Michelle added that RTD will be coming to the Study Session in February and would like to put together a list of questions to ask.

John Diak also asked about the meeting the Mayor had regarding Kaiser. The Mayor stated Kaiser wanted the local jurisdictions to know how they are expanding. He added that Commissioner George Teal was also in attendance.

PUBLIC HEARINGS**ORDINANCE NO. 3.74.4 - Second Reading****A Bill for an Ordinance to Amend Section 13 of the Crown Point Center Development Guide Third Amendment Titled "Crown Point Center Development Plan," Pursuant to the Parker Land Development Ordinance****Department: Community Development, Ashley Chasez**

Mayor Toborg opened the Public Hearing at 7:19 p.m.

The applicant, Ryan Companies, has submitted a rezoning application for the Crown Point Center Planned Development (PD) to permit assisted living with memory care as a use permitted by right at a property located in the Commercial/Office/Hotel District of the PD. This District is intended primarily for intensive commercial development and permits shopping centers, retail stores, offices, restaurants, and hotels. Consistent with this, the District does not permit assisted living as a use by right, although the opportunity for this use exists in an adjacent district within the Crown Point Center PD and at the existing Pine Grove Crossing assisted living development located a short distance away on Cottonwood Drive. The subject property is located in the

Crown Point Center PD south of E-470 and east of Parker Road at the roundabout where Crown Crest Boulevard and Cottonwood Drive converge.

Staff has reviewed the proposed rezoning application for compliance with the nine (9) criteria for approval of this type of application required by the Municipal Code and has determined that it does not satisfy the following criteria:

- **Criterion #1, A Need Exists for the Proposal:** The Town of Parker is home to a large number of senior residents and that population is projected to increase in the future. However, there are currently multiple sites located within the Crown Point Center PD and elsewhere in Town that already permit assisted living and memory care use. Staff review indicates that there are more than 10 assisted living facilities within the Parker area, including six (6) in the Town. This includes the existing Pine Grove Crossing assisted living development less than one-quarter (1/4) mile from the subject property within Planning Area 6b of the PD. Further, the greater need is to retain the opportunity for retail, office, hotel, and business service uses specified in the existing Crown Point Center PD as part of the overall, master planned development. This is particularly the case when there are other sites in the Town with existing zoning that already permit assisted living and memory care use. It is worth noting that there are also several properties within the adjacent Commercial/Office/Research and Development District (Planning Areas 3-4 and 6a-6b) that already permit assisted living and memory care as a use permitted by right, thereby providing an opportunity for this type of development.
- **Criterion #2, The Particular Parcel of Ground is Indeed the Correct Site for the Proposed Development:** The subject property is located at a prominent, high-visibility crossroads within the Crown Point Center PD. The existing, well-established PD zoning has designated the subject property for intensive commercial use, including, but not limited to shopping centers, retail stores, offices, restaurants, hotels, and certain medical uses that align with the Parker 2035 Master Plan. The rezoning of the property to permit an assisted living and memory care facility, which is residential in character, is not consistent with the intent or objectives of the PD nor the Parker 2035 Master Plan. Related, the Town Council has already provided an opportunity for assisted living and memory care use in the Crown Point Center PD through: (1) its 2013 approval of a “Uses not Itemized” application to permit an assisted living and memory care development called Pine Grove Crossing in the adjacent Commercial/Office/Research and Development District (Planning Areas 3-4 and 6a-6b) and, (2) its 2014 rezoning approval to permit assisted living and memory care use in the entirety of the adjacent Commercial/Office/Research and Development District (Planning Areas 3-4 and 6a-6b). The intent of this action was to permit the opportunity for assisted living and memory care use in the Crown Point Center PD on a limited basis while preserving the opportunity for more intensive commercial use in planning areas (and sites) such as the subject property that are more suitable for the development of retail, offices, restaurants, hotels, and certain medical office uses. As such, the Crown Point Center PD already permits assisted living and memory care uses as a use by right in the adjacent Commercial/Office/Research and Development Districts (Planning Areas 3-4 and 6a-6b).
- **Criterion #4, There have been Significant Changes in the Area to Warrant a Zone Change:** The subject property and the surrounding areas have been designated by the Parker 2035 Master Plan as a Medical District within the E-470 Corridor Character Area. The Medical District within the E-470 Corridor Character Area has been developed in accordance with the Master Plan vision and land use policies intended to promote a

regional center at Crown Point that is a retail shopping destination, primary employment hub and node for medical services. The existing development within this area includes large format retail, specialized retail, restaurants, entertainment, services, hotels, and a hospital as was originally planned and zoned by the Town. The Crown Point Center PD also permits a limited residential component that has been fully developed with the Stone Canyon Apartments on Cottonwood Drive to the east of the subject property. The staff analysis is that the Crown Point Center PD has been developing and is almost fully built-out in a manner consistent with the adopted PD zoning and Parker 2035 Master Plan without significant changes that would warrant a rezoning.

- **Criterion #8, The Proposal is Consistent with the Town Master Plan, Maps, Goals and Policies:** The subject property and surrounding areas are located within the Medical District that is contained within the E-470 Corridor Character Area of the Parker 2035 Master Plan. The intent of the E-470 Medical District focuses on primary employment and state-of-the-art medical care, preventative health care, and wellness. The Master Plan identifies and recommends the appropriate land uses in this area as: hospitals, medical offices, health care clinics/facilities, rehabilitation centers and hotels. It also recommends retail use as appropriate when it supports the aforementioned principal uses and is ancillary in size, scale, and purpose. From a planning and zoning perspective, the requested assisted living and memory care uses are considered residential in nature and classified as a residential use that is not consistent with the Parker 2035 Master Plan commercial designation for the area in question. The proposed rezoning application does not align with the Master Plan vision or goals and recommendations, and the proposed uses are more appropriate at another location in Town where the Master Plan and existing zoning already permit them.

The Planning Commission held a public hearing on November 9, 2023 about the proposed rezoning application and voted 5 - 1 to recommend that the Town Council deny the rezoning application.

A presentation was made by Steve Strom, Chris Teigen, and Mitch Trevey on behalf of the applicant, and questions of Council were answered.

B. ORDINANCE NO. 1.595 - Second Reading

A Bill for an Ordinance to Utilize Available Funds to Redeem, Pay and Discharge All of the Outstanding Certificates of Participation, Series 2014

Department: Finance, Mary Lou Brown

Staff has recommended, through the 2024 Budget, that the 2014 Certificates of Participation (principal and interest) be fully paid, defeased, and discharged. The General Fund would provide the funding through the one-time use of cash balance. The benefit of this action would accrue to the Stormwater Utility Fund and the Parks and Recreation Fund.

The General Fund has available cash balance that could be utilized to pay, defease, and discharge the principal of, and interest on, the 2014 Certificates of Participation as the same become due upon maturity or prior redemption on or after November 1, 2023. The 2014 Certificates mature on and after November 1, 2024 and may be called for redemption prior to their maturities on any date on and after November 1, 2023 at a price of the principal amount plus accrued interest to the redemption date, without premium. Staff will provide the Trustee with 45 days' notice of the intention to prepay the Lease and purchase the Trustee's interest in the Leased Property. Hilltop Securities, the Town's financial advisor, has calculated the defeasance would require funding in the amount of \$12,355,000 for the par amount and \$129,676.56 for the accrued interest through January 31, 2024 for a total cash payment of \$12,484,676.56. The present value of the prior debt to January 31, 2024 is \$15,700,031.30, and the net present value of the savings is \$3,215,354.74, which is equivalent to a percentage savings of 26.02%.

The Town's 10-year financial plan indicates there is no need for additional debt for identified projects. Existing revenue sources should be adequate in each of the Town's major funds for the Long-Range Plan period. This is subject to changes in plans and outside economic forces.

Department: Engineering and Public Works, Michael Grabczyk

The Town of Parker and the Mile High Flood District (MHFD), formerly the Urban Drainage and Flood Control District, have identified the Upper Jordan Road Tributary as a reach of major drainageway requiring rehabilitation to support existing and future Town growth. To this end, the Town and MHFD have executed an intergovernmental agreement (IGA) for the design and construction of flood control improvements on Upper Jordan Road Tributary. This ordinance proposes an amendment to this agreement which will bring in additional funds from the MHFD to complete funding for the construction of the project.

A Bill for an Ordinance to Release the Slope Easement for Spirit Trail Boulevard Associated with Tracts F and G, Looking Glass Filing No. 1
Department: Engineering and Public Works, Alex Mestdagh
Second January 16, 2024
Reading:

EXECUTIVE SUMMARY

If approved, Ordinance No. 1.596 would release a slope easement dedicated to the Town with the initial construction of Spirit Trail Boulevard within the Looking Glass development.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

The Looking Glass development is located in the southwest portion of Parker, generally south of Stroh Road and west of Crowfoot Valley Road. Filing No. 1 of the development constructed portions of the major roadway infrastructure necessary to support the initial phase of development, including a portion of a collector roadway known as Spirit Trail Boulevard. The construction of this roadway required the installation of a roadway backslope on a portion of the property not included in the initial phase of development. In order to ensure that the roadway slope is protected until development of that property, a slope easement was dedicated to the Town in 2020 over this area.

The developer has now begun construction of the next phase of development, which includes the development of the property encumbered by this slope easement. The proposed grading plan for this property adequately protects the roadway base, so the slope easement is no longer needed over this area and can be released.

FINANCIAL IMPACT

This easement was dedicated to the Town at no cost, and is proposed to be similarly released at no cost.

Title: **ORDINANCE NO. 9.363 - First Reading**
A Bill for an Ordinance to Approve the Intergovernmental Agreement Between the Town of Parker and the Board of County Commissioners of Douglas County Regarding Responsibilities for and Maintenance of Hilltop Road

Department: Engineering and Public Works, Chris Hudson

Second Reading: January 16, 2024

EXECUTIVE SUMMARY

This proposed Intergovernmental Agreement (IGA) with Douglas County would establish responsibilities and maintenance of approximately one-third of a mile of Hilltop Road east of the Hilltop Road/Legend High School intersection.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

In 2003, the Town of Parker was dedicated Hilltop Road right-of-way (ROW) for planned roadway improvements via the Reata North, Filing No. 1 plat. The four (4) lane arterial roadway that exists in the area adjacent to Legend High School today was completed through several capital improvement projects over the past 20 years. This prior dedication of Hilltop Road ROW, an approximate 1/3-mile section east of the Hilltop Road/Legend High School signalized intersection, is currently an unimproved two (2) lane roadway section.

The Town of Parker was approached by Douglas County staff in 2022 regarding their planned improvements to widen Hilltop Road to four (4) lanes east of the Hilltop Road/Legend High School signalized intersection (located approximately 1/4-mile east of Hilltop Road/Canterberry Parkway) to the Village Road/Crest View Drive intersection. The prior dedication of ROW to the Town in 2003, including the existing Douglas County right-of-way of Hilltop Road, would create an improved roadway section partially within the Town's incorporated boundary and partially within unincorporated Douglas County. As Douglas County is planning to fund and ultimately maintain this roadway capital improvement project, Town staff felt it would be best to convey this portion of the Town ROW to Douglas County to address future ownership/maintenance of the section of Hilltop Road east of the Hilltop Road/Legend High

School intersection. An exemption plat (the Reata North-Hilltop Road ROW exemption plat) is being processed separately from this proposed IGA and will create a new tract of right-of-way east of the Hilltop Road/Legend High School intersection by subdividing the ROW that was dedicated in 2003. The proposed exemption plat would not be the conveyance method for this ROW tract. However, this proposed intergovernmental agreement (IGA) with Douglas County would document this future conveyance to Douglas County via quitclaim deed. This IGA establishes that Douglas County will be responsible for maintenance and enforcement of this approximate 1/3-mile section of Hilltop Road east of the Hilltop/Legend High School intersection.

