PUBLIC COMMENTS

Written comments were received, distributed to Council, and entered into the record.

Kate Wilcox, Parker, spoke about her concerns with the intersection of Hilltop Road and Tallman Drive. Her young son was nearly hit at the intersection walking to school with the crossing lights on and a crossing guard present. She would like to see a crosswalk added on the northwest side of the intersection, add more visibility to the crosswalks with lights and signs, add no right turn on red signs, and expand school zones and fix signs in the proper locations.

Katrina Davis, Parker, reiterated that something needs to be done at the intersection of Hilltop Road and Tallman Drive. She would like to see the school safety zone extended south with better, lighted signs, a crosswalk added on the north side of the intersection, and better crossing lights.

PUBLIC HEARING**CHAMBERS ROAD NORTH OF BELFORD AVENUE RIGHT-OF-WAY
ANNEXATION**

Applicant: Town of Parker
Location: Chambers Road between E-470 and Belford Avenue
Department: Community Development, Carson Byerhof
Engineering and Public Works, Chris Hudson
TRAKiT No.: ANX22-005

The Public Hearing was opened at 7:17 p.m.

In 2016, the Town annexed and zoned the Chambers Highpoint Planned Development (PD) located at the southwest corner of Chambers Road and E-470. However, the annexation did not include the adjacent Chambers Road Right-of-Way. The Chambers Highpoint Annexation Agreement requires the construction of Belford Avenue west of Chambers Road and a new traffic signal at the intersection of Chambers Road and Belford Avenue. The section of Chambers Road adjacent to Chambers Highpoint PD, including the intersection of Chambers Road and Belford Avenue, is still in Douglas County. The County has requested that the Town assume responsibility for the operation and maintenance of the new traffic signal. The Town already maintains the existing traffic signals at the E-470 interchange with Chambers Road traffic to the north. The proposed annexation will align the Town's boundaries with the adjacent Chambers Highpoint PD and support the future maintenance of the new traffic signal at the intersection of Chambers Road and Belford Avenue.

The Town has identified the Chambers Road ROW adjacent to the Chambers Highpoint PD as a candidate for future annexation through the annual Three-Mile Plan and the Parker 2035 Master Plan. Therefore, the proposed annexation is consistent with the Town's land use policy as expressed in both plans. Further, the subject property is eligible for annexation because it is located within the Town's Planning Area established in the Parker 2035 Master Plan and satisfies the contiguity requirement of the Municipal Annexation Act, C.R.S. § 31-12-104(a).

Public Comment: None.

The Public Hearing was closed at 7:24 p.m.

D. ORDINANCE NO. 9.309.1 - Second Reading

A Bill for an Ordinance to Approve the First Amendment to the Amended and Restated Intergovernmental Agreement By and Between the Town of Parker, Colorado and Cherry Creek South Metropolitan District No. 4

Department: Town Attorney, Jim Maloney

Mayor Toborg stated that the final item on the agenda is an ordinance for the Town Council's consideration of a matter related to the Cherry Creek South Metropolitan District No. 4, which is a residential metropolitan district. On June 15, 2020, the Town Council found that a conflict of interest existed for Councilmember Poage that precludes her from participating in any public hearing that involves a residential metropolitan district. The meeting was paused so that Councilmember Poage could leave the Council Chambers before Town Council addressed this ordinance.

Cheryl Poage explained the reason for the conflict of interest was not because she had a financial interest in metro districts or that she lives in one, but that she has concerns with how

they are done and the impact they have on potential buyers. She stated that she is not in favor of using metro districts to develop residential properties.

Councilmember Poage left the meeting at 8:14 p.m.

On June 15, 2020, the Town entered into an intergovernmental agreement (IGA) with the Cherry Creek South Metropolitan District No. 4 (the "District"). The IGA describes, in part, certain improvements that the District is responsible for maintaining. The purpose of this amendment to the IGA is to provide that the District is responsible for the maintenance of the streetscape, including the treelawn, as described in the final plat for Tanterra Filing No. 1.

Chris Elliot gave a brief presentation on behalf of the Cherry Creek South Metropolitan District No. 4 and the Tanterra development. The Town will take over ownership and maintenance of the park, and the metro district will maintain rights-of-way.

Joshua Rivero stated that the Council often serves as policymakers or legislators, and other times they serve as a quasi-judicial body (serving as "judges") which often is the case with land cases. In cases where the Council is serving as judges, the 5th and 14th Amendments to the Constitution afford people with the right to due process. Due process means that the judge will not pre-judge a situation, will have an open mind, will hear the evidence, and weigh the decision on the law that is faced in front of them. When a councilmember decides that they do not want to do this and are not in favor of A, B, or C, they have pre-judged the situation. That councilmember then places the Town at risk of litigation, and the Council has no choice but to conflict the councilmember. It has nothing to do with financial situations or anything else, other than everyone who comes before the Council in a quasi-judicial realm has the right to due process. That is guaranteed under the constitution, and that is why Councilmember Poage is conflicted.

Todd Hendreks moved to approve Ordinance No. 9.309.1 on second reading.

Joshua Rivero seconded the motion.

A roll call vote was taken:

Joshua Rivero - yes

Todd Hendreks - yes

Anne Barrington - yes

Laura Hefta - yes

The motion was approved unanimously.

ADJOURNMENT

Joshua Rivero moved to adjourn the Regular Meeting at 8:34 p.m.

Laura Hefta seconded the motion.

A roll call vote was taken:

Joshua Rivero - yes

Todd Hendreks - yes

Anne Barrington - yes

Laura Hefta - yes

The motion was approved unanimously.

General Public Comment

I wish to remain anonymous. I am writing to urge you to investigate the current state of your Police Department. Morale is critically low, staffing issues are becoming worse and worse, turn over is out of control. I fear the administration is painting a picture that is completely inaccurate, and they are totally out of touch with the line level staff. There is no confidence in Chief Tsurapas or those he surrounds himself with. Please direct town HR or an independent monitor to investigate further and help turn things around.

Hello. Please direct resources to look into the PD. Significant issues with low morale, staffing. Command staff paint an untrue picture to town council/admin. Claim this is a result of the times. Its a result of poor leadership. Speak to line level employees both current and those that left last 12-24 months.

HILLTOP RD & TALLMAN DR.

The primary intersection people cross if they are at all West or Southwest of the school is here. You'll note there is no school zone prior to the intersection. There is literally no other street for more than a half-mile for someone to legally cross to the north. If you were coming up from the south there is no sidewalk, on the east side of the road so you would cross here as well. Despite that, the school zone doesn't start until **AFTER** the intersection at Hilltop Rd and Tallman Dr.

- ← No sidewalk here.
- ← No flashing lights for pedestrians.
- ← No school zone.

There is no restriction on right on red after stop. Or as we all know happens, right on red after slowing to roughly 15 MPH... This is a direction my kids traditionally cross the street with the help of a crossing guard. It hasn't been enough.

Even though there are lights for the school zone after this intersection (instead of before) the lights weren't even on when I walked my kids to school this morning, 9 minutes before the opening bell.

Drivers coming East on Tallman also don't have any warning. The hole in the ground circled below is where the school zone used to begin. That was changed a couple of years ago, so now people drive faster through the residential zone approaching a busy school intersection.
