeting minutes.

General Public Comment is an opportunity for Town residents and other interested individuals to speak about items that are NOT on the agenda. No action will be taken on these items. Public comments will be provided to the Town Council and will be included with the approved minutes of the Town Council meeting. For those unable to provide comments electronically through this form, please contact the Clerk's Office to make arrangements. The Town Clerk can be reached by phone at 303.805.3198.

General Public Comment

Dear Members of the Town Council of Parker,

My husband and I own a home in the Stroh Ranch area of Parker, close to Motsenbocker Road. There is a tremendous amount of noise that pervades this area. Because there is a lot of new construction, we get the "pleasure" of hearing all of the trucks and various other construction vehicles going about their business. During the day, while we are busy and occupied, it's less intrusive and can even be tolerated. But, in the early morning hours, and later in the early evening, it can be annoying and can even affect our quality of life. The noise and smell make it difficult to enjoy our back deck or yard, or to even open our windows in the evening.

We realize that construction needs to start early due to the coolness of the mornings, but could there be another way for these trucks to get to their destination and not use Motsenbocker Road? Could Chambers Road be a possible alternate route for this traffic to bypass our residential area?

We have noticed a sign indicating that trucks are not to use a "jake brake". I have to assume that is an attempt to cut down on the noise. We are thankful for that concession. But, these trucks are still very loud whether they're using their jake brake or not. It also needs to be pointed out that these heavy construction vehicles are tearing up the road that can affect our personal vehicles, as well.

Thank you for considering our dilemma. We look forward to hearing how you plan to address this issue.

Respectfully,
Gary & Toni Hileman
12505 S. Sopris Creek Drive

General Public Comment In support of finishing Chambers Road, as soon as possible.
My backyard is right at Mostenbocker. So EXTREMELY LOAD,
NOISY AND BUSY, since all the construction, of new homes
going up.

August 2nd, 2021

To the Town of Parker

WE, THE UNDERSIGNED, HEREBY PETITION the Parker Town Council to stop the development proposed by project number SUB20-005 and SUB20-006.

WE STATE OR BELIEVE:

1. We are residents of the existing Anthology Community bordering the proposed development.
2. The proposed development does not leave enough open space around the existing Anthology Community and it will completely change the look and feel of the existing community.
3. The proposed development will significantly reduce the value of our property.
4. The proposed development violates our privacy by putting new homes and public paths in direct view of our homes that do not have a privacy fence.
5. The noise and environmental pollution during development in close proximity will directly impact the health and well-being of the residents.
6. The natural habitat of wild animal and birds will be significantly reduced such that they are forced to come closer to our homes or just die away.