FINANCIAL IMPACT

None to the Town of Parker. Douglas County will be responsible for the proposed improved section of Hilltop Road.

A Resolution Accepting the Conveyance of a Drainage Easement from Plaza Street Fund 106, LLC, for Lot 1, Lincoln Professional Park Filing 1

Department: Engineering and Public Works, Michael Walton

EXECUTIVE SUMMARY

This resolution accepts the conveyance of a drainage easement covering onsite drainage improvements proposed with the site plan for Lincoln Professional Park Filing 1 Lot 1.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

The Town's Stormwater criterion requires that drainage easements be dedicated over all storm drainage facilities located on private property. The drainage easements are necessary to ensure the long-term operation and maintenance of drainage infrastructure to minimize flooding and protect the quality of stormwater runoff.

The Engineering Department has reviewed and approved the construction drawings for the drainage facilities associated with an approved site plan for Lincoln Professional Park Filing 1, Lot 1. Since the drainage facilities are being constructed as part of a site plan process, and not a plat, the easements need to be dedicated by a separate instrument.

FINANCIAL IMPACT

As the drainage improvements proposed within the easement will be the maintenance responsibility of the property owner, there is no financial impact to the Town.

DRAINAGE EASEMENT AGREEMENT

THIS DRAINAGE EASEMENT AGREEMENT (the "Easement Agreement") is made this ____ day of _____, 20__, by and between Plaza Street Fund 106, LLC, a Kansas limited liability company, having an address of 2400 W 75th Street, Suite 220, Prairie Village, KS 66208 ("Grantor"), and the TOWN OF PARKER, a Colorado home rule municipality, having an address of 20120 East Mainstreet, Parker, Colorado 80138 ("Grantee").

RECITALS

A. Grantor constructed a drainage pipe and appurtenant drainage facilities (the "Drainage Facilities") within its privately owned property.

B. Pursuant to Section 4.08.090(b) of the Parker Municipal Code, the Grantor is responsible for the maintenance of the Drainage Facilities. However, the Grantee may choose to maintain the Drainage Facilities if the Grantor fails to do so in order to protect the public health, safety, and welfare from stormwater runoff damage.

C. Grantee desires to acquire an easement for the purpose of the maintenance of the Drainage Facilities on and through the property more particularly described and depicted in **Exhibit A** ("Easement Property"), attached hereto and incorporated herein by this reference; and

D. Grantor is willing to grant an easement to Grantee for the aforesaid purposes on the terms and conditions set forth hereinbelow.

AGREEMENT

NOW, THEREFORE, for good and valuable consideration by Grantee to Grantor, the covenants of Grantee herein contained and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Grant of Easement. Grantor does hereby grant and convey unto Grantee, its successors, assigns, lessees, licensees and agents, an easement under and through the Easement Property, for the purpose of providing the maintenance of the Drainage Facilities. Subject to the terms of this Easement Agreement, Grantee shall also have the specific rights of ingress and egress for the construction, reconstruction, operation and maintenance of a drainage pipe and appurtenant drainage facilities; additionally, Grantee shall have the right to remove impediments to operation and maintenance of the Easement Property such as trees, asphalt and sidewalks. Grantee further agrees to coordinate all construction, reconstruction, operation, maintenance, removal and any other activities which disturb the Easement Property with Grantor so as to minimize any disruption to Grantor's property. Grantor and Grantee agree that this Easement Agreement may be released in writing by the Town of Parker's Engineering/Public Works Director or designee, subject to the Grantor providing a suitable replacement for the drainage easement described herein, as determined in the sole discretion of the Town of Parker's Engineering/Public Works Director or designee.

2. Unencumbered Title. Grantor warrants that the Easement Property is free and clear of all liens and encumbrances that could have any impact on the easement granted to the Grantee by this Agreement.

3. Operation and Maintenance.

a. The operation and maintenance of the Drainage Facilities described herein and located within the Easement Property shall be the responsibility of the Grantor; provided, however, that Grantee shall have the right to maintain the Drainage Facilities in the event Grantee, in its sole discretion, determines to enter the Easement Property for the operation and/or maintenance of the Drainage Facilities as set forth in subsection b. hereinbelow. The Grantor acknowledges and agrees that the Grantee has the right to enter the Easement Property to maintain and operate the Drainage Facilities covered by Chapter 4.08 of the Parker Municipal Code or to maintain and operate the Drainage Facilities in the manner described herein.

b. If Grantor fails to adequately maintain the Drainage Facilities located within the Easement Property, and the Grantor (i) fails to correct the maintenance problem within fourteen (14) days after the date of written notice from Grantee (the "Correction Period"); or (ii) fails to begin to clean, cure or correct such problem within fourteen (14) days after receipt of notice if such problem cannot be reasonably cleaned, cured or corrected within the Correction Period, and fails to diligently prosecute such cleaning, cure or correction to completion, then Grantee may correct the maintenance problem as provided herein. Notwithstanding the foregoing, Grantee may, in the event of an emergency, as determined by Grantee in its sole discretion, clean, cure or correct any damage caused by Grantor's failure to adequately maintain the Drainage Facilities located within the Easement Property. The Grantor shall reimburse the Grantee for the cost of such maintenance to the extent that (i) the Drainage Facilities and/or the type of maintenance performed by Grantee are not covered by Chapter 4.08 of the Parker Municipal Code, as amended, or (ii) if the Drainage Facilities and/or the type of maintenance performed by the Grantee is covered by Chapter 4.08 of the Parker Municipal Code, as amended, and the Grantee determines in its sole discretion that there are not sufficient funds available for such maintenance. If Grantor fails to reimburse Grantee for the cost of such maintenance, within thirty (30) days after receipt of an invoice from Grantee describing the corrective or maintenance action taken, the unpaid amount shall constitute a lien on the Easement Property until paid in full, with priority over all other liens, except general tax liens, which liens shall be certified to the Douglas County Treasurer and collected in the same manner as other taxes are collected. Grantor further agrees that Grantee may also pursue any and all other remedies available at law or in equity.

4. Grantor Defined. The word "Grantor" as used herein, whenever the context requires or permits, shall include the heirs, personal representatives, beneficiaries, successors, grantees and assigns of the owners of the land through which the easement runs, or the respective owners from time to time of portions thereof. The burdens and benefits of this Easement Agreement shall be deemed covenants running with the real property identified on **Exhibit A**. Notwithstanding any contrary provision in this Easement Agreement, however, any obligation under this Easement Agreement which is to be performed by the owner of any land which is burdened by this Easement Agreement shall be enforceable only against the then owner of such land, and not against any such owner's predecessors in interest.

5. Covenants of Grantee. Grantee hereby represents, covenants and warrants in favor of Grantor, and its successors and assigns, as follows:

a. Grantee shall protect the Easement Property, and the adjacent lands of Grantor over which Grantee has rights of ingress and egress, from damage caused, in whole or in part, by acts or omissions of Grantee, its employees, agents, contractors, subcontractors, assigns, lessees, licensees and agents.

b. Grantee shall not cause or permit to be caused by any of its employees, agents, contractors, subcontractors, successors, assigns, lessees or licensees, any hazardous substances, as defined by the Comprehensive Environmental Response, Compensation and Liability Act of 1980 ("CERCLA"), pollutants or contaminants, as defined by CERCLA, or hazardous waste, as defined by the Resource, Conservation and Recovery Act ("RCRA"), including, but not limited to, asbestos and/or urea formaldehyde, or any pollutants or toxic pollutants as defined by the Clean Water Act, and any amendments thereto, to be dumped, spilled, released, permanently stored or deposited on, over or beneath the Easement Property or any other lands owned by Grantor.

6. Retained Rights. Grantor shall have all rights to the Easement Property not granted hereby.

7. Miscellaneous.

a. Except as otherwise expressly provided herein, all provisions herein contained, including the benefits, burdens and covenants, are intended to run with the land and shall be binding upon and inure to the benefit of the respective successors and assigns of the parties hereto.

b. This easement constitutes all of the agreements, understandings and promises between the parties hereto, with respect to the subject matter hereof.

c. This easement shall be of no force and effect until this easement is duly and validly executed by all parties hereto.

[Remainder of page intentionally left blank. Signatures on following page.]

A Resolution to Adopt Parker's 2024 Legislative Policy Agenda
Department: **Town Manager, Michael Lawson**

EXECUTIVE SUMMARY

At the December 11, 2023 Town Council Study Session, Council reviewed a draft Legislative Policy Agenda for the 2024 state legislative session. The agenda states the Town's positions on a number of topics that may be the subject of proposed legislation in the coming legislative session. The agenda is meant to serve as a single, authoritative source of information that can be easily shared with legislators and promoted by elected officials.

At the Study Session, the Council made a small number of revisions to the agenda. The revised agenda is included with this item. This is the version submitted for formal adoption by the Council.

STAFF RECOMMENDATION

BACKGROUND/DISCUSSION

At the October 6, 2023 Town Council Retreat, Council directed staff to create a framework for legislative advocacy. The goal in doing so was to advance the Town's interests at the State Capitol. The Council selected three of its members, Mayor Toborg, Mayor Pro Tem Diak, and Councilmember Hefta to serve as an ad hoc board to direct staff in drafting the framework. The committee met twice in November in anticipation of presenting the framework to the Council prior to the start of the Colorado General Assembly's 2024 legislative session.

At the December 11, 2023 Town Council Study Session, the Council discussed the draft Legislative Policy Agenda ("agenda"), along with a structure for an internal legislative review process and whether to retain a contract lobbyist to represent the Town's interests at the State Capitol. The Council made a number of small changes to the agenda and gave consensus to staff to bring the revised agenda to Council for formal approval at a later date.

The revised agenda is ready for formal adoption by approval of this resolution.

2024 Legislative Policy Agenda

Introduction

The Town of Parker's 2024 Legislative Policy Agenda ("Agenda") establishes positions taken by the Town Council on major policy issues under consideration at the federal, state, and local levels that may impact the Town and its residents and businesses. The Agenda builds on the Town's existing values, priorities, and objectives identified in its Strategic Plan. With the Strategic Plan as its foundation, the Agenda is given the flexibility to represent the Town's interest in a wide range of policies, even if the policies in question are not explicitly addressed on the Agenda.

The Town's mission and vision are:

Mission

To enrich the lives of residents by providing exceptional services, engaging community resources and furthering an authentic hometown feel. We promote transparent governing, support sustainable development, and foster a strong, local economy.

Vision

Be the pre-eminent destination community of the Denver Metro area for innovative services with a hometown feel. We will be an area leader in economic and community development, and strive to be at the forefront for services, civic engagement, and quality of life.

The Town's Strategic Priorities are:

Support an active community

Parker will demonstrate our commitment to the health of our community, both indoors and out by providing access to outstanding parks, trails and recreation amenities and activities. We promote a healthy lifestyle and work to meet the needs of a diverse, multigenerational community.

Foster community creativity and engagement

Parker will stimulate community creativity and engagement through high quality cultural and educational programs and amenities. These will include community events, accessible cultural venues, state-of-the-art facilities and innovative lifelong learning opportunities, all of which are vital to a creative community.

Enhance economic vitality

Parker will be an area leader for economic growth by supporting the development of thriving businesses and industry. We will play a critical role in shaping quality of life through exceptional residential, commercial, and open space development; and creating a sense of place that attracts new employees, residents, and visitors to ensure fiscal stability for the community.

Provide a safe and healthy community

Parker will promote the wellbeing of our community by protecting our residents' welfare through prevention services and a safe transportation network. Parker fosters a feeling of personal safety and security through a visible, responsive public safety presence and a proactive focus on prevention, intervention and safety education.

Innovate with collaborative governance

Parker employs a high-quality dedicated workforce to support transparency, accountability, and fiscal sustainability by using innovative techniques to optimize performance. We engage in regional relationships, including our education, fire, water providers, and other governmental agencies and partnerships.

Develop a visionary community through balanced growth

Parker will demonstrate our commitment to balanced growth, well-planned development, and quality infrastructure using a visionary plan for a sustainable future. We support a healthy, future-focused community with exceptional services, while preserving our historical elements and hometown feel.

The Town of Parker supports legislation that is consistent and furthers advancement of the priorities and objectives found in its Strategic Plan. Conversely, the Town opposes legislation that inhibits achievement of the Strategic Plan and its objectives.

Limitations on legislative involvement

The Town will not take a position on every policy likely to impact the Town or its residents, businesses or other stakeholders in the community. The Town's legislative advocacy function has finite resources and focuses on areas with potential to have the greatest impact to the Town. The Town Council exercises discretion in determining when the Town takes a position on a policy.

Revisions to the Legislative Policy Agenda

The Town Council will review and update this Agenda each year as it deems appropriate. The Council may also choose to revise the Agenda outside of the regular update cycle in limited circumstances. Such circumstances may include a need to quickly respond to a particularly impactful policy or provide further direction to staff where the Agenda is not sufficiently specific on a topic.

The Council approves the Agenda each year via resolution.

Support of other organizations

The Town of Parker may from time-to-time partner with other municipalities or agencies on items of mutual interest. The Town may take a position on legislation to support its partners even if there is no direct impact to the Town itself.

Legislative review process

The Council serves as the Town's legislative review body. The Council is apprised of legislation throughout the session by staff and receives regular updates during Council meetings.

Individual advocacy and free speech

These procedures do not limit and are not intended to abridge the federal and state Constitutional rights of the Town Council and staff when they choose to express personal opinions on legislative matters. When expressing personal opinions, Council Members and staff are strongly encouraged to communicate that any personal opinions are not issued in an official capacity or on behalf of the Town of Parker or the Town Council. Individuals must refrain from the use of the Town's copyrighted logo or other branded materials.

While individual Council Members may advocate for or against legislation in their personal capacity, no Council Member may represent that they speak on behalf of the Town or Town Council when engaging in political advocacy unless the Town Council has taken a formal position for or against such legislation.

Advocacy for new legislation

Formal approval of the Town Council is required for the Town to propose new legislation. Neither the Mayor nor individual Council Members may propose legislation on behalf of the Town without the consent of the full Town Council.

EXECUTIVE SUMMARY

This agenda item is for the approval of a professional services agreement with Alfred Benesch & Company for the construction management and material testing services for the Parker Road Sidewalk East Side Multi-Use Trail Connection project.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

The Town engages consultants for construction management, inspection and material testing for capital improvement projects. Per the Procurement Procedures for Professional Services section of the Engineering/Public Works Department Procedure Manual, Alfred Benesch & Company was selected from the Town's prequalified consultant list for construction management and material testing services for the Parker Road Sidewalk East Side Multi-Use Trail Connection project. This followed a review of their project specific proposal (scope and fee). Their unique qualifications, capacity and interest in this project were the main considerations leading to the selection. Benesch's CDOT Local Agency (LA) experience with similar projects was also a consideration given the CDOT funding for this project. Therefore, they are most qualified to meet the contractor's anticipated schedule and are best suited for this particular project.

Title: **First Amendment to Agreement for Professional Services - RFIE 17-016 – Modernization of the Land Development Ordinance**

Amount: \$299,990 (No increase from original 2018 amount)

Contractor: Clarion Associates, LLC

Department: Community Development, Mary Munekata & Bryce Matthews

EXECUTIVE SUMMARY

The Town hired Clarion Associates to rewrite/modernize the Town's Land Development Ordinance (LDO) on October 15, 2018. The project has been actively proceeding since 2018 and the latest document provided is the adoption draft submitted by Clarion this month for review. The proposed Agreement for Professional Services Amendment extends the expiration of the agreement to December 31, 2024. This will allow for the completion of the LDO Modernization project in the first half of 2024.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

The Town hired the consultant Clarion Associates to modernize the LDO through a comprehensive update to a user-friendly document that better aligns with the Parker 2035 Master Plan. The updated LDO will facilitate a more transparent, modern and efficient approach to how the Town manages future growth and development by making zoning more consistent with the vision, goals and policies of the Master Plan (and associated plans). The other benefits of this project include the adoption of best practices in zoning and more consistent, easier-to-use and publicly accessible document containing the Town's development standards.

The Town and Clarion Associates are in the process of finalizing the LDO Modernization project. The final steps before project completion include updating the Town Council at the January 8, 2024 Study Session; obtaining final Council and public comments on the draft LDO; and scheduling public hearings for adoption in the first half of 2024.

The proposed extension of the agreement will enable Clarion Associates and the Community Development Department to complete the LDO Modernization project as described above.

There is no change in the cost of the Agreement, simply an extension of the expiration date.

EXECUTIVE SUMMARY

This item is to modify a trade contractor agreement with 53 Corporation, LLC for the Hilltop Road and Canterberry Parkway Area Improvements project (CIP22-039). BACKGROUND/DISCUSSION

On May 1, 2023, Town Council approved the award of the Hilltop Road and Canterberry Parkway Area Improvements project (CIP22-039) for \$989,915.50 to 53 Corporation, LLC. On July 10, 2023, Town Council approved a contract modification of \$498,705 for the associated stormwater detention pond improvements. The work on the stormwater pond improvements commenced in the summer of 2023 and was nearing completion at the end of 2023. The construction plans failed to include needed safety railing on the stormwater detention pond structures and this contract modification would provide the funding needed to complete this remaining aspect of the project. This contract amendment, if approved, will allow 53 Corporation, LLC to move forward with scheduling and executing the construction of remaining pond and drainage improvements associated with the Hilltop Road and Canterberry Parkway Area Improvements. Work on the project is anticipated to be fully completed in the spring of 2024.

Department: Engineering and Public Works, Patrick Burke

EXECUTIVE SUMMARY

The purpose of the attached ordinance is to approve the Intergovernmental Agreement (IGA) with the Colorado Department of Transportation (CDOT) to receive partial construction funding for the Parker Road Multiuse Path – Pine Drive to Stroh Road project.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

The Town of Parker is proposing to construct two segments of trail/sidewalk on the east side of Parker Road where there are currently gaps in the sidewalk. The first segment consists of a multi-use trail between Pine Drive and the existing multi-use trail that terminates at the Town of Parker open space property near the Pine Bluffs neighborhood. The second segment consists of a multi-use trail between the existing trail fronting the Big Tool Box property, crossing J. Morgan Blvd., and then connecting to the existing multi-use trail just south of Robinson Ranch.

Through the Denver Regional Council of Governments (DRCOG), the Town was approved to receive partial state/federal multi-modal funding for construction of this trail/sidewalk and pedestrian bridge. An IGA with CDOT is required to receive these funds. The proposed IGA is for direct construction funding being reimbursed up to \$3,596,000. The Town will be required to fund the remaining \$1,404,000 of the estimated \$5,000,000 direct construction costs. The funding cannot be used for non-direct construction expenses such as design, materials testing or construction administration, and the Town will be responsible for these costs.

The Town's consultant is just starting work on preliminary design for this section of trail/sidewalk and pedestrian bridge. The Town is intending to competitively bid and award the construction contract in early 2025 with construction occurring during the 2025 construction

season. Recently, the Town has successfully completed other trail/sidewalk projects along Parker Road with similar funding and IGAs with CDOT, including a section on the west side of Parker Road between Twenty Mile Road and Hess Road.

FINANCIAL IMPACT

As with any new sidewalk and bridge construction, long-term maintenance should be anticipated. Given typical use and proper initial construction, the sidewalk/bridge should last for 30 years. Snow removal is not typically the Town's responsibility unless the Town is the adjacent property owner. While a portion this sidewalk will be on CDOT property, CDOT does not own or maintain sidewalks and the Town will be responsible for any damage and/or replacement.

2. TERM AND EFFECTIVE DATE

A. Effective Date

This Agreement shall not be valid or enforceable until the Effective Date, and Agreement Funds shall be expended within the dates shown in **Exhibit C** for each respective phase (“Phase Performance Period(s)”). The State shall not be bound by any provision of this Agreement before the Effective Date, and shall have no obligation to pay Local Agency for any Work performed or expense incurred before 1) the Effective Date of this original Agreement; except as described in **§7.D**; 2) before the encumbering document for the respective phase *and* the official Notice to Proceed for the respective phase; or 3) after the Final Phase Performance End Date, as shown in **Exhibit C**. ii. Obligations and Rights

Upon receipt of a termination notice for termination in the public interest, Local Agency shall be subject to **§14.A.i.a**

iii. Payments

If the State terminates this Agreement in the public interest, the State shall pay Local Agency an amount equal to the percentage of the total reimbursement payable under this Agreement that corresponds to the percentage of Work satisfactorily completed and accepted, as determined by the State, less payments previously made. Additionally, if this Agreement is less than 60% completed, as determined by the State, the State may reimburse Local Agency for a portion of actual out-of-pocket expenses, not otherwise reimbursed under this Agreement, incurred by Local Agency which are directly attributable to the uncompleted portion of Local Agency’s obligations, provided that the sum of any and all reimbursement shall not exceed the maximum amount payable to Local Agency hereunder. This subsection shall not apply to a termination of this ARPA Award by the State for breach by Local Agency.

Local Agency shall conduct such maintenance and operations in accordance with all applicable statutes, ordinances, and regulations pertaining to maintaining such improvements. The State and FHWA may make periodic inspections to verify that such improvements are being adequately maintained.

ix. Monitoring Obligations

Local Agency shall respond in a timely manner to and participate fully with the monitoring activities described in §7.F.vi.

B. State's Commitments

- i. The State will perform a final project inspection of the Work as a quality control/assurance activity. When all Work has been satisfactorily completed, the State will sign the FHWA Form 1212.
- ii. Notwithstanding any consents or approvals given by the State for the Plans, the State shall not be liable or responsible in any manner for the structural design, details or construction of any Work constituting major structures designed by, or that are the responsibility of, Local Agency, as identified in **Exhibit E**.

7. PAYMENTS

A. Maximum Amount

Payments to Local Agency are limited to the unpaid, obligated balance of the Agreement Funds set forth in **Exhibit C**. The State shall not pay Local Agency any amount under this Agreement that exceeds the Agreement Maximum set forth in **Exhibit C**.

B. Payment Procedures

i. Invoices and Payment

- a. The State shall pay Local Agency in the amounts and in accordance with conditions set forth in **Exhibit C**.
- b. Local Agency shall initiate payment requests by invoice to the State, in a form and manner approved by the State.
- c. The State shall pay each invoice within 45 days following the State's receipt of that invoice, so long as the amount invoiced correctly represents Work completed by Local Agency and previously accepted by the State during the term that the invoice covers. If the State determines that the amount of any invoice is not correct, then Local Agency shall make all changes necessary to correct that invoice.
- d. The acceptance of an invoice shall not constitute acceptance of any Work performed or deliverables provided under the Agreement.
- e. If a project is funded in part with Federal or State special funding there may be an expiration date for the funds. The expiration date applies to grants and local funds used to match grants. To receive payment or credit for the match, Work must be completed or substantially completed, as outlined in the terms of the grant, prior to the expiration date of the special funding and invoiced in compliance with the rules outlined in the award of the funding. The acceptance of an invoice shall not constitute acceptance of any Work performed or deliverables provided under the Agreement.

ii. Interest

Amounts not paid by the State within 45 days after the State's acceptance of the invoice shall bear interest on the unpaid balance beginning on the 46th day at the rate of 1% per month, as required by §24-30-202(24)(a), C.R.S., until paid in full; provided, however, that interest shall not accrue on unpaid amounts that the State disputes in writing. Local Agency shall invoice the State separately for accrued interest on delinquent amounts, and the invoice shall reference the delinquent payment, the number of days interest to be paid and the interest rate.

iii. Payment Disputes

If Local Agency disputes any calculation, determination, or amount of any payment, Local Agency shall notify the State in writing of its dispute within 30 days following the earlier to occur of Local Agency's receipt of the payment or notification of the determination or calculation of the payment by the State. The State will review the information presented by Local Agency and may make changes to its determination based on this review. The calculation, determination, or payment amount that results from the State's review shall not be subject to additional dispute under this subsection. No payment subject to a dispute under this subsection shall be due until after the State has concluded its review, and the State shall not pay any interest on any amount during the period it is subject to dispute under this subsection.

iv. Available Funds-Contingency-Termination

- a. The State is prohibited by law from making commitments beyond the term of the current State Fiscal Year. Payment to Local Agency beyond the current State Fiscal Year is contingent on the appropriation and continuing availability of Agreement Funds in any subsequent year (as provided in the Colorado Special Provisions). If federal funds or funds from any other non-State funds constitute all or some of the Agreement Funds, the State's obligation to pay Local Agency shall be contingent upon such non-State funding continuing to be made available for payment. Payments to be made pursuant to this Agreement shall be made only from Agreement Funds, and the State's liability for such payments shall be limited to the amount remaining of such Agreement Funds. If State, federal or other funds are not appropriated, or otherwise become unavailable to fund this Agreement, the State may, upon written notice, terminate this Agreement, in whole or in part, without incurring further liability. The State shall, however, remain obligated to pay for Services and Goods that are delivered and accepted prior to the effective date of notice of termination, and this termination shall otherwise be treated as if this Agreement were terminated in the public interest as described in **§2.C**.
- b. If the agreement funds are terminated, the State can terminate the contract early. Payment due for work done to the date of termination will be processed in a manner consistent with **§2.C**.

v. Erroneous Payments

The State may recover, at the State's discretion, payments made to Local Agency in error for any reason, including, but not limited to, overpayments or improper payments, and unexpended or excess funds received by Local Agency. The State may recover such payments by deduction from subsequent payments under this Agreement, deduction from any payment due under any other contracts, grants or agreements between the State and Local Agency, or by any other appropriate method for collecting debts owed to the State. The close out of a Federal Award does not affect the right of FHWA or the State to disallow costs and recover funds on the basis of a later audit or other review. Any cost disallowance recovery is to be made within the Record Retention Period (as defined below in **§9.A.**).

vi. Federal Recovery

The close-out of a Federal Award does not affect the right of the Federal Awarding Agency or the State to disallow costs and recover funds on the basis of a later audit or other review. Any cost disallowance recovery is to be made within the Record Retention Period, as defined below.

C. Local Agency Funds

Local Agency shall provide their obligated contribution funds as outlined in **§7.A.** and **Exhibit C**. Local Agency shall have raised the full amount of their funds prior to the Effective Date and shall report to the State regarding the status of such funds upon request. Local Agency's obligation to pay all or any part of any matching funds, whether direct or contingent, only extend to funds duly and lawfully appropriated for the purposes of this Agreement by the authorized representatives of Local Agency and paid into Local Agency's treasury. Local Agency represents to the State that the amount designated "Local Agency Funds" in **Exhibit C** has been legally appropriated for the purpose of this Agreement by its authorized representatives and paid into its treasury. Local Agency may evidence such obligation by an appropriate ordinance/resolution or other authority letter expressly authorizing Local Agency to enter into this Agreement and to expend its match share of the Work. A copy of any such ordinance/resolution or authority letter is attached hereto as **Exhibit D** if applicable. Local Agency does not by this Agreement irrevocably pledge present cash reserves for payments in future fiscal years, and this Agreement is not intended to create a multiple-fiscal year debt of

Local Agency. Local Agency shall not pay or be liable for any claimed interest, late charges, fees, taxes, or penalties of any nature, except as required by Local Agency's laws or policies.

D. Reimbursement of Local Agency Costs

The State shall reimburse Local Agency's allowable costs, not exceeding the maximum total amount described in **Exhibit C** and §7. However, any costs incurred by Local Agency prior to the Effective Date shall not be reimbursed absent specific allowance of pre-award costs and indication that the Federal Award funding is retroactive. The State shall pay Local Agency for costs or expenses incurred or performance by the Local Agency prior to the Effective Date, only if (1) the Grant Funds involve federal funding and (2) federal laws, rules, and regulations applicable to the Work provide for such retroactive payments to the Local Agency. Any such retroactive payments shall comply with State Fiscal Rules and be made in accordance with the provisions of this Agreement. The applicable principles described in 2 C.F.R. Part 200 shall govern the State's obligation to reimburse all costs incurred by Local Agency and submitted to the State for reimbursement hereunder, and Local Agency shall comply with all such principles. The State shall reimburse Local Agency for the federal-aid share of properly documented costs related to the Work after review and approval thereof, subject to the provisions of this Agreement and **Exhibit C**. Local Agency costs for Work performed prior to the Effective Date shall not be reimbursed absent specific allowance of pre-award costs and indication that the Federal Award funding is retroactive. Local Agency costs for Work performed after any Performance Period End Date for a respective phase of the Work, is not reimbursable. Allowable costs shall be:

- i. Reasonable and necessary to accomplish the Work and for the Goods and Services provided.
- ii. Actual net cost to Local Agency (i.e. the price paid minus any items of value received by Local Agency that reduce the cost actually incurred).

E. Unilateral Modification of Agreement Funds Budget by State Option Letter

The State may, at its discretion, issue an "Option Letter" to Local Agency to add or modify Work phases in the Work schedule in **Exhibit C** if such modifications do not increase total budgeted Agreement Funds. Such Option Letters shall amend and update **Exhibit C**, Sections 2 or 4 of the Table, and sub-sections B and C of the **Exhibit C**. Option Letters shall not be deemed valid until signed by the State Controller or an authorized delegate. **This is NOT a Notice to Proceed.** Modification of **Exhibit C** by unilateral Option Letter is permitted only in the specific scenarios listed below. The State will exercise such options by providing Local Agency a fully executed Option Letter, in a form substantially equivalent to **Exhibit B**. Such Option Letters will be incorporated into this Agreement. This applies to the entire Scope of Work.

i. Option to Begin a Phase and/or Increase or Decrease the Encumbrance Amount

The State may require by Option Letter that Local Agency begin a new Work phase that may include Design, Construction, Environmental, Utilities, ROW Incidentals or Miscellaneous Work (but may not include Right of Way Acquisition/Relocation or Railroads) as detailed in **Exhibit A**. Such Option Letters may not modify the other terms and conditions stated in this Agreement and must decrease the amount budgeted and encumbered for one or more other Work phases so that the total amount of budgeted Agreement Funds remains the same. The State may also change the funding sources so long as the amount budgeted remains the same and the Local Agency contribution does not increase. The State may also issue a unilateral Option Letter to increase and/or decrease the total encumbrance amount of two or more existing Work phases, as long as the total amount of budgeted Agreement Funds remains the same, replacing the original Agreement Funding exhibit (**Exhibit C**) with an updated **Exhibit C-1** (with subsequent exhibits labeled **C-2**, **C-3**, etc.).

ii. Option to Transfer Funds from One Phase to Another Phase.

The State may require or permit Local Agency to transfer Agreement Funds from one Work phase (Design, Construction, Environmental, Utilities, ROW Incidentals or Miscellaneous) to another phase as a result of changes to State, federal, and local match funding. In such case, the original funding exhibit (**Exhibit C**) will be replaced with an updated **Exhibit C-1** (with subsequent exhibits labeled **C-2**, **C-3**, etc.) attached to the Option Letter. The Agreement Funds transferred from one Work phase to another are subject to the same terms and conditions stated in the original Agreement with the total budgeted Agreement Funds remaining the same. The State may unilaterally exercise this option by providing a

- fully executed Option Letter to Local Agency within thirty (30) days before the initial targeted start date of the Work phase, in a form substantially equivalent to **Exhibit B**.
- iii. Option to Exercise Options i and ii.
- The State may require Local Agency to add a Work phase as detailed in **Exhibit A**, and encumber and transfer Agreement Funds from one Work phase to another. The original funding exhibit (**Exhibit C**) in the original Agreement will be replaced with an updated **Exhibit C-1** (with subsequent exhibits labeled **C-2**, **C-3**, etc.) attached to the Option Letter. The addition of a Work phase and encumbrance and transfer of Agreement Funds are subject to the same terms and conditions stated in the original Agreement with the total budgeted Agreement Funds remaining the same. The State may unilaterally exercise this option by providing a fully executed Option Letter to Local Agency within 30 days before the initial targeted start date of the Work phase, in a form substantially equivalent to **Exhibit B**.
- iv. Option to Extend Agreement/Phase Term and/or modify the OMB Uniform Guidance. The State, at its discretion, shall have the option to extend the term of this Agreement and/or update a Work Phase Performance Period and/or modify information required under the OMB Uniform Guidance, as outlined in **Exhibit C**. Any updated version of **Exhibit C** shall be attached to any executed Option Letter as **Exhibit C-1** (with subsequent exhibits labeled **C-2**, **C-3**, etc.). In order to exercise this option, the State shall provide written notice to the Local Agency in a form substantially equivalent to **Exhibit B**.

F. Accounting

Local Agency shall establish and maintain accounting systems in accordance with generally accepted accounting standards (a separate set of accounts, or as a separate and integral part of its current accounting scheme). Such accounting systems shall, at a minimum, provide as follows:

i. Local Agency Performing the Work

If Local Agency is performing the Work, it shall document all allowable costs, including any approved Services contributed by Local Agency or subcontractors, using payrolls, time records, invoices, contracts, vouchers, and other applicable records.

ii. Local Agency-Checks or Draws

Checks issued or draws made by Local Agency shall be made or drawn against properly signed vouchers detailing the purpose thereof. Local Agency shall keep on file all checks, payrolls, invoices, contracts, vouchers, orders, and other accounting documents in the office of Local Agency, clearly identified, readily accessible, and to the extent feasible, separate and apart from all other Work documents.

iii. State-Administrative Services

The State may perform any necessary administrative support services required hereunder. Local Agency shall reimburse the State for the costs of any such services from the budgeted Agreement Funds as provided for in **Exhibit C**. If FHWA Agreement Funds are or become unavailable, or if Local Agency terminates this Agreement prior to the Work being approved by the State or otherwise completed, then all actual incurred costs of such services and assistance provided by the State shall be reimbursed to the State by Local Agency at its sole expense.

iv. Local Agency-Invoices

Local Agency's invoices shall describe in detail the reimbursable costs incurred by Local Agency for which it seeks reimbursement, the dates such costs were incurred and the amounts thereof, and Local Agency shall not submit more than one invoice per month.

v. Invoicing Within 60 Days

The State shall not be liable to reimburse Local Agency for any costs invoiced more than 60 days after the date on which the costs were incurred, including costs included in Local Agency's final invoice. The State may withhold final payment to Local Agency at the State's sole discretion until completion of final audit. Any costs incurred by Local Agency that are not allowable under 2 C.F.R. Part 200 shall be Local Agency's responsibility, and the State will deduct such disallowed costs from any payments due to Local Agency. The State will not reimburse costs for Work performed after the Performance Period End Date for a respective Work phase. The State will not reimburse costs for Work performed prior to Performance

Period End Date, but for which an invoice is received more than 60 days after the Performance Period End Date.

vi. Risk Assessment & Monitoring

Pursuant to 2 C.F.R. 200.331(b), – CDOT will evaluate Local Agency’s risk of noncompliance with federal statutes, regulations, and terms and conditions of this Agreement. Local Agency shall complete a Risk Assessment Form (**Exhibit L**) when that may be requested by CDOT. The risk assessment is a quantitative and/or qualitative determination of the potential for Local Agency’s non-compliance with the requirements of the Federal Award. The risk assessment will evaluate some or all of the following factors:

- Experience: Factors associated with the experience and history of the Subrecipient with the same or similar Federal Awards or grants.
- Monitoring/Audit: Factors associated with the results of the Subrecipient’s previous audits or monitoring visits, including those performed by the Federal Awarding Agency, when the Subrecipient also receives direct federal funding. Include audit results if Subrecipient receives single audit, where the specific award being assessed was selected as a major program.
- Operation: Factors associated with the significant aspects of the Subrecipient’s operations, in which failure could impact the Subrecipient’s ability to perform and account for the contracted goods or services.
- Financial: Factors associated with the Subrecipient’s financial stability and ability to comply with financial requirements of the Federal Award.
- Internal Controls: Factors associated with safeguarding assets and resources, deterring and detecting errors, fraud and theft, ensuring accuracy and completeness of accounting data, producing reliable and timely financial and management information, and ensuring adherence to its policies and plans.
- Impact: Factors associated with the potential impact of a Subrecipient’s non-compliance to the overall success of the program objectives.
- Program Management: Factors associated with processes to manage critical personnel, approved written procedures, and knowledge of rules and regulations regarding federal-aid projects.

Following Local Agency’s completion of the Risk Assessment Tool (**Exhibit L**), CDOT will determine the level of monitoring it will apply to Local Agency’s performance of the Work. This risk assessment may be re-evaluated after CDOT begins performing monitoring activities.

G. **Close Out**

Local Agency shall close out this Award within 90 days after the Final Phase Performance End Date. If SLFRF Funds are used the Local Agency shall close out that portion of the Award within 45 days after the ARPA Award Expiration Date. Close out requires Local Agency’s submission to the State of all deliverables defined in this Agreement, and Local Agency’s final reimbursement request or invoice. The State will withhold 5% of allowable costs until all final documentation has been submitted and accepted by the State as substantially complete. If FHWA or US Treasury has not closed this Federal Award within one (1) year and 90 days after the Final Phase Performance End Date due to Local Agency’s failure to submit required documentation, then Local Agency may be prohibited from applying for new Federal Awards through the State until such documentation is submitted and accepted.

Such progress report shall be in accordance with the procedures developed and prescribed by the State. Progress reports shall be submitted to the State not later than ten (10) Business Days following the end of each calendar quarter or at such time as otherwise specified by the State. If SLFRF Funds are used the report must be in the format of **Exhibit P**.

Local Agency shall maintain such records for a period (the "Record Retention Period") pursuant to the requirements of the funding source and for a minimum of three (3) years following the date of submission to the State of the final expenditure report, whichever is longer, or if this Award is renewed quarterly or annually, from the date of the submission of each quarterly or annual report, respectively. If any litigation, claim, or audit related to this Award starts before expiration of the Record Retention Period, the Record Retention Period shall extend until all litigation, claims, or audit findings have been resolved and final action taken by the State or Federal Awarding Agency. The Federal Awarding Agency, a cognizant agency for audit, oversight or indirect costs, and the State, may notify Local Agency in writing that the Record Retention Period shall be extended. For records for real property and equipment, the Record Retention Period shall extend three (3) years following final disposition of such property.

C. Monitoring

The State will monitor Local Agency's performance of its obligations under this Agreement using procedures as determined by the State. The State shall monitor Local Agency's performance in a manner that does not unduly interfere with Local Agency's performance of the Work. Local Agency shall allow the State to perform all monitoring required by the Uniform Guidance, based on the State's risk analysis of Local Agency. The State shall have the right, in its sole discretion, to change its monitoring procedures and requirements at any time during the term of this Agreement. The State shall monitor Local Agency's performance in a manner that does not unduly interfere with Local Agency's performance of the Work. If Local Agency enters into a subcontract with an entity that would also be considered a Subrecipient, then the subcontract entered into by Local Agency shall contain provisions permitting both Local Agency and the State to perform all monitoring of that Subcontractor in accordance with the Uniform Guidance.

D. Final Audit Report

Local Agency shall promptly submit to the State a copy of any final audit report of an audit performed on Local Agency's records that relates to or affects this Agreement or the Work, whether the audit is conducted

by Local Agency or a third party. Additionally, if Local Agency is required to perform a single audit under 2 CFR 200.501, *et seq.*, then Local Agency shall submit a copy of the results of that audit to the State within the same timelines as the submission to the federal government.

If Local Agency is prevented by law or regulation from returning or destroying State Confidential Information, Local Agency warrants it will guarantee the confidentiality of, and cease to use, such State Confidential Information.

D. Incident Notice and Remediation

If Local Agency becomes aware of any Incident, it shall notify the State immediately and cooperate with the State regarding recovery, remediation, and the necessity to involve law enforcement, as determined by the State. Unless Local Agency can establish that none of Local Agency or any of its agents, employees, assigns, or Subcontractors are the cause or source of the Incident, Local Agency shall be responsible for the cost of notifying each person who may have been impacted by the Incident. After an Incident, Local Agency shall take steps to reduce the risk of incurring a similar type of Incident in the future as directed by the State, which

may include, but is not limited to, developing, and implementing a remediation plan that is approved by the State at no additional cost to the State.

Using a "Complete Streets" approach to design, the multi-use trail/sidewalk will feature a typical 10-foot-wide concrete path that can be shared by both pedestrians and bicyclists, expanding the active transportation network. This request is for construction only funding.

If ARPA funds are used, all ARPA funds must be encumbered by December 31, 2024. All work funded by ARPA must be completed by December 31, 2026 and all bills must be submitted to CDOT for payment by January 31, 2027. These bills must be paid by CDOT by March 31, 2027.

By accepting funds for this Scope of Work, Local Agency acknowledges, understands, and accepts the continuing responsibility for the safety of the traveling public after initial acceptance of the project. **Local Agency is responsible for maintaining and operating the scope of work described in this Exhibit A constructed under this Agreement at its own cost and expense during its useful life.**

LOCAL AGENCY PROCEDURES FOR CONSULTANT SERVICES

Title 23 Code of Federal Regulations (CFR) 172 applies to a federally funded Local Agency project agreement administered by CDOT that involves professional consultant services. 23 CFR 172.1 states “The policies and procedures involve federally funded contracts for engineering and design related services for projects subject to the provisions of 23 U.S.C. 112(a) and are issued to ensure that a qualified consultant is obtained through an equitable selection process, that prescribed work is properly accomplished in a timely manner, and at fair and reasonable cost” and according to 23 CFR 172.5 “Price shall not be used as a factor in the analysis and selection phase.” Therefore, local agencies must comply with these CFR requirements when obtaining professional consultant services under a federally funded consultant contract administered by CDOT.

CDOT has formulated its procedures in Procedural Directive (P.D.) 400.1 and the related operations guidebook titled "Obtaining Professional Consultant Services". This directive and guidebook incorporate requirements from both Federal and State regulations, i.e., 23 CFR 172 and CRS §24-30-1401 et seq. Copies of the directive and the guidebook may be obtained upon request from CDOT's Agreements and Consultant Management Unit. [Local agencies should have their own written procedures on file for each method of procurement that addresses the items in 23 CFR 172].

Because the procedures and laws described in the Procedural Directive and the guidebook are quite lengthy, the subsequent steps serve as a short-hand guide to CDOT procedures that a Local Agency must follow in obtaining professional consultant services. This guidance follows the format of 23 CFR 172. The steps are:

1. The contracting Local Agency shall document the need for obtaining professional services.
2. Prior to solicitation for consultant services, the contracting Local Agency shall develop a detailed scope of work and a list of evaluation factors and their relative importance. The evaluation factors are those identified in C.R.S. 24-30-1403. Also, a detailed cost estimate should be prepared for use during negotiations.
3. The contracting agency must advertise for contracts in conformity with the requirements of C.R.S. 24-30-1405. The public notice period, when such notice is required, is a minimum of 15 days prior to the selection of the three most qualified firms and the advertising should be done in one or more daily newspapers of general circulation.
4. The Local Agency shall not advertise any federal aid contract without prior review by the CDOT Regional Civil Rights Office (RCRO) to determine whether the contract shall be subject to a DBE contract goal. If the RCRO determines a goal is necessary, then the Local Agency shall include the goal and the applicable provisions within the advertisement. The Local Agency shall not award a contract to any Contractor or Consultant without the confirmation by the CDOT Civil Rights and Business Resource Center that the Contractor or Consultant has demonstrated good faith efforts. The Local Agency shall work with the CDOT RCRO to ensure compliance with the established terms during the performance of the contract.
5. The Local Agency shall require that all contractors pay subcontractors for satisfactory performance of work no later than 30 days after the receipt of payment for that work from the contractor. For construction projects, this time period shall be reduced to seven days in accordance with Colorado Revised Statute 24-91-103(2). If the Local Agency withholds retainage from contractors and/or allows contractors to withhold retainage from subcontractors, such retainage provisions must comply with 49 CFR 26.29.
6. Payments to all Subconsultants shall be made within thirty days of receipt of payment from [the Local Agency] or no later than ninety days from the date of the submission of a complete invoice from the Subconsultant, whichever occurs first. If the Consultant has good cause to dispute an amount invoiced by a Subconsultant, the Consultant shall notify [the Local Agency] no later than the required date for payment. Such notification shall include the amount disputed and justification for the withholding. The Consultant shall maintain records of payment that show amounts paid to all Subconsultants. Good cause does not include the Consultant's failure to submit an invoice to the Local Agency or to deposit payments made.
7. The analysis and selection of the consultants shall be done in accordance with CRS §24-30-1403. This section of the regulation identifies the criteria to be used in the evaluation of CDOT pre-qualified prime consultants and their team. It also shows which criteria are used to short-list and to make a final selection.

The short-list is based on the following evaluation factors:

- a. Qualifications,

- b. Approach to the Work,
- c. Ability to furnish professional services.
- d. Anticipated design concepts, and
- e. Alternative methods of approach for furnishing the professional services. Evaluation factors for final selection are the consultant's:

- a. Abilities of their personnel,
 - b. Past performance,
 - c. Willingness to meet the time and budget requirement,
 - d. Location,
 - e. Current and projected work load,
 - f. Volume of previously awarded contracts, and
 - g. Involvement of minority consultants.
8. Once a consultant is selected, the Local Agency enters into negotiations with the consultant to obtain a fair and reasonable price for the anticipated work. Pre-negotiation audits are prepared for contracts expected to be greater than \$50,000. Federal reimbursements for costs are limited to those costs allowable under the cost principles of 48 CFR 31. Fixed fees (profit) are determined with consideration given to size, complexity, duration, and degree of risk involved in the work. Profit is in the range of six to 15 percent of the total direct and indirect costs.
9. A qualified Local Agency employee shall be responsible and in charge of the Work to ensure that the work being pursued is complete, accurate, and consistent with the terms, conditions, and specifications of the contract. At the end of Work, the Local Agency prepares a performance evaluation (a CDOT form is available) on the consultant.

CRS §§24-30-1401 THROUGH 24-30-1408, 23 CFR PART 172, AND P.D. 400.1, PROVIDE ADDITIONAL DETAILS FOR COMPLYING WITH THE PRECEEDING EIGHT (8) STEPS.

A. Employment and Materials Preference for Appalachian Development Highway System or Appalachian Local Access Road Contracts (included in Appalachian contracts only)

I. GENERAL

1. Form FHWA-1273 must be physically incorporated in each construction contract funded under title 23, United States Code, as required in 23 CFR 633.102(b) (excluding emergency contracts solely intended for debris removal). The contractor (or subcontractor) must insert this form in each subcontract and further require its inclusion in all lower tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services). 23 CFR 633.102(e).

The applicable requirements of Form FHWA-1273 are incorporated by reference for work done under any purchase order, rental agreement or agreement for other services. The prime contractor shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider. 23 CFR 633.102(e).

Form FHWA-1273 must be included in all Federal-aid design-build contracts, in all subcontracts and in lower tier subcontracts (excluding subcontracts for design services, purchase orders, rental agreements and other agreements for supplies or services) in accordance with 23 CFR 633.102. The design-builder shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider.

Contracting agencies may reference Form FHWA-1273 in solicitation-for-bids or request-for-proposals documents, however, the Form FHWA-1273 must be physically incorporated (not referenced) in all contracts, subcontracts and lower-tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services related to a construction contract). 23 CFR 633.102(b).

2. Subject to the applicability criteria noted in the following sections, these contract provisions shall apply to all work

performed on the contract by the contractor's own organization and with the assistance of workers under the contractor's immediate superintendence and to all work performed on the contract by piecework, station work, or by subcontract. 23 CFR 633.102(d).

3. A breach of any of the stipulations contained in these Required Contract Provisions may be sufficient grounds for withholding of progress payments, withholding of final payment, termination of the contract, suspension / debarment or any other action determined to be appropriate by the contracting agency and FHWA.

4. Selection of Labor: During the performance of this contract, the contractor shall not use convict labor for any purpose within the limits of a construction project on a Federal-aid highway unless it is labor performed by convicts who are on parole, supervised release, or probation. 23 U.S.C. 114(b). The term Federal-aid highway does not include roadways functionally classified as local roads or rural minor collectors. 23 U.S.C. 101(a).

II. NONDISCRIMINATION (23 CFR 230.107(a); 23 CFR Part 230, Subpart A, Appendix A; EO 11246)

The provisions of this section related to 23 CFR Part 230, Subpart A, Appendix A are applicable to all Federal-aid construction contracts and to all related construction subcontracts of \$10,000 or more. The provisions of 23 CFR Part 230 are not applicable to material supply, engineering, or architectural service contracts.

In addition, the contractor and all subcontractors must comply with the following policies: Executive Order 11246, 41 CFR Part 60, 29 CFR Parts 1625-1627, 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The contractor and all subcontractors must comply with: the requirements of the Equal Opportunity Clause in 41 CFR 60-1.4(b) and, for all construction contracts exceeding \$10,000, the Standard Federal Equal Employment Opportunity Construction Contract Specifications in 41 CFR 60-4.3.

Note: The U.S. Department of Labor has exclusive authority to determine compliance with Executive Order 11246 and the policies of the Secretary of Labor including 41 CFR Part 60, and 29 CFR Parts 1625-1627. The contracting agency and the FHWA have the authority and the responsibility to ensure compliance with 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), and Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The following provision is adopted from 23 CFR Part 230, Subpart A, Appendix A, with appropriate revisions to conform to the U.S. Department of Labor (US DOL) and FHWA requirements.

1. Equal Employment Opportunity: Equal Employment Opportunity (EEO) requirements not to discriminate and to take affirmative action to assure equal opportunity as set forth under laws, executive orders, rules, regulations (see 28 CFR Part 35, 29 CFR Part 1630, 29 CFR Parts 1625-1627, 41 CFR Part 60 and 49 CFR Part 27) and orders of the Secretary of Labor as modified by the provisions prescribed herein, and imposed pursuant to 23 U.S.C. 140, shall constitute the EEO and specific affirmative action standards for the contractor's project activities under this contract. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) set forth under 28 CFR Part 35 and 29 CFR Part 1630 are incorporated by reference in this contract. In the execution of this contract, the contractor agrees to comply with the following minimum specific requirement activities of EEO:

a. The contractor will work with the contracting agency and the Federal Government to ensure that it has made every good faith effort to provide equal opportunity with respect to all of its terms and conditions of employment and in their review of activities under the contract. 23 CFR 230.409 (g)(4) & (5).

b. The contractor will accept as its operating policy the following statement:

"It is the policy of this Company to assure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, sex, sexual orientation, gender identity, color, national origin, age or disability. Such action shall include: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship, pre-apprenticeship, and/or on-the-job training."

2. EEO Officer: The contractor will designate and make known to the contracting officers an EEO Officer who will have the responsibility for and must be capable of effectively administering and promoting an active EEO program and who must be assigned adequate authority and responsibility to do so.

3. Dissemination of Policy: All members of the contractor's staff who are authorized to hire, supervise, promote, and discharge employees, or who recommend such action or are substantially involved in such action, will be made fully cognizant of and will implement the contractor's EEO policy and contractual responsibilities to provide EEO in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:

a. Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less often than once every six months, at which time the contractor's EEO policy and its implementation will be reviewed and explained. The meetings will be conducted by the EEO Officer or other knowledgeable company official.

b. All new supervisory or personnel office employees will be given a thorough indoctrination by the EEO Officer, covering all major aspects of the contractor's EEO obligations within thirty days following their reporting for duty with the contractor.

c. All personnel who are engaged in direct recruitment for the project will be instructed by the EEO Officer in the contractor's procedures for locating and hiring minorities and women.

d. Notices and posters setting forth the contractor's EEO policy will be placed in areas readily accessible to employees, applicants for employment and potential employees.

e. The contractor's EEO policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

4. Recruitment: When advertising for employees, the contractor will include in all advertisements for employees the notation: "An Equal Opportunity Employer." All such advertisements will be placed in publications having a large circulation among minorities and women in the area from which the project work force would normally be derived.

a. The contractor will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minorities and women. To meet this requirement, the contractor will identify sources of potential minority group employees and establish with such identified sources procedures whereby minority and women applicants may be referred to the contractor for employment consideration.

b. In the event the contractor has a valid bargaining agreement providing for exclusive hiring hall referrals, the contractor is expected to observe the provisions of that agreement to the extent that the system meets the contractor's compliance with EEO contract provisions. Where implementation of such an agreement has the effect of discriminating against minorities or women, or obligates the contractor to do the same, such implementation violates Federal nondiscrimination provisions.

c. The contractor will encourage its present employees to refer minorities and women as applicants for employment. Information and procedures with regard to referring such applicants will be discussed with employees.

5. Personnel Actions: Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age or disability. The following procedures shall be followed:

a. The contractor will conduct periodic inspections of project sites to ensure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.

b. The contractor will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory wage practices.

c. The contractor will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the contractor will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

d. The contractor will promptly investigate all complaints of alleged discrimination made to the contractor in connection with its obligations under this contract, will attempt to resolve such complaints, and will take appropriate corrective action

within a reasonable time. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the contractor will inform every complainant of all of their avenues of appeal.

6. Training and Promotion:

a. The contractor will assist in locating, qualifying, and increasing the skills of minorities and women who are applicants for employment or current employees. Such efforts should be aimed at developing full journey level status employees in the type of trade or job classification involved.

b. Consistent with the contractor's work force requirements and as permissible under Federal and State regulations, the contractor shall make full use of training programs (i.e., apprenticeship and on-the-job training programs for the geographical area of contract performance). In the event a special provision for training is provided under this contract, this subparagraph will be superseded as indicated in the special provision. The contracting agency may reserve training positions for persons who receive welfare assistance in accordance with 23 U.S.C. 140(a).

c. The contractor will advise employees and applicants for employment of available training programs and entrance requirements for each.

d. The contractor will periodically review the training and promotion potential of employees who are minorities and women and will encourage eligible employees to apply for such training and promotion.

7. Unions: If the contractor relies in whole or in part upon unions as a source of employees, the contractor will use good faith efforts to obtain the cooperation of such unions to increase opportunities for minorities and women. 23 CFR 230.409. Actions by the contractor, either directly or through a contractor's association acting as agent, will include the procedures set forth below:

a. The contractor will use good faith efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minorities and women for membership in the unions and increasing the skills of minorities and women so that they may qualify for higher paying employment.

b. The contractor will use good faith efforts to incorporate an EEO clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability.

c. The contractor is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union and such labor union refuses to furnish such information to the contractor, the contractor shall so certify to the contracting agency and shall set forth what efforts have been made to obtain such information.

d. In the event the union is unable to provide the contractor with a reasonable flow of referrals within the time limit set forth in the collective bargaining agreement, the contractor will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability; making full efforts to obtain qualified and/or qualifiable minorities and women. The failure of a union to provide

sufficient referrals (even though it is obligated to provide exclusive referrals under the terms of a collective bargaining agreement) does not relieve the contractor from the requirements of this paragraph. In the event the union referral practice prevents the contractor from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such contractor shall immediately notify the contracting agency.

8. Reasonable Accommodation for Applicants /

Employees with Disabilities: The contractor must be familiar with the requirements for and comply with the Americans with Disabilities Act and all rules and regulations established thereunder. Employers must provide reasonable accommodation in all employment activities unless to do so would cause an undue hardship.

9. Selection of Subcontractors, Procurement of Materials and Leasing of Equipment:

The contractor shall not discriminate on the grounds of race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The contractor shall take all necessary and reasonable steps to ensure nondiscrimination in the administration of this contract.

a. The contractor shall notify all potential subcontractors, suppliers, and lessors of their EEO obligations under this contract.

b. The contractor will use good faith efforts to ensure subcontractor compliance with their EEO obligations.

10. Assurances Required:

a. The requirements of 49 CFR Part 26 and the State DOT's FHWA-approved Disadvantaged Business Enterprise (DBE) program are incorporated by reference.

b. The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

- (1) Withholding monthly progress payments;
- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying the contractor from future bidding as non-responsible.

c. The Title VI and nondiscrimination provisions of U.S. DOT Order 1050.2A at Appendixes A and E are incorporated by reference. 49 CFR Part 21.

11. Records and Reports: The contractor shall keep such records as necessary to document compliance with the EEO requirements. Such records shall be retained for a period of three years following the date of the final payment to the contractor for all contract work and shall be available at reasonable times and places for inspection by authorized representatives of the contracting agency and the FHWA.

a. The records kept by the contractor shall document the following:

(1) The number and work hours of minority and non-minority group members and women employed in each work classification on the project;

(2) The progress and efforts being made in cooperation with unions, when applicable, to increase employment opportunities for minorities and women; and

(3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minorities and women.

b. The contractors and subcontractors will submit an annual report to the contracting agency each July for the duration of the project indicating the number of minority, women, and non-minority group employees currently engaged in each work classification required by the contract work. This information is to be reported on [Form FHWA-1391](#). The staffing data should represent the project work force on board in all or any part of the last payroll period preceding the end of July. If on-the-job training is being required by special provision, the contractor will be required to collect and report training data. The employment data should reflect the work force on board during all or any part of the last payroll period preceding the end of July.

III. NONSEGREGATED FACILITIES

This provision is applicable to all Federal-aid construction contracts and to all related construction subcontracts of more than \$10,000. 41 CFR 60-1.5.

As prescribed by 41 CFR 60-1.8, the contractor must ensure that facilities provided for employees are provided in such a manner that segregation on the basis of race, color, religion, sex, sexual orientation, gender identity, or national origin cannot result. The contractor may neither require such segregated use by written or oral policies nor tolerate such use by employee custom. The contractor's obligation extends further to ensure that its employees are not assigned to perform their services at any location under the contractor's control where the facilities are segregated. The term "facilities" includes waiting rooms, work areas, restaurants and other eating areas, time clocks, restrooms, washrooms, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing provided for employees. The contractor shall provide separate or single-user restrooms and necessary dressing or sleeping areas to assure privacy between sexes.

IV. DAVIS-BACON AND RELATED ACT PROVISIONS

This section is applicable to all Federal-aid construction projects exceeding \$2,000 and to all related subcontracts and lower-tier subcontracts (regardless of subcontract size), in accordance with 29 CFR 5.5. The requirements apply to all projects located within the right-of-way of a roadway that is functionally classified as Federal-aid highway. 23 U.S.C. 113. This excludes roadways functionally classified as local roads or rural minor collectors, which are exempt. 23 U.S.C. 101. Where applicable law requires that projects be treated as a project on a Federal-aid highway, the provisions of this subpart will apply regardless of the location of the project. Examples include: Surface Transportation Block Grant Program projects funded under 23 U.S.C. 133 [excluding recreational trails projects], the Nationally Significant Freight and Highway

Projects funded under 23 U.S.C. 117, and National Highway Freight Program projects funded under 23 U.S.C. 167.

The following provisions are from the U.S. Department of Labor regulations in 29 CFR 5.5 "Contract provisions and related matters" with minor revisions to conform to the FHWA-1273 format and FHWA program requirements.

1. Minimum wages (29 CFR 5.5)

a. All laborers and mechanics employed or working upon the site of the work, will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph 1.d. of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph 1.b. of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

b. (1) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(i) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(ii) The classification is utilized in the area by the construction industry; and

(iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(2) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(3) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(4) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs 1.b.(2) or 1.b.(3) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

c. Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

d. If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program. Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

2. Withholding (29 CFR 5.5)

The contracting agency shall upon its own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor under this contract, or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics,

including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the contracting agency may, after written notice to the contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

3. Payrolls and basic records (29 CFR 5.5)

a. Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

b. (1) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the contracting agency. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the contracting agency for transmission to the State DOT, the FHWA or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the contracting agency.

(2) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or

subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(i) That the payroll for the payroll period contains the information required to be provided under 29 CFR 5.5(a)(3)(ii), the appropriate information is being maintained under 29 CFR 5.5(a)(3)(i), and that such information is correct and complete;

(ii) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR part 3;

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(3) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph 3.b.(2) of this section.

(4) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under 18 U.S.C. 1001 and 31 U.S.C. 231.

c. The contractor or subcontractor shall make the records required under paragraph 3.a. of this section available for inspection, copying, or transcription by authorized representatives of the contracting agency, the State DOT, the FHWA, or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the FHWA may, after written notice to the contractor, the contracting agency or the State DOT, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

4. Apprentices and trainees (29 CFR 5.5)

a. Apprentices (programs of the USDOL).

Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State

Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice.

The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed.

Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination.

In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

b. Trainees (programs of the USDOL).

Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration.

The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration.

Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the

corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed.

In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

c. Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

d. Apprentices and Trainees (programs of the U.S. DOT).

Apprentices and trainees working under apprenticeship and skill training programs which have been certified by the Secretary of Transportation as promoting EEO in connection with Federal-aid highway construction programs are not subject to the requirements of paragraph 4 of this Section IV. 23 CFR 230.111(e)(2). The straight time hourly wage rates for apprentices and trainees under such programs will be established by the particular programs. The ratio of apprentices and trainees to journeymen shall not be greater than permitted by the terms of the particular program.

5. Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract as provided in 29 CFR 5.5.

6. Subcontracts. The contractor or subcontractor shall insert Form FHWA-1273 in any subcontracts and also require the subcontractors to include Form FHWA-1273 in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

7. Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract as provided in 29 CFR 5.5.

9. Disputes concerning labor standards. As provided in 29 CFR 5.5, disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor

set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

10. Certification of eligibility (29 CFR 5.5)

a. By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

b. No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

c. The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

V. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

Pursuant to 29 CFR 5.5(b), the following clauses apply to any Federal-aid construction contract in an amount in excess of \$100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by 29 CFR 5.5(a) or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchmen and guards.

1. Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek. 29 CFR 5.5.

2. Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph 1 of this section, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph 1 of this section, in the sum currently provided in 29 CFR 5.5(b)(2)* for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph 1 of this section. 29 CFR 5.5.

* \$27 as of January 23, 2019 (See 84 FR 213-01, 218) as may be adjusted annually by the Department of Labor; pursuant to the Federal Civil Penalties Inflation Adjustment Act of 1990).

3. Withholding for unpaid wages and liquidated damages.

The FHWA or the contracting agency shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph 2 of this section. 29 CFR 5.5.

4. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraphs 1 through 4 of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs 1 through 4 of this section. 29 CFR 5.5.

VI. SUBLETTING OR ASSIGNING THE CONTRACT

This provision is applicable to all Federal-aid construction contracts on the National Highway System pursuant to 23 CFR 635.116.

1. The contractor shall perform with its own organization contract work amounting to not less than 30 percent (or a greater percentage if specified elsewhere in the contract) of the total original contract price, excluding any specialty items designated by the contracting agency. Specialty items may be performed by subcontract and the amount of any such specialty items performed may be deducted from the total original contract price before computing the amount of work required to be performed by the contractor's own organization (23 CFR 635.116).

a. The term "perform work with its own organization" in paragraph 1 of Section VI refers to workers employed or leased by the prime contractor, and equipment owned or rented by the prime contractor, with or without operators. Such term does not include employees or equipment of a subcontractor or lower tier subcontractor, agents of the prime contractor, or any other assignees. The term may include payments for the costs of hiring leased employees from an employee leasing firm meeting all relevant Federal and State regulatory requirements. Leased employees may only be included in this term if the prime contractor meets all of the following conditions: (based on longstanding interpretation)

- (1) the prime contractor maintains control over the supervision of the day-to-day activities of the leased employees;
- (2) the prime contractor remains responsible for the quality of the work of the leased employees;
- (3) the prime contractor retains all power to accept or exclude individual employees from work on the project; and
- (4) the prime contractor remains ultimately responsible for the payment of predetermined minimum wages, the submission of payrolls, statements of compliance and all other Federal regulatory requirements.

b. "Specialty Items" shall be construed to be limited to work that requires highly specialized knowledge, abilities, or

equipment not ordinarily available in the type of contracting organizations qualified and expected to bid or propose on the contract as a whole and in general are to be limited to minor components of the overall contract. 23 CFR 635.102.

2. Pursuant to 23 CFR 635.116(a), the contract amount upon which the requirements set forth in paragraph (1) of Section VI is computed includes the cost of material and manufactured products which are to be purchased or produced by the contractor under the contract provisions.

3. Pursuant to 23 CFR 635.116(c), the contractor shall furnish (a) a competent superintendent or supervisor who is employed by the firm, has full authority to direct performance of the work in accordance with the contract requirements, and is in charge of all construction operations (regardless of who performs the work) and (b) such other of its own organizational resources (supervision, management, and engineering services) as the contracting officer determines is necessary to assure the performance of the contract.

4. No portion of the contract shall be sublet, assigned or otherwise disposed of except with the written consent of the contracting officer, or authorized representative, and such consent when given shall not be construed to relieve the contractor of any responsibility for the fulfillment of the contract. Written consent will be given only after the contracting agency has assured that each subcontract is evidenced in writing and that it contains all pertinent provisions and requirements of the prime contract. (based on long-standing interpretation of 23 CFR 635.116).

5. The 30-percent self-performance requirement of paragraph (1) is not applicable to design-build contracts; however, contracting agencies may establish their own self-performance requirements. 23 CFR 635.116(d).

VII. SAFETY: ACCIDENT PREVENTION

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

1. In the performance of this contract the contractor shall comply with all applicable Federal, State, and local laws governing safety, health, and sanitation (23 CFR Part 635). The contractor shall provide all safeguards, safety devices and protective equipment and take any other needed actions as it determines, or as the contracting officer may determine, to be reasonably necessary to protect the life and health of employees on the job and the safety of the public and to protect property in connection with the performance of the work covered by the contract. 23 CFR 635.108.

2. It is a condition of this contract, and shall be made a condition of each subcontract, which the contractor enters into pursuant to this contract, that the contractor and any subcontractor shall not permit any employee, in performance of the contract, to work in surroundings or under conditions which are unsanitary, hazardous or dangerous to his/her health or safety, as determined under construction safety and health standards (29 CFR Part 1926) promulgated by the Secretary of Labor, in accordance with Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704). 29 CFR 1926.10.

3. Pursuant to 29 CFR 1926.3, it is a condition of this contract that the Secretary of Labor or authorized representative thereof, shall have right of entry to any site of contract performance to inspect or investigate the matter of compliance

with the construction safety and health standards and to carry out the duties of the Secretary under Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704).

VIII. FALSE STATEMENTS CONCERNING HIGHWAY PROJECTS

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

In order to assure high quality and durable construction in conformity with approved plans and specifications and a high degree of reliability on statements and representations made by engineers, contractors, suppliers, and workers on Federal-aid highway projects, it is essential that all persons concerned with the project perform their functions as carefully, thoroughly, and honestly as possible. Willful falsification, distortion, or misrepresentation with respect to any facts related to the project is a violation of Federal law. To prevent any misunderstanding regarding the seriousness of these and similar acts, Form FHWA-1022 shall be posted on each Federal-aid highway project (23 CFR Part 635) in one or more places where it is readily available to all persons concerned with the project:

18 U.S.C. 1020 reads as follows:

"Whoever, being an officer, agent, or employee of the United States, or of any State or Territory, or whoever, whether a person, association, firm, or corporation, knowingly makes any false statement, false representation, or false report as to the character, quality, quantity, or cost of the material used or to be used, or the quantity or quality of the work performed or to be performed, or the cost thereof in connection with the submission of plans, maps, specifications, contracts, or costs of construction on any highway or related project submitted for approval to the Secretary of Transportation; or

Whoever knowingly makes any false statement, false representation, false report or false claim with respect to the character, quality, quantity, or cost of any work performed or to be performed, or materials furnished or to be furnished, in connection with the construction of any highway or related project approved by the Secretary of Transportation; or

Whoever knowingly makes any false statement or false representation as to material fact in any statement, certificate, or report submitted pursuant to provisions of the Federal-aid Roads Act approved July 11, 1916, (39 Stat. 355), as amended and supplemented;

Shall be fined under this title or imprisoned not more than 5 years or both."

IX. IMPLEMENTATION OF CLEAN AIR ACT AND FEDERAL WATER POLLUTION CONTROL ACT (42 U.S.C. 7606; 2 CFR 200.88; EO 11738)

This provision is applicable to all Federal-aid construction contracts in excess of \$150,000 and to all related subcontracts. 48 CFR 2.101; 2 CFR 200.326.

By submission of this bid/proposal or the execution of this contract or subcontract, as appropriate, the bidder, proposer, Federal-aid construction contractor, subcontractor, supplier, or vendor agrees to comply with all applicable standards, orders

or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal Highway Administration and the Regional Office of the Environmental Protection Agency. 2 CFR Part 200, Appendix II.

The contractor agrees to include or cause to be included the requirements of this Section in every subcontract, and further agrees to take such action as the contracting agency may direct as a means of enforcing such requirements. 2 CFR 200.326.

X. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, consultant contracts or any other covered transaction requiring FHWA approval or that is estimated to cost \$25,000 or more – as defined in 2 CFR Parts 180 and 1200. 2 CFR 180.220 and 1200.220.

1. Instructions for Certification – First Tier Participants:

a. By signing and submitting this proposal, the prospective first tier participant is providing the certification set out below.

b. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The prospective first tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective first tier participant to furnish a certification or an explanation shall disqualify such a person from participation in this transaction. 2 CFR 180.320.

c. The certification in this clause is a material representation of fact upon which reliance was placed when the contracting agency determined to enter into this transaction. If it is later determined that the prospective participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the contracting agency may terminate this transaction for cause of default. 2 CFR 180.325.

d. The prospective first tier participant shall provide immediate written notice to the contracting agency to whom this proposal is submitted if any time the prospective first tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. 2 CFR 180.345 and 180.350.

e. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180, Subpart I, 180.900-180.1020, and 1200. h. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. 2 CFR 180.300; 180.320, and 180.325. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. 2 CFR 180.335. i. Nothing contained in the foregoing shall be construed to require the establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the prospective participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

j. Except for transactions authorized under paragraph (f) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default. 2 CFR 180.325.

This remedy will be in addition to any other remedy available to the State of Colorado under the Grant, at law or in equity.

The federal financial assistance may include federal grants, loans and Agreements to provide assistance to the Subrecipient's beneficiaries, the use or rent of Federal land or property at below market value, Federal training, a loan of Federal personnel, subsidies, and other arrangements with the intention of providing assistance. Federal financial assistance does not encompass Agreements of guarantee or insurance, regulated programs, licenses, procurement Agreements by the Federal government at market value, or programs that provide direct benefits.

The assurances apply to all federal financial assistance from or funds made available through the Department of the Treasury, including any assistance that the Subrecipient may request in the future.

The Civil Rights Restoration Act of 1987 provides that the provisions of the assurances apply to all of the operations of the Subrecipient's program(s) and activity(ies), so long as any portion of the Subrecipient's program(s) or activity(ies) is federally assisted in the manner prescribed above.

1. Subrecipient ensures its current and future compliance with Title VI of the Civil Rights Act of 1964, as amended, which prohibits exclusion from participation, denial of the benefits of, or subjection to discrimination under programs and activities receiving federal financial assistance, of any person in the United States on the ground of race, color, or national origin (42 U.S.C. § 2000d *et seq.*), as implemented by the Department of the Treasury Title VI regulations at 31 CFR Part 22 and other pertinent executive orders such as Executive Order 13166, directives, circulars, policies, memoranda, and/or guidance documents.

As a resource, the Department of the Treasury has published its LEP guidance at 70 FR 6067. For more information on taking reasonable steps to provide meaningful access for LEP persons, please visit <http://www.lep.gov>.

4. Subrecipient acknowledges and agrees that compliance with the assurances constitutes a condition of continued receipt of federal financial assistance and is binding upon Subrecipient and Subrecipient's successors, transferees, and assignees for the period in which such assistance is provided.
5. Subrecipient acknowledges and agrees that it must require any sub-grantees, contractors, subcontractors, successors, transferees, and assignees to comply with assurances 1-4 above, and agrees to incorporate the following language in every Agreement or agreement subject to Title VI and its regulations between the Subrecipient and the Subrecipient's sub-grantees, Contractors, Subcontractors, successors, transferees, and assignees:

Amount: \$1,073,540

Contractor: Anderson Mason Dale Architects

Department: Engineering and Public Works, Bob Exstrom

EXECUTIVE SUMMARY

This item is to approve a third amendment to the design contract (CIP22-051-AS) with Anderson Mason Dale Architects for the Town Hall expansion project for construction documentation, entitlement, and bidding administration services in the amount of \$1,073,540.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

On January 3, 2023, Town Council awarded a contract for architectural/engineering services (CIP22-051-AS) for the Town Hall expansion project which set into motion four (4) future contract amendments. On the same night, Town Council approved amendment 01 for preliminary design services in the amount of \$289,100. The results of amendment 01 efforts were presented to Council on July 10, 2023, and Council supported moving forward with amendment 02.

On August 7, 2023, Town Council approved amendment 02 for design development and entitlement services in the amount of \$651,547. Amendment 02 efforts are now complete, and the project team is ready to advance to amendment 03.

Amendment 03 services include construction documentation, entitlement, and bidding administration efforts. These services generally involve:

- Advancing the current drawings and specifications to 100% construction documents.
- Finalizing the entitlement submittals including the site plan amendment and any easements and assisting with the approval process.
- Finalizing interior design efforts including preparing furniture plans and specifications and assisting staff with furniture buyout efforts.
- Assisting staff and contractor with final pre-construction services including preparation of the guaranteed maximum price proposal.

- Submitting 100% construction documents to the Building Department for permitting purposes.
- Assisting staff with public outreach efforts as needed.

Services covered in this contract amendment 03 are anticipated to take approximately 6 months to complete and cost \$1,073,540. Construction is tentatively scheduled to start in the second quarter of 2024, and completion is tentatively scheduled for the first quarter of 2026.

FINANCIAL IMPACT

Funding has been appropriated for amendment 03 in the 2023 Town Hall Expansion fund (303-4194).

Title: **Cherry Creek Improvements – CORE Electric Relocation (Phase 3)**
Amount: **\$1,308,402**
Contractor: **CORE Electric Cooperative**
Department: **Engineering & Public Works, Chris Hudson**

EXECUTIVE SUMMARY

This agenda item is for the approval of a contract with CORE Electric Cooperative (formerly IREA) to convert existing overhead power lines to an underground configuration related to the proposed Dransfeldt Road extension project and the Cherry Creek channel improvements.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

The Town is currently underway with the bidding phase of the Dransfeldt Road extension project that will cross Cherry Creek. This project will construct a new roadway between the Twenty Mile Road/Dransfeldt Road intersection that will connect to Motsenbocker Road south of Cherry Creek on the Town-owned property known as Salisbury Park North. In addition to the proposed roadway improvements, the design is nearing completion for proposed joint Town/Mile High Flood District improvements to the Cherry Creek channel in the area.

There are existing overhead CORE power lines in the area. To accommodate the proposed roadway and channel improvements, the decision was made to convert the existing overhead power lines to an underground configuration versus simply moving them and remaining overhead. The conversion process for this project is being handled in three steps/phases to support the proposed Cherry Creek channel improvements and the proposed Dransfeldt Road extension roadway improvements. The first phase was related to moving some existing poles for the needed sanitary sewer relocation to commence (cost \$22,504) and was commenced in the spring of 2023. The second phase consisted of boring a section of existing overhead power line under Cherry Creek to allow for the channel improvements to be completed and the contract for \$226,154 was approved by Town Council on June 5, 2023. The third phase will complete the underground conversion work in the area and consists of approximately one (1) mile of power line conversion to underground. This conversion project will also support the proposed Salisbury Park North improvements plus the proposed roadway improvement, and some of this work will need to occur concurrently with the roadway improvements. These overhead power lines are owned by CORE and work affecting them must be completed by CORE. CORE

provided the design and cost estimate for the work and intends to subcontract to one of their approved contractors.

FINANCIAL IMPACT

Funding for this work is generated by the Town of Parker's franchise agreement with CORE/IREA.

Amount: \$2,948,428

Contractor: H & L Concrete Inc., d/b/a Naranjo Civil Constructors

Department: Engineering and Public Works, Tom Gill

EXECUTIVE SUMMARY

This item is to award a trade contractor agreement with H & L Concrete Inc., d/b/a Naranjo Civil Constructors for the Parker Road Sidewalk East Side Multi-Use Trail Connection project for \$2,948,428.

STAFF RECOMMENDATION

Approve

BACKGROUND/DISCUSSION

The Town publicly opened competitive bids on November 15, 2023, for the Parker Road Sidewalk East Side Multi-Use Trail Connection CIP 22-004-CI. Work includes, but is not limited to, construction of approximately 2,200-feet of 10-foot wide trail/sidewalk and a pedestrian bridge over Sulphur Gulch. The project limits are on the east side of Parker Road (State Highway 83) from south of Parker Square Drive to north of Sulphur Gulch.

The Town received bids from three (3) contractors with H & L Concrete Inc., d/b/a Naranjo Civil Constructors being the lowest responsible bidder. Three references were contacted and all provided positive feedback in regard to past contractor work quality and performance. They have also successfully completed several Mile High Flood District projects within the Town. In addition, they successfully completed the Bradbury Ranch Drive emergency repairs in the summer of 2023. Therefore, Town staff recommends moving forward with the contract award. The bids were as follows:

1) H & L Concrete Inc.dba Naranjo Civil Constructors	\$2,948,428.00
2) Jalisco International, Inc.	\$2,986,856.75
3) Elite Surface Infrastructure	\$3,031,123.60
Engineer's Estimate	\$3,606,000.00

As previously presented to Council, through the Denver Regional Council of Governments (DRCOG), the Town was approved to receive partial state multi-modal funding for construction of this trail/sidewalk. Council did approve an intergovernmental agreement (IGA) with CDOT to receive these funds. The IGA was for direct construction funding and is an 80/20 split with 80% of the construction funding being reimbursable by the state up to \$3,200,000. The Town will be required to fund the remaining 20% of the direct construction cost. The state funding cannot be used for non-direct construction expenses like design, material testing or construction administration and the Town will be responsible for those costs.

FINANCIAL IMPACT

Funding for this roadway improvement project has been appropriated in the Streets Capital Improvement Fund (301-4310).
